Service under sixteen years of age however will not count for pension.

8. The service in respect of which pensions, gratuities, or long service allowances are granted under these by-laws must in all cases be continuous, unless interrupted by abolition of office or other temporary suspension of employment not arising from misconduct or voluntary resignation of the officer.

9. The pension or gratuity shall be computed upon the salary of the permanent office held by the officer of the Council at the time of his retirement provided he shall have held such appointment for at least three years; otherwise the pension shall be calculated upon the average of salaries attached to the permanent office held by such person during the three years next preceding the commencement of such pension.

10. In case of abolition of office, if the officer has completed 120 months' gross service, he may be granted a pension of  $\frac{1}{720}$ th of his salary for each month of his service counting for pension with an addition to such service of one month for each completed period of two months' service, the addition in no case exceeding 60 months.

If the officer has not completed 120 months' gross service he may be granted a gratuity of  $\frac{1}{12}$ th of a month's salary for each month of service counting for pension, plus an

addition of 50 per cent. thereon. In no case shall the number of months to be added to the actual service exceed that which, if added to the age of the retiring officer, would make that age up to sixty.

11. If any person being in receipt of any pension or long service allowance from the Nawalapitiya Urban District Council shall be convicted of any offence in any Court of Justice in the Island for which he shall be sentenced to death or to any terms of imprisonment with hard labour exceeding six months such pension or long service allowance shall forthwith determine and cease to be payable, unless such person shall, within three months after his conviction, receive free pardon or unless the Council shall otherwise order.

12. Officers on the fixed establishment of the Nawalapitiya Urban District Council may be required to retire on or after attaining the age of fifty-five, upon the receipt of twelve months' notice to that effect, but they may continue in office till sixty years of age with the consent of the Council.

13. (1) Every officer who is transferred to or from the service of the Council from or to any other public service and whose aggregate service would have entitled him, had it been wholly under the Council, to a pension under these rules, shall on his ultimate retirement from service, if he has served for a period of at least 12 months under the Council, be entitled to a pension which shall bear the same proportion to that to which he would have been entitled had the whole of his service been under the Council as the \*aggregate amount of the salary which he has drawn from the Council bears to the total sum made up of such aggregate amount and the aggregate of the amounts received by him in the course of his public service elsewhere than under the Council.

Provided however, that in the case of an officer who is transferred to the service of the Council after other public service in which the rules regulating pensions do not offer the same privileges to an officer transferred from the Council to such public service as are accorded under these rules to an officer transferred from such public service to the Council and whose aggregate public service under the Council and elsewhere would have entitled him, had it been wholly under the Council, to a pension under these rules, such officer may with the sanction of the Council on his ultimate retirement from public service (provided such retirement takes place from the Council and that he has served for a period of at least five years under the Council) be entitled to receive from the Council, in lieu of a pension calculated in the manner prescribed in the preceding paragraph, a pension representing the difference between the pension or pensions earned by such officer in respect of his public service elsewhere and a pension calculated as if his public service had been wholly under the Council.

(2) For the purposes of this section, the expression "public service" includes employment under the Crown or any Local Government public body or bodies.

14. Should an officer who retires on pension find after such retirement an employment under the Council or under the Government or under another semi-official body on a salary equal to or higher than that which he drew from the Council at the time of his retirement, his pension shall be suspended so long as such employment continues. If he draws a less salary he shall be entitled to only so much of his pension as when added to the salary of the new appointment will make his total emoluments equal to the salary last drawn by him previous to his retirement.

15. Employees on the fixed establishment of the Nawalapitiya Urban District Council drawing salaries of less than Rs. 360 per annum and retiring on account of age or infirmity after serving continuously for a period of fifteen years and upwards may, if the Council be satisfied that they are unfit, owing to age or infirmity of body or mind, further to discharge efficiently the duties of their offices, be granted such long service allowances not exceeding Rs. 7.50 per mensem in each case as the Council may award. Persons in receipt of daily pay, who have completed a period of fifteen years of continuous service, retiring under similar circumstances may be awarded gratuities calculated at the rate of one-eighteenth of a month's pay drawn at the time of retirement for each completed month's service.

16. If any case not covered by these by-laws shall arise which in the opinion of the Council merits the award of a pension, retiring allowance or gratuity, the circumstances

\* The term "aggregate" salary is to be interpreted as the amount of the aggregate salary of the substantive post held by an officer in the course of his career, disregarding extra emoluments such as duty allowances, and regarding leave on half pay or without pay as leave on full salary.

of such case should be reported together with the recommendation of the Council to the Commissioner of Local Government for transmission to the General Treasury (Establishments Division) for submission to the Governor, who will decide whether any and, if so, what award shall be granted.

#### REPEAL.

The rules relating to the grant of retiring pensions and gratuities made for the Local Board of Nawalapitiya, and published in the *Gazette* of October 8, 1915, are hereby repealed.

Improvement in and relating to the manufacture of rubber products.

*Abstract.*—A method for the manufacture of rubber products by spreading upon a plate and slightly heating latex or other aqueous dispersion of rubber. The sheet of rubber produced is combined with reinforcing material of porous, fibrous, or granular structure applied to the surface using the rubber dispersion itself as the binding agent between the dry rubber and the reinforcing material. Various combinations are claimed as new articles of manufacture.
