1. The Minutes of the General Meeting of May 6, 1931, having been previously printed and copies thereof having been sent to each Member of Council, were taken as read.

Resolved that the Minutes of the General Meeting of May 6, 1931, be confirmed.

2. Pursuant to notice, Mr. T. G. Jayewardene presented a petition from the residents of Galkapanawatta lane praying that sufficient gas lamps and a water tap be installed in the lane, and asked that it be laid before the Works and Finance Committees (meeting together), after obtaining a report from the Municipal Engineer.

3. Pursuant to notice, Mr. M. L. M. Reyal asked the following questions which the Chairman answered :—

(1) Q.—How many applications have been received this year from landowners in Colombo for a remission of assessment rates owing to houses being vacant? A.—1,353.

(2) Q.—What progress has been made in the matter of representation to Government regarding the amendment of the existing Ordinance to make provision for a remission of taxes, since the Council recommended same? A.—The Chairman is informed that it is anticipated that the Ordinance will be submitted to His Excellency the Governor for his assent before the end of the current month.

(3) Q.—Owing to the increasing hardships experienced by landowners, will the Chairman be pleased to request the Government to regard the matter as urgent and thereby have the amendment of the Ordinance expedited? A.—The Chairman has already so requested the Government.

(4) Q.—How many notifications have been received from landowners informing the Council of reduced rentals, since the assessment were revised? A.—4,965 objections have been received. The number of other notifications cannot be ascertained without a scrutiny of the 25,500 files relating to the 25,500 separate properties in the City.

(5) Q.—How does the Chairman propose to deal with these notifications? A.—As objections, when they have been received before the close of the statutory period for objections.

(6) Q.—Owing to urgency of relief necessary, will the Chairman be pleased to obtain an early amendment of the Ordinance in order to revise the annual values of premises at any time of the year? A.—The Chairman will forward any request that the Council may decide to make in this matter to the proper quarter.

(7) Q.—In view of local financial stringency, will the Chairman bring before the Committees of the Council the desirability of a reduction of the warrant charge of 10 per cent. now levied? A.—The warrant costs of 10 per cent. are leviable under section 139 of Ordinance No. 6 of 1910, and cannot be reduced without an amendment of the law. The Chairman will place the question of such amendment before the Committees.

(8) Q.—Will the Chairman be pleased to state the difference in the total annual value of the properties in the San Sebastian Ward, on the previous and present assessment and their equivalent in assessment rates due to the Council? A.—Rs. 321,638 and Rs. 64,327.

(9) Q.—How many objections have been received in the assessments made in San Sebastian Ward? A.—873.

(10) Q.—How many objections have been inquired into and disposed of? A.—337 objection cases have been called for inquiry, but objectors have attended in only 143 of such cases. 58 objections have been disposed of finally and 279 cases are in course of inspection by the Municipal Assessor personally prior to a recommendation being made.

(11) Q.—Will the Chairman have the objections inquired into, as early as possible, in order that relief be given to landowners owing to the prevailing depression? A.—Yes.

Arising out of the Chairman's replies, Mr. M. L. M. Reyal asked if the Chairman would kindly request the Municipal Assessor to expedite the re-assessment as much as possible.

The Chairman in reply stated: The matter is being already expedited as much as possible, and to that end the Municipal Assessor is working on Saturday afternoons, Sundays and public holidays, besides working days.

Arising out of the above reply, Mr. N. H. M. Abdul Cader asked :—Will the Ordinance have retrospective effect from the date of the proclamation?

The Chairman in reply stated: "I cannot say. I do not know the terms of the Ordinance as passed."

