(g) The authority by whom the request for service  
is executed shall furnish a certificate proving the service  
or explaining the reason which has prevented such service,  
and setting forth the fact, the manner and the date of such  
service or attempted service, and shall send the said  
certificate to the Consular Officer by whom the request  
for service was made. The certificate of service or of  
attempted service shall be placed on one of the duplicates  
or attached thereto.

##### Article 4.

(a) Service may be effected without any request to or  
intervention of the authorities of the country where it is  
effected :—

(1) By a Consular Officer of the High Contracting Party  
from whose territory the document emanates :

(2) By an agent appointed for the purpose either by  
the judicial authority by whom service of the  
document is required or by the party on whose  
application the document was issued :

but in neither of these cases can any measures of compulsion  
be employed.

(b) All documents served in the manner provided in the  
preceding paragraph shall, unless the recipient is a subject  
of the High Contracting Party from whose territory the  
document to be served emanates, either be drawn up in the  
language of the country in which service is to be effected  
or accompanied by a translation into such language certified  
as correct as prescribed in Article 3 (c).

##### Article 5.

Nothing in this Convention shall render illegal or in-  
admissible the service in the territory of one High Con-  
tracting Party of documents drawn up in the territory  
of the other High Contracting Party by any one of the  
following methods of service in any case where such method  
is recognized as valid by the law of the country from which  
the documents emanate :—

(a) By the competent officials or officers of the country  
where they are to be served acting directly at  
the request of the parties concerned in cases where  
such officials or officers are not prohibited from  
so acting by the law of that country ;

(b) Through postal channels ; or

(c) By any other mode of service which is not illegal  
under the law existing at the time of service  
in the country where it is to be effected.

##### Article 6.

(a) In any case where documents have been served in  
accordance with the provisions of Article 3, the High  
Contracting Party, by whose Consular Officer the request  
for service is addressed, shall pay to the other High Con-  
tracting Party any charges and expenses which are payable  
under the law or regulations in force in the country where  
the service is effected to the persons employed to effect  
service, and any charges and expenses incurred in effecting  
service in a special manner. These charges and expenses  
shall not exceed such as are usually allowed in the courts of  
that country.

(b) Repayment of these charges and expenses shall be  
claimed by the competent authority by whom the service  
has been effected from the Consular Officer by whom the  
request was addressed when sending to him the certificate  
provided for in Article 3 (g).

(c) Except as provided above, no fees of any description  
shall be payable by one High Contracting Party to the other  
in respect of the service of any documents.

#### III.—TAKING OF EVIDENCE.

##### Article 7.

When a judicial authority in the territory of one of the  
High Contracting Parties requires that evidence should be  
taken in the territory of the other High Contracting Party,  
such evidence may be taken in any one of the ways  
prescribed in Articles 8, 9 and 10.

##### Article 8.

(a) The judicial authority by whom the evidence is  
required may, in accordance with the provisions of its law,  
address itself by means of "Letters of Request" to the  
competent authority of the country where the evidence is  
to be taken, requesting such authority to take the evidence.

(b) The "Letters of Request" shall be drawn up in the  
language of the country where the evidence is to be taken,  
or be accompanied by a translation in such language.  
Such translation shall be certified as correct by a Consular  
Officer of the High Contracting Party from whose judicial  
authority the request emanates. The "Letters of Request"  
shall state the nature of the proceedings for which the  
evidence is required, the full names and descriptions of the  
parties thereto, and the full names, addresses and descrip-  
tions of the witnesses. They shall also either be accom-  
panied by a list of interrogatories to be put to the witness  
or witnesses and a translation thereof certified as correct  
in the manner heretofore provided or, if this procedure is  
recognised by the law of the country from which the Letters  
emanate, request the competent authority to allow such  
questions to be asked *visá voce* as the parties or their  
representatives shall desire to ask.

(c) The "Letters of Request" shall be transmitted—

In England by a Spanish Consular Officer to the Senior Master of the Supreme Court of Judicature;

In Spain by a British Consular Officer to the President of the competent Territorial Court.

In case the authority to whom "Letters of Request" are transmitted is not competent to execute them, the "Letters of Request" shall be forwarded without any further request to the competent authority of his own country.

