(4) If at any time before the thirty-first day of December in any year any registered vendor is discharged from service or a new vendor is engaged, it shall be the duty of the licensee, as the case may be, to return the registration card of the discharged vendor to the Government Agent for cancellation, or to cause the new vendor to be registered and obtain a registration card for him in the manner hereinbefore prescribed.

shall be guilty of an offence punishable with a fine not exceeding twenty-five rupees or with simple imprisonment for a period not exceeding one month or with both such fine and imprisonment.

**15** In this Ordinance, unless the context otherwise requires—

Interpretation.

- “Article” when used with reference to a bakery means any kind of bread, biscuit, confectionery, or other similar food, and, when used with reference to an aerated water factory, means any kind of drink impregnated with carbon dioxide or oxygen, or both, under pressure;
- “Government Agent” means the Government Agent of the Province, in which any premises licensed or to be licensed under the provisions of this Ordinance, are situated, and includes an Assistant Government Agent acting within his District;
- “licensed premises” means any bakery or aerated-water factory licensed under the provisions of this Ordinance;
- “licensee” means the proprietor of a bakery or aerated-water factory licensed under the provisions of this Ordinance, and includes any person, by whatever name called, having the management and control of any licensed premises in the absence of the proprietor or for or on behalf of the proprietor;

No. 18 of 1892.

“premises” means the building or buildings in which the ordinary business of a bakery or aerated-water factory is carried on and the land appertaining thereto, and includes also every building or structure used by the proprietor of that bakery or aerated-water factory for carrying out any work preliminary to, or for storing the materials necessary for, the preparation or manufacture of an article;

“urban area” means the area within the administrative limits of any Municipal Council, Local Board or Urban District Council, or of any town brought under the operation of the Small Towns Sanitary Ordinance, 1892;

“vendor” means any person, whether paid or unpaid, employed by a licensee to carry or to deliver any article prepared in the licensed premises for sale or distribution within an urban area.

*Objects and Reasons.*

The existence in many parts of the Island of bakeries and aerated water factories, which, although they are themselves situated outside the administrative limits of neighbouring local authorities, habitually sell or supply their products for sale within those limits, defeats to some extent the purposes of public health for which the local authorities enforce by-laws or regulations in respect of such establishments. As no method adopted by the local authorities themselves can adequately deal with the entire problem, it is proposed in this Bill to make it obligatory for such establishments to obtain licences from the Government Agents and to comply with such directions as may be given in the interests of the public health by the Department of Medical and Sanitary Services.

2. Clause 3 lays down only one condition for the issue of a licence, and that is that the establishment should in the matter of buildings, equipment, and machinery, be in conformity with the by-laws or regulations of the local authority or authorities within whose administrative limits the products are to be sold. The licence is to be annual, and though a definite fee is prescribed in Clause 5, power is at the same time reserved to the Governor to fix more appropriate fees, whether for the whole Island or for specified areas.

3. While a licence is in force, each licensee is to comply with the regulations or by-laws enforced by the local authority with regard to the maintenance and conduct of similar establishments within its administrative area (Clause 6), and also to carry out such further directions as may be given by a Medical Officer of Health or in special cases by the Director of Medical and Sanitary Services (Clauses 8 and 9).

4. To make the system of control as complete as possible, it is also proposed that there should be compulsory registration of the employees taking part in the distribution of the products and that sale or transportation by an unregistered employee should be prohibited. The registration is to be renewed annually; but as it is to be free of charge, no hardship is likely to be caused by this requirement (Clause 10).

5. Clauses 11 to 14 set out the penalties proposed for the various offences, and Clause 15 contains the usual interpretation of terms.

The Ministry of Health,  
Colombo, August 1, 1935.

T. B. PANABOKKE,  
Minister for Health.

Provided that the power and authority conferred on the Board to sell, transfer, lease, mortgage or otherwise dispose of property both movable and immovable shall not in any case be exercised by the Board without the prior approval of the State Council except in the case of such matters or class of matters in respect of which the State Council may by resolution authorise the Board generally to exercise such power and authority without special application for the approval of the Council.

