"THE SMALL TOWNS SANITARY ORDINANCE, 1892."

RULES made by the Officer Administering the Government for the Sanitary Board of the Kurunegala District by virtue of the powers vested in him by section 5 (1) (g) of "The Small Towns Sanitary Ordinance, 1892," and by Article 93 of the Ceylon (State Council) Order in Council, 1931.

CHAS. BATUWANTUDAWA,  
Minister for Local Administration.

Colombo, September 26, 1933.

PENSION RULES.

1. (a) No officer shall be deemed to have an absolute right to any pension, gratuity, or allowance under these rules, and the Board reserves to itself the power to dismiss an officer without compensation.

(b) No pension, gratuity, or retiring allowance shall be granted on retirement to any officer without the authority of the Governor, in order to obtain which a certificate of good conduct from the Chairman setting out the length of service, age, and ground of retirement must be forwarded together with the application for pension, gratuity, or retiring allowance, and the computation thereof, through the Commissioner of Local Government to the Controller of Establishments.

2. (1) Subject to the provisions and exceptions hereinafter contained every officer holding a permanent office in the service of the Board and drawing a salary of not less than Rs. 400 per annum may be granted a pension calculated at the rate of 1/720th of the salary of the office or offices held by him at retirement for each month of service counting for pension, provided that he has completed not less than 120 months' gross service, "and provided further that no pension awarded under these rules shall exceed 480/720ths of the salary upon which the pension is computed."

(2) If such an officer retires on account of illness or age before completing 120 months' gross service, he may receive a gratuity calculated at the rate of 1/12th of a month's salary of the office or offices held by him at retirement for each month of service.

3. Any officer may be required to retire from the service of the Board on or after attaining the age of fifty-five years; but retirement shall be compulsory on his attaining the age of sixty years, unless the Governor decide that his services shall be retained.

4. No pension shall be granted to an officer retiring before he attains the age of fifty-five years, unless a Medical Board, consisting of two Medical Practitioners nominated by the Chairman, certifies that the officer is unfit to discharge the duties of his office owing to infirmity either of mind or body, and unless he shall have theretofore discharged such duties to the satisfaction of the Chairman.

5. The Chairman may call upon an officer, who is below the limit of age entitling him to retire on pension, to retire from the service on the ground of his inability to discharge efficiently the duties of his office. In such a case the Board may by special resolution, subject to the approval of the Governor, grant such retiring allowance or gratuity as is considered just and proper, but in no case exceeding the amount for which the length of service of the officer would qualify him.

6. In the case of the abolition of any pensionable office, the pension or gratuity grantable to the officer holding such office will be that which would have been payable to him, had he retired on grounds of ill-health.

7. No pension or gratuity granted under these rules shall be assignable or transferable.

8. (1) The service to be reckoned for pension shall be calculated from the date on which the officer commences to draw salary in respect of his first permanent appointment whether pensionable or not. Acting service in an office carrying claims to pension, shall, when continuous with permanent employment, count as service for pension, provided no other officer was earning pension for the same period in respect of the same office. The service of an officer under 16 years of age shall not in any case count for pension.

(2) An officer is entitled to reckon as service for pension the whole period of absence on vacation leave, and half the period of absence on leave with half salary. Absence without salary will not count as service for pension.

9. (1) The pension or gratuity awarded to an officer shall be computed upon the salary drawn by him, at the time of his retirement, in respect of the permanent office or offices then held by him, provided that he shall have held such office or offices, to which the same fixed salary or incremental scale of salary is attached, for at least three years, otherwise the pension or gratuity shall be calculated upon the average of the salaries attached to the permanent offices held by such officer during the three years next preceding the date of his retirement.

(2) For the purposes of these rules, salary will include in addition to the salary of the permanent office or offices held by him, any allowance voted to him by resolution of the Board as a pensionable allowance, but no other emolument whatsoever.

10. The rates of pension, retiring allowance, and gratuity above set forth shall be granted only in cases of faithful and meritorious service. Where the testimony as to good conduct is in any way defective, a deduction may

be made from the pension or gratuity, and where the misconduct of an officer has been of a serious nature, the pension, or gratuity may be entirely withheld.

11. The service in respect of which pensions or gratuities are granted ought in all cases to have been continuous, unless interrupted by abolition of office or by temporary suspension of employment not arising from misconduct or voluntary resignation. Service prior to a break of service may, however, be allowed to count for pension together with service subsequent to such break, if the whole of the intervening period has been spent in some employment under Government or under another statutory local authority.

12. If any person in respect of a pension or retiring allowance is convicted of any offence in any Court in the Island and sentenced to death or to any term of rigorous imprisonment exceeding six months, the payment of such pension or allowance shall be forthwith discontinued, unless such person shall within three months of such conviction receive an unconditional pardon, or unless the Board with the approval of the Governor in any case for special reasons otherwise decides.

13. If any person to whom a pension, annuity, or allowance has been granted under these rules becomes a bankrupt, such pension, annuity, or allowance shall forthwith cease; but it shall be lawful for the Board, with the approval of the Governor, from time to time during the remainder of such person's life or during such shorter period or periods, whether continuous or otherwise, as may be necessary, to pay all or any part of such pension, annuity, or allowance to, or to apply the same for the maintenance and personal support or benefit of, such person and his wife and children jointly or any one or more of them exclusively, as may in the circumstances of each case be necessary or expedient.

14. (1) Every officer who is transferred to a post under Government or under another statutory local authority with the approval of the Board, shall be entitled on ultimate retirement to pension for the service rendered to the Board, provided that he retires from the latter service in circumstances which would entitle him to pension under these rules. In all such cases the amount contributed by the Board by way of pension shall be based only on the service under the Board, and the final salary drawn from the Board.

