## Department of Indian Immigrant Labour.

## "THE LABOUR ORDINANCE, NO. 1 OF 1923."

## Notification No. 51.

REGULATIONS made by the Governor in Executive Council, in exercise of the powers conferred on him by sections 14 and 23 of "The Labour Ordinance, No. 1 of 1923."

By His Excellency's command,

Colonial Secretary's Office, B. H. BOURDILLON,  
Colombo, June 24, 1931. Colonial Secretary.

## REGULATIONS.

The regulations dated July 12, 1923, appearing in *Government Gazette* No. 7,339 of July 13, 1923, as amended by regulations published in *Government Gazette* No. 7,358 of October 26, 1923, are hereby further amended as follows:—

Regulation 1B is hereby repealed and the following substituted therefor:—

1B. The liability to pay acreage fees imposed by regulation 1A shall be subject to the following modifications:—

(i.) Where the Controller is satisfied that the number of Indian immigrant labourers employed on any such estate during the immediately preceding quarter has averaged not more than 5 labourers, no payment of acreage fees shall be levied.

(ii.) Where more than 5 Indian immigrant labourers have been employed on any estate, if the average number during

the quarter is less than one such labourer per two acres planted in tea or one such labourer per six acres planted in rubber, cacao, or cardamoms, the Controller may from the third quarter of 1931 assess such estate at reduced rates calculated in the following manner:—

For each labourer of the average number employed during any such quarter, there shall be paid a fee equal to what would otherwise under these regulations have been payable on two acres, if planted in tea; or six acres, if planted in rubber, cacao, or cardamoms.

(iii.) In the case of any area planted in rubber, in which no tapping has taken place throughout the quarter, but for which exemption cannot be claimed under proviso (4) in Schedule A of the regulations, such rubber area may be assessed at one-fifth of its acreage, with effect from the third quarter of 1930. Provided that no assessment shall be made in respect of such untapped area if the total labour employed on it during the quarter has been less than the equivalent of two labourers' work for a day per acre. Should the estate containing such rubber area be entitled to pay reduced acreage fees under rule 1B (ii.), it may be assessed either under rule 1B (ii.) or 1B (iii.), whichever be less.

(iv.) The number of Indian immigrant labourers employed on the first day of the month of each quarter shall be taken for the calculation of the average labour referred to under rules 1B (i.) and 1B (ii.), unless it shall be definitely brought to the notice of the Controller, that the correct average for the month has been less or more than the one based on the number of Indian immigrant labourers employed on the first day of such month.

## "THE CEMETERIES AND BURIALS ORDINANCE, 1899."

REGULATIONS made by the Sanitary Board of the Ratnapura Revenue District, under sections 18 and 23 of "The Cemeteries and Burials Ordinance, 1899," as amended by the Cemeteries and Burials Amendment Ordinance, 1931, in respect of the cemeteries at Balangoda, Opanake, and Wellandura towns.

By His Excellency's command,

Colonial Secretary's Office, B. H. BOURDILLON,  
Colombo, June 23, 1931. Colonial Secretary.

## REGULATIONS.

1. Regulations in respect of the General Cemetery at Balangoda under sections 18 and 23 of "The Cemeteries and Burials Ordinance, 1899," and published in *Gazette* No. 6,325 of August 27, 1909, are hereby repealed.
2. All applications for graves shall be made to the cemetery-keeper not less than six hours before the time fixed for the burial of a person for whom the grave is wanted.
3. No one except the persons employed or approved by the cemetery-keeper shall dig a grave.
4. The cemetery-keeper shall intimate the line to be followed by the funeral party on arriving at the cemetery, and if more than one party come at the same time, the order in which they are respectively to move to the graves.
5. Should it be necessary for the purpose of preventing the disturbance of one funeral party by another, and not otherwise, the cemetery-keeper may require that one burial service should be concluded before another is commenced.
6. The cemetery-keeper shall maintain order within the cemetery and every one shall obey his commands in that behalf.
7. No grave shall be less than five feet in depth, or at a less distance than four feet from another.
8. No grave shall be reopened within three years of the burial of any dead body therein, and no vault shall be reopened within six months of any interment therein, except upon the orders from an authority competent to order the disinterment of any corpse.
9. No person shall bury a dead body without the permission of the cemetery-keeper, and such permission shall not be granted until all fees due have been paid and a certificate of registration of death produced.
10. The following fees shall be paid by applicants for graves at the time of application in respect of the general cemetery:—

