Procedure.

10 Save as otherwise provided in these regulations the procedure to be followed by Commissioners in the disposal of cases under the Ordinance or these regulations and by the parties in such cases shall be regulated in accordance with the regulations contained in this Part.

Introductory.

11 (1) Any application of the nature referred to in section 34 may be sent to the Commissioner by registered post or may be presented to him or to any of his subordinates authorized by him in that behalf and, if so sent or presented, shall unless the Commissioner otherwise directs, be in duplicate substantially in Form A or Form B as the case may be.

Applications.

(2) There shall be appended to every such application a certificate, to the effect that the statement of facts contained in the application is to the best of the applicant's knowledge and belief accurate.

(3) The application and the certificate shall be subscribed with the signature or mark of the applicant and accompanied by the fee prescribed in these regulations.

- Examination of applicant.** **12** (1) On receiving such application, the Commissioner may examine the applicant on oath, or may send the application to any other Commissioner for report or for disposal.
(2) The substance of any examination made under paragraph (1) shall be recorded in the manner provided for the recording of evidence in section 37.
- Summary dismissal of application.** **13** The Commissioner may, after considering the application and the result of any examination of the applicant under regulation 12 summarily dismiss the application, if, for reasons to be recorded, he is of opinion that there are no sufficient grounds for proceeding thereon.
- Preliminary inquiry into application.** **14** If the application is not dismissed under regulation 13 the Commissioner may, for reasons to be recorded, call upon the applicant to produce evidence in support of the application before calling upon any other party, and if upon considering such evidence the Commissioner is of opinion that there is no case for the relief claimed, he may dismiss the application with a brief statement of his reasons for so doing.
- Notice to respondent.** **15** If the Commissioner does not dismiss the application under regulation 13 or regulation 14 he shall send to the party from whom the applicant claims relief (hereinafter referred to as the respondent) a copy of the application, together with a notice of the date on which he will dispose of the application, and may call upon the parties to produce upon that date any evidence which they may wish to tender.
- Appearance and examination of respondent.** **16** (1) The respondent may, and if so required by the Commissioner, shall, at or before the first hearing or within such time as the Commissioner may permit, file a written statement dealing with the claim raised in the application, and any such written statement shall form part of the record.
(2) If the respondent contests the claim, the Commissioner may, and, if no written statement has been filed, shall proceed to examine him upon the claim, and shall reduce the result of the examination to writing.
- Framing of issues.** **17** (1) After considering any written statement and the result of any examination of the parties, the Commissioner shall ascertain upon what material propositions of fact or of law the parties are at variance, and shall thereupon proceed to frame and record the issues upon which the right decision of the case appears to him to depend.
(2) In recording the issues, the Commissioner shall distinguish between those issues which in his opinion concern points of fact and those which concern points of law.
- Power to postpone trial of issues of fact where issues of law arise.** **18** When issues both of law and of fact arise in the same case and the Commissioner is of opinion that the case may be disposed of on the issues of law only, he may try those issues first, and for that purpose may, if he thinks fit, postpone the settlement of the issues of fact until after the issues of law have been determined.
- Journal.** **19** The Commissioner shall maintain under his hand a brief journal of the proceedings on an application.
- Reasons for postponement to be recorded.** **20** If the Commissioner finds it impossible to dispose of an application at one hearing he shall record the reasons which necessitate a postponement.
- Judgment.** **21** (1) The Commissioner, in passing orders, shall record concisely in a judgment his finding on each of the issues framed and his reasons for such finding.

(2) The Commissioner, at the time of signing and dating his judgment, shall pronounce his decision, and thereafter no addition or alteration shall be made to the judgment other than the correction of a clerical or arithmetical mistake arising from any accidental slip or omission.

22 If an application together with the prescribed fee is presented by any party to the proceedings for the citation of witnesses, the Commissioner shall issue summonses for the appearance of such witnesses unless he considers that their appearance is not necessary for the just decision of the case : Provided that the Commissioner may refuse to issue summons if the party applying for summons fails to deposit, before the issue thereof of an amount sufficient to cover the payment of a fee of Rs. 10·50 for every expert witness for every day that he is summoned to give evidence, and the payment of batta and travelling expenses to every witness for his attendance, according to the scale of batta and expenses payable to witnesses summoned by the Crown in District Court criminal cases.

Summoning of witnesses.

23 If the Commissioner is satisfied that the applicant is unable, by reason of poverty, to pay the prescribed fees, he may remit any or all of such fees. If the case is decided in favour of the applicant, the fees which, had they not been remitted, would have been due from him may be added to the costs of the case and recovered in such manner as the Commissioner in his order regarding costs may direct.

Exemption from payment of costs.