(2) An officer who has been transferred to the service of the Board from some other employment under Government or under another statutory local authority may, if he retires from the service of the Board after completing 10 years' public service in all, but before completing 10 years' service under the Board, be awarded, in lieu of a gratuity, an annuity based on service and salary under the Board, calculated in the manner prescribed by rule 2 (1).

15. No person may at any time draw from the funds of the Board an amount of pension which, when added to the amount of any pension or pensions drawn in respect of other public service, exceeds two-thirds of the highest pensionable emoluments drawn by such person at any time in the course of his service under the Board or in such other public service.

16. If any person in receipt of a pension or retiring allowance from the Board returns to the service of the Board, he may be allowed to retain his pension or retiring allowance during the period of his re-employment, in which case he shall receive on his ultimate retirement no award whatever under these rules; or he may be required to forego the pension or retiring allowance then drawn by him, in which case he shall receive on his ultimate retirement a pension or retiring allowance based on his aggregate service and the highest salary drawn by him at any time during that service. The Chairman shall decide the terms on which a former servant of the Board may be re-employed in any particular case.

17. Any employee of the Board drawing a salary of less than Rs. 400 per annum, retiring on account of illness after serving continuously for a period of 15 years and upwards may, if the Board be satisfied from the report of a Medical Board that he is unfit to discharge efficiently the duties of his office owing to infirmity of body or mind, be awarded such long service allowance not exceeding Rs. 7.50 per mensem as the Board may think just and proper. In the case of employees who retire after attaining the age of 55 years or over, no Medical Board need be appointed. Any employee in receipt of daily pay, who has completed not less than 20 years' service, retiring in similar circumstances may be awarded a gratuity calculated at the rate of 1/36th of a month's pay for each month's service.

18. In the event of any officer or servant, whether in a pensionable or non-pensionable office or on daily pay,

dying while in the service of the Board, it shall be competent to the Board, subject to the approval of the Governor, to grant to the widow or next-of-kin of such officer or servant a gratuity not exceeding three months' pay, and in addition one month's pay for each minor child.

19. If any case not covered by these rules shall arise which in the opinion of the Board merits the award of a pension, retiring allowance, or gratuity, a report setting out the circumstances of such case, together with the recommendation of the Board, shall be forwarded through the Commissioner of Local Government and the Controller of Establishments, General Treasury, to the Governor for his decision as to the nature and the amount of the compensation, if any, that may be awarded.

RULES under section 11 of the Irrigation Ordinance, No. 45 of 1917, made by the prescribed majority of the proprietors within the Kalawewa, Balaluwewa, and Kalawewa-Yoda-ela Irrigation District in the North-Central Province, at a meeting held on March 14, 1933, and approved by the Officer Administering the Government by virtue of the powers vested in him by section 19 of the said Ordinance and by Article 93 of the Ceylon (State Council) Order in Council, 1931.

for the maha cultivation in September,  
for the meda cultivation in December,  
for the yala cultivation in April.

(2) Any proprietor may attend any such meeting either in person or by representative.

2. Any such meeting may among other matters relating to the cultivation for the approaching season determine the following:—

- (1) The nature and extent of the lands to be cultivated;
- (2) The date for the completion of each of the works of—
  - (a) clearing channels,
  - (b) fencing fields,
  - (c) sowing,
  - (d) erecting watch-huts, and
  - (e) reaping;

(5) The last date for issue of water. Provided that such date shall not be later than the date prescribed for the commencement of the close season in protection rules made under section 60 of the Ordinance.

3. In the event of any matter mentioned in the foregoing rule 2 remaining undetermined by reason of the failure of the majority of the proprietors either to attend a meeting of which due notice is given or to arrive at a decision thereon, such matter may be decided by the Government Agent or an officer authorized by him in that behalf, and every decision of the Government Agent or such officer under this rule shall be binding on all the proprietors.

##### *Field Fences.*

4. (1) Before the date fixed for the completion of the work of fencing fields, every proprietor shall construct or repair the portion of the fences marked out by the Irrigation Headman as the share proportionate to the extent of such proprietor's fields, whether such portion adjoins such field or not; and he shall thereafter, whether he cultivates such field or not, maintain such portion of the fences in good repair, so as to be capable of keeping out cattle, until the crop on all the fields in the tract is reaped.

(2) No extension of time shall be allowed for completing any work of fencing, if any proprietor has sown his field by the date determined under the foregoing rule 2.

5. If the whole field or a distinct tract called "bage" be cultivated, the fences at the two ends of the field called respectively the "ihala, and pahala elapat, fences" shall be put up by the respective proprietors at those ends, and the rest of the proprietors shall put up the portions of the fences adjoining their shares called respectively the "ihat and pahat fences".

6. Where there is a common fence between two fields, the proprietors of both shall jointly erect it even though only one field is cultivated.

#### *Cultivation.*

7. (1) If for any reason it is not possible to commence cultivation on the date determined under the foregoing rule 2, or if the supply of water is likely to be insufficient to irrigate the whole area decided on originally, a further date, or the proportion of the tract to be abandoned, shall be determined at a meeting of the proprietors duly convened for the purpose; provided that, if the meeting so convened is not able to arrive at a unanimous decision as regards the area to be abandoned, the Government Agent or such officer as may be deputed by him shall have power to determine the area that is to be abandoned.

(2) Each of the proprietors of the area which it was originally decided to irrigate, shall have a right to cultivate a proportionate share of the reduced area.

8. (1) No tank bed shall be cultivated without a permit from the Government Agent.

(2) If the prescribed majority of the proprietors duly decide to cultivate the bed of any tank, and a permit in that behalf has been obtained from the Government Agent, each proprietor shall be entitled to cultivate a portion of such tank bed proportionate to his holding of land under the tank.