	Rs.	c.
For the performance of a burial service	5	0

## "THE LOCAL GOVERNMENT ORDINANCE, No. 11 OF 1920."

BY-LAWS made by the Kurunegala Urban District Council under sections 164 and 168 of "The Local Government Ordinance, No. 11 of 1920," and approved by the Local Government Board and confirmed by the Governor in Executive Council under section 164.

By His Excellency's command,

Colonial Secretary's Office, B. H. BOURDILLON,  
Colombo, June 25, 1931. Colonial Secretary.

## BY-LAWS REFERRED TO.

1. Water shall be taken from the public standpipes only in buckets or other suitable receptacles, and in such a manner as to prevent any waste.

2. No hose pipe, pipe, tube, shoot, or other contrivance of any nature whatsoever, shall be attached either temporarily or permanently to any public standpipe.

3. No automatic self-closing valve, or other automatic appliance attached to or forming part of any public standpipe, shall be interfered with so as to prevent either temporarily or permanently its automatic action.

4. Water shall be taken from the public standpipes for domestic purposes only.

5. No person suffering from any loathsome, contagious or infectious disease, or otherwise unclean or who has recently been in attendance on any such person, shall draw water from any standpipe.

6. No person shall bathe or wash any part of his body, or wash any cattle, horse, dog, or other animal whatsoever, or any vehicle, clothes, utensils, or other article whatsoever, at or near any reservoir, standpost, fountain, cistern, pipe, or other waterworks vested in the Council, whether now existing or to be hereafter erected or built in the streets, thoroughfares, or other public places within the Urban District Council limits of Kurunegala.

7. Notice of the intention to construct a new service, or to alter or extend, clean out or renew any existing one shall be given to the Chairman by filling up a printed form, which form may be obtained on application at the office of the Chairman. This notice referred to as Form A in the schedule hereto shall be addressed to the Chairman and delivered at his office, and no such work shall be commenced without the written approval of the Chairman or any person authorized by him in that behalf.

8. All new services or alterations to, repairs to, renewing, or cleaning of existing services shall be carried out in accordance with the written instructions of the Chairman. All fittings and apparatus shall be of approved quality and pass the required test and be officially stamped by the Chairman before being fitted up as part of any private water service. The right is reserved to the Chairman to determine finally, whilst consulting the wishes of the applicant as far as practicable, all matters concerning the construction or alteration of services, such as the diameter of the pipe to be used, the manner in which it is to be laid, and the number, size, pattern and position of the taps.

9. Not more than one service pipe and one connection thereto from a main for the supply of water to any premises within the same curtilage and under the same assessment shall be connected to the waterworks.

10. The service pipe or any part of the service fittings of any premises shall not be connected with any service pipe, cistern, or other fittings of any other premises.

11. No person making any earthing connections from the casings of transformers dealing with electric currents of a pressure of 500 volts or more shall do so except by means of a proper and efficient earthplate situated not less than two feet from any pipe or apparatus forming part of the waterworks or of any service connected to the waterworks.

12. No person shall make any earthing connection to any pipe or apparatus forming part of the waterworks or of any service connected to the waterworks from any electric installation other than such as may be required for conducting away temporary leakage of current from faulty fittings.

13. Any person making earth connection on any premises in which is installed a water meter connected to the waterworks shall either make such connection on the inlet side of such water meter or insert an electrical bond across such meter.

14. No person shall make any joints between water pipes or between the pipes, apparatus, and fittings of any service connected to the waterworks which are not electrically efficient. No jointing material having an insulating effect shall be inserted at the joints. If jointing with insulating material be unavoidable, the pipes or fittings shall be electrically bonded over the joint or joints.

15. In the case of any wireless set supplied with electric current from the electric lighting system, the earthing connection shall be made by means of an earthplate situated not less than two feet from any pipe or apparatus of the waterworks or of any consumer.

