The undersigned, being duly authorised, declare that they accept, on behalf of the countries which they represent, the following provisions:—

1. Each of the Contracting States recognises the validity of an agreement whether relating to existing or future differences between parties, subject respectively to the jurisdiction of different Contracting States by which the parties to a contract agree to submit to arbitration all or any differences that may arise in connection with such contract relating to commercial matters or to any other matter capable of settlement by arbitration, whether or not the arbitration is to take place in a country to whose jurisdiction none of the parties is subject.

Each Contracting State reserves the right to limit the obligation mentioned above to contracts which are considered as commercial under its national law. Any Contracting State which avails itself of this right will notify the Secretary-General of the League of Nations, in order that the other Contracting States may be so informed.

2. The arbitral procedure, including the constitution of the arbitral tribunal, shall be governed by the will of the parties and by the law of the country in whose territory the arbitration takes place.

The Contracting States agree to facilitate all steps in the procedure which require to be taken in their own territories, in accordance with the provisions of their law governing arbitral procedure applicable to existing differences.

3. Each Contracting State undertakes to ensure the execution by its authorities and in accordance with the provisions of its national laws of arbitral awards made in its own territory under the preceding articles.

4. The tribunals of the Contracting Parties, on being seized of a dispute regarding a contract made between persons to whom Article 1 applies and including an arbitration agreement whether referring to present or future differences which is valid in virtue of the said article and capable of being carried into effect, shall refer the parties on the application of either of them to the decision of the arbitrators.

Such reference shall not prejudice the competence of the judicial tribunals in case the agreement or the arbitration cannot proceed or become inoperative.

5. The present Protocol, which shall remain open for signature by all States, shall be ratified. The ratifications shall be deposited as soon as possible with the Secretary-General of the League of Nations, who shall notify such deposit to all the signatory States.

6. The present Protocol shall come into force as soon as two ratifications have been deposited. Thereafter it will take effect, in the case of each Contracting State, one month after the notification by the Secretary-General of the deposit of its ratification.

7. The present Protocol may be denounced by any Contracting State on giving one year's notice. Denunciation shall be effected by a notification addressed to the Secretary-General of the League, who will immediately transmit copies of such notification to all the other signatory States and inform them of the date of which it was received. The denunciation shall take effect one year after the date on which it was notified to the Secretary-General, and shall operate only in respect of the notifying State.

8. The Contracting States may declare that their acceptance of the present Protocol does not include any or all of the under-mentioned territories: that is to say, their colonies, overseas possessions or territories, protectorates or the territories over which they exercise a mandate.

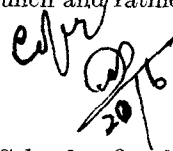

The said States may subsequently adhere separately on behalf of any territory thus excluded. The Secretary-General of the League of Nations shall be informed as soon as possible of such adhesions. He shall notify such adhesions to all signatory States. They will take effect one month after the notification by the Secretary-General to all signatory States.

The Contracting States may also denounce the Protocol separately on behalf of any of the territories referred to above. Article 7 applies to such denunciation.

PART I.

2. (1) It shall be the duty of a Vaddai Vidanai—

- (a) to reside during the cultivation season within 3 miles of his Vaddai, and in the event of his absenting himself during such season or at any time when his services are required, to make special arrangements for the discharge of his duties to the satisfaction of the Irrigation Superintendent or Cultivation Officer;

- (b) to supervise all paddy cultivation within his Vaddai under the control, and in accordance with the instructions of, the Irrigation Superintendent or Cultivation Officer;

- (e) to enforce these rules within his Vaddai and to give information of any breach thereof to the Irrigation Superintendent or Cultivation Officer.

(2) It shall be the duty of every Vaddai Kavalan to assist the Vaddai Vidanai in the performance of the aforesaid duties generally, and to carry out any specific orders given by the Vaddai Vidanai in any matter connected with such duties.

3. No Vaddai Vidanai during his term of office shall hold any other appointment without the sanction of the Assistant Government Agent.

4. No Vaddai Vidanai or Vaddai Kavalan shall hold office for a longer period than three years from the date of his election or appointment, but nothing in this rule shall be deemed to prohibit the re-election or reappointment of any such officer, if he is otherwise eligible for further periods of the like duration.

5. In respect of each acre of land for which dappu has been furnished there shall be paid as remuneration to the Vaddai Vidanai of the tract or area in which the land is situated six measures of paddy to be divided between the Vaddai Vidanai and his Vaddai Kavalans, if any, in such proportion as the Vaddai Vidanai may determine: Provided, however, that the Cultivation Officer may exempt from payment any land which has remained uncultivated after the furnishing of dappu.

6. Where any Vaddai Vidanai or Vaddai Kavalan has failed for any reason to attend to his duties, or where the duties have not been performed satisfactorily, the Assistant Government Agent may appoint any person to collect the remuneration payable to such officer and order it to be paid instead to any person who has acted for such Vaddai Vidanai or Vaddai Kavalan or into the Irrigation Fine Fund and devote any portion of it to meet the cost of collection.