(d) The competent authority to whom the "Letters of Request" are transmitted or forwarded shall give effect thereto and obtain the evidence required by the use of the same compulsory measures and the same procedure as are employed in the execution of a commission or order emanating from the authorities of his own country, except that if a wish that some special procedure should be followed is expressed in the "Letters of Request" such special procedure shall be followed in so far as it is not incompatible with the law of the country where the evidence is to be taken.

(e) The Consular Officer, by whom the "Letters of Request" are transmitted, shall, if he so desires, be informed of the date and place where the proceedings will take place, in order that he may inform the interested party or parties who shall be permitted to be present in person or to be represented if they so desire.

(f) The execution of the "Letters of Request" can only be refused—

- (1) If the authenticity of the "Letters of Request" is not established.
- (2) If in the country where the evidence is to be taken the execution of the "Letters of Request" in question does not fall within the functions of the judiciary.
- (3) If the High Contracting Party in whose territory the evidence is to be taken considers that his sovereignty or safety would be compromised thereby.

(g) In every instance where the "Letters of Request" are not executed by the authority to whom they are addressed, the latter will at once inform the Consular Officer by whom they were transmitted, stating the grounds on which the execution of the "Letters of Request" has been refused, or the judicial authority to whom they have been forwarded.

#### Article 9.

(a) If the law of the country where the evidence is to be taken authorises such procedure, the judicial authority by whom the evidence is required may in the "Letters of Request" addressed to the competent authority of the country where the evidence is to be taken request such authority to appoint to take the evidence a person specially designated in the "Letters of Request."

A Consular Officer of the High Contracting Party whose judicial authority requires the evidence, or any other suitable person may be so designated.

(b) Where this procedure is adopted the provisions of paragraphs (b), (c), (f) and (g) of Article 8 shall apply, but the following paragraphs shall be substituted for paragraphs (d) and (e) of that Article.

(c) The competent authority to whom the "Letters of Request" are transmitted or forwarded shall give effect thereto and shall appoint the person designated to take the evidence unless such person shall be unwilling so to act. In addition, if necessary, such authority shall make use of such compulsory powers as it possesses under its own law to secure the attendance of and the giving of evidence by the witnesses and the persons to be examined and the production of documents before the person so appointed.

(d) The person thus appointed shall have power to administer an oath, and any person giving false evidence before him shall be liable in the courts of the country where the evidence is taken to the penalties provided by the law of that country for perjury.

(e) The evidence shall be taken in accordance with the law of the country for whose judicial authority the evidence is required, provided such method is not contrary to the law of the country where the evidence is being taken, and the parties shall have the right to be present in person or to be represented by barristers or solicitors or by any other persons who are competent to appear before the courts of either of the countries concerned.

#### Article 10.

(a) The evidence may also be taken, without any request to or the intervention of the authorities of the country in which it is to be taken by a person in that country directly appointed for the purpose by the court by whom the evidence is required. A Consular Officer of the High Contracting Party whose court requires the evidence or any other suitable person may be so appointed.

(b) A person so appointed to take evidence may request the individuals named by the court appointing him to appear before him and give evidence or to produce any document. He may take all kinds of evidence which are not contrary to the law of the country where the evidence is being taken and shall have power to administer an oath, but he shall have no compulsory powers.

(c) Requests to appear issued by such person shall, unless the recipient is a subject of the High Contracting Party for whose judicial authority the evidence is required, be drawn up in the language of the country where the evidence is to be taken, or be accompanied by a translation into such language.

(d) The evidence may be taken in accordance with the procedure recognised by the law of the country for whose judicial authority the evidence is required, and the parties will have the right to be present or to be represented by barristers or solicitors of that country or by any persons competent to appear before the court of either of the countries concerned.

#### Article 11.

The fact that an attempt to take evidence by the method laid down in Article 10 has failed owing to the refusal of any witness to appear, to give evidence, or to produce documents does not preclude a request being subsequently made in accordance with Articles 8 or 9.

#### Article 12.

(a) Where evidence is taken in either of the ways provided in Articles 8 or 9 the High Contracting Party by whose judicial authority the "Letters of Request" are addressed shall repay to the other High Contracting Party any expenses incurred by the competent authority of the latter in the execution of the request in respect of any charges and expenses payable to witnesses, experts, interpreters, or translators, the costs of obtaining the attendance of witnesses who have not appeared voluntarily, and the charges and expenses payable to any person whom such authority may have deputed to act in cases where the law of his own country permits this to be done, and any charges and expenses incurred by reason of a special procedure being requested and followed. These expenses shall be such as are usually allowed in similar cases in the courts of the country where the evidence has been taken.