16. No service pipe which may have been connected with the waterworks for a temporary supply of water to a building during its erection, or other similar temporary purpose, shall be used for the permanent supply to the premises till application, as hereinbefore provided, has been made and approved of by the Chairman.

17. No pipes, valves or other fittings forming part of a service may be covered up until they have been inspected and approved in writing by the Chairman or any person authorized by him in that behalf. After a service has been

inspected and approved, it will be connected with the waterworks upon the applicant depositing with the Council the cost of such connection, including labour, materials, and supervision, as estimated by the Chairman plus the charge for connection with the main. The connection will be made by the Chairman or any person authorized by him in that behalf and thereupon the supply of water will be considered to have commenced. Upon completion of the connection an account will be rendered to the applicant in the Form B hereto annexed, and the unexpended balance, if any, of the sum deposited with the Council in respect of such service shall be returned. In the event of the estimated cost being exceeded the applicant upon receipt of the above-mentioned account, shall forthwith pay to the Council all further sums due in respect of such service.

18. Every service shall be provided with a strong brass or gun-metal or cast iron gland stopcock with solid bottom (if of cast iron, the plug to be asbestos packed); or with a screw down stopcock with loose valve; or in cases of service larger than two inches in diameter, with sluice or slide valve. The stopcock or valve shall be fixed under the pavement, where there is one, and as near to the tenement as practicable, and shall be provided with a cast iron surface box and lid, so that it may at all times be accessible.

19. All draw-off taps shall be of pattern and size approved by the Chairman.

20. Every cistern to which water is supplied from the waterworks shall be provided with an "equilibrium" ball valve of approved pattern, and the ball valve shall be so adjusted as to close the supply when the water level in the cistern is two inches below the edge or overflow.

21. The inlet or supply pipe to every cistern shall be placed so as to have its delivery level above the top water level of such cistern.

22. The overflow pipes of all cisterns shall be brought to the outside of the building, and shall terminate in a conspicuous position, so that any leakage may be easily detected. No overflow from any cistern shall on any account be connected with any drain or sewer, or with the waste pipe of any bath, sink, or any other sanitary appliance or with the overflow from any other cistern. Each cistern shall have a separate overflow pipe.

23. The outlet of every draw-off tap shall be in some open and conspicuous place so that leakage may be easily detected, and in no case shall the outlet be below the top water level in any cistern, tank, or other vessel into which the tap delivers.

24. The inlet of every bath, lavatory-basin, or sink shall be separated and distinct from the outlet, and the inlet shall be situated at the top of or above such bath, lavatory-basin, or sink.

25. For other than domestic purposes water may be supplied either by meter or otherwise at the discretion of the Council, but as a rule such supplies should be by meter. The charges for such supplies shall be as follows:—

(i.) In all cases where water is supplied for the following purposes and not measured by meter the following charges shall be paid in advance to the Council:—

Premises occupied wholly or in part—

- (a) as eating-houses (not including hotels) and bakeries: a rate of Rs. 2 per mensem per private service;
- (b) as tea kiosks: a rate of Re. 1 per mensem per private service;
- (c) as common lodging houses: a rate of Rs. 2 per mensem per private service.

(ii.) The price of water supplied by meter for other than domestic purposes shall be Re. 1 per thousand gallons.

26. Water drawn from a private service shall not be used for other than domestic purposes unless the person requiring the supply shall have entered into an agreement in the Form C in the schedule hereto.

27. No pipe forming part of a private water service shall be directly connected with any boiler, condenser, or other mechanical appliance without the express sanction of the Council.

28. All meters for measuring the supply of water from the waterworks to any premises shall be supplied and fixed by the Council, and shall remain the property of the Council.

29. The cost of fixing meters, including labour, materials (other than the meter), and supervision shall be paid in advance by the owner or occupier of the premises to which the water service is laid.

30. All meters shall be maintained, and all repairs thereto effected, by the Council free of cost to the consumer, except repairs necessitated by damage caused wilfully by, or through the negligence of, the owner or occupier of the premises to which the water service is laid. In the latter

cases, such owner or occupier shall pay the cost of repair or of renewal of the meter as the Chairman may direct.

