Definitions.

For the purposes of this Schedule the expression “Scheme” shall mean any scheme made under section 6B of this Ordinance and the expression “appointed day” shall mean the day on which any such scheme comes into operation.

First Meeting of Inhabitants and Elections in Affected Sub-divisions.

1. As soon after the appointed day as is convenient the Government Agent shall summon a meeting of the inhabitants of every sub-division affected by a scheme for the purpose of electing a village committee for the sub-division; and every such election shall so far as is possible be held in accordance with the provisions of this Ordinance, and every committee so elected shall for all purposes be deemed to be a committee elected under section 19 of this Ordinance.

2. Every person who at the appointed day has, or is in the course of acquiring, the qualification for being elected a member of the village committee of any sub-division by reason of residence in any village therein, shall, for the purposes of the first election of any committee rendered necessary by a scheme, be deemed to have or to be in the course of acquiring such qualification in the sub-division in which the said village is comprised by the scheme.

Transfer of Property and Liabilities.

1. Any property and liabilities held or incurred by or on behalf of the inhabitants of any existing sub-division, whose area is wholly comprised within one sub-division under the scheme, shall on the appointed day be transferred to and vest in the inhabitants of such sub-division under the scheme.

2. In the case of an existing sub-division whose area is not wholly comprised within one sub-division—

(a) All immovable property together with all furniture plant and fittings on or about such immovable property, any unexpended balances of loans raised in respect of such property and sums set apart as a sinking fund to pay off loans so raised, and all liabilities for loans raised in respect of the provision extension or equipment of any such property furniture plant and fittings, shall on the appointed day either be transferred and vest to and in the inhabitants of one of the sub-divisions into which the area of the existing sub-division extends or be transferred to and vest in a joint body representing two or more of those sub-divisions, or be divided between any two or more of those sub-divisions according as the inhabitants of those sub-divisions may agree, or, if no agreement is arrived at one month before the appointed day, as the Executive Committee of Local Administration may determine.

(b) With reference to all property and liabilities not provided for either under the foregoing sub-paragraph or under the scheme, the inhabitants of the sub-divisions concerned may from time to time make agreements with one another for the purpose of adjusting any property, income, debts, liabilities and expenses so far as affected by the scheme; and in such agreements they may provide for the transfer or retention of any property debts and liabilities with or without any conditions for the joint use of any property, for the transfer of any duties, and for payments by either party to the agreement in respect of property debts, duties and liabilities so transferred retained or jointly used, and in respect of the salary remuneration or compensation to any officer or person.

3. (1) Any sum required to be paid by the inhabitants of one sub-division to the inhabitants of another sub-division for the purpose of effecting an adjustment prescribed by the scheme or arrived at by agreement may be paid either by way of annual payments or by way of a single payment.

(2) Any sum required to be so paid may be paid with the sanction of the Executive Committee of Local Administration out of the funds of the sub-division; and for the payment of any capital sum so required the inhabitants may with the like sanction borrow in accordance with the terms of section 35 of this Ordinance.

4. Any capital sum paid to the inhabitants of any sub-division for the purpose of any such adjustment or in pursuance of any order shall be treated as capital and applied with the sanction of the Executive Committee of Local Administration for any other purpose for which any capital money may be applied, and any other money so paid shall be credited to the funds of the sub-division.

Transfer of Officers.

1. Any person who at the appointed day holds any office created by the inhabitants of any existing sub-division affected by a scheme shall on that day as respects that office be transferred as follows :—

- (a) Where the area of the sub-division of which he is an officer at the appointed day is wholly comprised within one sub-division under the scheme, he shall be transferred to and become an officer of the inhabitants of such sub-division under the scheme.
- (b) Where the area of the sub-division of which he is an officer at the appointed day is not wholly comprised within one sub-division under the scheme—
 - (i) If the officer at the appointed day acts exclusively for a village or group of villages which is wholly comprised within one sub-division under the scheme, he shall be transferred to and become an officer of the inhabitants of such sub-division under the scheme.
 - (ii) In any other case he shall be transferred to and become an officer of such sub-division or sub-divisions under the scheme as may be agreed upon between the inhabitants of the sub-divisions concerned, or if no agreement is arrived at within one month before the appointed date, as the Executive Committee of Local Administration may determine.