9. All high lands and lands situated at a distance from the irrigation work and all lands not fully asweddumized and lands known as "akkaraidam" shall be cultivated for maha; if they are not so cultivated they may not be cultivated for any other season during the year without the permission of the Government Agent which will be granted only on adequate grounds.

10. (1) In the event of the supply of water, after the sowing has been completed, proving for any reason insufficient for the whole extent sown, the proprietors of the fields sown shall, by the prescribed majority, at a meeting duly convened, decide what part of the tract shall be abandoned, and the remainder of the tract shall be divided among such proprietors in proportion to the extent sown by each.

(2) If any meeting so convened fails for any reason to arrive at a decision, the Government Agent or the officer duly appointed by him for the purpose shall have power to decide what proportion of the tract shall be abandoned and every decision of the Government Agent or such officer shall be binding on all the proprietors.

(3) If it is decided to abandon any cultivation under the foregoing paragraphs of this rule after an extension of time has been allowed, any proprietor who has sown his share before the date originally fixed shall be entitled to his full share of the water and shall not be bound to allow the late cultivators any share in his crop.

#### *Watching of Fields.*

11. Before the date fixed for finishing the erection of watch-huts under the foregoing rule 2, each proprietor of fields where watch-huts are necessary shall erect a proper watch-hut in such place as may be indicated to him by the Irrigation Headman, and shall continue to keep watch until the date fixed for completion of reaping fixed under the said rule.

#### *Channels.*

12. (1) All field channels, dams, amunams, or water-courses whether outside or inside any field, which are not in charge of the Director of Irrigation, shall be repaired, cleared, and kept in good order throughout the season by the proprietors whose lands are irrigated thereby.

(2) Each proprietor shall be responsible for such proportionate share of the channels, dams, amunams, or water-courses as may be demarcated with pegs or blocks by the Government Agent or any such officer deputed by him for the purpose.

13. (1) Applications for permission to construct any new channel, dam, or other work decided on by the majority of the proprietors in any tract shall be made in writing to

the Cultivation Officer or Irrigation Superintendent appointed by the Government Agent under section 20A of the Ordinance.

(2) Any work, the construction of which is permitted shall be carried out in such manner and within such time and along such alignment as may be specified by the Government Agent or any officer deputed by him for the purpose.

(3) For the construction of such work, every proprietor of fields within such tract shall be liable to contribute labour in proportion to his holding.

14. (1) Every proprietor of new lands, which have been surveyed and demarcated by landmarks with reservations for field channels for irrigating such lands, shall construct his proportion of such field channels in accordance with alignments approved by the Divisional Irrigation Engineer.

(2) If any proprietor of such lands is unable to obtain water for irrigation owing to any default on the part of any other proprietor in constructing his share of the field channels, after notice from the Cultivation Officer or Irrigation Superintendent appointed by the Government Agent under section 20A of the Ordinance calling upon him to do the necessary work, the Irrigation Headman may with the approval of the Cultivation Officer or Irrigation Superintendent cause the work to be done and recover the cost thereof from the defaulter in accordance with section 23 of the Ordinance.

15. (1) Every proprietor shall grant way leave for such channels, dams, or other works even though his own lands may not be benefited thereby.

(2) All proprietors whose lands are benefited by any such work, shall be liable under this rule to pay to the owners of lands, which suffer damage by the construction of such work, compensation for any land taken or damage done, in proportion to the area of the holdings benefited, and according to such rates of compensation as may be determined by the Government Agent: Provided that, unless the Government Agent otherwise directs no compensation shall ordinarily be payable in respect of lands lying within the fields or tract of fields benefited.

#### *Irrigation and Distribution of Water.*

16. No proprietor or cultivator or any other person under any pretence whatsoever shall interfere with any canal, water-passage, sluice, or dam without the permission of the Cultivation Officer or Irrigation Superintendent appointed by the Government Agent under section 20A of the Ordinance, or of the Irrigation Headman.

17. In the order beginning with the field furthest from the tank and ending with the nearest, each proprietor shall take his supply of water strictly in turn and only in proportion to the extent of his holding, at such intervals and for such number of hours as the Irrigation Headman may fix.

18. No proprietor who neglects to utilize his share of water in his proper turn, shall be allowed any supply until his next turn comes round.

19. Any proprietor who takes water out of his turn or for a longer period than he is entitled to, or who after having had his full share allows the water to run to waste through negligence, or who misappropriates his neighbour's water through the boundary ridges, shall forfeit the right to his share in the turn next following, and shall be guilty of an offence punishable under Chapter V. of the Ordinance.

20. When water is in transit through a water-course to irrigate any particular tract, no person shall divert the water from such water-course to the fields through which it passes or obstruct or otherwise interfere with it.

21. When there is a deficiency of water in the tank, no proprietor who has neglected to commence cultivation at the proper time or who has sown paddy of a kind other than that determined under the foregoing rule 2 by the majority, shall take or be allowed any water for his cultivation.

#### *Cattle.*

22. During the cultivation season—

(1) buffaloes shall be kept at such distance from the fields as may be fixed at the cultivation meeting held under rule 2.

(2) black cattle shall be tended by day and folded at night outside the fields cultivated.

23. (1) No owner of a paddy field forming part of a tract under cultivation shall drive in, graze, or tether cattle in his own field till all the fields in the tract have been reaped and crops removed.

(2) No cattle shall be tethered in or near any irrigation channel.

*Threshing-floors.*

24. All the proprietors who stack paddy on a common threshing-floor shall—

- (1) be jointly responsible for the erection of a strong fence round such floor, and
- (2) keep watch in turn over the paddy so stacked until all the paddy is threshed and removed.

