I.—Preliminary.

ARTICLE 1.

This Convention applies only to civil and commercial matters.

II.—Service of Judicial and Extra-judicial Documents.

ARTICLE 2.

When judicial or extra-judicial documents drawn up in any of the territories (to which this Convention applies) of one of the High Contracting Parties are to be served on persons (including corporations) in any territory (to which this Convention applies) of the other, such documents may, at the option of the party interested, be served on the recipient in any of the ways provided in Articles 3 and 4

ARTICLE 3.

(a) The request for service shall be transmitted:—

In Italy by a British consular officer to the Procuratore Generale presso la Corte d'Appello of the district in which the document is to be served;

In England by an Italian consular officer to the Senior Master of the Supreme Court of Judicature in England.

(b) The request, containing the name of the authority from which the document transmitted emanates, the names and descriptions of the parties, the address of the recipient, and the nature of the document in question, shall be drawn up in the language of the country in which the documents are to be served. The document to be served shall be drawn up in the language of the country in which it is to be served, or be accompanied by a translation in such language. The said translation shall be certified as correct by a diplomatic or consular agent of the High Contracting Party making the request, or by an official or sworn translator of one or other of the two countries concerned.

(c) Service shall be effected by the competent authority of the country where it is to be served, who shall serve the document in the manner prescribed by the municipal law of such country for the service of similar documents, or, should a wish to that effect be expressed in the request, in a special form which is not incompatible with such law. If the authority to whom a document has been transmitted is not competent to deal with it, such authority shall of its own motion transmit the document to the competent authority of its own country.

(d) The execution of the request for service can only be refused if the High Contracting Party in whose territory it is to be effected considers it such as to compromise his

sovereignty or safety.

(e) The authority which receives the request shall send to the consular officer by whom it was transmitted the documents proving the service or explaining the reason which has prevented such service. Proof of service shall be furnished by a certificate from the authority of the country where service has been effected, setting forth the fact, the manner and the date of such service. The document to be served, and the translation, if any, shall be forwarded in duplicate, and the certificate shall appear on one of the copies, or be attached to it.

ARTICLE 4.

(a) By a diplomatic or consular officer, of the High Contracting Party from whose territory the document emanates; or

(b) By an agent appointed by the judicial authority of the country from which the document emanates, or by the party on whose application the document was issued. In the case of documents to be served in Italy, such agent shall always be either a Notary Public or an

official competent by Italian law for this purpose.

ARTICLE 5.

The provisions of Articles 2, 3 and 4 shall not prevent the persons concerned from effecting service directly through the competent officials or officers of the country in which the document is to be served.

ARTICLE 6.

No fees of any description shall be payable by one High Contracting Party to the other in respect of the service.

Nevertheless, in the case provided for in Article 3, the High Contracting Party making the request must pay to the other High Contracting Party any charges and expenses which are payable under the local law to the persons employed to effect service, and any charges and expenses incurred in effecting service in a special manner. . These charges and expenses shall be calculated in accordance with the tariff in force in the country where the documents are served for subjects of the High Contracting Party applied to. Repayment of these charges and expenses shall be claimed by the competent authority from the consular officer by whom the request was transmitted when sending to him the certificate provided for in Article 3 (e).

ARTICLE 7.

Nothing in this Convention shall render illegal or inadmissible in territories of either High Contracting Party any mode of service which is not illegal under the law existing at the time of the service in the country in which it is to be effected.

III.—Taking of Evidence.

ARTICLE 8.

When a judicial authority in any territory (to which this Convention applies) of one of the High Contracting Parties orders that evidence should be taken in any territory (to which this Convention applies) of the other High Contracting Party, such evidence may be taken in any one of the ways prescribed in Articles 9, 11 and 12.

ARTICLE 9.

(a) The judicial authority may, in accordance with the provisions of its law, address itself by means of "Letters of Request" to the competent authority of the other High Contracting Party, requesting such authority to

take the evidence within its jurisdiction.

