“THE LOCAL GOVERNMENT ORDINANCE,
No. 11 of 1920.”

BY-LAWS made by the Gampola Urban District Council under sections 164 and 168 (2) (a) of “The Local Government Ordinance, No. 11 of 1920,” and approved by the Local Government Board and confirmed by the Governor by virtue of the powers vested in him by the said section 164 and by Article 93 of the Ceylon (State Council) Order in Council, 1931.

CHAS. BATUWANTUDAWA,
Minister of Local Administration.

Colombo, August 11, 1933.

BY-LAWS REFERRED TO.

1. No pension, gratuity, or long service allowance shall be granted to any officer of the Gampola Urban District Council without the authority of the Governor, in order to obtain which a certificate of good conduct from the Chairman setting out the length of service, age, and ground of retirement must be forwarded, together with the application for pension, gratuity, or retiring allowance, and the computation thereof, through the Commissioner of Local Government to the Controller of Establishments.

2. Subject to the provisions of by-law 1 and the following by-laws, every officer of the Gampola Urban District Council on the fixed establishment drawing a salary of Rs. 360 per annum and upwards who shall have had service of ten years or more including any service which may be reckoned under the proviso to by-law 7 may be awarded a pension as follows:—

For the first one hundred and twenty months of such service a pension equal to 120/720ths of his annual salary and for each additional completed month of service an additional 1/720th of such salary, but no officer shall be entitled to draw more than 480/720ths of his final salary as pension.

3. The above-mentioned rates shall only be granted in cases of faithful and meritorious service, but when the testimony as to fidelity, diligence, and merit is in any respect defective, a deduction from such rates may be made. Where there has been obvious negligence, irregularity, or misconduct, the grant of a pension may be altogether withheld.

Where service of peculiar and extraordinary merit has been rendered by an officer distinctly outside the duties in respect of which his salary is paid, a special rate of pension may be recommended for sanction, but in ordinary cases the maximum pension or retiring allowance grantable to an officer under these by-laws, or to an officer entitled to a pension also in respect of service not under the Council from all services combined, shall not exceed two-thirds of the highest salary drawn by such officer at any time in the course of his service.

4. In the case of officers on the fixed establishment of the Council drawing a salary of Rs. 360 per annum and upwards retiring on account of illness or age before completing one hundred and twenty months' gross service a gratuity may be granted calculated at the rate of one-twelfth of a month's pay of the permanent office or offices held at the time of retirement, for each completed month of service.

5. Officers of the Gampola Urban District Council shall have no absolute right to any pension, gratuity, or long service allowance under these by-laws, and the Gampola Urban District Council retains power and authority to dismiss any such officer without any compensation.

6. No pension, gratuity, or long service allowance shall be granted to any officer of the Gampola Urban District Council who shall be under fifty-five years of age, except upon a certificate from the Chairman and two medical practitioners that he is incapable from infirmity of mind or body of discharging the duties of his office, nor unless he shall have discharged such duties theretofore with diligence and fidelity to the satisfaction of the Council.

7. The claim of an officer of the Gampola Urban District Council to pension, gratuity, or long service allowance shall be considered to have commenced from the date of his first permanent appointment to the fixed establishment of the Council after January 1, 1933, or its predecessor the Gampola Local Board.

Provided that an officer transferred from the provisional and temporary establishment to the fixed establishment may be allowed to count his provisional and temporary service when it has been continuous with his subsequent permanent service.

Service under sixteen years of age however will not count for pension.

8. The service in respect of which pensions, gratuities, or long service allowances are granted under these by-laws must in all cases be continuous, unless interrupted by abolition of office or other temporary suspension of employment not arising from misconduct or voluntary resignation of the officer.

9. The pension or gratuity shall be computed upon the salary of the permanent office held by the officer of the Council at the time of his retirement provided he shall have held such appointment for at least three years: otherwise the pension shall be calculated upon the average of salaries attached to the permanent office held by such person during the three years next preceding the commencement of such pension.

10. In case of abolition of office, if the officer has completed 120 months' gross service, he may be granted a pension of 1/720th of his salary for each month of his service counting for pension with an addition to such service of one month for each completed period of two months' service, the addition in no case exceeding 60 months.