25. (1) No paddy shall be removed from the fields during any harvest, until the shares due to the Headmen have been paid, and in the case of fields cultivated for a share of the produce, until all dues have been paid to the landlord.

(2) In any case where there is any serious risk of damage to any paddy left on the threshing-floor, such paddy may be removed with the consent of the other party concerned.

*Enforcement of Ancient Customs.*

26. Any existing custom relating to any matters not provided for in these rules, and not inconsistent with them, shall have the force of these rules and be considered part of them.

*Irrigation Headmen.*

27. It shall be the duty of every Irrigation Headman elected or appointed under Chapter IV. of the Ordinance—

- (a) to reside within three miles of the area for which he is elected or appointed;
- (b) to operate and maintain in good order all sluices, regulators, and other structures placed in his charge;
- (c) to issue the necessary notice, call out labour, and supervise all earthworks and repairs and all works of irrigation and paddy cultivation within his area subject to instructions from, and under the control of, the Government Agent or the officer deputed by him;
- (d) to report the occurrence of any damage to any bund, spill, sluice, or any other work connected with the irrigation work, or of any leak at the sluice, to the Cultivation Officer or Irrigation Superintendent appointed by the Government Agent under section 20A of the Ordinance;

- (f) to enforce these and all other irrigation rules and to bring all breaches thereof to the notice of the Cultivation Officer or Irrigation Superintendent.

28. (1) Every such Irrigation Headman shall be entitled to receive from each proprietor one and a half per cent. of the produce of all lands cultivated by such proprietor.

(2) Subject to the provisions of the foregoing rule 25 (2), the aforesaid percentage shall be handed over on the threshing-floor before any of the produce is removed therefrom.

*Contribution of Labour to be made by the Proprietors.*

29. Every village tank, not in charge of the Director of Irrigation, and the channels, water-courses, and the like belonging thereto, shall be kept in a proper state of repair to the satisfaction of the Government Agent or the officer in charge, by the proprietors of lands irrigated thereby.

30. (1) For the ordinary works of repair, maintenance, and improvement each such proprietor shall be liable to contribute annually labour proportionate to his holding, calculated at the rate of twelve days' labour for each pangu of two acres.

(2) The works approved by the Government Agent in each year shall be commenced on such date as may be notified by the Irrigation Headman by beat or tom-tom or otherwise before the thirty-first May, and shall be completed on or before the 30th day of September.

(3) Any proprietor may commute the labour due from him by payment on or before the 30th day of June of money calculated at the rate of 75 cents for each day's labour due.

(4) Every proprietor who elects to perform labour shall attend daily at the time and place notified by the Irrigation Headman and contribute labour until the completion of the work or the portion of work assigned to him by such headman as the share proportionate to the amount of labour due from him.

31. (1) In any case of emergency or whenever the Government Agent or other duly authorized officer deems it imperative that any urgent work of repair or of prevention of impending damage should be performed, and gives reasonable notice of the need of labour for such purpose, it shall be the duty of every proprietor to attend in person or by substitute and to contribute uncommutable labour daily until the completion of the work: Provided, however, that the labour that any proprietor may be called upon to contribute under this rule shall not exceed twice the annual labour that he is liable to contribute under the foregoing rule 30.

(2) No labour contributed under this rule shall in any case be deemed to exempt any proprietor from the liability to contribute annual labour under the foregoing rule 30.

*Maintenance, Conservation, Protection, and Management.*

32. (1) No person shall cut or injure the bund of a tank, or block, damage, or interfere with the spill or spill-gates, the sluices or regulators without the previous permission of the Government Agent.

(2) In any case where it is necessary to cut the bund of a village tank to prevent otherwise inevitable damage and it is impossible to communicate in time with the Government Agent or the officer deputed by him, such permission may be dispensed with, but the Irrigation Headman shall report such action at once to the Government Agent and the burden of proving such special circumstances shall lie upon the person or persons who took such action.

33. In any village tank not provided with sluices, a place (to be approved by an officer deputed by the Government Agent) shall be fixed for cutting the bund for the purpose of taking water and the bund shall be cut only at the appointed place.

34. After the sowing, in each cultivation season, every proprietor who does not himself cultivate his fields shall furnish a list of his cultivators to the Irrigation Headman, setting out their names and addresses and stating whether such cultivators are andakarayo, lessees, or hired labourers.

35. The cultivator of any land shall be liable to perform all duties imposed by these rules or by custom on the proprietor of such land.

*General.*

36. Any act or omission in contravention of these rules shall be an offence punishable under Chapter V. of the Ordinance.

37. Any Irrigation Headman wilfully neglecting any duty imposed on him by these rules shall be guilty of an offence punishable under Chapter V. of the Ordinance.

38. The rules dated December 29, 1868, published in *Gazette* No. 3,689 of January 2, 1869, and deemed to be in force hitherto by virtue of the provisions of section 2 of the Ordinance, are hereby repealed.

**KANDY MUNICIPAL COUNCIL.****The Minutes of Proceedings of a Meeting of the Municipal Council of Kandy, held in the Town Hall, Kandy, on August 19, 1933, at 8.30 a.m., in accordance with the notice dated August 14, 1933.**

*Present*:—Mr. H. P. Kaufmann, Chairman ; Ratwatte Adigar ; Mr. Haji M. S. Usoof Ismail ; Mr. S. A. Wijayatilake ; Mr. W. A. B. Soysa ; Dr. J. W. S. Attygalle ; Dr. L. C. Wijesinha ; Mr. O. T. Nettelton ; Mr. Geo. E. de Silva.

1. The Minutes of Proceedings of the Meeting held on July 15, 1933, having been previously submitted to the Chairman for his approval, and a copy thereof furnished to each member, were taken as read and confirmed by the Chairman.

