Minutes of Proceedings of a Meeting of the Municipal Council of Galle held at the Municipal Office on November 17, 1894, at 3.30 p.m.

Present:—The Chairman (R. W. Ievers, Esq.); R. L. Symes, Esq.; W. Abeyasundera, Esq.; C. P. Hayley, Esq.; Hon. P. D. Anthonisz, C.M.G.; D. G. Goonewardena, Esq.; H. E. H. Hayes, Esq.; Dr. J. Attygalle; N. Dias Abeyasinha, Esq.; and C. L. M. Abdul Carim, Esq.

1. The Minutes of Meeting held on November 3 were confirmed.

2. Pursuant to notice Mr. R. L. Symes asked "Why sundry works sanctioned and ordered to be done have not been commenced? and moved that they be pressed on more energetically."

Seconded by Mr. H. E. H. Hayes.

The Chairman stated that a number of the works referred to are near completion, others are in progress; and explained the reasons why some have not yet been commenced.

3. Pursuant to notice the Hon. Dr. Anthonisz moved "That a steam roller for the use of the Municipal roads be purchased from Messrs. Richardson & Cruddas, of Bombay, and that if the funds of the Municipality are insufficient to incur the expenditure next year, to inquire from Messrs. Richardson & Cruddas whether they would allow the cost to be paid in two or three yearly instalments."

Seconded by Mr. W. Abeyasundera.

Resolved,—That in the opinion of the Council it is desirable that a steam roller be provided.

Resolved,—That inquiry be made from Messrs. Aveling & Porter at what cost they can supply a 10-ton roller landed at Galle.

4. Pursuant to notice the Hon. Dr. Anthonisz moved "That the latrine and scavenging carts be housed and protected from the weather within the walled enclosure in Talbot town, and that the attention of the Municipal Inspector be invited to the insanitary state in which the enclosure is kept at present."

Seconded by Mr. C. L. M. Abdul Carim.—Carried.

5. Pursuant to notice the Hon. Dr. Anthonisz moved "That a shelter for the latrine coolies be built in Talbot town not far from the bathing wells."

Seconded by Mr. C. L. M. Abdul Carim.—Carried.

6. Pursuant to notice Mr. C. P. Hayley moved "That Government be requested to compel the Railway Contractor to construct drains across the railway line running over the Circular road and elsewhere where necessary."

Seconded by Mr. H. E. H. Hayes.—Carried.

Resolved,—That in addition to this the Government be requested to instruct the Resident Engineer to pave the crossings with wood up to the level of the tops of the rails.

7. Submitted a letter from the Atapattu Mudaliyar asking permission to erect a madama in the Victoria park.

Resolved,—That the Council is unable to comply with the request.

8. Submitted a letter from the Provincial Engineer, dated October 23 (24), 1894, No. 189, on improvement of sanitation of Galle Fort.

9. Submitted accounts and reports on progress of work for October, 1894.

10. Submitted Auditor's report for October, 1894.

11. By leave of Council the Hon. Dr. Anthonisz moved "That the Council desires, on the eve of the retirement of the Chairman from office, to record its regret at his removal from a post which he filled with so much advantage to the public, and to express its sense of the obligation under which he has laid the Council by his strict and prompt attention to business. The Council cannot pass unnoticed the uniform kindness and courtesy which they all received at his hands. They would take this opportunity of congratulating him on his well-deserved promotion, and wish him all prosperity in his new sphere of labour."

In making this motion Dr. Anthonisz dwelt on the valuable advice and suggestions the Council received from the Chairman at their meetings, on the services rendered by him in the improvement of the sanitation of the town, and on his labours on the occasion of the opening of the railway to Galle and the reception given to His Excellency the Governor on that occasion—a function the success of which was mainly due to his personal and unremitting attention. Dr. Anthonisz congratulated him at being chosen to fill the important and trusted post as Principal Assistant to His Excellency the Lieutenant-Governor, and wished him higher honours in the future.

Seconded by Mr. W. Abeyesundere.—Carried.

The Chairman replied thanking Dr. Anthonisz and the Council for the very kind manner in which they regarded his work as Chairman, and expressed his regret that owing to his frequent absence from Galle on special duty he had been unable to devote so much of his time to the interests of the Municipality as he desired. He gratefully acknowledged the assistance he had from the Members in discharging his duty; and was very pleased, in saying farewell, that their relations had always been of the most cordial and pleasant character.

Confirmed :

ALLANSON BAILEY,
Chairman.

4. In respect of taxes and water-rate to be levied during 1895, it was resolved that the tax or rate for the maintenance of police and incidental charges for 1895 be fixed at 5 per cent. on the annual value of all houses and buildings of every description, and of all lands and tenements, under section 127 of the Ordinance No. 7 of 1887, and that the sanction of His Excellency the Governor in Executive Council be applied for.