If the officer has not completed 120 months' gross service he may be granted a gratuity of 1/12th of a month's salary for each month of service counting for pension, plus an addition of 50 per cent. thereon. In no case shall the number of months to be added to the actual service exceed that which, if added to the age of the retiring officer, would make that age up to sixty.

11. If any person being in receipt of any pension or long service allowance from the Gampola Urban District Council shall be convicted of any offence in any Court of Justice in the Island for which he shall be sentenced to death or to any terms of imprisonment with hard labour exceeding six months such pension or long service allowance shall forthwith determine and cease to be payable, unless such person shall, within three months after his conviction, receive free pardon or unless the Council shall otherwise order:

12. Officers on the fixed establishment of the Gampola Urban District Council may be required to retire on or after attaining the age of fifty-five, upon the receipt of twelve months' notice to that effect, but they may continue in office till sixty years of age with the consent of the Council.

13. (1) Every officer who is transferred to or from the service of the Council from or to any other public service and whose aggregate service would have entitled him, had it been wholly under the Council, to a pension under these rules, shall on his ultimate retirement from service, if he has served for a period of at least 12 months under the Council, be entitled to a pension which shall bear the same proportion to that to which he would have been entitled had the whole of his service been under the Council as the aggregate* amount of the salary which he has drawn from the Council bears to the total sum made up of such aggregate amount and the aggregate of the amounts received by him in the course of his public service elsewhere than under the Council.

Provided, however, that in the case of an officer who is transferred to the service of the Council after other public service in which the rules regulating pensions do not offer the same privileges to an officer transferred from the Council to such public service as are accorded under these rules to an officer transferred from such public service to the Council and whose aggregate public service under the Council and elsewhere would have entitled him, had it been wholly under the Council, to a pension under these rules, such officer may with the sanction of the Council on his ultimate

* The term “aggregate” salary is to be interpreted as the amount of the aggregate salary of the substantive post held by an officer in the course of his career, disregarding extra emoluments such as duty allowances, and regarding leave on half pay or without pay as leave on full salary.

retirement from public service (provided such retirement takes place from the Council and that he has served for a period of at least five years under the Council) be entitled to receive from the Council, in lieu of a pension calculated in the manner prescribed in the preceding paragraph, a pension representing the difference between the pension or pensions earned by such officer in respect of his public service elsewhere and a pension calculated as if his public service had been wholly under the Council.

(2) For the purposes of this section, the expression "public service" includes employment under the Crown or any Local Government public body or bodies.

14. Should an officer who retires on pension find after such retirement an employment under the Council or under the Government or under another semi-official body on a salary equal to or higher than that which he drew from the Council at the time of his retirement, his pension shall be suspended so long as such employment continues. If he draws a less salary he shall be entitled to only so much of his pension as when added to the salary of the new appointment will make his total emoluments equal to the salary last drawn by him previous to his retirement.

15. Employees on the fixed establishment of the Gampola Urban District Council drawing salaries of less than Rs. 360 per annum and retiring on account of age or infirmity after serving continuously for a period of fifteen years and upwards may, if the Council be satisfied that they are unfit, owing to age or infirmity of body or mind, further to discharge efficiently the duties of their offices, be granted such long service allowances not exceeding Rs. 7.50 per mensem in each case as the Council may award. Persons in receipt of daily pay, who have completed a period of fifteen years of continuous service, retiring under similar circumstances may be awarded gratuities calculated at the rate of one-eighteenth of a month's pay drawn at the time of retirement for each completed month's service.

16. If any case not covered by these by-laws shall arise which in the opinion of the Council merits the award of a pension, retiring allowance, or gratuity, the circumstances of such case should be reported together with the recommendation of the Council to the Commissioner of Local Government for transmission to the General Treasury (Establishments Division) for submission to the Governor, who will decide whether any and, if so, what award shall be granted.

for the meda cultivation in December,
for the yala cultivation in April.

(2) Any proprietor may attend any such meeting either in person or by representative.

2. Any such meeting may among other matters relating to the cultivation for the approaching season determine the following:—

(1) The nature and extent of the lands to be cultivated.
(2) The date for the completion of each of the works of—

(a) clearing channels,
(b) fencing fields,
(c) sowing,
(d) erection of watch-huts, and
(e) reaping.