2. The following documents were submitted:—

- (a) Statement of receipts and disbursements from close of 1932, to July 31, 1933, on account of the Municipal Fund.
- (b) Progress report of works brought up to the same date.
- (c) Health Officer's report for July, 1933.
- (d) Statement of cases instituted by the several Inspectors and of work done by the Municipal Magistrate during the month of July, 1933.
- (e) The reservoir readings for the week ended August 19, 1933.

Resolved that the statement (a) together with the Minutes of Proceedings of this meeting, as required by section 83 of "The Municipal Councils Ordinance, No. 6 of 1910," be forwarded to the Commissioner of Local Government for publication in the *Government Gazette*.

3. The following papers were laid on the table:—Reports by the several Inspectors on laundries, bakeries, dairies, standpipes, and house service taps inspected during July, 1933.

3A. (1) Dr. Attygalle desired information from the Chairman as to whether a report regarding a threatened strike among the conservancy labourers as a protest against an alleged illegal levy made on them by the Kanganies had been submitted to him.

The Chairman replied that the papers were submitted to him after a full inquiry by the Medical Officer of Health and he had warned all labourers that any one found giving or receiving such gratifications would be dismissed.

(2) Dr. Attygalle also drew Chairman's attention to the present unsatisfactory condition of the Udawattekele roads.

Ratwatte Adigar confirmed Dr. Attygalle's statement and suggested to the Chairman that the Municipal Engineer should be asked to submit a monthly report on the condition of the various Drives and the Gansabhawa paths in Kandy.

The Chairman undertook to furnish a monthly report on the conditions of the Drives and to investigate the possibilities of furnishing similar reports *re* Gansabhawa paths.

(3) Mr. de Silva inquired what further progress had been made with the well at Peradeniya in connection with the Pumping Scheme.

The Chairman read a statement furnished by the Works Department to the effect that during last month the well steining had been built to a height of 22 feet complete with iron steps, and the well sunk a further 1 foot 3 inches making a total of 33 feet 3 inches. Sinking to the distance of 1 foot 9 inches remains to be completed.

4. Petitions :—Mr. Usoof Ismail presented (1) petition from Tax Collector, D. A. Alwis Perera, dated July 15, 1933, praying that his commission be increased from 6 per cent. to 8 per cent. ; (2) petition from Tax Collector, D. A. Alwis Perera, dated July 7, 1933, suggesting that small offices be erected at the three bus stands for the use of the Bus Stand Fees Collector.

Mr. Soysa presented (3) petition from Mr. U. B. Wadugodapitiya, dated August 18, 1933, suggesting that the arrears of taxes due by him on 1062, Peradeniya road, be accepted in instalments.

The Chairman undertook to look into the matters referred to in the petitions.

5. Pursuant to notice Dr. Attygalle was to move—"That this Council do take immediate steps for the reconstruction of the public market and better arrangements be made for its proper supervision." With the leave of Council the motion was deferred for the next meeting.

6. Pursuant to notice Dr. Attygalle moved—"That the concession be granted to landlords whose properties have been sold for non-payment of rates and taxes, and which are now the properties of the Council, to pay the amounts due to date including costs, &c., in instalments and recover the same." Mr. Wijayatilake seconded.

The Chairman explained that the practice of accepting instalments continued until about April last when it was discontinued, except in the case of those then paying in instalments, owing to the Council's rights as purchasers at the sales becoming null and void immediately the first few instalments, covering the debt for which the sale took place, were paid. This was pointed out to the Council and with its approval the Commissioner of Local Government was addressed asking for legislation to retain the Council's rights as purchasers in cases where payment is accepted in instalments, but this suggestion was not acceptable to the Commissioner of Local Government who was of opinion that the proper course was to vest the properties in the Council, and if in any case the Council's right as purchaser became null and void as a result of acceptance of instalments the property could be sold for the balance arrears and purchased by the Council again. The Chairman was of opinion that the proper course was to vest the properties in the Council, but undertook to consider sympathetically any *bona fide* offer to pay by adequate instalments in order to stay vesting on the strict understanding that if there was a failure to pay a single instalment vesting of the property would automatically proceed.

The proposer of the motion expressed himself as satisfied with the suggested procedure.

7. Fresh proposals made by the Chairman to provide for the survey of properties bought by the Council for default of rates in lieu of the proposal to appoint a Building Inspector and Surveyor for this work.

The Chairman explained the proposals as detailed in his memo. annexed to Circular Paper No. 408 (0446) of July 31, 1933, and moved that they be given effect to and a vote of Rs. 500 be allowed for the 4 months, September to December, 1933.

Messrs. De Silva and Wijayatilake expressed themselves as opposed to new appointments.

Dr. Attygalle moved as an amendment—"That the services of the temporary draftsman engaged for the model tenements in terms of the Municipal Council's resolution of November 21, 1931, be now discontinued."—Mr. Usoof Ismail seconded the amendment.

The Chairman then read letter No. H 57 of August 1, 1933, from the Commissioner of Local Government on the subject and said that immediate action was necessary for meeting the situation and if Council deferred action he should dissociate himself from such a decision.

The Council resolved at this stage to go into Committee to discuss the question more fully.

After a detailed consideration of the position the following decisions were arrived at in Committee :—(1) That immediate vesting in Council of the properties purchased by the Council for default of rates be proceeded with. (2) That the temporary appointment of a licensed surveyor on a salary of Rs. 125 per mensem and a travelling allowance of Rs. 25 per mensem be made to carry out the necessary surveys and make plans for vesting of the properties and the post be immediately advertised, each applicant being required to give an estimate of the period within which he would undertake and complete the work.

Dr. Attygalle suggested that in his opinion preference should be given to local men. Mr. Nettelton disagreed with this view.