(b) The repayment of these expenses shall be claimed by the competent authority by whom the "Letters of Request" have been executed from the Consular Officer by whom they were transmitted when sending to him the documents establishing their execution.

(c) Except as above provided no fees of any description shall be payable by one High Contracting Party to the other in respect of the taking of evidence.

#### IV.—JUDICIAL ASSISTANCE FOR POOR PERSONS, IMPRISONMENT FOR DEBT AND SECURITY FOR COSTS.

##### Article 13.

The subjects of one High Contracting Party shall enjoy in the territory of the other High Contracting Party a perfect equality of treatment with subjects of that High Contracting Party as regards free judicial assistance for poor persons and imprisonment for debt; and provided that they are resident in any such territory, shall not be compelled to give security for costs in any case where a subject of such other High Contracting Party would not be so compelled.

#### V.—GENERAL PROVISIONS.

##### Article 14.

Any difficulties which may arise in connexion with the operation of this Convention shall be settled through the diplomatic channel.

##### Article 15.

The present Convention, of which the English and Spanish texts are equally authentic, shall be subject to ratification.

Ratifications shall be exchanged in Madrid. The Convention shall come into force one month after the date on which ratifications are exchanged and shall remain in force for three years after the date of its coming into force. If neither of the High Contracting Parties shall have given notice through the diplomatic channel to the other not less than six months before the expiration of the said period of three years of his intention to terminate the Convention, it shall remain in force until the expiration of six months from the day on which either of the High Contracting Parties shall have given notice to terminate it.

##### Article 16.

(a) This Convention shall not apply *ipso facto* to Scotland or Northern Ireland, nor to any of His Britannic Majesty's Colonies or Protectorates, nor to any territories under his

suzerainty, nor to any mandated territories administered by his Government in the United Kingdom of Great Britain and Northern Ireland, but His Britannic Majesty may at any time, while the Convention is in force, under Article 15, by a notification given through his Ambassador at Madrid, extend the operation of this Convention to any of the above-mentioned territories.

(b) Such notification shall state the authorities in the territory concerned to whom requests for service or for the taking of evidence are to be transmitted, and the language in which communications and translations are to be made. The date of the coming into force of any such extension shall be one month from the date of such notification.

(c) Either of the High Contracting Parties may, at any time after the expiry of three years from the coming into force of an extension of this Convention to any of the territories referred to in paragraph (a) of this Article, terminate such extension on giving six months' notice of termination through the diplomatic channel.

(d) The termination of the Convention under Article 15 shall, unless otherwise expressly agreed to by both High Contracting Parties, *ipso facto* terminate it in respect of any territories to which it has been extended under paragraph (a) of this Article.

#### Article 17.

(a) This Convention shall not apply *ipso facto* to any of the Colonies or Protectorates of His Catholic Majesty the King of Spain, but his Government may at any time extend this Convention to any of such Colonies or Protectorates by a notification given through his Ambassador in London.

(b) The provisions of paragraph (b) of Article 16 shall apply to any such notifications.

(c) The provisions of paragraphs (c) and (d) of Article 16 shall apply to any Colonies or Protectorates of His Catholic Majesty to which this Convention has been extended.

#### Article 18.

(a) His Britannic Majesty may at any time, while the present Convention is in force, either under Article 15 or by virtue of any accession under this Article, by a notification given at Madrid through the diplomatic channel, accede to the present Convention in respect of any of his self-governing Dominions or India, provided that no notification of accession may be given at any time when His Catholic Majesty has given notice of termination in respect of all the territories of His Britannic Majesty to which the Convention applies. The provisions of Article 16 (b) shall be applicable to such notification. Any such accession shall take effect one month after the date of its notification.

(b) After the expiry of three years from the date of the coming into force of any accession under paragraph (a) of this Article, either of the High Contracting Parties may, by giving a six months' notice of termination through the diplomatic channel, terminate the application of the Convention to any country in respect of which a notification of accession has been given.