(3) The description of paddy to be sown.

(4) The place and manner in which black cattle and buffaloes are to be confined during cultivation.

(5) The last date for issue of water.

3. In the event of any matter mentioned in the foregoing rule 2 remaining undetermined by reason of the failure of the majority of the proprietors either to attend a meeting of which due notice is given or to arrive at a decision thereon, such matter may be decided by the Government Agent or an officer authorized by him in that behalf, and every decision of the Government Agent or such officer under this rule shall be binding on all the proprietors.

Field Fences.

4. (1) Before the date fixed for the completion of the work of fencing fields, every proprietor shall construct or repair the portion of the fences marked out by the Irrigation Headman as the share proportionate to the extent of such proprietor's fields, whether such portion adjoins such field or not; and he shall thereafter, whether he cultivates such field or not, maintain such portion of the fences in good repair, so as to be capable of keeping out cattle, until the crop on all the fields in the tract is reaped.

(2) No extension of time shall be allowed for completing any work of fencing, if any proprietor has sown his field by the date determined under the foregoing rule 2.

5. If the whole field or a distinct tract called "bage" be cultivated, the fences at the two ends of the field called respectively the "ihala, and pahala elapat, fences" shall be put up by the respective proprietors at those ends.

6. (1) Where two adjoining fields are both cultivated, the proprietors of both shall jointly erect the common fence.

(2) If only one of such fields is cultivated, the proprietors of that field shall erect the fence, and may remove it after reaping, unless the proprietors of the other field wish to retain it and are prepared to pay half the cost thereof.

Cultivation.

7. (1) If for any reason it is not possible to commence cultivation on the date determined under the foregoing rule 2, or if the supply of water is likely to be insufficient to irrigate the whole area decided on originally, a further date, or the proportion of the tracts to be abandoned, shall be determined at a meeting of the proprietors duly convened for the purpose; provided that, if the meeting so convened is not able to arrive at a unanimous decision as regards the area to be abandoned, the Government Agent or such officer as may be deputed by him shall have power to determine the area that is to be abandoned.

(2) Each of the proprietors of the area which it was originally decided to irrigate, shall have a right to cultivate a proportionate share of the reduced area.

Watching of Fields.

8. Before the date fixed for finishing the erection of watch-huts under the foregoing rule 2, each proprietor of fields where watch-huts are necessary shall erect a proper watch-hut in such place as may be indicated to him by the Irrigation Headman, and shall continue to keep watch until the date fixed for completion of reaping fixed under the said rule.

Channels.

9. (1) All field channels, dams, amunams, or water-courses whether outside or inside any field, which are not in charge of the Director of Irrigation, shall be repaired cleared and kept in good order throughout the season by the proprietors whose lands are irrigated thereby.

(2) Each proprietor shall be responsible for such proportionate share of the channels, dams, amunams or water-courses as may be demarcated with pegs or blocks by the Government Agent or such officer as may be deputed by him for the purpose.

10. (1) Applications for permission to construct any new channel, dam or other work decided on by the majority of the proprietors in any tract shall be made in writing to the Cultivation Officer or Irrigation Superintendent appointed by the Government Agent under section 20A of the Ordinance.

(2) Any work, the construction of which is permitted, shall be carried out in such manner and within such time and along such alignment as may be specified by the Government Agent or any officer deputed by him for the purpose.

(3) For the construction of such work, every proprietor of fields within such tract shall be liable to contribute labour in proportion to his holding.

11. (1) Every proprietor or lessee of new lands, which have been surveyed and demarcated by landmarks with reservations for field channels for irrigating such lands, shall construct his proportion of such field channels in accordance with alignments approved by the Divisional Irrigation Engineer.

(2) If any proprietor of such lands is unable to obtain water for irrigation owing to any default on the part of any other proprietor in constructing his share of the field channels, after notice from the Cultivation Officer or Irrigation Superintendent appointed by the Government Agent under section 20A of the Ordinance calling upon him to do the necessary work, the Irrigation Headman may with the approval of the Cultivation Officer or Irrigation Superintendent cause the work to be done and recover the cost thereof from the defaulter in accordance with section 23 of the Ordinance.