24 A Commissioner before whom any proceeding relating to an injury by accident is pending may at any time enter the place where the workman was injured, or where the workman ordinarily performed his work, for the purpose of making a local inspection or of examining any persons likely to be able to give information relevant to the proceedings :

Right of entry for local inspection.

Provided that the Commissioner shall not enter any premises of any industrial establishment except during the ordinary working hours of that establishment, save with the permission of the employer or of some person directly responsible to him for the management of the establishment.

25 (1) If the Commissioner proposes to conduct a local inspection with a view to examining on the spot the circumstances in which an accident took place, he shall give the parties or their representatives notice of his intention to conduct such inspection, unless in his opinion the urgency of the case renders the giving of such notice impracticable.

Procedure in connection with local inspection.

(2) Such notice may be given orally or in writing to the parties or their representatives and, in the case of an employer, may be given in the manner prescribed by section 17.

(3) The parties concerned, or their representative may be present at any local inspection held by the Commissioner.

(4) The Commissioner, after making a local inspection, shall note briefly in a memorandum any facts observed, and shall show the memorandum to any of the parties concerned who may desire to see the same, and, on payment of a fee of 50 cents shall supply such party with a copy thereof.

(5) The memorandum shall form part of the record.

Power of summary examination.

26 (1) The Commissioner during a local inspection or at any other time, save at a formal hearing of a case pending before him, may examine summarily any person likely to be able to give information relative to such case, whether such person has been or is to be called as a witness in the case or not, and whether any or all of the parties are present or not.

(2) No oath shall be administered to a person examined under paragraph (1).

(3) A statement made by any person examined under paragraph (1), if reduced to writing, need not be signed by that person nor shall any such statement, except as herein-after provided, be incorporated in the record or utilised by the Commissioner for the purpose of arriving at a decision in the case.

(4) If a witness who has been examined under paragraph (1) makes in evidence any material statement contradicting any statement made by him in such examination and reduced to writing, the Commissioner may call his attention to such statement, and shall in that case direct that the parties be furnished with the relevant part of such statement for the purpose of examining or cross-examining the witness.

(5) Any statement or part of a statement which is furnished to the parties under paragraph (4) shall be incorporated in the record.

(6) Where a case is settled by agreement between the parties, the Commissioner may incorporate in the record any statement made under paragraph (1), and may utilise such statement for the purpose of justifying his acceptance of, or refusal to accept, the agreement reached.

Agreement to abide by Commissioner's decision.

27 (1) If a party states in writing his willingness to abide by the decision of the Commissioner, the Commissioner shall inquire whether the other party is willing to abide by his decision.

(2) If the other party agrees to abide by the Commissioner's decision the fact of his agreement shall be recorded in writing and signed by him.

(3) If the other party does not agree to abide by the Commissioner's decision, the first party shall not remain under an obligation so to abide.

Procedure where indemnity claimed under section 22 (2).

28 (1) Where the respondent claims that if compensation is recovered against him he will be entitled under sub-section (2) of section 22 to be indemnified by some other person not a party to the case, he shall, when first called upon to answer the application present a notice of such claim to the Commissioner with the prescribed fee and the Commissioner shall thereupon cause a notice substantially in Form C, to be served on that other person.

(2) If any person served with a notice under paragraph (1) desires to contest the applicant's claim for compensation or the respondent's claim to be indemnified, he shall appear before the Commissioner on the date fixed for the hearing of the case in the notice in form C or on any date to which the case may be adjourned and, if he so appears, shall have all the rights of a party to the proceedings; in default of so appearing he shall be deemed to admit the validity of any award made against the respondent and to admit his own liability to indemnify the respondent for any compensation recovered from him :

Provided that, if any person so served appears subsequently and satisfies the Commissioner that he was prevented by any sufficient cause from appearing, the Commissioner shall, after giving notice to the aforesaid respondent hear such person, and may set aside or vary any award made against such person under this regulation upon such terms as may be just.

15891

(3) If any person served with a notice under paragraph (1) whether or not he desires to contest the applicant's claim for compensation or the respondent's claim to be indemnified, claims that being a contractor he is himself a principal and is entitled to be indemnified by any other person standing to him in the relation of a contractor from whom the workman could have recovered compensation, he shall on or before the date fixed in the notice under paragraph (1) present a notice of such claim to the Commissioner together with the prescribed fee and the Commissioner shall thereupon cause a notice, substantially in Form D, to be served upon that other person.

(4) If any person served with a notice under paragraph (3) desires to contest the applicant's claim for compensation, or the claim under paragraph (3) to be indemnified he shall appear before the Commissioner on the date fixed in the notice in Form D or on any date to which the case may be adjourned and, if he so appears, shall have all the rights of a party to the proceedings ; in default of so appearing he shall be deemed to admit the validity of any award made against the respondent or the person served with a notice under paragraph (1) and to admit his own liability to indemnify the party against whom such award is made for any compensation recovered from him : Provided that, if any person so served appears subsequently and satisfies the Commissioner that he was prevented by any sufficient cause from appearing, the Commissioner shall, after giving notice to all parties on the record, hear such person, and may set aside or vary any award made against such person under this regulation upon such terms as may be just.