4. Pursuant to notice, Dr. E. V. Ratnam asked the following question which the Chairman answered :—

Q.—"If he has ascertained from Government why the Ordinance amending section 121 of the Municipal Councils' Ordinance, No. 6 of 1910, so as to admit of remission of rates being allowed monthly in all cases of non-tenancy of buildings, has not yet been proclaimed and brought into force, and whether it will take effect as from October 1, 1930 in terms of resolution of October 1, 1930? If he has not, whether he will be pleased to do so immediately?" A.—On inquiry from Government the Chairman is informed that it is anticipated that the Ordinance will be submitted to His Excellency the Governor for his assent before the end of the current month. The Chairman has not been informed of the terms of the Ordinance as passed by the Legislative Council or of the reasons why it has not yet been assented to.

## MUNICIPALITY OF GALLE.

Minutes of Proceedings of a General Meeting of the Municipal Council of Galle held at the Municipal Office on Saturday, May 9, 1931, at 9 a.m., pursuant to notice dated May 4, 1931.

*Present* :—Mr. G. S. Wodeman, Chairman ; Mr. C. E. de Vos ; Mr. J. E. Perera ; Mr. D. I. Durham ; Mr. C. L. Wickremesinghe ; Mr. T. Amarasuriya ; Dr. S. P. Joseph ; Mr. P. R. Gunasekara ; and Mr. A. J. R. Scharenguivel.

1. The Minutes of the General Meeting of April 18, 1931, a copy thereof having been furnished to each member, were taken as read and confirmed.

2. Pursuant to notice, Mr. J. E. Perera asked the following questions :—

(1) How many notices to erect dry earth latrines have been issued to residents of Ward No. 3 during the year 1930 and the 1st quarter of 1930 ?

(2) How many residents have complied with the requirement ? How many have been prosecuted for default ?

(3) Is the Chairman aware of the foul condition of the unbuilt side drains of Circular road between the Udugama junction and the Railway line ? Will the Chairman take steps to drain off the water or disinfect the pools in the drains ? The Chairman replied as follows :—(1) and (2) A statement is tabled for the information of members.

(3) This portion of Circular road is maintained by the Public Works Department. The drains were recently cleared by that Department.

As there is little or no flow, the drain is oiled weekly to kill mosquito larvae. The drain is quite clean at present and no disinfectant is required. The presence of the black oil probably makes it look worse than it is.

An estimate is being prepared to build cement drains along the portion of the road up to its junction with the Galle-Matara road, and Council will be asked to vote half the cost if Government agree to contribute a moiety.

3. Pursuant to notice, Mr. J. E. Perera moved—"That the steps taken to enforce the erection of dry earth latrines be deferred owing to the acute financial depression prevailing at the present time." Mr. T. Amarasuriya seconded.

The Chairman suggested that the matter be referred to the Standing Committee on Markets and Sanitation for consideration and report.

The mover agreed to the suggestion.

The Chairman then moved that the matter be referred to the Standing Committee on Markets and Sanitation. Mr. D. I. Durham seconded.—Carried.

4. To submit the Audit Report for the year ended December 31, 1930 :—Submitted.

5. To fix the date of the next General Meeting of Council.—Resolved that the next General Meeting of Council be held on June 27, to be followed by the meetings of the Standing Committees.

The following extracts from the Minutes of the Standing Committees were laid before the Council :—

6. *Extracts from the Minutes of the Standing Committee on Markets and Sanitation of April 25, 1931.*

(3) To consider the daily washing of the strainer at the reservoir.—Recommended. (1) that the strainer should be washed daily ; (2) to consult the Colombo Waterworks Engineer as to whether it is absolutely necessary to obtain the wire cloth from the manufacturers.

(4) To consider 15 applications for water service.—Recommended that the applications be allowed.

(6) To consider estimate of Rs. 193 for the lighting of the bazaar urinal and the sea beach latrine.—Recommended.

*Resolution.*

Resolved that the above recommendations of the Standing Committee be adopted.

7. *Extracts from the Minutes of the Standing Committee on Finance and Assessment on April 25, 1931.*

(2) To determine the pay of the scavenging coolies :—The Chairman explained that the coolies are paid at the rate of Rs. 16.50 and Rs. 19.50 per mensem, according to their length of service ; but that it is desirable they should be paid a daily wage in view of the Labour Ordinance.—Recommended that the coolies be paid at the rate of cents 55 and cents 65 per diem, according to their length of service.