The termination of the Convention under Article 15 shall not affect its application to any such country.

(c) Any notification of accession under paragraph (a) of this Article may include any dependency or mandated territory administered by the Government of the country in respect of which such notification of accession is given; and any notice of termination in respect of any such country under paragraph (b) shall apply to any dependency or mandated territory which was included in the notification of accession in respect of that country.

In witness whereof the undersigned have signed the present Convention, in English and Spanish, and have affixed thereto their seals.

IT is hereby notified for general information that the Swedish Government has acknowledged the accession of Ceylon from the 3rd day of September, 1931, to the Convention between the United Kingdom and Sweden respecting Legal Proceedings in Civil and Commercial matters signed at London on the 28th day of August, 1930.

By His Excellency's command,

Chief Secretary's Office, B. H. BOURDILLON,  
Colombo, January 12, 1932. Chief Secretary.

#### TEXT OF CONVENTION.

### Convention between His Majesty, in respect of the United Kingdom, and His Majesty the King of Sweden, regarding Legal Proceedings in Civil and Commercial Matters.

London, August 28, 1930.

[Ratifications exchanged at London, January 16, 1931.]

His Majesty the King of Great Britain, Ireland and the British Dominions beyond the Seas, Emperor of India, and His Majesty the King of Sweden;

Being desirous to render mutual assistance in the conduct of legal proceedings, in their respective territories, in civil and commercial matters which are being dealt with or which may possibly be dealt with by their respective judicial authorities;

Have resolved to conclude a Convention for this purpose and have appointed as their Plenipotentiaries:

His Majesty the King of Great Britain, Ireland and the British Dominions beyond the Seas, Emperor of India:

For Great Britain and Northern Ireland:

The Right Honourable Arthur Henderson, M.P., His Principal Secretary of State for Foreign Affairs;

His Majesty the King of Sweden:

Baron Eric Gyllenstierna, His Chargé d'Affaires *ad interim* in London;

Who, having communicated their full powers, found in good and due form, have agreed as follows:—

#### I.—PRELIMINARY.

##### Article 1.

(a) This Convention applies only to civil and commercial matters, including non-contentious matters.

(b) In this Convention the words "territory of one (or of the other) High Contracting Party" shall be interpreted as meaning at any time any of the territories of such High Contracting Party to which the Convention at that time applies.

#### II.—SERVICE OF JUDICIAL AND EXTRA-JUDICIAL DOCUMENTS.

##### Article 2.

When judicial or extra-judicial documents drawn up in the territory of one of the High Contracting Parties are required to be served on persons, partnerships, companies, Societies or other corporations in the territory of the other High Contracting Party, such documents may be served on the recipient, whatever his nationality, in the manner provided in Article 3.

##### Article 3.

(a) A request for service shall be addressed by a Consular Officer of the High Contracting Party, from whose territory the documents to be served emanate, to the competent authority of the country where the documents are to be served, requesting such authority to cause the documents to be served. The request shall be sent by such Consular Officer to such authority.

(b) The request for service shall be drawn up in the language of the country where service is to be effected.

The request for service shall state the full names and descriptions of the parties, the full names, address, and description of the recipient, and the nature of the document to be served, and shall enclose the documents to be served in duplicate.

(c) The document to be served shall either be drawn up in the language of the country in which it is to be served, or be accompanied by a translation in such language. Such translation shall be certified as correct by a Consular Officer of the High Contracting Party from whose territory the document emanates.

(d) Requests for service shall be addressed and sent:—

In Sweden to the Governor of the Province in which service is to be effected.

In England to the Senior Master of the Supreme Court of Judicature.

If the authority to whom a request for service has been sent is not competent to execute it, such authority shall of his own motion transmit the document to the competent authority of his own country.

(e) Service shall be effected by the competent authority of the country where the document is to be served, who shall serve the document in the manner prescribed by the municipal law of such country for the service of similar documents, except that, if a wish for some special manner of service is expressed in the request for service, such manner of service shall be followed in so far as it is not incompatible with the law of that country.

(f) The execution of the request for service duly made in accordance with the preceding provisions of this Article shall not be refused unless (1) the authenticity of the

request for service is not established, or (2) the High Contracting Party in whose territory it is to be effected considers that his sovereignty or safety would be compromised thereby.