31. Meters shall be read at such times as the Chairman may direct, not less frequently however than three times a quarter. Whenever a meter is read a memorandum of the reading, addressed "The Occupier," shall be left at the premises supplied through it.

32. It shall be the duty of every owner or occupier of a house or premises in which a private water service has been installed immediately to notify the Chairman whenever water is found running to waste from any tap, meter, pipe, or other fitting forming part of such private water service.

33. Whenever water is found running to waste from any tap, meter, pipe or other fitting forming part of a private water service, the Chairman or any person authorized by him in that behalf may at once cut off the water, and such service shall not be reconnected until the cause of the waste is remedied.

34. The Chairman may, upon being satisfied that good and sufficient reasons exist for considering that the arrangement, size, position, nature, or condition of any pipe, tap, valve, meter, or other fitting forming part of a private water service and connected with the waterworks is likely to lead to waste, misuse, undue consumption, or contamination of the water supplied from the waterworks for public or private use, or to be prejudicial to the proper control and distribution of water from the waterworks, serve a notice upon the owner or occupier of the premises served by such private service in the Form D set forth in the schedule hereto, specifying the alterations required, and such alterations shall be made by the owner or occupier to the satisfaction of the Chairman forthwith. In the event of the name or residence of the owner or occupier being unknown, such notice shall be affixed in a conspicuous place upon the premises to which it refers, after which it shall be taken as duly served within the meaning of these by-laws.

35. The Chairman may in any one of the circumstances hereinbelow mentioned diminish, withhold, or suspend, turn off, or divert the supply of water through or by means of any pipe, service, public fountain, or any other appliances connected to the waterworks either wholly or in part, or whenever such Chairman may think fit and without prejudice to any water-rate, meter rent, or other sums due or to become due under the Ordinance, under which these by-laws are framed:—

- (c) Whenever the available supply of water from the waterworks shall, in the opinion of the Chairman, be insufficient.
- (b) Whenever it may be expedient or necessary for the purpose of extending, altering, or repairing the waterworks, or pipe line or for the purpose of the connection of services.
- (c) Whenever any public standpost is damaged, or the water thereof polluted or wasted.
- (d) If the construction or laying of any service by the owner of any premises is not made, altered, or re-adjusted in accordance with the provisions of these by-laws.
- (e) If default be made in the payment of any money due under the provisions of these by-laws from the owner or occupier of any premises or so long as such default continues, or at the request of the owner of the tenement.
- (f) In case of fire.
- (g) If any act or thing be done or omitted contrary to the provisions of these by-laws in relation to any damage, waste, pollution, or abuse of the waterworks or any service, meter, or public fountain.

36. The cost estimated by the Chairman of laying on water to any premises after it has been cut off for any reason whatsoever shall be paid by the owner or occupier of such premises in advance to the Council. The unexpended balance, if any, shall be returned to the owner or occupier on the completion of the work and any excess of cost shall be paid by the occupier or owner on such completion.

37. The service pipe from the street main up to and including the stopcock or valve shall be the property of the Council and the cost of the necessary repairs to the same shall be paid by the Council, but should any damage be done to the stopcock or valve on the service pipe to any premises it shall be made good by the Chairman at the expense of the owner or occupier of such premises, and the cost of the repair of such damage shall be paid to the Council, and the Chairman is hereby authorized and empowered to discontinue the supply of water to such premises until such payment is made.

38. No water shall be drawn from the waterworks except from public standpipes, fountains, and private services in the manner laid down in these by-laws without the written consent of the Chairman, except in the case of fire.

39. The Council, notwithstanding that the requirements have been complied with as regards private services, does not hold itself liable for any damage that may arise in premises by bursting or overflowing. Nor will the Council, by any permission or act, extend its responsibility beyond the main pipes and the service pipes, up to and including the stopcocks or valves of the latter.

40. All moneys due to the Council under the provisions of these by-laws shall be paid to the Chairman and credited to the local fund of the Council and all expenditure by the Council in carrying out the provisions of these by-laws, shall be chargeable to such fund.