12. (1) Every proprietor shall grant way-leave for such channels, dams or other works even though his own lands may not be benefited thereby.

(2) All proprietors whose lands are benefited by any such work, shall be liable under this rule to pay to the owners of lands, which suffer damage by the construction of such work, compensation for any land taken or damage done, in proportion to the area of the holdings benefited, and according to such rates of compensation as may be determined by the Government Agent: Provided that unless the Government Agent otherwise directs no compensation shall ordinarily be payable in respect of lands lying within the fields or tract of fields benefited.

Irrigation and Distribution of Water.

13. No proprietor or cultivator or any other person under any pretence whatsoever shall interfere with any canal, water passage, sluice or dam without the permission of the Cultivation Officer or Irrigation Superintendent appointed by the Government Agent under section 20A of the Ordinance.

14. In the order beginning with the field furthest from the tank and ending with the nearest, each proprietor shall take his supply of water strictly in turn and only in proportion to the extent of his holding, at such intervals and for such number of hours as the Irrigation Headman may fix.

15. No proprietor who neglects to utilize his share of water in his proper turn, shall be allowed any supply until his next turn comes round.

16. Any proprietor who takes water out of his turn or for a longer period than he is entitled to, or who after having had his full share allows the water to run to waste through negligence, or who misappropriates his neighbour's water through the boundary ridges, shall forfeit the right to his share in the turn next following, and shall be guilty of an offence punishable under Chapter V. of the Ordinance.

17. When water is in transit through a water-course to irrigate any particular tract, no person shall divert the water from such water-course to the fields through which it passes or obstruct or otherwise interfere with it.

18. When there is a deficiency of water in the tank, no proprietor who has neglected to commence cultivation at the proper time or who has sown paddy of a kind other than that determined under the foregoing rule 2 by the majority, shall take or be allowed any water for his cultivation.

Cattle.

19. During the cultivation season—

(1) buffaloes shall be kept at such distance from the fields as may be fixed at the cultivation meeting held under rule 2.

(2) black cattle shall be tended by day and folded at night outside the fields cultivated.

20. (1) No owner of a paddy field forming part of a tract under cultivation shall drive in, graze or tether cattle in his own field till all the fields in the tract have been reaped and crops removed.

(2) No cattle shall be tethered in or near any irrigation channel.

Threshing-floors.

21. All the proprietors who stack paddy on a common threshing-floor shall—

(1) be jointly responsible for the erection of a strong fence round such floor, and

(2) keep watch in turn over the paddy so stacked until all the paddy is threshed and removed.

22. (1) No paddy shall be removed from the fields during any harvest, until the shares due to the Headmen have been paid, and in the case of fields cultivated for a share of the produce, until all dues have been paid to the landlord.

(2) In any case where there is any serious risk of damage to any paddy left on the threshing-floor, such paddy may be removed with the consent of the other party concerned, or if consent is not given, the cultivator shall leave sufficient paddy on the threshing-floor to settle the claim and remove only the remainder.

Enforcement of Ancient Customs.

23. Any existing custom relating to any matters not provided for in these rules, and not inconsistent with them, shall have the force of these rules and be considered part of them.

(2) Subject to the provisions of the foregoing rule 22 (2), the aforesaid percentage shall be handed over on the threshing-floor before any of the produce is removed therefrom.

Maintenance, Conservation, Protection and Management of Irrigation Works.

26. After the sowing, in each cultivation season, every proprietor who does not himself cultivate his fields shall furnish a list of his cultivators to the Irrigation Headman, setting out their names and addresses and stating whether such cultivators are andakarayo, lessees or hired labourers.

27. The cultivator of any land shall be liable to perform all duties imposed by these rules or by custom on the proprietor of such land.

28. Any act or omission in contravention of these rules shall be an offence punishable under Chapter V. of the Ordinance.

29. Any Irrigation Headman wilfully neglecting any duty imposed on him by these rules shall be guilty of an offence punishable under Chapter V. of the Ordinance.

30. The rules dated December 29, 1868, published in the *Gazette* of January 2, 1869, and deemed to be in force by virtue of the provisions of section 2 of the Ordinance, are hereby repealed.