(3) List of demolished buildings in Ward 3.—Recommended that the rates be struck off.

(4) To consider the extension of the conservancy area :—(1) Considered together with the Standing Committee on Markets and Sanitation. (2) Recommended that conservancy should be extended to the Dangedera area.

*Resolution.*

Resolved that the above recommendations of the Standing Committee be adopted.

8. *Extracts from the Minutes of the Standing Committee on Markets and Sanitation of April 25, 1931.*

(2) To consider the extension of the conservancy area :—(1) Considered together with the Standing Committee on Finance and Assessment. (2) Recommended that conservancy should be extended to Dangedera area.

*Resolution.*

Resolved that the above recommendation of the Standing Committee be adopted.

9. To submit the Report of the Retrenchment Committee :—The Chairman moved that Council should go into Committee to consider the report.

*Council in Committee.*

The Chairman said that the recommendation that the salary of the Secretary on the occurrence of a vacancy should be Rs. 3,600 to Rs. 6,000 may be accepted, provided that the suggested age limit for applicants should not apply to officers already in the service of the Council.

*Scavenging Staff.*—It is not possible to reduce the number of coolies; but a saving might be expected when scavenging is done by lorries. A scheme for scavenging by lorries is being prepared for consideration with the budget for next year.

*Waterworks.*—The Superintendent of Works has been told to dispense with the services of two turn cocks after giving them due notice.

*Hiyare Service Road.*—It would not be possible to get a contribution from the Village Committee towards the maintenance of this road, and it was doubtful if Government would contribute anything for the use of the road by the Forest Department. A detailed estimate for improvements of the road would be submitted in due course.

*Works Department.*—The number of road overseers has been reduced by one. The rates for road maintenance are the same as the Public Works Department rates, except for tarring. The Public Works Department rates for tarring are lower because it gets special rates for tar, and no Customs duty is payable by Government.

The amount of metal required for entirely reconditioning starved roads cannot be compared with the amount required for improving Public Works Department roads which have been regularly maintained in good condition.

It was not possible to lay down general rules for the quantity of metal to be used. This would depend on the state of the road and the width of the platform, &c. He said the recommendation of the Special Committee appearing on page 5 of the report could be generally accepted subject to slight amendments and put in the following form:—

- (a) Consolidation to be done by stream roller whenever possible.
- (b) Spremex to be used instead of coals when the weather permits.
- (c) A boiler and spreyer to be purchased for tarring.
- (d) Rates for road maintenance not to exceed Public Works Department rates unless the cost of materials such as tar is greater.

Recommendation (e) he said was not clear and could not be accepted. No definite rule could be laid down for the amount of metal to be used; it would depend on the state of the road to be reconditioned and each case must be considered on its merits.

*Collectors.*—It would not be practical at present to do away with the collectors of Wards 1 and 2, but he suggested that a lower rate—say, 5 per cent.—be paid for collection after the 4th month, *i.e.*, for collection of warrants. Council agreed to the suggestion.

Mr. P. R. Gunasekara referred to the large expenditure on road prior to 1929 when no tarring was done. Mr. A. J. R. Scharenguivel was of opinion that the expenditure on Municipal roads was not excessive. The Chairman moved that Council do resume. He thanked the members of the Special Committee for their valuable report, and moved Council do adjourn until June 27.

10. The following documents were laid on the table:—

- (1) The statement of receipts and disbursements to end of April, 1931.
- (2) Progress report of works done on estimates during April, 1931.
- (3) Report of the Inspector of Vehicles of carriages plying for hire during April, 1931.
- (4) Diaries of (a) the Medical Officer of Health; (b) the Superintendent of Works; (c) the Inspector of Works; (d) the Manager, Health Department.
