KANDY MUNICIPAL COUNCIL.**The Minutes of Proceedings of a Meeting of the Municipal Council of Kandy, held in the Town Hall, Kandy, on April 27, 1935, at 8.45 a.m., in accordance with the notice dated April 23, 1935.**

Present :—Mr. T. A. Hodson, Chairman ; Ratwatte Adigar ; Mr. Geo. E. de Silva ; Mr. S. A. Wijayatilake ; Mr. W. A. B. Soysa ; Mr. Haji M. S. Usoof Ismail ; Mr. Walter Beven ; Mr. O. T. Nettelton ; Dr. D. T. de Kretser ; Mr. D. M. de S. Abhayanayake.

1. The Minutes of Proceedings of the Meeting held on March 23, 1935, having been previously submitted to the Chairman for his approval, and a copy thereof furnished to each member, were taken as read and confirmed by the Chairman.

2. The following documents were submitted :—

- Statement of receipts and disbursements from close of 1934 to March 31, 1935, on account of the Municipal Fund.
- Progress report of works brought up to the same date.
- Health Officer's report for March, 1935.
- Statement of cases instituted by the several inspectors and of work done by the Municipal Magistrate during the month of March, 1935.
- The reservoir readings for the week ended April 27, 1935.

Resolved that the statement (a) together with the Minutes of Proceedings of this meeting, as required by section 83 of "The Municipal Councils Ordinance, No. 6 of 1910", be forwarded to the Commissioner of Local Government for publication in the *Government Gazette*.

3. The following papers were laid on the table :—(a) Reports by the several Inspectors on laundries, bakeries, dairies, standpipes, and house service taps inspected during March, 1935. (b) Report from the Municipal Engineer on the condition of the various drives in Kandy.

With regard to item (b) Ratwatte Adigar suggested that Katugastota-Inigolla path might be included in the list of drives as it is a public path which the Council should maintain.

Mr. Abhayanayake suggested that necessary repairs might be effected to Lady Torrington road.

Chairman agreed to issue instructions accordingly.

(c) On Mr. Beven's suggestion the Chairman agreed to take steps for the destruction of flying foxes damaging the trees on the Island in the lake.

4. Petitions :—Mr. Wijayatilake presented a letter dated April 26, 1935, addressed to him by Mr. M. Nagoor Pitche of No. 73, Public Market, Kandy, for permission to establish a mutton stall at premises No. 189, Katukele.

Resolved that the petition be referred to the Markets Committee for consideration.

5. Pursuant to notice, Mr. Abhayanayake asked the following questions to which the Chairman replied :—

Q.—(1) With reference to the replies to my questions No. 1 (d)–(e) asked at the last meeting of Council, will the Chairman be pleased to state—(a) What is the limit of satisfaction to be reached by the Officers referred to ? A.—An officer appointed on probation must prove himself to be amenable to instructions and reasonably efficient before he can be confirmed. He must not be found guilty of any act which throws any doubt on his honesty or general conduct, during the period of probation, and he must not be in debt.

Q.—(b) Is there a definite standard of efficiency laid down at present for officers appointed on probation setting out clearly the requirements to be fulfilled by such officers before their appointments could be confirmed ? A.—No.

Q.—(c) If the answer to (b) above is in the affirmative, what are these requirements ? A.—This does not arise.

Q.—(d) If the answer to (b) above is in the negative will the Chairman be pleased to lay down such a definite standard for the future in the case of such appointments ? A.—I consider that it would be impracticable to lay down a definite standard which could be applied to every case.

Q.—(2) Will the Chairman be pleased to ascertain what the total cost would be to this Council to complete the work of the Sports Pavilion on the Bogambara Grounds with its necessary drainage, lavatories, water service, furniture, lighting arrangements, &c., and other conveniences generally expected by the Sporting Public? A.—A sum of Rs. 768 for lavatories, drainage, &c., has yet to be spent out of the vote allowed for the building. Water supply has been completed and furniture supplied. The lavatories are in course of construction.

Electric lights have not been provided for, but if deemed necessary, the Municipal Electrical Engineer can be asked to furnish an estimate.

In connection with the administration of the Bogambara Recreation Grounds, I am addressing various Clubs, on instructions of the Works Committee, and I shall take that opportunity to invite suggestions as to any further conveniences necessary at the Pavilion.

Q.—(3) With reference to the petition from the Muslim Population of Mavilmada, Nittawela, Siyambalagastenne, and Watapuluwa, presented by me regarding the damage caused to their Mosque by the Municipal drain passing by it, will the Chairman be pleased to have at least the portion of this drain opposite the Mosque protected from further erosion? A.—My predecessor inspected the drain in question on November 29 last and arrived at the conclusion that there was no reason for the Municipal Council to build a stone drain.