12 All movable and immovable property in the possession or under the control of the Department at the date on which this Ordinance comes into operation shall from that date be vested in the Board for the purposes of this Ordinance.

Vesting of property in the Board.

13 (1) The Board shall, on or before the thirty-first day of March in each year, present to the Executive Committee for submission to the Board of Ministers the annual budget of the Board containing—

Estimates and expenditure of the Board.

- (a) estimates of anticipated revenue and expenditure of the Board for the period of twelve months commencing on the first day of October of the year in which the estimates are so presented and ending on the thirtieth day of September of the year next succeeding that year ;
- (b) a report on the administration of the electrical undertakings of the Board with audited accounts and statistics together with proposals for the disposal or disbursement of the net profits or surplus funds at the disposal of the Board.

(2) The Board of Ministers may, through the Executive Committee, return the budget to the Board for revision or amendment and may indicate to the Board the nature of the revision or amendment desired by the Board of Ministers.

(3) If the Board refuses or fails to revise or amend the budget in the manner desired by the Board of Ministers, the Board of Ministers may recommend to the Governor the removal of the Chairman and the other members of the Board from office, and the Governor shall give effect to the recommendation of the Board of Ministers :

Provided that in the interval, if any, between the removal from office of the Chairman, and members of the Board and the appointment of another Chairman and other members in the place of those so removed, the duties and powers of the Chairman and of the other members of the Board shall be performed and exercised by the Head of the Department under the general direction and control of the Executive Committee.

(4) The budget of the Board shall be submitted by the Board of Ministers to the State Council for approval ; but the Board of Ministers shall not be bound to submit for the approval of the State Council any budget which, when returned for revision or amendment under sub-section (2), has not been revised or amended in the manner desired by the Board of Ministers.

(5) It shall not be lawful for the Board to incur any expenditure or to expend any money on any matter or proposal contained in any budget of the Board until that budget has been approved by the State Council.

(6) It shall be lawful for the Board from time to time as occasion may demand or circumstances may require to present to the Executive Committee for submission to the Board of

Ministers applications for supplementary financial provision or proposals relating to the expenditure of the Board or to the disposal or disbursement of its profits or surplus funds and the provisions of sub-sections (2), (3), (4) and (5) shall apply accordingly as though such applications or proposals were contained in the annual budget of the Board.

(7) During the period commencing on the date on which this Ordinance shall come into operation and ending on the thirtieth day of September next succeeding that date, such expenditure as the Department may be authorised to incur for any purpose by the annual appropriation or other written law shall be deemed to be expenditure which the Board is authorised to incur for that purpose under this Ordinance :

Provided that nothing herein contained shall preclude the Board from obtaining in the manner hereinbefore provided such supplementary or other financial provision as the Board may require for the period mentioned in this sub-section.

Finance provisions.

14 (1) All charges made by the Board for electricity sold by bulk or direct to consumers, and for services rendered by the Board, shall be fixed at such rates and on such scales that the revenue derived in any year by the Board from such sales and services, together with their revenue (if any) in such year from other sources, will be sufficient and only sufficient, as nearly as may be, to pay all salaries, working expenses and other outgoings of the Board properly chargeable to income in that year, including the payments falling to be made in such year by the Board in respect of the interest on, or repayment of, the principal of any money borrowed by the Board, and such sums as the Board may think proper to set aside in such year for reserve fund, extensions, renewals and like purposes.

The charges under this section may, if the Board think fit, be fixed at different rates and scales for different localities, but so that no undue preference shall be given to any locality.

(2) To meet the cost of the administration of the Electricity Ordinance, 1906, in the area supplied by a licensed undertaking, and the cost of any periodical report or inspection which the Board may deem necessary, every licensed undertaking which generates its own supplies of electricity and does not take bulk supplies of power from the supply system of the Board shall contribute to the Board an annual sum payable half-yearly at a rate not exceeding ten rupees for every thousand units generated per annum by that licensed undertaking. The receipt of such contributions shall not, however, preclude the Board from charging fees in respect of professional services rendered at the request of any licensed undertaking.

