DRAFT ORDINANCE.

U 142/30

MINUTE.

The following Draft of a proposed Ordinance is published for general information :—

An Ordinance to amend the Housing and Town Improvement Ordinance, No. 19 of 1915.

III. 292.

BE it enacted by the Governor of Ceylon, by and with the advice and consent of the Legislative Council thereof, as follows :—

Short title.

1 This Ordinance may be cited as the Housing and Town Improvement Amendment Ordinance, 1931.

Amendment of section 2 of the principal Ordinance.

2 Section 2 of the principal Ordinance is hereby amended by the insertion of the following definition immediately after the definition of "Police Magistrate" contained therein :—

"Window" includes an opening for ventilation which is so placed as to admit both light and air without obstruction.

Amendment of Schedule to the principal Ordinance.

3 Paragraph (d) of Rule 3 of the Schedule to the principal Ordinance is hereby amended by the repeal of all the words in the first seven lines thereof and the substitution of the following words therefor :—

"It must have, opening either directly or through an open verandah into an external space, either windows, or doors and windows, having an aggregate opening of not less than one-seventh of the superficial floor area of the room :

Provided that where there are both doors and windows the aggregate opening of the windows shall not be less than one-fifteenth of such area."

By His Excellency's command,

Colonial Secretary's Office,

F. G. TYRRELL,

Colombo, February 27, 1931.

Acting Colonial Secretary.

Objects and Reasons.

The standard requirements regarding the ventilation of a habitable room in a domestic building, which are prescribed by Rule 3 of the Schedule to the principal Ordinance, authorize in their present form the construction of such a room with only a door or doors (and no windows) opening into an external space. This does not sufficiently ensure the proper ventilation of the room, and would be detrimental to the health of the occupants. This amendment therefore requires every habitable room to be provided with a window or windows of suitable size opening into an external space.

2. The opportunity has been taken to explain, by means of a definition added to section 2 of the principal Ordinance, that "window" includes an opening for ventilation (without glass or shutters) provided that it admits both light and air without obstruction. This has been done since in some cases it is usual for an opening to take the place of a window in its ordinary sense.
