**Sale Coupes, North-Western Division.**

WRITTEN offers are invited for the purchase of all firewood, standing or fallen, within the area described in the annexed schedule.

2. Offers should be made by letter, under sealed and registered cover, addressed to the Divisional Forest Officer, North-Western Division, Kurunegala, and posted to reach the Office of the Divisional Forest Officer, Kurunegala, not later than midday, on May 30, 1932, the envelope being marked on the left hand top corner "Offer for the Purchase of Firewood, North-Western Division," and signed by the tenderer. Alterations must be initialled, otherwise the offers may be treated as informal and rejected.

3. A deposit of Rs. 20 is required and should be forwarded with the offer by a money order in favour of the Divisional Forest Officer, Kurunegala.

4. (a) The tenderers should satisfy themselves by inspection before tendering as to the acreage and contents of the area referred to in the annexed schedule, as the figures given therein are estimated only and their correctness is in no way guaranteed. The boundaries of the area will be pointed out by the Local Forest Ranger.

(b) The estimated *in situ* values of the material is given below the area and the Conservator of Forests reserves to himself the right, without question of rejecting any or all tenders and the right of accepting any portion of a tender.

5. The successful tenderer will be required to execute a purchase agreement in respect of the area. A copy of this agreement can be seen at the Office of the Divisional Forest Officer, Kurunegala.

6. After payment of the purchase price, deposit of the security, and execution of the agreement, the purchaser will be entitled on application to refund of his tender deposit. Should the successful tenderer fail to carry out the requirements of clauses 5 and 6 of this notice, within 14 days of receiving notice in writing from the Divisional Forest Officer, that his tender has been accepted, the Rs. 20 deposited for the area will be forfeited to the Crown. The successful tenderer will be entitled to a refund of the amount deposited by him on application to the Divisional Forest Officer concerned.

7. Tenderers should make offers, written both in word and figures, for the firewood contained in the area.

8. No tender will be considered unless the procedure laid down has strictly been complied with.

9. The special rules for felling, conversion, and removal which the agreement will require to be observed are specified in the special conditions advertised below. Nothing of these special conditions shall render the purchaser in any way exempt from liability under the Forest Ordinance of 1907, should he be responsible for the commission of Forest Offence outside the boundaries of his purchased area.

10. The security to be deposited is between Rs. 50 and Rs. 200 according to the discretion of the Divisional Forest Officer.

11. Should any offer be accepted and should the successful tenderer after due notification decline or fail to pay any sum or sums stipulated for and to enter into the necessary contract within the time allowed, or in reasonable time, he will be held pecuniarily liable for any resultant loss to

Government. Offers are made and received on this distinct understanding. The Conservator of Forests reserves the discretionary power to waive the terms of this clause in any decree as he may consider the circumstances justify.

12. For any further information application should be made to the Divisional Forest Officer, Kurunegala.

*Special Conditions.*

On payment of the full purchase amount the purchaser will be entitled to fell and remove on or before October 15, 1932, in the manner specified below, all the firewood contained in the purchased area. Any firewood not removed by the expiry date shall *ipso facto* revert to the Crown.

(2) The purchaser shall agree to commence felling along the full length of the southern boundary of the area and to progress this felling line in the direction of the northern boundary, always keeping it parallel to the southern boundary along which felling commences.

(3) The purchaser of the area must obtain removal permits or timber cart notes for all material to be removed from the area.

(4) The purchaser shall agree that for each and every infringement of the above conditions he shall become liable to a fine not exceeding Rs. 100, to be imposed by the Divisional Forest Officer in writing at his discretion, and to be recovered from the purchaser's security money.

(5) The purchaser shall have the right of appeal to the Conservator of Forests in the event of enforcement of any of the penalties specified in these conditions, and the purchaser shall agree to accept the Conservator's decision as final and binding.

Students are expected to be able to paraphrase a piece of English prose or verse and write efficiently a simple business letter. Questions will be set on general English Literature, but not more than 25 per cent. of the questions will be devoted to this section. There are no set books or periods, but a sufficiently wide choice of questions will be given to cover an elementary survey of English Literature generally. Handwriting is taken into account in the marking of papers.

*Note.*—In this subject candidates must satisfy the Examiner in English Reading and Conversation.

**Handwriting.**—Copying a letter, a tabular statement or printed matter, &c. Copying and ruling up, where necessary, arithmetical examples, items of an invoice, a statement, a receipt, a telegram or other commercial form of document in general use, and the displaying of headings, or other matter by different sizes of writing. Addressing envelopes of various sizes, as a test of writing without lines. Simple lettering with the pen, and without the use of the pencil.

The Committee does not encourage Script writing.

*Note.*—Special attention is called to this subject, and no pains should be spared in seeking to meet the requirements of commercial houses with regard to handwriting. The old-fashioned copy book style of penmanship, thick in the down-strokes, almost invisible in the up-strokes, and abounding in flourishes should be avoided. The characteristics desired are simplicity, and uniformity of size, style, slope, and spacing. Each letter should, therefore, be clearly and accurately formed, so that its identity may be distinguished apart from its position in the word—the u's distinguished from the n's, &c.—and the turnings should be round and not angular. The slope should be slightly forward.

**Shorthand.**—Writing in Shorthand (any system), from passages dictated at the rate of 60, 70, or 80 words per minute for a period of five minutes. Transcription of any one of the above passages for which the candidate is allowed time at the rate of 7 words per minute.

*N.B.*—Any one of the three speeds may be chosen by the candidate. *A speed of at least 60 words per minute is required for the certificate.*