2. (a) Every transferred officer shall hold office by the same tenure and on the same conditions as immediately before the appointed day and while performing similar duties shall, in respect thereof, receive not less salary or remuneration than he would have been entitled to if a scheme had not been made.

(b) The inhabitants of a sub-division, to whom functions are transferred by this Ordinance or any scheme or agreement thereunder, may employ a transferred officer in the discharge of such of their functions as they may think proper, and every officer shall perform such duties in relation to those functions as may be directed by the said inhabitants.

Current Taxes, Fees, Tolls, Penalties, and Dues.

Every tax, fee, toll, penalty or requisition for sums of money which is due before the appointed date and not discharged before that date may be levied and collected and proceedings for the enforcement thereof may be taken in like manner as nearly as may be as if a scheme had not been made. Provided that in respect of their levy and collection no express provision is made in the scheme and no agreement to the contrary has been made between the inhabitants of the sub-divisions concerned.

Saving for Pending Contracts, Legal Proceedings, &c.

1. All proceedings legal and other begun before the appointed day may be carried on in like manner as nearly as may be as if no scheme had been made; and in order to bring them into conformity with the provisions of such scheme any such proceedings may be amended in such manner as may appear necessary or proper.

2. Any cause of action by or against the inhabitants of any sub-division which exists at the appointed day in relation to any functions, liabilities, debts or property transferred to the inhabitants of any sub-division by this Ordinance or any scheme shall not be prejudicially affected by the making of any scheme, but may be prosecuted and enforced by or against the inhabitants of the sub-division or sub-divisions which are successors of those from whom the transfer was made.

3. All contracts, deeds, bonds, agreements, notices and other instruments subsisting at the appointed date and affecting any functions, liabilities, debts or property transferred by this Ordinance shall be of as full force and effect against or in favour of the inhabitants of the sub-division to whom the transfer was made and may be enforced as fully and effectually as if, instead of the inhabitants of the sub-division named in the instrument, the inhabitants of the sub-division to whom the transfer was made had been a party thereto.

Objects and Reasons.

The purpose of this Bill is to cure certain defects in the Village Communities Ordinance, No. 9 of 1924, and to make provision therein for dealing with situations that were not foreseen when the Ordinance was enacted.

2. Thus clauses 2 and 12 provide for the alteration of the limits of existing sub-divisions and for the creation of new sub-divisions within the areas affected. They make provision besides for the consequential devolution of rights and liabilities and the need for electing new Village Committees within such areas. For these purposes there is now no machinery in the Ordinance, though the need for redistributing the areas of existing sub-divisions from time to time is obvious. The present amendment expressly arranges for things which are vital and leaves the less important matters to be provided for in a scheme or by agreement.

3. Clause 3 indicates the way in which the meetings and business of Village Committees are to be carried on in the temporary absence of the Chairman; and clause 4 regulates

the manner in which the quorum for meetings of the committee is to be prescribed. As committee-men are now able to paralyse a Village Committee by being absent from its first meetings, the latter amendment is designed to ensure the functioning of committees in spite of such obstruction.

4. The removal of the property qualification for committee-men, which is effected by clause 5, is intended primarily to deal with the case of sub-divisions in which almost the entire population is at present disqualified because the greater part of the sub-divisions consist of large estates. Even otherwise it would now seem advisable to do away with this property qualification.

5. Clauses 6 to 9 provide for the resuscitation of moribund Village Committees, and the changes they introduce are suggested by the sudden depletion of some committees by reason of headmen becoming disqualified for membership on the enactment of the Village Communities (Amendment) Ordinance, No. 9 of 1932. Any right of the remaining members to supply the numerous consequent vacancies under section 24 of the Ordinance could scarcely have been intended, and is in any case undesirable. So limits are now prescribed for the operation of section 24 and provision is made for the election of a new committee whenever an existing committee is unable to function legally.

6. In respect of the Cattle Trespass Ordinance, 1876, the jurisdiction of a Village Committee is at present confined to "offences", to the exclusion of all other legal proceedings contemplated by that Ordinance. For instance the powers under sections 7, 8, and 9 do not now extend to Village Committees. The amendment in clause 10 is designed to enlarge a Village Committee's jurisdiction so as to cover legal proceedings under the Cattle Trespass Ordinance, 1876, which are not "offences".