(g) The authority by whom the request for service is executed shall furnish a certificate proving the service or explaining the reason which has prevented such service, and setting forth the fact, the manner and the date of such service or attempted service, and shall send the said certificate to the Consular Officer by whom the request for service was made. The certificate of service or of attempted service shall be placed on one of the duplicates or attached thereto.

#### Article 4.

(a) The provisions of Articles 2 and 3 in no way prejudice the right to use in the territory of either High Contracting Party, without any request to or intervention of the authorities of the country where service is to be effected, any of the following methods of service in connection with judicial or extra-judicial documents drawn up in the territory of the other High Contracting Party:—

- (1) Service by a Consular Officer of the High Contracting Party from whose territory the document emanates;
- (2) Service by an agent appointed for the purpose either by the judicial authority by whom service of the document is required, or by the party on whose application the document was issued;
- (3) Through the postal channel;
- (4) Any other mode of service recognized by the law existing at the time of service in the country from which the documents emanate.

(b) It is understood that the validity and effect of any such service will remain a matter for the determination of the respective courts of the High Contracting Parties in accordance with their law.

(c) The High Contracting Parties agree that in principle it is desirable that documents served by any of these methods should, unless the recipient is a subject of the High Contracting Party from whose territory the document to be served emanates, either be drawn up in the language of the country in which service is to be effected or accompanied by a translation into such language. Nevertheless, in the absence of any legislation in their respective territories making translations obligatory in such cases, the High Contracting Parties do not accept any obligation in this respect.

#### Article 5.

(a) In any case where documents have been served in accordance with the provisions of Article 3, the High Contracting Party, by whose Consular Officer the request for service is addressed, shall pay to the other High Contracting Party any charges and expenses which are payable under the law of the country where the service is effected to the persons employed to effect service, and any charges and expenses incurred in effecting service in a special manner. These charges and expenses shall not exceed such as are usually allowed in the courts of that country.

(b) Repayment of these charges and expenses shall be claimed by the competent authority by whom the service has been effected from the Consular Officer by whom the request was addressed when sending to him the certificate provided for in Article 3 (g).

(c) Except as provided above, no fees of any description shall be payable by one High Contracting Party to the other in respect of the service of any documents.

### III.—TAKING OF EVIDENCE.

#### Article 6.

When a judicial authority in the territory of one of the High Contracting Parties requires that evidence should be taken in the territory of the other High Contracting Party, such evidence may be taken in the manner prescribed in Article 7. The taking of evidence includes the production, identification and examination of documents or exhibits.

#### Article 7.

(a) The judicial authority by whom the evidence is required may, in accordance with the provisions of its law, address itself by means of "Letters of Request" to the competent authority of the country where the evidence is to be taken, requesting such authority to take the evidence.

(b) The "Letter of Request" shall be drawn up in the language of the country where the evidence is to be taken, or be accompanied by a translation in such language. Such translation shall be certified as correct by a Consular Officer of the High Contracting Party from whose judicial authority the request emanates. The "Letters of Request" shall state the nature of the proceedings for which the evidence is required, the full names and descriptions of the

parties thereto, and the full names, addresses and descriptions of the witnesses. They shall also either be accompanied by a list of interrogatories to be put to the witness or witnesses and a translation thereof certified as correct in the manner heretofore provided, or shall contain instructions or information as to matters in relation to which evidence is required, or alternatively shall request the competent authority to allow such questions to be asked *visá voce* as the parties or their representatives shall desire to ask.

(c) The "Letters of Request" shall be transmitted—

In England by a Swedish Consular Officer to the Senior Master of the Supreme Court of Judicature.

In Sweden by a British Consular Officer to the Tribunal of First Instance in the jurisdiction of which the witnesses to be examined are resident.

In case the authority to whom "Letters of Request" are transmitted is not competent to execute them, such authority shall forward the "Letters of Request" without any further request to the competent authority of his own country.

(d) The competent authority to whom the "Letters of Request" are transmitted or forwarded shall give effect thereto and obtain the evidence required by the use of the same compulsory measures and the same procedure as are employed in the execution of a commission or order emanating from the authorities of his own country, except that, if a wish that some special procedure should be followed is expressed in the "Letters of Request" such special procedure shall be followed in so far as it is not incompatible with the law of the country where the evidence is to be taken.