41. The following rents shall be paid to the Urban District Council quarterly and in advance for the use of meters for one quarter or any part of a quarter; such quarters shall be considered to commence on the first day of January, the first day of April, the first day of July, and the first day of October:—

	Rs.	c.	
3-inch meter	33	50	for quarter or part of a quarter.
2 do.	20	0	do.
1½ do.	14	0	do.
1 do.	8	0	do.
¾ do.	6	50	do.
½ do.	5	50	do.
¼ do.	4	50	do.

42. (1) For the purpose of calculating the quarterly consumption the difference between two readings of the meter shall be taken. The first reading may be that observed on any day not more than ten days before or after the calendar date of the commencement of the quarter, or in the case of a newly fixed meter the first reading of the meter.

(2) The second reading may be that taken on any day not more than ten days earlier or later than the calendar termination of the quarter, or if the meter is removed or the supply closed during the quarter, then the last reading shall be taken as the second reading for ascertaining the quarter's water consumption. If two or more meters have been in use during the quarter, then the quarter's consumption shall be the sum of the quantities indicated by the meters.

Provided always that the reading used as the last reading of any quarter shall be used as the first reading of the ensuing quarter.

43. If a meter be found to be out of order, or if it be removed for repair or alteration, the fact shall be noted on the memorandum mentioned in by-law No. 31. On fixing a new meter or refixing the old one, a second memorandum shall be left at the premises supplied through such meter.

The consumption for the time that the meter was out of order or that the service was without a meter, shall be calculated according to the average rate of daily consumption that obtained during the period between any two successive readings whilst the meter was in good order immediately preceding the removal of the meter.

44. If the consumer doubts the accuracy of the meter which measures the water supplied to the premises occupied by him, then the meter shall on demand be tested by the Chairman. The consumer or any person appointed by him may be present when the meter is tested. The result of the testing shall be binding both on the Chairman and on the consumer, and the quantity of water indicated by the meter for the quarter as defined in by-law No. 42 shall be corrected according to the result of the test. If the meter be found to indicate correctly, or if it be found to indicate too little, then a fee of Rs. 20 shall be paid to the Urban District Council for testing by the person demanding the test. If the meter be found to indicate too much, then no fee shall be paid for testing.

45. The value of the amount of water consumed during the quarter shall be ascertained and calculated in accordance with the foregoing by-laws.

46. In all cases an account shall be rendered quarterly of the amount to be paid for the water consumed in the preceding quarter.

The account shall be rendered in the Form E annexed hereto, and the amount shall be paid to the Urban District Council in cash in full within fifteen days of the rendering of such account.

47. (1) All pipes used in the construction of private services are to be cast iron of approved thickness and quality, or wrought iron, both to be coated with bituminous composition, or galvanized wrought iron.

(2) Wrought iron service pipes are to be of the quality known as "best water piping" and to be of the following weights:—

- $\frac{3}{8}$  in. internal diameter, 64 lb. per 100 lineal ft.
- $\frac{1}{2}$  in. internal diameter, 88 lb. per 100 lineal ft.
- $\frac{3}{4}$  in. internal diameter, 125 lb. per 100 lineal ft.
- 1 in. internal diameter, 181 lb. per 100 lineal ft.
- $1\frac{1}{4}$  in. internal diameter, 256 lb. per 100 lineal ft.
- $1\frac{1}{2}$  in. internal diameter, 320 lb. per 100 lineal ft.
- 2 in. internal diameter, 405 lb. per 100 lineal ft.

(3) Cast iron pipes are to be substantially jointed with lead and yarn; wrought iron pipes are to have screwed joints and sockets.

48. The Council shall not be liable to any damages or penalty for failure on their part to supply water (whether they have contracted to supply the same or not) if such failure is due to unusual drought, or to any temporary interference with the supply caused by carrying out any work, or to any other unavoidable cause or accident.

49. No person shall be entitled to a supply of water as provided in by-law No. 26, notwithstanding that he may have entered into an agreement for same, if such supply would interfere with the sufficiency of the supply for domestic purposes.