5. Resolved,—That the water-rate for 1895 be fixed at six per cent. under section 5 of the Ordinance No. 18 of 1884.

6. Read the following minute and recommendation of the Standing Committee on the correspondence relating to the excessive consumption of water at the Military Barracks:—

Copy of Resolution No. 4 of September 22, 1894.

“Read letter No. 2539/1 of September 8 from the Deputy Assistant Adjutant-General (b) in reply to the Secretary's letter of August 27, on subject of the excessive consumption of water by the Troops.

“After careful consideration it was resolved that the Deputy Assistant Adjutant-General be informed that the quantity of water shown as consumed was taken from the meter provided by the Royal Engineer's Department, and that it is not likely that the instrument has registered more than passed through the pipes; that when the Council consented to accept Rs. 500 per annum for water supplied it was clearly understood that the quantity to be consumed would be about 1,500,000 gallons per annum. The fact that a meter was provided shows that the supply was not to be absolutely unlimited. If an appreciably larger quantity is required a proportionately larger amount must be annually paid.

“The Council have no objection to the proposal that there should be two meters, and that the quantity used should be checked at each.

“Considering all the circumstances, the Standing Committee recommend that the Council should waive the claim for past excessive consumption, but must insist that in future the implied agreement that the consumption should be about 1,500,000 gallons be adhered to.”

Resolved, unanimously, that the recommendation of the Standing Committee be adopted, viz., that the claim against the Military authorities for excessive consumption of water in the past be waived, and that the Council insist in future that the implied agreement that the consumption should be about 1,500,000 gallons be adhered to, and that if an appreciably larger quantity of water is required a larger sum should be paid.

Resolved,—That attention be invited to the Chairman's letter No. 683 of 28th September to the Deputy Assistant Adjutant-General (b), and he be requested to state whether the Council's terms for a supply of water to the barracks is agreed to.

7. Read letter from Captain A. Caldwell of the Army Service Corps on subject of the future registering of the consumption of water.

The Secretary stated that a 3-inch meter was being fixed on the branch pipe supplying water to the barracks.

Resolved,—That the readings of the Council's meter and that supplied by the Royal Engineer's Department be taken simultaneously at the commencement of each month and a statement submitted.

8. Read letter No. 31 of October 4 from the Colonial Secretary in reply to the Chairman's letter No. 57 of September 28, forwarding a copy of the Council's resolution of September 22 on the subject of the vote passed by the Legislative Council of a sum of Rs. 5,000 “for repairs to and renewal of drains, Trincomalee street,” but of which only Rs. 2,500 will be expended, as the Council have been required to contribute Rs. 2,500 towards the work, leaving therefore Rs. 2,500 unappropriated.

It is stated, in reply, that it will be possible to make available the unexpended balance of Rs. 2,500, the vote for repairs to drains, Trincomalee street, on repairs of other drains along the principal thoroughfares now in charge of the Public Works Department, if all the circumstances of those drains are the same as those of the drains in Trincomalee street.

The Secretary submitted the following list of drains along main thoroughfares requiring improvement on which the unexpended sum referred to might be spent:—

Ward Street.—New side drains on either side in cement concrete, from the Club premises to junction of Market street.

Peradeniya Road.—New side drain in brick or cement concrete, from the junction of Halloluwa road to the junction of the Slaughter-house road and even beyond it, on either side of the road. New side drain at Getambe on either side; the invert of the drains from near the Post Office to junction of the Bihorowekanda road to be plastered in cement on either side.

Malabar Street.—Portions of the side drain required to be built in brick or cement concrete.

Katugastota Road.—The invert of the existing brick drain on the eastern side to be plastered in cement, and a new brick drain in cement concrete on the western side.

Resolved,—That it be pointed out, in reply, that drains along the main thoroughfares, and which are in charge of the Public Works Department as per list furnished, are in want of improvement or reconstruction, and that the Government be asked that the available sum of Rs. 2,500 may be brought forward for expenditure next year.

9. Read memorandum dated October 23 in respect of the number of opium licenses to be issued for 1895.

Resolved,—That the number of licenses being limited to four, be confirmed in accordance with the recorded opinions of Members.

10. Considered letter No. 50 of October 17 and No. 56 of November 5 from the Government Agent, which had been circulated, in respect of the offers made for toll rents for 1895.

Resolved,—That as recommended by the Government Agent the acceptance of the following offers be confirmed in accordance with the written opinions of Members:—

Confirmed this 15th day of December, 1894.