The Council then resumed, and Dr. Attygalle moved that the decisions arrived at in Committee be adopted.—

Mr. Soysa seconded.—Carried.

8. Auditor-General's report on the Kandy Municipal Accounts for 1932. (G 96).—Tabled.

9. At the request of Ratwatte Adigar the Chairman tabled the papers relating to the iron fence now in course of construction round the smaller section of the Esplanade.

The Adigar expressed his disapproval of the design of the iron fence and said that it should have been given an Eastern touch and his opinion was that a live fence was preferable. In any case the Adigar desired his protest to be noted against such a fence being erected round the larger section of the Esplanade. He added that he would like to see the existing live fence improved.

The Chairman explained that the design on the pillars was copied from a railing enclosing a building of about the 10th century at Anuradhapura named "Ratnama Privina"—a residence for monks.

The fence and design were approved by the members of Council after seeing a section of the actual fence erected for their inspection during the Adigar's absence, and this was the first expression of disapproval he had heard. He said he would note the Adigar's remarks in connection with the fencing of the larger section of the Esplanade.

H. P. KAUFMANN,  
Chairman, Municipal Council, Kandy.

**The Minutes of Proceedings of a Special Meeting of the Municipal Council of Kandy, held in the Town Hall, Kandy, on September 9, 1933, at 11 a.m., in accordance with the notice dated September 5, 1933, to consider the Report of the Special Committee on the Question of Municipal Reforms.**

*Present* :—Mr. H. P. Kaufmann, Chairman ; Ratwatte Adigar ; Mr. Haji M. S. Usoof Ismail ; Mr. S. A. Wijayatilake ; Mr. W. A. B. Soysa ; Dr. J. W. S. Attygalle ; Mr. O. T. Nettelton ; Mr. Geo. E. de Silva.

1. Before proceeding with the business of the meeting the Chairman, with the leave of Council, submitted the following recommendations made at a meeting of the Works Committee held on September 9, 1933, for the Council's consideration and disposal :—

(1) Tenders received for the supply of galvanized tanks for the two-zone system. (W/PW 45).—Recommended that the quotation of P. N. M. Dawood, Tinker, be accepted.

(2) Tenders received for the construction of Model Tenements at Deyannawela :—(a) Three blocks of ten rooms, (b) one block of eight rooms, (c) one block of six rooms, (d) one block of two rooms, (e) one caretaker's quarters.—Recommended that the tenders recommended by the Municipal Engineer be accepted. Resolved that the recommendations be adopted.

2. The Chairman, having obtained the leave of the Council to mention the matter informally, desired that the Council should express its views in connection with the steps he had taken hitherto departmentally to secure sanitary control of the railway reservation opposite the public market between the main road and the railway line.

On the advice of the Medical Officer of Health he said he had addressed a communication to the General Manager of Railways suggesting two alternatives by either of which the sanitary control of the area could be secured, viz., (a) the Railway Department to move and maintain the railings along the boundary of the reservation. (b) The Department to lease the reservation to the Council to allow it to control it effectively.

The General Manager of Railways had agreed to support the alternative suggested in (a) in submitting the matter for disposal by the Executive Committee on Communications and Works.

He invited the Council, informally, to express its views as to whether the reservation should be leased to petty vendors or kept free from them, which was the most effective means of maintaining its sanitary control.

It was the unanimous view of the Council that the reservation should be leased by the Council from the Railway on a nominal rental, and that it should be protected from vendors.

The Chairman was authorized to write to the General Manager of Railways conveying this view.

3. The Chairman tabled the report of the Special Committee on the question of Municipal Reforms and moved that the Council do resolve itself into Committee to consider the proposals. Mr. Usoof Ismail seconded.—Carried.

Paragraphs 9, 10, and 11 : Resolved that the following minor amendments be suggested :—

Paragraph 10 : *Appointment and Dismissal of Officers and Servants.*—We recommend that the Commissioner's right to appoint and dismiss officers and servants be limited to those whose monthly salaries do not exceed Rs. 100 per mensem as provided by section 59 (2) of "The Municipal Councils Ordinance, 1910."

Paragraph 11 : *Contracts.*—In the case of contracts too, it is desirable that works involving an expenditure exceeding Rs. 1,000 should be reduced to writing and should not be entered into without the previous sanction of Council, as provided by sections 63 to 66 of "The Municipal Councils Ordinance, 1910."

Chairman, Municipal Council, Kandy.

REPORT ON MUNICIPAL REFORMS AS ADOPTED AT THE SPECIAL MEETING OF THE KANDY MUNICIPAL COUNCIL HELD ON SEPTEMBER 9, 1933.

We have carefully considered the proposals for the Reforms of the Municipal Councils embodied in the Draft Ordinance, and while admitting that there has been a distinct advance in the direction of the vesting in the people of the Country, the right to manage and control their civic affairs, there are several points which stand in need of reconsideration and revision, and at the same time amendments are necessary to suit the particular requirements of the town of Kandy.

2. *New Constitution to be introduced to Kandy after trial in Colombo.*—In the first instance we are of decided opinion that it would be more prudent to allow the New Constitution to be worked in Colombo, thereafter, with the necessary amendments and revisions a New Constitution for Kandy be framed and brought into operation.

3. *Division of the Municipality and Nomination of Members.*—We are of opinion that the town of Kandy should be divided into nine wards, each represented by an elected member. In addition to nine elected members there should be three nominated members, who shall be nominated by the Governor ; Government officials to be eligible for nomination. We are not in favour of co-option as we think that the function of nominated members should be to represent interests that will not be represented by elected members or will remain unrepresented as the result of the election. If the choice of nominated members were left to the elected members of Council, there would naturally be the attempt of a group of members to reinforce their position by the addition of members of their own political complexion. The provision for representation of unrepresented interests therefore should, in our opinion, be made by some authority that shall be independent of the Council and the power of nomination had best be left in the hands of the Governor, who no doubt will consult the Executive Committee on Local Government, if necessary.