Q.—(4) Will the Chairman be pleased to state what action has been taken regarding the petition from Mr. D. D. Jayasooriya and several others praying for facilities for waste water baths at the Power Station as had been provided sometime ago? A.—On a petition presented by Mr. Soysa at the meeting of Council held on February 16 last an estimate has been prepared for the erection of 2 bathing places and 2 shelters for males and females at the rear of premises No. 27, Peradeniya road. A small extent of private land is required and the Chief Revenue Inspector has been asked to ascertain whether the owner will give the land free. The papers will be placed before the Works Committee in due course.

5A. Pursuant to notice, Mr. Ismail asked the following questions to which the Chairman replied:—

Q.—(1) (a) How many consumers of electrical energy there are in the Municipality whose supplies are regulated by meter? A.—1,142.

Q.—(b) What amount is recovered per month as meter rent? A.—Rs. 1,100.

Q.—(c) Whether the meters are cleaned and oiled, and if so, how often? A.—Yes, as the necessity arises. 101 meters were repaired, cleaned or oiled during 1934.

Q.—(d) Whether the services at (c) are rendered free; if not, what amount accrues to the Council annually from this service? A.—Service is rendered free in consideration of the meter rent paid.

Q.—(2) In view of the fact that meter rent now forms a perpetual charge on the consumer and he pays the cost of the meter over and over again as meter rent, will the Chairman kindly state if it is possible to relieve future applicants for electrical connections of this unreasonable charge by including the entire value of the meter to be supplied in the original estimate of cost of installation. A.—The present conditions of Electricity Supply and the proposed by laws for regulating supply recognize the meter to be the Council's property and provide for penalties for interference with the meter by any consumer. The meter being the most important factor in recording consumption it is essential that the ownership and control should remain in the hands of the Council, and I do not recommend a change in the present system. The charge of Re. 1 as meter rent is not unreasonable when all charges incidental to upkeep and reading of meters are taken into account and it is amply justified in the absence of a minimum charge as a condition of supply. I am informed that the charge of Re. 1 is in force in all the other large towns in Ceylon.

5B. Pursuant to notice Mr. Abhayanayake was to move—

“That in view of the fact that the Municipal Engineer, Mr. J. S. Garment, has been found wanting in the preparation of proper and suitable estimates at the correct stage for the construction of a desirable type of Sports Pavilion for Kandy on the Bogambara Grounds, and that he has thereby committed this Council to an unexpectedly large and unintended expenditure, this Council do censure him and take necessary action to deal with him suitably.”

Chairman rules the motion out of order on the ground that resolution No. 10 (6) of the recommendations of the Standing Committees passed at the meeting of Council held on March 23, 1935, was the same in substance as the motion now proposed and that under by law 19A a period of six months should elapse from the date of the previous resolution before it could be moved.

5c. Pursuant to notice Mr. de Silva moved:—

“That tenders be called for works connected with the Mahaweliganga Pumping Scheme, other than those entrusted to the present contractor.”

Mr. Wijayatilake seconded.

The Council agreed to tenders being invited subject to (1) only two additional wells being constructed instead of three provided in the scheme, and (2) tenders being accepted only after the Director of Public Works has been satisfied as to the construction and yield of the three wells now under construction.

6. To consider representations made by the traders at the Market Fair and to decide on the Market Area to be allowed for the fair.

Resolved to authorize occupation of the area allowed in 1934 in lieu of the area referred to in the tender notice dated November 17, 1934, until December 31, 1935.

7. To obtain sanction to allow current for power purposes to Iceland on the same terms as to Messrs. Miller & Co., Ltd., viz.:—

Day load at 12 cents per unit and Night load at 20 cents per unit.

Resolved that the proposed rates be sanctioned provided the consumption exceeds 1,500 units per mensem.

7A. Application from Mr. M. James Fernando for licence to run a Restaurant in premises Nos. 33 and 34, Trincomalee street, Kandy, referred to the Council by the Government Agent, Central Province, for views of the Council, as constituting the Excise Advisory Committee for the Municipal area.

Resolved unanimously to refuse the application.

7B. At this stage Ratwatte Adigar drew the attention of the Chairman to the unsatisfactory condition of the Bogambara Grounds for playing rugger, owing to the recent drainage work.

The Municipal Engineer, who was called up before the meeting, agreed to attend to the matter.

“ That this Council do exempt the ratepayers of Pata Hewahetta Talwatte from the new conservancy tax of 2½ per cent. imposed on them regardless of the facts that it is a village area annexed to the Municipality not long ago, and that not a single house in this particular area is conserved by this Council at present.”—Recommended unanimously that all the area south-west of Malabar street and a width of 4 chains north-east of Malabar street in Hewahetta Talwatte be subject to conservancy rate, and the remaining area of Hewahetta Talwatte to the north-east be exempted.