50. The Council shall within the limits of the Urban District Council provide a supply of water for the use of the Ceylon Government, which for domestic purposes shall be supplied free of charge, without payment of water rate, but for other than domestic purposes shall be supplied in accordance with the provisions of this Ordinance and of any regulations made thereunder relating to the supply of water for other than domestic purposes.

51. Cisterns used exclusively for domestic purposes shall not exceed 100 gallons total capacity each. The size and design of all cisterns and baths shall be approved by the Chairman.

52. Any person who contravenes any of the provisions of these by-laws shall be punished with a fine not exceeding fifty rupees, and in the case of a continuing offence with an additional fine not exceeding ten rupees for every day during which the offence is continued after conviction or service of written notice from the Chairman.

**NOTICES CALLING FOR TENDERS.**

**TENDERS** are hereby invited for the purchase (at the risk of the original purchaser) of—

- (1) 34 cwt. 1 qr. coconut poonac manufactured at Mahara Prison.
- (2) All coconut poonac manufactured at Mahara Prison from June 16, 1931, to December 31, 1931.

Tenders may be submitted for either or both the above services. Tenders should be enclosed in sealed envelopes marked "Tenders for Coconut Poonac, Mahara Prison," and should reach the Office of the Inspector-General of Prisons by 12 noon on Monday, July 13, 1931.

Further particulars may be obtained from the Superintendent, Mahara Prison, or from the undersigned.

Prisons Office,  
Colombo, June 18, 1931.

A. WALKER,  
Inspector-General of Prisons.

**TENDERS** are hereby invited for the contract for the conveyance of mails from October 1, 1931, several times daily each way for a period of three years between Galle Post Office and Railway Station.

2. The service will be alternatively A, B, or C given under :—

- Service A.—By motor van, omnibus, or lorry.  
Service B.—By cart or coach drawn by two bulls.  
Service C.—By van drawn by one horse.

Tenderers may tender for services A, B, or C or all the three.

3. In respect of service A the motor conveyances shall fulfil all the requirements of the Motor Car Ordinance, 1927, amended by Ordinance No. 22 of 1929. The contractor will be required to provide such number of motor conveyances as will, in the opinion of the Postmaster-General, be necessary for the service, and every such motor before being employed in the service will be subject to the approval of the Postmaster-General. To some convenient part of every such motor shall be affixed, at the cost of the contractor and subject to the approval of the Postmaster-General, a suitable box provided with lock and key for the reception of any letters which may be posted on the road.

4. As regards service B the contractor will be required to provide such number of bulls and bullock conveyances as will, in the opinion of the Postmaster-General, be necessary for the service, and every such bull and bullock conveyance before being employed in the service will be subject to the approval of the Postmaster-General.

5. As regards service C the contractor will be required to provide such number of horses and vans as will, in the opinion of the Postmaster-General, be necessary for the service, and every such horse and van before being employed in the service will be subject to the approval of the Postmaster-General.

6. The hours of arrival and departure to be fixed from time to time by the Postmaster-General.

7. All tenders should be in duplicate and sealed under one cover, and should be addressed to the Chairman of the Tender Board, Office of the Controller of Revenue, and must either be sent through the post or deposited in a box provided for that purpose in the Office of the Controller of Revenue.

8. Tenders should be marked "Tender for the Conveyance of Mails between Galle Post Office and Railway Station," in the left hand top corner of the envelope, and should reach the Office of the Controller of Revenue not later than midday on Tuesday, July 21, 1931.

9. Tenders are to be made upon forms which will be supplied upon application to the Postmaster-General, and no tender will be considered unless it is on the recognized form.

10. Any alterations in the tender must bear the initials of the tenderer, otherwise the tender may be treated as informal and rejected.

11. A deposit of Rs. 100 for the service tendered for must be made at the General Treasury or a Kachcheri, and receipt produced for the same before a tender form is issued. Should any person decline to enter into the contract and bond, or fail to furnish approved security, within ten days of receiving notice in writing from the Postmaster-General, or his duly authorized representative, that his tender has been accepted, such deposits will be forfeited to the Crown. All other deposits will be returned upon signature to the contract.