4. *Appointment of Mayor.*—We consider that the section of the Ordinance which prohibits a Mayor from holding office for two consecutive years or more should be amended. There is no reason why if the Councillors so desire, a Mayor should not be re-elected for the ensuing year. The Mayor should be elected by the full complement of the Council including the nominated members, who themselves would be eligible for election as Mayor with the exception of those holding offices under Government.

5. *Franchise.*—While in favour of an extension of the franchise we do not think it wise or expedient to adopt universal suffrage within the limits governed by a Municipal Corporation. The right to vote should depend upon some contribution to the Municipal revenue however small. The grant of universal suffrage would result in the enfranchisement of a large group of irresponsible voters who are likely to prove a disturbing factor at elections. We recommend that a payment of a monthly rental of Rs. 7.50 be the minimum qualification of a voter. In other words section 11 (2), sub-sections (g), (h), (i), respectively, of "The Municipal Councils Ordinance, No. 6 of 1910," be amended to read as Rs. 7.50, Rs. 90, and Rs. 90, as against Rs. 15, Rs. 180, and Rs. 180, respectively, as at present required. While we are not in favour of plural voting, we think that in cases where the rent paid is over Rs. 7.50, adult members of the household should be given votes for each additional sum of Rs. 7.50 paid by the principal householder. For example, if the rent paid is Rs. 30, the principal tenant and three adult members of his household should be given the right to vote. Women to be eligible as voters provided they possess the necessary qualifications.

6. *Qualification of Councillors.*—The qualification of Councillors as prescribed by Ordinance 6 of 1910, may be embodied in the New Constitution subject to the condition that women should be eligible to be Councillors provided they possess the necessary qualifications. The deposit by candidates should in our opinion be raised to Rs. 500.

7. *Appointment of Chief Executive Officer.*—We are of opinion that the appointment of Municipal Commissioner should not be made to depend on the fluctuations of sentiment or the vicissitudes of fortune that take place at every election. His office must be permanent if there is to be any stability in Municipal business and routine. Such an effect can only be secured if the right of appointment is vested in the Governor and the choice restricted to members of the Public Service.

8. *Powers of the Governor.*—We do not see any necessity for the increased powers granted to the Governor under the New Ordinance which we consider inconsistent with the extension of rights granted to Councillors, but we are of opinion that the definition of "Governor" as defined in the preamble of the Draft Ordinance should not be accepted.

9. *Option of Retirement.*—We are of opinion that it would be sufficient if provision was made for optional retirement without an allowance for abolition of office or compensation for loss of career on giving six months' notice at any time within three years of the New Council coming into being.

10. *Appointment and Dismissal of Officers and Servants.*—We recommend that the Commissioner's right to appoint and dismiss officers and servants be limited to those whose monthly salaries do not exceed Rs. 100 per mensem as provided by section 59 (2) of "The Municipal Councils Ordinance, 1910."

11. *Contracts.*—In the case of contracts too, it is desirable that works involving an expenditure exceeding Rs. 1,000 should be reduced to writing and should not be entered into without the previous sanction of Council, as provided by sections 63 to 66 of "The Municipal Councils Ordinance."

## GALLE MUNICIPAL COUNCIL.

Minutes of Proceedings of a General Meeting of the Municipal Council of Galle, held at the Municipal Office on Saturday, August 19, 1933, at 9.30 a.m., pursuant to notice dated August 14, 1933.

Present:—Mr. J. D. Brown, Chairman; Mr. J. E. Perera; Mr. D. I. Durham; Mr. A. J. R. Scharenguivel; Mr. A. M. Saheed; Dr. H. E. Ekanayaka; Mr. F. Magdon Ismail; Mr. S. H. Dahanayaka; Mr. Thomas Amarasuriya; Mr. E. A. Paulas; Mr. E. M. Karunaratna; and Mr. A. C. Mohammedo.

1. With regard to item 4 of the Minutes of the General Meeting of July 15, 1933, Mr. Thomas Amarasuriya pointed out that there was no reference made to a quorum for the Special Committee as required by the by-laws.

The Chairman said that the minutes were merely a record of what actually transpired at the meeting and that this was a matter in which the mover of the amendment must move to put things right.

The Minutes of the General Meeting of July 15, 1933, a copy thereof having been furnished to each member, were taken as read and confirmed.

2. Mr. E. M. Karunaratna presented a petition from the residents of Heependala in Ward No. 7 regarding the construction of the proposed new road to Bope. The Chairman said that the matter would receive early investigation and he would inform the petitioners accordingly.

3. Pursuant to notice, Mr. S. H. Dahanayaka asked the following question:—Has the Chairman received the report of the Medical Officer of Health of the Southern Province, on the recent epidemic of smallpox? If so, will the Chairman be pleased to circulate the report for the information of the Councillors?

The Chairman replied as follows:—Yes, this morning; Yes.

4. Pursuant to notice, the Chairman moved:—(a) That in terms of section 212 this Council do declare the storing and sale of explosives to be offensive or dangerous trades, and that the Chairman do take action accordingly to forward a by-law for the approval of the Governor. (b) That item 21 and 22 in schedule B (as amended) published by Notification in the Gazette of May 10, 1918, be deleted, and that a new item be added to read—

The storing and/or sale of explosives. Licence fee Ten Rupees.

Mr. J. E. Perera seconded.—Carried unanimously.

At this stage Mr. S. H. Dahanayaka suggested that item No. 4 on the agenda be taken up before he moved the first motion standing in his name. This was agreed to.