(3) All revenue derived from any property vested in the Board or realised by the generation, sale or distribution of electrical energy shall be credited to the funds of the Board.

Advances from public funds.

15 (1) Where in accordance with the terms of any vote or resolution of the State Council any moneys have been advanced to the Board out of the loan funds or other funds of the Island for the purpose of providing loan capital for the Board, the official receipt of the Board for such moneys shall, without the execution of any further document or deed of hypothecation, establish a first charge on all the assets and property of the Board for securing the repayment of the amount of the moneys so advanced and of the interest chargeable thereon ; and such charge shall continue to be operative and of full force and effect until such amount and the interest due thereon have been duly repaid by the Board :

Provided that nothing herein contained shall preclude the Board from borrowing money from any person on the security of its assets or property or from executing a deed hypothecating any such assets or property for securing the repayment of any moneys advanced to the Board by the Government.

(2) Any deed whereby the Board hypothecates any of its assets or property to the Government shall be exempt from stamp duty.

Accounts and audit.

16 (1) The Board shall cause proper accounts and books in relation thereto to be kept, and shall prepare an annual statement of commercialised accounts in such form and containing such particulars as may be prescribed by the Governor on the advice of the Financial Secretary.

(2) The accounts of the Board shall be audited by the Auditor-General.

17 In this Ordinance, unless the context otherwise requires— Interpretation.

“ Board ” means the Electricity Board of Ceylon established by this Ordinance ;

“ Department ” means the Department of Government Electrical Undertakings ;

“ Executive Committee ” means the Executive Committee of Communications and Works ;

“ licensed undertakings ” means a Municipal Council, District Council, Local Board or other person licensed under the Electricity Ordinance, 1906, to supply electrical energy to the public or for the purpose of electric traction or to lay down electric supply lines for the conveyance and transmission of electrical energy.

#### *Objects and Reasons.*

The object of this Bill, which is modelled on the relevant provisions of the Electricity Supply Act, 1926, is to establish an Electricity Board which will be responsible for the administration of the Electricity Ordinance, 1906, and for the control of the Government Department of Electrical Undertakings.

The Board will be empowered generally to take such measures as may be necessary for the promotion, improvement, and development of the generation, transmission, distribution and sale of electricity in the Island and will, in particular, be authorised to undertake the construction of the Aberdeen-Laxapana Hydro-Electric Works. The Board will be permitted to acquire and hold property both movable and immovable, but no sale or disposal of any property of the Board can be effected without the prior approval of the State Council except in cases where such approval is granted generally by resolution of the Council. The object of this restriction on the right of the Board to dispose of its property is to prevent the alienation of major electrical schemes or undertakings without previous reference to the Council. The general resolution of the Council will cover cases in which the power to dispose of property is necessary for administrative purposes.

2. The Board will be a corporation consisting of a Chairman nominated and appointed by the Governor, the Financial Secretary, and three others appointed by the Governor on the nomination of the Executive Committee of Communications and Works. No member of the State Council will be eligible for nomination as a member of the Board (Clause 9). In this respect the Bill follows the corresponding provisions of the Electricity Supply Acts of Great Britain and of Northern Ireland.

3. The budget of the Board will be presented annually to the Executive Committee for submission to the Board of Ministers. The Board of Ministers can return the budget to the Board for revision or amendment and a refusal or failure on the part of the Board to revise or amend the budget in the manner desired by the Board of Ministers can be penalized by the dissolution of the Board. The Board of Ministers has to submit the budget to the State Council for approval and the Board is not authorised to expend any money on any proposals contained in the budget until that budget has been approved by the State Council.

4. Clause 15 provides for the creation of a first charge on the assets of the Board in favour of the Crown in order to secure the repayment of advances made to the Board from public funds in pursuance of a vote or resolution introduced in the State Council in the ordinary way with the approval of the Board of Ministers.