(b) The "Letters of Request" shall be drawn up in the language of the authority to whom the request is addressed, or be accompanied by a translation in such language certified as correct by a diplomatic or consular officer of the High Contracting Party making the request, or by an official or sworn translator of one of the two countries concerned...

(c) The "Letters of Request" shall be transmitted—

In England by an Italian consular officer to the Senior Master of the Supreme Court of Judicature in England;

In Italy by a British consular officer to the Procuratore Generale presso la Corte d'Appello of the district in which the "Letters of Request" are to be executed.

(d) It shall be incumbent upon the judicial authority to which the "Letters of Request" are addressed to give effect thereto by the use of the same compulsory measures as are employed in the execution of a commission or order emanating from the authorities of its own country.

(e) The consular officer, by whom the "Letters of Request" are transmitted, shall, if he so desires, be informed of the date and place where the proceedings

will take place, in order that he may inform the interested party or parties who shall be permitted to be present in person or to be represented if they so desire.

(f) The execution of the "Letters of Request" can only

be refused—

(1) If the authenticity of the "Letters of Request"

is not established;

(2) If in the country where the evidence is to be taken the execution of the "Letters of Request" in question does not fall within the functions of the judiciary;

(3) If the High Contracting Party applied to considers that his sovereignty or safety would be compromised

thereby.

(g) In case the authority to whom they are addressed is without jurisdiction, the "Letters of Request" shall be forwarded without any further request to the competent authority of the same country in accordance with the rules

laid down by its law.

(h) In every instance where the "Letters of Request" are not executed by the authority to whom they are addressed, the latter will at once inform the consular officer by whom they were transmitted, stating the grounds on which the execution of the "Letters of Request" has been refused, or the judicial authority to whom they have been forwarded.

(i) The authority which executes the "Letters of Request "will apply, so far as the procedure to be followed

is concerned, the law of its own country.

Nevertheless, an application by the authority making the request that some special procedure may be followed shall be acceded to, provided that such procedure is not incompatible with the law of the country where the evidence is to be taken.

ARTICLE 10.

No fees of any description shall be payable by one Righ Contracting Party to the other in respect of the

execution of "Letters of Request."

Nevertheless, the High Contracting Party making the request shall repay to the other High Contracting Party any charges and expenses payable to witnesses, experts, interpreters, or translators, the costs of obtaining the attendance of witnesses who have not appeared voluntarily, and the harges and expenses payable to any person whom the competent judicial authority may have deputed to act in cases where its municipal law permits this to be done, and any charges and expenses incurred by reason of a special procedure being requested and followed.

The repayment of these charges and expenses may be claimed by the competent authority by whom the "Letters of Request" have been executed when sending to him the documents establishing their execution from the consular officer by whom they were transmitted. These charges and expenses shall be calculated in accordance with the tariff in force in the country where the request has been executed for stabjects of such High Contracting

Party so far as the same is applicable.

ARTICLE 11.

(a) The evidence may also be taken, without the intervention of the authorities of the country in which it is to be taken, by a diplomatic or consular officer of the High Contracting Party for whose judicial authority the evidence is required, or by some other person named by such judicial authority.

(b) The agent appointed to take the evidence may request named individuals to appear as witnesses or to. produce any document and can take all other kinds of evidence which are not contrary to the local law and shall have power to administer an oath, but he shall have no

compulsory powers.

(c) Requests to appear issued by such agent shall, unless the recipient is a subject of the High Contracting Party for whose judicial authorities the evidence is required, be drawn up in the language of the country where the evidence is to be taken, or accompanied by a translation into such language.

(d) The evidence may be taken in accordance with the procedure laid down by the law of the country in which the evidence is to be used, and the parties will have the right to be present or to be represented by barristers or solicitors of that country or by any persons competent to appear before the tribunals of either of the countries concerned.

ARTICLE 12.