(e) The Consular Officer, by whom the "Letters of Request" are transmitted, shall, if he so desires, be informed of the date and place where the proceedings will take place, in order that he may inform the interested party or parties, who shall be permitted to be present in person or to be represented if they so desire.

(f) The execution of the "Letters of Request" can only be refused—

(1) If the authenticity of the "Letters of Request" is not established.

(2) If in the country where the evidence is to be taken the execution of the "Letters of Request" in question does not fall within the functions of the judiciary.

(3) If the High Contracting Party in whose territory the evidence is to be taken considers that his sovereignty or safety would be compromised thereby.

(g) In every instance where the "Letters of Request" are not executed by the authority to whom they are addressed, the latter will at once inform the Consular Officer by whom they were transmitted, stating the grounds on which the execution of the "Letters of Request" has been refused, or the judicial authority to whom they have been forwarded.

#### Article 8.

(a) The provisions of Articles 6 and 7 in no way prejudice the right of taking evidence, required by a judicial authority in the territory of one High Contracting Party, in the territory of the other, without any request to or intervention of the authorities of the country where the evidence is to be taken, by a person qualified to do so according to the law of the country by whose court the evidence is required. Such person may be a Consular Officer of the High Contracting Party whose court requires the evidence or any other suitable person directly appointed for the purpose.

(b) It is understood that, where the method of taking evidence referred to in the preceding paragraph is employed, the procedure must be entirely voluntary and no measures of compulsion can be employed, and the admissibility of evidence so taken remains a matter for the determination of the respective courts of the High Contracting Parties in accordance with their law.

#### Article 9.

The fact that an attempt to take evidence by the method mentioned in Article 8 has failed owing to the refusal of any witness to appear, to give evidence, or to produce documents or exhibits does not preclude a request being subsequently made in accordance with Article 7.

#### Article 10.

(a) Where evidence is taken in the manner provided in Article 7, the High Contracting Party, by whose judicial authority the "Letters of Request" are addressed, shall repay to the other High Contracting Party any expenses incurred by the competent authority of the latter in the execution of the request in respect of any charges and expenses payable to witnesses, experts, interpreters, or translators, the costs of obtaining the attendance of witnesses who have not appeared voluntarily, and the charges and expenses payable to any person whom such authority

may have deputed to act in cases where the law of his own country permits this to be done, and any charges and expenses incurred by reason of a special procedure being requested and followed. These expenses shall be such as are usually allowed in similar cases in the courts of the country where the evidence has been taken.

(b) The repayment of these expenses shall be claimed by the competent authority, by whom the "Letters of Request" have been executed, from the Consular Officer, by whom they were transmitted, when sending to him the documents establishing their execution.

(c) Except as above provided no fees of any description shall be payable by one High Contracting Party to the other in respect of the taking of evidence.

#### IV.—JUDICIAL ASSISTANCE FOR POOR PERSONS, IMPRISONMENT FOR DEBT AND SECURITY FOR COSTS.

##### Article 11.

The subjects of one High Contracting Party shall enjoy in the territory of the other High Contracting Party a perfect equality of treatment with subjects of that High Contracting Party as regards free judicial assistance for poor persons and imprisonment for debt; and provided that they are resident in any such territory, shall not be compelled to give security for costs in any case where a subject of such other High Contracting Party would not be so compelled.

#### V.—GENERAL PROVISIONS.

##### Article 12.

Any difficulties which may arise in connexion with the operation of this Convention shall be settled through the diplomatic channel.

##### Article 13.

The present Convention, of which the English and Swedish texts are equally authentic, shall be subject to ratification. Ratifications shall be exchanged in London. The Convention shall come into force one month after the date on which ratifications are exchanged and shall remain in force for three years after the date of its coming into force. If neither of the High Contracting Parties shall have given notice through the diplomatic channel to the other not less than six months before the expiration of the said period of three years of his intention to terminate the Convention, it shall remain in force until the expiration of six months from the day on which either of the High Contracting Parties shall have given notice to terminate it.

