5. The tenders are to be made upon forms which will be supplied upon application at the Divisional Forest Office, Ratnapura. No tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tenders may be treated as informal and rejected.

6. A deposit of Rs. 25 will be required to be made either at the Treasury or any Kacheheri in respect of each coupe, and a receipt produced for same before any form of the tender is issued.

7. Tenderers should satisfy themselves by inspection before tendering as to the acreage and contents of the demarcated coupe referred to in the annexed schedule as the figures therein are estimated only and their correctness is in no way guaranteed. The boundaries of the coupe will be pointed out by the Range Forest Officer, Ratnapura.

8. The successful tenderer will be required to execute a purchase agreement in respect of the coupe, and all tenderers should read and initial a copy of this agreement at the Office of the Divisional Forest Officer, Sabaragamuwa Division, Ratnapura, at the time of obtaining forms for tendering.

9. Before execution of the agreement, the purchaser will be required (a) to pay either the full purchase amount or, if payment by instalments, 40 per cent. thereof, (b) to deposit as security for efficient and punctual fulfilment of the agreement Rs. 100. If paying by instalments, the balance 60 per cent. of the full purchase price shall be paid by the purchaser in two equal instalments in accordance with clauses 3 and 5 of the special conditions set out below in this notice.

10. After payment of the first instalment of the purchase price, deposit of the security and execution of the agreement the purchaser will be entitled on application for a refund of the sum of Rs. 25 deposited by him prior to tendering.

11. Tenderers should make offers, written both in words and figures, for the timber and firewood contained in the coupe described in the annexed schedule.

12. No tender will be considered unless the procedure laid down above has been strictly complied with. The Conservator of Forests reserves to himself the right, without question, of rejecting any or all tenders, and of accepting any tender not necessarily the highest.

13. The rights under this purchase shall not be assigned or sublet except to a person approved by the Divisional Forest Officer in writing.

14. Should any tender or offer be accepted, and should the successful tenderer after due notification decline or fail to pay any sum or sums stipulated for and to enter into the necessary contract within the time allowed, or in reasonable time, he will be held pecuniarily liable for any resultant loss to Government. Tenders and offers are made and received on this distinct understanding. The Conservator of Forests reserves the discretionary power to waive the terms of this clause in any degree as he may consider the circumstances justify.

15. The special rules for felling, conversion, and removal which the agreement will require to be observed are specified in the special conditions advertised below. Nothing in these special conditions shall render the purchaser in any way exempt from liability to punishment under the Forest Ordinance of 1907, should he or any of the workmen in his employ be responsible for the commission of a forest offence outside the boundaries of his purchased coupe or coupes.

Special Conditions.

(1) On payment of the full purchase amount the purchaser shall be entitled to fell and remove on or before August 6, 1931, in the manner specified below, all the timber and firewood contained in the purchased coupe. No extension of the time limit fixed for felling and removal will be granted except under very special circumstances, and all timber and firewood not removed by the date of expiry of agreement, *i.e.*, August 6, 1931, shall *ipso facto* revert to the Crown.

(2) The purchaser shall further agree that should any timber be left standing or lying felled within the coupe on the date of expiry, the expenses incurred by Government for their removal be defrayed from the amount deposited by him as security under clause (b) in paragraph 9 above.

(3) If the purchaser desires to pay by instalments, payment of a first instalment of 40 per cent. of the full purchase price of the coupe or coupes shall entitle him to fell and remove all the trees in an area not exceeding one third of the total area of such coupe. Payment of 70 per cent. of the purchase price by means of a second instalment of 30 per cent. shall entitle the purchaser to fell and remove all the trees in an area not exceeding two-thirds of the total area of such coupe.

(4) The purchaser shall agree to commence felling along the full length of one boundary of the coupe previously pointed out to him by the Range Forest Officer, Ratnapura, and laid down on the plan of the coupe annexed to the agreement. He shall further agree to progress the felling in a direction parallel to the boundary along which the felling has been commenced in the manner prescribed under clauses (a) and (b) below :—

(a) All tree seedlings and saplings which are under 3 inches in diameter shall be cut out flush with the ground.

(b) All saplings and trees over three inches in diameter shall be felled within 6 inches of the ground.