(5) In any proceeding in which a notice has been served on any person under paragraph (1) or paragraph (3) the Commissioner shall, if he awards compensation, record in his judgment a finding in respect of each of such persons whether he is or is not liable to indemnify any of the parties, and shall specify the party, if any, whom he is liable to indemnify.

Procedure in connected cases.

29 (1) Where two or more cases pending before the Commissioner arise out of the same accident, and any issue involved is common to two or more such cases, such cases may, so far as the evidence bearing on such issue is concerned, be heard simultaneously.

(2) Where action is taken under paragraph (1), the evidence bearing on the common issue or issues shall be recorded on the record of one case, and the Commissioner shall certify under his hand on the record of any such other case the extent to which the evidence so recorded applies to such other case, and the fact that the parties to such other case had the opportunity of being present, and, if they were present of cross-examining the witnesses.

30 Save as otherwise expressly provided in the Ordinance or these regulations, the following provisions of the Civil Procedure Code, 1889 namely, those contained in Chapters VII, VIII, IX, XII, XVI, XVII, XVIII, and XXVI thereof, shall apply to proceedings before the Commissioner, in so far as they may be applicable thereto :

The Commissioner shall form an estimate of the probable duration of the disablement, and shall award a sum equivalent to the total of the half-monthly payments which would be payable for the period during which he estimates that the disablement will continue less one-half per cent. of that total for each month comprised in that period.

Provided that fractions of a rupee included in the sum so computed shall be disregarded.

(2) When, in any case to which paragraph (1) applies, the Commissioner is unable to form an approximate estimate of the probable duration of the disablement, he may from time to time postpone a decision on the application for a period not exceeding two months at any one time.

ARTICLE 1.

When a motor vehicle registered in the territories of one of the High Contracting Parties circulates temporarily in the territories of another, it shall, under the conditions laid down in the following articles, be exempted from the taxes or charges levied on the circulation or possession of motor vehicles in the territories of that High Contracting Party or in any part of those territories. This exemption shall not include taxes or charges on consumption.

The present Convention shall not, however, apply to vehicles used for the public carriage of passengers for hire or reward, or for the conveyance of goods.

ARTICLE 2.

The exemption provided by Article 1 shall be granted in the territories of each High Contracting Party for one or more periods of stay totalling in all ninety days passed in those territories within a period of one year. This latter period shall be reckoned from the day of the issue of the fiscal permit provided for in Article 3 to the corresponding day in the following year.

In calculating the period of exemption, each day shall be reckoned from midnight to midnight, every fraction of a day counting as a whole day. The day of exit shall, however, not be counted when the day of entry and the day of exit are separated by a period of more than one day.

In calculating the taxes and charges payable for the part of the stay which is in excess of the period of exemption, treatment shall be accorded not less favourable than that granted to vehicles registered in the territories in which the charges and taxes are levied.

ARTICLE 3.

In order to claim the benefit of the exemptions provided in the preceding articles, the vehicle must be furnished with a fiscal permit drawn up in the form set out in the Annex to the present Convention and issued by the competent authority of the territory of registration or by some organization designated for the purpose by that authority.

The permit shall be presented for endorsement at the frontier Customs offices on arrival in and departure from the territories of the High Contracting Party concerned.

ARTICLE 4.

When a vehicle which has entered the territories of one of the High Contracting Parties under cover of a fiscal permit leaves those territories without an exit visa having been stamped on the permit and without its being possible to establish the date of exit, that permit may be treated in those territories as having no further validity.

ARTICLE 5.

The fiscal permit shall be valid for one year from the date of its issue. Should the vehicle to which the permit relates pass into the hands of a new proprietor or possessor, or should the registration number be changed, the necessary modifications shall be made in the permit by the competent authority or by some organization designated for the purpose by that authority.

No new permit may be issued for the same vehicle before the expiration of the period of validity indicated above, except in the event of the vehicle's becoming registered in the territories of another High Contracting Party. No duplicate copy of the permit may in any event be issued.

ARTICLE 6.

As regards tolls or other similar charges payable on the spot, the vehicles referred to in the first paragraph of Article 1 shall be treated not less favourably than vehicles registered in the territories in which the tolls or charges are levied.

ARTICLE 7.

Should a dispute arise between any two or more High Contracting Parties concerning the interpretation or application of the provisions of the present Convention, and should such dispute not be settled directly between the Parties, it may be submitted to the Advisory and Technical Committee for Communications and Transit of the League of Nations for an advisory opinion.

ARTICLE 8.