5. To submit letter No. B 934 from the Commissioner of Local Government on the subject of the amendment of section 115 (1) of Ordinance No. 6 of 1910.—Submitted.

6. Pursuant to notice, Mr. S. H. Dahanayaka moved:—(a) That the rates be not collected from the newly rated premises belonging to the Buddhist Temples and Mosques till the end of the year or until the Municipal Councils Ordinance is amended as per resolution of this Council. Mr. E. M. Karunaratna seconded.

Mr. Thomas Amarasuriya moved as an amendment that the collection of rates from the newly rated premises belonging to Buddhist Temples and Mosques be suspended till the end of the year. Mr. A. C. Mohammedo seconded. The mover and seconder agreed to the amendment which was accordingly put to the meeting and carried.

(b) That expert opinion be sought to find out the ways and means of preventing the flow of water from the sea along the Moragoda-ela. Mr. Thomas Amarasuriya formally seconded.

Mr. F. M. Karunaratna inquired whether there were any papers in connection with this matter. The Chairman replied in the negative. Mr. A. J. R. Scharanguivel said that apart from the fact that it was quite impossible to keep the sea entirely out it was also not desirable to do so from a sanitary point of view. He thought the whole trouble was due to the existing narrow foot bridge about half a mile up the river near the Gangarama Temple; but it was now intended to make this bridge wider and this would no doubt have a good effect in preventing, to a certain extent, the flow of water from the sea. In the circumstances he doubted whether any expert opinion was necessary.

The Chairman said he agreed with the remarks made by the Provincial Engineer.

Mr. J. E. Perera suggested that the question be postponed for further consideration.

The mover in replying stated he could not agree with the views expressed by the Provincial Engineer. It would be useful for the Council to have something on record about this matter and for this purpose some expert advice from an Irrigation Engineer was necessary. Besides, the cost would not be too much.

The motion was then put to the meeting and declared lost, five voting for, and seven against.

Mr. S. H. Dahanayaka called for a division which resulted as follows:—*Ayes*: Messrs. S. H. Dahanayaka, Thomas Amarasuriya, E. M. Karunaratna, E. A. Paulas, and Dr. H. E. Ekanayaka. *Noes*: The Chairman, Messrs. J. E. Perera, A. J. R. Scharanguivel, D. I. Durham, A. M. Saheed, F. Magdon Ismail, and A. C. Mohammedo.

7. Pursuant to notice, Mr. A. C. Mohammedo moved:—That the Chairman be pleased to approach the Government Agent of the Southern Province with a view to the resuscitation of the post of Registrar of Marriages at Magalla as the suppression of this post is causing considerable inconvenience to the public. Mr. J. E. Perera seconded and Mr. E. M. Karunaratna supported the motion.

Mr. S. H. Dahanayaka opposed the motion. He said that Magalla was not a central place and the post, if resuscitated, should be established either in Dangedera or Pettigalawatta. Further, it was not known for what reasons the post had been suppressed and it was therefore necessary that some information should be obtained on this point before the motion was passed.

Mr. F. Magdon Ismail said that in his opinion Magalla was the most suitable place. He did not think it necessary for the Council to consider the reasons for the suppression of the post. He also supported the motion, which was then put to the meeting and carried, Mr. S. H. Dahanayaka alone voting against.

8. To consider the question of the payment of a "Risk Allowance" to the Medical Officer of Health in connection with the recent outbreak of smallpox in Galle:—The Chairman moved that the Medical Officer of Health be paid a sum of Rs. 50 and the Acting Medical Officer of Health a sum of Rs. 10 as extra travelling allowances during the periods in question. Mr. A. M. Saheed seconded.

Mr. S. H. Dahanayaka said that the report of the Medical Officer of Health, Southern Province, should be considered before the Council decide on the payment of any extra allowance.

The Chairman said the report of the Medical Officer of Health, Southern Province, had nothing to do with the matter under consideration.

Mr. J. E. Perera said the Medical Officer of Health was a full-time officer and the Council had to incur extra expenditure whenever he went on leave. He quite appreciated the excellent way in which the Medical Officer of Health had performed his duties, but at the same time he thought that the travelling allowance of Rs. 100 per mensem paid to him should cover all his duties including any extra travelling performed during the outbreak of an epidemic. For these reasons he opposed the motion.

Dr. H. E. Ekanayaka said he thought the Council would be perfectly justified in eliminating the question of "Risk". But the extra travelling performed would, in his opinion, certainly justify some reimbursement.

The motion was then put to the meeting and carried by seven votes to five.

The following extracts from the Minutes of the Standing Committees were laid before the Council:—

(4) To confirm the purchase on behalf of the Council of the following properties sold by public auction for non-payment of rates:—771, Galupiadde and 82, Dewatura in old Ward 3; 107, Maitipe in old Ward 4E.—Recommended that the purchase of properties Nos. 771, Galupiadde and 82, Dewatura be confirmed, but that the rates due for 1932 and 1933, on property No. 107, Maitipe, be written off on the ground of poverty of the owner.

(3) To consider the work done for Council by its lawyer.—Recommended that, in view of the very unsatisfactory nature of his work, the Council's lawyer be informed that his services will be dispensed with at the end of the current year unless in the meantime he shows such a marked improvement in his work as would, in the opinion of the Chairman, justify the retention of his services. The decision on this point should rest with the Chairman.

With regard to item (2) it was resolved that consideration be deferred and that in the meantime the regulations be circulated to members for their information.

The Chairman moved Council into Committee to consider item (3). This was unanimously agreed to.

Council in Committee recommended that the Council's lawyer be informed that his services will be dispensed with at the end of the current year unless the Council at its meeting in November decides to retain his services.

Council resumed and the Chairman moved that the recommendation of the Council in Committee be adopted. Mr. A. M. Saheed seconded.—Carried.