(a) The competent court to whom "Letters of Request," are addressed may also be requested to appoint a person to take the evidence, and on being so requested may appoint such a person. Such person may be a consular officer of the High Contracting Party for whose judicial authority the evidence is required or any other person proposed by such judicial authority.

- (b) In this case the court applied to shall take the necessary steps to secure the attendance of and giving of evidence by witnesses and other persons to be examined and the production of documents, making use, if necessary, of its compulsory powers.
- (c) The person thus appointed shall have power to administer an oath and any person giving false evidence before him shall be liable in the courts of the country where the evidence is taken to the penalties provided by the law of that country for perjury.
- (d) The evidence shall be taken in accordance with the law of the country in which the evidence is to be used, provided such method is not contrary to the law of the country where the evidence is being taken, and the parties shall have the right to be present in person or be represented by barristers or solicitors of that country or by any persons who are competent to appear before the courts of either of the countries concerned.

ARTICLE 13.

The fact that an attempt to take evidence by the method laid down in Article 11 has failed owing to the refusal of any witness to appear, to give evidence, or to produce documents does not preclude an application being subsequently made in accordance with Articles 9 or 12.

IV.—General Provisions.

ARTICLE 14.

Any difficulties which may arise in connection with the operation of this Convention shall be settled through the diplomatic channel.

ARTICLE 15.

The present Convention, of which the English and Italian texts are equally authentic, shall be subject to ratification. Ratifications shall be exchanged in London. The Convention shall come into force one month after the date on which ratifications are exchanged and shall remain in force for three years after the date of its coming into force. - (a) This Convention shall not apply ipso facto to Scotland or Northern Ireland, nor to any of His Britannic Majesty's Colonies or Protectorates, nor to any territories under his suzerainty nor to any mandated areas administered by his Government in the United Kingdom of Great Britain and Northern Ireland, but His Britannic Majesty may at any time, by a notification given through his Ambassador at Rome, extend the operation of this Convention to any of the above-mentioned territories.
- (b) Such notification shall state the date on which the extension shall come into force, the authorities in the territory concerned to whom judicial and extra-judicial documents and "Letters of Requests" are to be transmitted, and the language in which communications and translations are to be made. The date of the coming into force of any such extension shall not be less than one month from the date of such notification.
- (c) Either of the High Contracting Parties may, at any time after the expiry of three years from the coming into force of an extension of this Convention to any of the territories referred to in paragraph (a) of this Article terminate such extension on giving six months' previous Minnotice.

ARTICLE 17.

- (a) This Convention shall not apply ipso facto to any of the Colonies or Protectorates of the Kingdom of Italy, but His Majesty the King of Italy may at any time extend this Convention to any of such Colonies or Protectorates by a notification given through his Ambassador in London.
- (b) The provisions of paragraph (b) of Article 16 shall apply to any such notification.
- (c) The provisions of paragraph (c) of Article 16 shall apply to any Colonies or Protectorates of the Kingdom of Italy to whom this Convention has been extended.

ARTICLE 18.

- (a) His Britannic Majesty may at any time, by a notification given through the diplomatic channel, accede to the present Convention in respect of any of His self-governing Dominions or India. The provisions of Article 16 (b) shall be applicable to such notification. Any such accession shall take effect one month after the date of its notification.
- (b) After the expiry of three years from the date of the coming into force of any accession under paragraph (a) of this Article, either of the High Contracting Parties may, by giving six months' notice, terminate the application of the Convention to any country in respect of which such notification of accession has been given. The termination of the Convention under Article 18 shall not affect its application to any such country.
- (c) Any notification of accession under paragraph (a) of this Article may include any dependency or mandated area administered by the Government of the country in respect of which such notification of accession is given; and any notice of termination under paragraph (b) shall apply to any such dependency or mandated area which was included in the notification of accession in respect of the country to which such notice of termination applies.

In witness whereof the undersigned have signed the present Convention, in English and Italian tests, and have affixed thereto their seals.

Done in duplicate at London, the 17th day of December, 1930.