Any High Contracting Party may, at the time of signature, ratification or accession, declare that, in accepting the present Convention, he does not assume any obligations

in respect of all or any of his colonies, protectorates and overseas territories, or territories under suzerainty or mandate; and the present Convention shall not apply to any territories named in such declaration.

Any High Contracting Party may give notice to the Secretary-General of the League of Nations at any time subsequently that he desires that the Convention shall apply to all or any of the territories which have been made the subject of a declaration under the preceding paragraph, and the Convention shall apply to all the territories named in such notice six months after its receipt by the Secretary-General.

Any High Contracting Party may, at any time after the expiration of the period of two years mentioned in Article 17, declare that he desires that the present Convention shall cease to apply to all or any of his colonies, protectorates and overseas territories or territories under suzerainty or mandate, and the Convention shall cease to apply to the territories named in such declaration one year after its receipt by the Secretary-General.

The Secretary-General shall communicate to all the Members of the League of Nations and non-member States mentioned in Article 10 all declarations and notices received in virtue of this article.

ARTICLE 9.

The interpretations and reservations set out in the Protocol-Annex attached hereto shall be adopted and shall have the same force, effect and duration as the present Convention.

ARTICLE 10.

The present Convention, of which the French and English texts are both authentic, shall bear this day's date.

Until the 30th September, 1931, it may be signed on behalf of any Member of the League of Nations or non-member State represented at the Conference which drew up this Convention or to which the Council of the League of Nations shall have communicated a copy of the Convention for this purpose.

ARTICLE 11.

The present Convention shall be ratified.⁽¹⁾

The instruments of ratification shall be deposited with the Secretary-General of the League of Nations, who shall notify their receipt to all the Members of the League of Nations and non-member States referred to in Article 10.

ARTICLE 12.

As from the 1st October, 1931, the present Convention may be acceded to on behalf of any Member of the League of Nations or non-member State referred to in Article 10.⁽¹⁾

The instruments of accession shall be transmitted to the Secretary-General of the League of Nations, who shall notify their receipt to all the Members of the League and non-member States referred to in that article.

ARTICLE 13.

Each High Contracting Party may render his ratification or accession conditional on the ratification or accession of any one or more Members of the League of Nations or non-member States named in the instrument of ratification or accession.

ARTICLE 14.

The present Convention shall come into force six months after the receipt by the Secretary-General of the League of Nations of ratifications or accessions on behalf of five Members of the League of Nations or non-member States. No ratification or accession to which any conditions are attached in accordance with the preceding article shall count for this purpose until those conditions are fulfilled.⁽²⁾

ARTICLE 15.

Each ratification or accession received after the entry into force of the Convention shall take effect six months after its receipt by the Secretary-General of the League of Nations or six months after the fulfilment of the conditions attached to it in accordance with Article 13, as the case may be.

ARTICLE 16.

Revision of the present Convention may be requested by not less than three High Contracting Parties at any moment after it has been in force for a period of two years.

The request mentioned in the preceding paragraph shall be addressed to the Secretary-General of the League of Nations, who will notify the other High Contracting Parties and inform the Council of the League of Nations of the request made.

(1) For list of ratifications and accessions, see page 984.

(2) The Convention enters into force on May 9, 1933.

ARTICLE 17.

After the expiration of two years from the date of its entry into force, the present Convention may be denounced by any High Contracting Party.

Denunciation shall be effected by a notification in writing addressed to the Secretary-General of the League of Nations, who shall inform all the Members of the League of Nations and non-member States referred to in Article 10 of the denunciation made.

The denunciation shall take effect one year after the date of its receipt by the Secretary-General and shall operate only in respect of the Member of the League or non-member State on whose behalf it has been made.

If, as the result of simultaneous or successive denunciations, the number of the Members of the League or non-member States which are bound by the provisions of the present Convention is reduced to less than five, the Convention shall cease to be in force.

In faith whereof, the above-mentioned Plenipotentiaries have signed the present Convention.

Done at Geneva, the thirtieth day of March, nineteen hundred and thirty-one, in a single copy, which shall remain deposited in the archives of the Secretariat of the League of Nations, and certified true copies of which shall be delivered to all the Members of the League and non-member States referred to in Article 10.

An improved process of water-proofing with rubber latex cloth paper, canvas, and other woven fabrics.

Abstract.—The invention consists in a description of further uses from the solar vulcanised or pre-vulcanised rubber latex processes described in Patents Nos. 2,669, 2,686, and 2,704.

The process consists in dipping the material to be water proofed in a preparation of rubber latex, a vulcanised mixture, a vulcanisation accelerator, an activator and a small proportion of protective agent. A small proportion of water soluble glyphthal resin may also be added. The material is then pressed and passed through a box in which steam or hot water circulates.

The pre-vulcanised latex may also be sprayed on to the material.