##### Article 14.

(a) This Convention shall not apply *ipso facto* to Scotland or Northern Ireland, nor to any of His Britannic Majesty's Colonies or Protectorates, nor to any territories under his suzerainty, nor to any mandated territories administered by His Government in the United Kingdom of Great Britain and Northern Ireland, but His Britannic Majesty may at any time, while the Convention is in force under Article 13, by a notification given through his Minister at Stockholm, extend the operation of this Convention to any of the above-mentioned territories.

(b) Such notification shall state the authorities in the territory concerned to whom requests for service or for the taking of evidence are to be transmitted, and the language in which communications and translations are to be made. The date of the coming into force of any such extension shall be one month from the date of such notification.

(c) Either of the High Contracting Parties may, at any time after the expiry of three years from the coming into force of an extension of this Convention to any of the territories referred to in paragraph (a) of this Article, terminate such extension on giving six months' notice of termination through the diplomatic channel.

(d) The termination of the Convention under Article 13 shall, unless otherwise expressly agreed to by both High Contracting Parties, *ipso facto* terminate it in respect of any territories to which it has been extended under paragraph (a) of this Article.

##### Article 15.

(a) His Britannic Majesty may at any time, while the present Convention is in force, either under Article 13 or by virtue of any accession under this Article, by a notification given through the diplomatic channel accede to the present Convention in respect of any of His self-governing Dominions or India, provided that no notification of accession may be given at any time when His Majesty the King of Sweden has given notice of termination in respect of all the territories of His Britannic Majesty to which the Convention applies. The provisions of Article 14 (b) shall be applicable to such notification. Any such accession shall take effect one month after the date of its notification.

(b) After the expiry of three years from the date of the coming into force of any accession under paragraph (a) of this Article, either of the High Contracting Parties may, by giving a six months' notice of termination through the diplomatic channel, terminate the application of the Convention to any country in respect of which a notification of accession has been given. The termination of the Convention under Article 13 shall not affect its application to any such country.

(c) Any notification of accession under paragraph (a) of this Article may include any dependency or mandated territory administered by the Government of the country in respect of which such notification of accession is given; and any notice of termination in respect of any such country under paragraph (b) shall apply to any dependency or mandated territory which was included in the notification of accession in respect of that country.

In witness whereof the undersigned have signed the present Convention, in English and Swedish, and have affixed thereto their seals.

8. Salaries will be paid in Ceylon in rupees at a rate of exchange periodically fixed and proclaimed. Leave pay and pension will be calculated according to the sterling salaries fixed by this Minute.

9. In the event of there being no member of the Civil Service competent to fill any post which is graded in the Service, or of peculiar circumstances requiring such a measure, the Secretary of State will give directions for filling the vacancy otherwise.

10. Promotion to or within the First Class will depend on merit, and seniority will be a secondary consideration.

11. Efficiency bars occur at the following points in the salary scale :—

First bar	..	..	..	Before £450.
Second bar	..	..	..	Before £760.
Third bar	..	..	..	Before £1,050.

No officer will be promoted beyond an efficiency bar unless the Governor is satisfied that he is in every respect qualified to perform efficiently any duties which may be assigned to him in the period which will elapse before he reaches the next efficiency bar or the maximum salary of the time scale. In addition, an officer will be required to pass the first examination before he can be promoted beyond the first efficiency bar, and to pass the second examination (section 18) before promotion beyond the second bar. Before promotion beyond the third bar, an officer will be required to satisfy the Governor that he has kept up a colloquial knowledge of the vernaculars.

12. The Governor will have the power, subject to the approval of the Secretary of State, of appointing occasionally to a Third Class of the Civil Service, without examination, members of the Government service possessing aptitude for public business. In appointing such men regard will be had to their ability, social standing, high reputation, and long experience.

An officer in Class III. will be eligible for promotion to a vacancy in a higher class, provided that he is specially qualified for the vacant post.

## ALLOWANCES, &amp;c.

13. (i.) Government Agents will be exempted from paying rent for their official quarters.

(ii.) The Assistant Government Agents, Nuwara Eliya and Trincomalee will receive a station allowance of £100 per annum.