(5) If paying by instalments, the purchaser shall pay the second instalment or in all 70 per cent. of the full purchase price within 4 months, and the third and final instalment within 7 months of the date of execution of the agreement.

Should the purchaser fail to pay either instalment when due, it shall be within the discretion of the Divisional Forest Officer to cancel the agreement as from the date of such default, and to declare same to be null and void.

Any unremoved or unfelled timber or firewood lying or standing in the coupe shall unconditionally revert to the Crown as from the date of such cancellation, and the purchaser shall have no further claim thereto. On no account shall any postponement of the date of such payment be made.

(6) Should the purchaser fell or remove trees or firewood from any area of the coupe he has not paid for, or from any area of forest outside the demarcated boundaries of his coupe, nothing in the agreement shall exempt him from liability to punishment for illicit felling and removal under the provisions of the Forest Ordinance, No. 16 of 1907, and of the rules framed thereunder. For the purpose of this special condition, it shall be presumed that the purchaser has previous to entering into the agreement, satisfied himself, as to the position of the lines and pillars demarcating his coupe, and that the purchaser has further agreed that he shall not in the event of any dispute put forward a plea of ignorance of the limits or extent of his coupe.

(7) The purchaser or his agent or any of his employees shall not damage any boundary pillars or block up the boundaries. Should the lines become blocked or the pillars thrown down due to unavoidable circumstances, such lines should be at once re-cleared or such pillar re-placed.

(8) The purchaser shall not for the purpose of removing timber from his coupe enter into any other area of forest not paid for by him except with the permission of the Range Forest Officer, and along paths permitted by him.

(9) The purchaser shall further agree to compensate the Crown for any damage to produce caused by himself, his employees, his animals, his machinery or his material in transit over any area of forest not paid for by him at rates to be assessed by the Divisional Forest Officer, Ratnapura.

(10) If no objection exists in the opinion of the Divisional Forest Officer, the purchaser will further be permitted to erect wire shoots for the transport of materials always, provided that he pays full royalty values for the forest produce outside his own coupe, damaged during such erection or in using such shoot. The permission in writing of the Divisional Forest Officer, Ratnapura, must be obtained before erection of any and every wire shoot.

(11) A general removal permit will be issued by the Divisional Forest Officer authorizing the purchaser to remove the timber and firewood felled in one-third of the area of the coupe according to the purchase amount paid, *vide* special conditions (1) and (3), in such daily quantities as will be specified in cart notes which must accompany each and every cart load in transit. The Forest Ranger or any officer of the Forest Department deputed by him for the supervision of the felling will measure up the wood which is ready for removal twice daily at 9.30 A.M. and 3.30 P.M., and will issue the necessary cart notes which shall accompany each and every cart in transit.

(12) The purchaser shall agree that for each and every infringement of the above conditions he shall become liable to a fine of an amount not exceeding Rs. 50 to be imposed in writing by and at the discretion of the Divisional Forest Officer, Ratnapura, and this fine will be recovered from the tenderer's security deposit.

(13) The purchaser shall also agree that in the event of security money having become exhausted owing to imposition of fines, it shall be within the discretion of the Divisional Forest Officer either (a) to accept a further security deposit amounting to 5 per cent. of the full purchase price or (b) to cancel the agreement and to refund to the purchaser such balance of the paid up purchase money, if any, as may remain after deducting the value of all timber and firewood removed by the purchaser

on the date of such cancellation and such amount as may be needed to carry out any of the provisions of special conditions (4) and (7) which the purchaser may not at the time of such cancellation have fulfilled. For the purpose of this clause the value of each cubic foot of timber and cubic yard of fuel removed shall be fixed at full royalty rates.

(14) The purchaser shall have the right of appeal to the Conservator of Forests in the event of any of the enforcement of any of the above penalties specified in the above conditions, and the purchaser shall agree to accept the Conservator of Forests' decision as final and binding.

The Bill empowers the Committee of Management to administer the funds of the Association under proper safeguards and to utilize such moneys for their due purposes. It further empowers the Committee of Management to invest moneys and to do all such other acts and things as are or may be necessary to carry out the work of the Association according to its Rules.