12. Security to the amount of one-fifth of the annual subsidy asked will be required in cash for the service.

13. Further particulars regarding the terms of the contract will be found in the contract forms, copies of which will be sent when forwarding tender forms. Further information about the terms of the contract and any other information can be obtained on application to the Postmaster-General.

14. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

15. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors, either individually or jointly with any other person, nor shall the contractor employ any person whose name is on the list of Crown defaulting contractors, or any other person to whom the Postmaster-General, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

16. The contract shall be entered into by the contractor with the Head of the Department, acting for and on behalf of His Majesty the King, and the designation of such officer shall mean and include the officer for the time being holding such office and his successors in office for the time being under the Government of Ceylon.

17. Contracts may not be assigned or sublet without the authority of the Tender Board.

18. A Government contractor must not issue a power of attorney to a person whose name is on the defaulting contractors' list authorizing him to carry on the contract.

19. The Government reserves to itself the right, without question, of rejecting any or all of the tenders, and the right of accepting any portion of a tender.

General Post Office,  
Colombo, June 18, 1931.

H. A. BURDEN,  
Postmaster-General.

**TENDERS** are hereby invited for conveyance of stores by cart and lorry within the gravets of Colombo, from October 1, 1931, to September 30, 1932.

2. All tenders should be in duplicate and sealed under one cover, and should be addressed to the Chairman of the Tender Board, Colombo.

3. Tenders should either be deposited in the tender box in the Office of the Chairman of the Tender Board, or be sent through the post.

4. Tenders should be marked "Tender for Conveyance of Stores" in the left hand top corner of the envelope, and should reach the Office of the Chairman of the Tender Board not later than midday on July 28, 1931.

5. The tenders are to be made upon forms which will be supplied upon application at the Office of the Colonial Storekeeper, and no tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tenders may be treated as informal and rejected.

6. A deposit of Rs. 30 will be required to be made either at the Treasury or Kachcheri, and a receipt produced for the same before any form of tender is issued. Should any person decline to enter into the contract and bond, or fail to furnish approved security within ten days of receiving notice in writing from the Head of the Department, or his duly authorized representative, that his tender has been accepted, such deposit will be forfeited to the Crown, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon signature of a contract.

7. The amount of security required will be Rs. 200 in cash. All other necessary information can be ascertained upon application at the office referred to in section 5.

8. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

9. Contracts may not be assigned or sublet without the authority of the Tender Board.

10. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors, either individually or jointly with any other person, nor shall the contractor employ any person, whose name is on the list of Crown defaulting contractors, or any other person to whom the Colonial Storekeeper, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing. A Government contractor must not issue a power of attorney to a person whose name is on the defaulting contractors' list authorizing him to carry on the contract.

11. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

June 20, 1931.

JOHN GIBB,  
Colonial Storekeeper.

5. The tenders are to be made upon forms which will be supplied upon application at the Office of the Colonial Storekeeper, and no tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tenders may be treated as informal and rejected.

6. A deposit of Rs. 50 will be required to be made either at the Treasury or Kachcheri, and a receipt produced for the same before any form of tender is issued. Should any person decline to enter into the contract and bond, or fail to furnish approved security, within ten days of receiving notice in writing from the Head of the Department, or his duly authorized representative, that his tender has been accepted, such deposit will be forfeited to the Crown, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon signature of a contract.

7. If required samples must be deposited.

8. The security required will be Rs. 500 in cash for the whole contract or part of it as may be demanded by the Colonial Storekeeper. All other necessary information can be ascertained upon application at the office referred to in section 5.

9. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

10. Contracts may not be assigned or sublet without the authority of the Tender Board.

11. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors, either individually or jointly with any other person, nor shall the contractor employ any person whose name is on the list of Crown defaulting contractors, or any other person to whom the Colonial Storekeeper, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing. A Government contractor must not issue a power of attorney to a person whose name is on the defaulting contractors' list authorizing him to carry on the contract.

12. All tenders for imported articles will be accepted only on the conditions that the tenderer shall give the Government the benefit of any decrease in the Customs duties made after the signing of the tender and up to the expiry of the contract entered into hereafter, and the Government likewise undertakes to pay over and above the tendered rate such sum as shall adequately compensate the tenderer for any increase in the Customs duties during the period aforesaid.

13. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

June 20, 1931.

JOHN GIBB,  
Colonial Storekeeper.

**TENDERS** are hereby invited for the supply of rectified spirit (which must comply with the tests laid down in the British Pharmacopoeia and strength should be 60° O.P.) from October 1, 1931, to September 30, 1932.

## Ordinance No. 17 of 1869.

Rules framed by the Acting Principal Collector of Customs, under Section 26 of Ordinance No. 17 of 1869 regarding the unshipping and landing of dangerous cargo.

1. No carbide of calcium shall be unshipped or carried from any importing ship in the harbour to any wharf or other place unless it is enclosed in hermetically sealed vessels having no copper in their construction and of such strength and construction as not to be liable to be broken or to become defective or insecure during conveyance.

2. Every such vessel shall not contain more than 224 lbs. and if packed in a case, such case shall be distinctly marked with the words "calcium carbide—dangerous".

3. No vessel or case containing calcium carbide shall be opened while in course of being unshipped or carried from any importing ship to any wharf or other place except with the written consent of the "Collector".

4. When carbide of calcium is unshipped or carried from any importing ship to any wharf or other place within the ports of Colombo, Galle, or Trincomalee—

(a) It shall be carried only in cargo boats and after sunrise and before sunset and only to such wharves or other places as the Collector shall direct. Every such cargo boat shall carry at its bow and stern a red flag not less than six feet square on a staff not less than six feet above the deck. The nature of the contents of any cargo boat carrying carbide of calcium shall be clearly described on the boat note and certified by the ship's officer, and no calcium carbide shall be carried in a cargo boat carrying any other cargo.

(b) No person shall smoke or keep any fire or light in any boat during the time the calcium carbide is on board such boat.

THE following Specifications have been accepted:—

No. 2,488 of August 16, 1930.

John Robert Farbridge.

Improvements in or relating to apparatus for drying tea or other vegetable, animal or mineral substances.

Abstract.—According to the present invention apparatus in which the material to be dried is carried on superimposed trays is provided wherein the hot air is caused to flow

through the drying chamber substantially at right angles to the direction of travel of the conveyor for the material.

There are six claims and three sheets of drawings.

No. 2,530 of April 1, 1931.

Valdemar Charles From.

Improvements in or relating to the treatment of substances with a view to their purification, preservation or sterilisation.

Abstract.—The inventor discloses a method of treating liquid or solid substances according to which the substance has applied to it mechanical vibrations of a frequency near or above the highest audible sounds for the purposes of sterilising, purifying or preserving the substance.

There are nineteen claims and one sheet of drawings.

No. 2,532 of April 17, 1931 (Date applied for under Section 50 of the Ordinance, September 12, 1930).

William Gourley McKercher.

Improvements in apparatus for preparing and treating tea leaf or other material requiring disintegration.

Abstract.—According to this invention, the apparatus comprises a number of pairs of rollers arranged one above another, each of the said rollers having on its periphery a series of cutters which pass between the cutters of the roller co-operating therewith, and means whereby the rollers of each pair are caused to rotate at different relative speeds. The series of cutters on each roller, or on any desired number of the rollers, are fluted, the said flutes being preferably spirally formed on the periphery of the series of cutters of the respective rollers. The leaf to be treated is fed to between the upper pair of rollers and is cut by the action of the cutters, and cut leaf falling to between the next pair of rollers beneath and so on to between each succeeding lower pair of rollers. The leaf during its passage between the fluted pairs of cutting rollers, in addition to being subjected to the cutting action is subjected to a tearing and crushing and curling action which further breaks up the cells of the leaf.

There are seven claims and two sheets of drawings.

No. 2,540 of June 4, 1931.

Oswald Elsworth.

Improvements in and relating to air heaters.

Abstract.—The furnace consists of a nest of tubes heated in the usual manner but the air to be heated is forced or sucked through them at a higher velocity than is customary. Means for regulating the temperature of the heated air and cleaning the exterior of the tubes are provided.

There are five claims and two sheets of drawings.

F. E. KENNARD,  
Acting Registrar of Patents.