(iii.) With a view to encouraging members of the Ceylon Civil Service who have not reached the 3rd Efficiency Bar and who are willing to qualify themselves for legal and judicial appointments by being called to the Bar while on leave in England, any such officer, who has previously received permission to study for the Bar, will be granted a bonus of £25 in respect of each of the first four parts of the examination in which he is placed in the first class and a bonus of £50 in respect of passing the final examination (irrespective of whether he is placed in the first class in the final examination or not), provided that the officer concerned attends the proceedings of the High Court in England at least twice a week for five months and on not less than fifty-two occasions in all during his leave of absence. A statement on honour to the effect that he has so attended must be furnished by him to the Colonial Office when applying for payment of the bonus. Any officer receiving such bonus will be required to sign an undertaking to refund the amount so received to the Government of Ceylon in the event of his voluntarily quitting the service of the Government within five years from the date of payment of the bonus. The amount of entrance fees, &c., at one of the Inns of Court will, if so desired by the officer, be advanced to him by the Crown Agents for the Colonies, such advance to be recovered on his return to Ceylon, with interest at the rate of 5 per cent. per annum, by instalments not exceeding one-third of his monthly salary.

(iv.) In order to facilitate the study of the Sinhalese and Tamil languages all Cadets will, from the date of their being placed on the permanent staff, receive a pundit allowance of Rs. 30 a month during twenty-one months. The allowance will be drawn by the Cadet only on his certificate that the teacher has been actually and *bona fide* employed. During these twenty-one months of study Cadets will be attached to one of the public offices, which they will be required to attend for a certain time each day, as may be directed by the Governor, in order to give them an opportunity of learning the details of public business without interfering with their reading. In the event of an officer passing all his examinations in the languages before he has drawn the pundit allowance for twenty-one months he will be allowed to draw, as a bonus, the difference between the amount already drawn by him as pundit allowance and the maximum prescribed, viz., Rs. 630.

## CADETSHIPS IN THE CIVIL SERVICE.

14. (i.) Cadets, who must be natural-born British subjects of European or Ceylonese descent, or of mixed European and Ceylonese descent, are selected by open competitive examination held by the Civil Service Commissioners. No candidate will be regarded as of Ceylonese descent unless he is the son of Sinhalese, Burgher, Ceylon Tamil, Ceylon Moor, or Ceylon Malay parents. Any person of Ceylonese descent desiring to present himself for the open competitive examination in London will be required to have obtained a nomination from the Governor. For the purposes of this and the following sub-sections, candidates of mixed European and Ceylonese descent will be regarded as Ceylonese. A married candidate will not be appointed without prior reference by the Secretary of State to the Governor in the case of candidates examined in London, and without the explicit consent of the Governor in every case. No pledge of eventual appointment will be given to such a candidate in anticipation of the result of the examination.

(ii.) The examination for these appointments, will as a rule, be held in London, in the month of August in those years in which vacancies have occurred, simultaneously with the examination for the Civil Service of India. Colombo will be made a centre at which candidates eligible for the cadetships reserved for Ceylonese will be allowed to sit, each question paper being set simultaneously in London and in Colombo. Candidates must be between the ages of 22 and 24 on the 1st day of August in the year in which the examination is held.

(iii.) The number of Cadets to be selected at any one time from among candidates of either European or Ceylonese descent will be decided by the Secretary of State for the Colonies.

(iv.) (a) The examinations to be held in Colombo will be open only to candidates nominated by the Governor. Nomination will be limited to candidates who have passed the Honours or Pass Degree examination of the University of London or any other public examination which may be deemed to be of an equally high standard.

(b) Every candidate must satisfy the Chief Secretary that he had attained the age of 22 and had not attained the age of 24 on the 1st day of August in the year in which the examination is held, and that he is duly qualified in respect of health and character.

(c) Every candidate must be of sound constitution, possessed of good sight, and otherwise physically qualified for service, and will be called upon to undergo a medical examination to test these points.

(d) The fees required from candidates are Rs. 100 for the competitive examination and Rs. 10.50 for the medical examination.

15. A free passage is granted to all Cadets appointed in England, and half salary is allowed from the date of embarkation, and full salary from that of arrival in Ceylon. A bond must be entered into by each Cadet with the Crown Agents for the Colonies, to secure that—in case of his dismissal, or in case he shall within three years from the date of his arrival in Ceylon either quit the Island without leave or relinquish his appointment (except on account of ill-health)—he shall, if required by the Governor, repay to the Ceylon Government the cost of his outward passage.