7. Where no order under rule 6 has been made by the Assistant Government Agent, every proprietor shall hand over the remuneration due to the Vaddai Vidanai or its equivalent in money at the current market rates, within four months of the close of the harvest, and obtain a formal receipt in acknowledgment thereof.

8. (1) As the season for cultivation approaches, whether it be munmari, kala vellannai, pinmari, or other harvest a meeting of the proprietors of lands concerned shall be convened and presided over by the Assistant Government Agent or some person deputed in writing by the Assistant Government Agent for the purpose.

(2) Of the time and place fixed for the meeting by the Assistant Government Agent or person deputed by him as aforesaid, at least seven days' notice shall be given in such manner as shall appear to him best adapted for giving publicity thereto.

- (j) the exemption from cultivation duties to be allowed on applications from proprietors.

10. (1) If for any reason it is not possible to commence cultivation on the date determined under rule 9, or if the supply of water is likely to be insufficient to irrigate the whole area decided on originally, a further date, or the proportion of the tracts to be abandoned, shall be determined at a meeting of the proprietors duly convened for

the purpose : Provided that, if after due notice, no proprietors attend, or if the meeting so convened is not able to arrive at a unanimous decision as regards the area to be abandoned, the Assistant Government Agent or such officer as may be deputed by him in writing shall have power to determine the area that is to be abandoned.

(2) Each of the proprietors of the area which it was originally decided to irrigate, shall have a right to cultivate a proportionate share of the reduced area.

11. The Assistant Government Agent or officer deputed by him shall cause the decision of a meeting under rule 9 or rule 10 to be published by beat of tom-tom or by fixing written notices in conspicuous places or by other suitable means. All proprietors shall be bound by the decisions of the meeting.

12. (1) Each proprietor shall deliver to the Vaddai Vidanai not later than the day fixed therefor under rule 9 a list (dappu) of the mullaikkaran and cultivators to be employed in his field.

(2) The list shall be substantially in the form set out in the schedule to these rules, and shall be furnished on the printed forms supplied by the Assistant Government Agent, Irrigation Superintendent, or Cultivation Officer, and shall bear the signatures of the proprietor and of the mullaikkaran and cultivators of their marks made before two witnesses.

(3) All the information required by this form shall be accurately filled in, and any person supplying false information shall be guilty of an offence.

(4) From the date of the delivery of the list, the mullaikkaran and cultivators, as well as the proprietors, shall be liable for all works of cultivation, and in the event of neglect or default without sufficient reason, shall be guilty of an offence.

13. In the absence of a legal document showing that another person has been duly placed and is in actual possession of the land, the dappu shall be accepted, in every case from the person who furnished the dappu for the preceding harvest.

14. (1) In the event of any proprietor deciding not to cultivate his land for any season and giving his written consent to its being cultivated by any other proprietor or other applicant, the Vaddai Vidanai shall forthwith send information of the fact to the Irrigation Superintendent or Cultivation Officer.

(2) On receipt of such information the Irrigation Superintendent or Cultivation Officer may in his discretion either—

(a) exclude the land from the tract to be irrigated, and allow it to remain uncultivated for that season, subject to the condition that the proprietor whose land is so excluded continues to be liable to erect his share of the fence, or

(b) permit the land to be cultivated by the other proprietor nominated by the proprietor or by any other proprietor owning lands in that tract, or failing any such proprietor, by any other applicant found to possess the necessary knowledge and experience of paddy cultivation.

(3) No rent or share of produce or other dues shall be payable to the proprietor of the land by any other proprietor or applicant so permitted to cultivate it ; but every such other proprietor or applicant shall be liable to perform all irrigation duties and comply with all the requirements of these rules in the same manner as if he were the actual proprietor of that land.

(4) Any proprietor deciding not to cultivate his land and withholding his consent to the land being cultivated by any other proprietor or applicant, shall continue to be liable to perform all irrigation duties and comply with the requirements of these rules.

(5) Where any land remains uncultivated and the whereabouts of the proprietor cannot be ascertained, the Assistant Government Agent may dispense with his consent for the purposes of this rule, and permit the land to be cultivated by any other proprietor or applicant ; but the proprietor thereof shall not in that event be entitled to claim any rent or share of the produce or damages from the proprietor or applicant so cultivating it.

15. (1) Every proprietor shall be liable to contribute labour and perform the duties required by these rules for the season's cultivation, unless exempted at the meeting under rule 9.

(2) In the event of any proprietor failing to perform any work, the Irrigation Superintendent or Cultivation Officer may cause the work to be done ; and the actual cost thereof may be recovered in the manner prescribed by section 23 of the Ordinance.

16. All tanks, dams, channels, water-courses, and the like, which are not in charge of the Director of Irrigation, shall be kept in a proper state of repair, and all fields shall be levelled and field-ridges constructed, to the satisfaction of the Assistant Government Agent, by the proprietors in proportion to their respective holdings.

17. Every proprietor shall remove all trees or jungle on his land likely to occasion damage by giving cover to birds or wild animals.

18. (1) All paths between cultivated fields shall be kept open by the proprietors of such fields, according to the limits prescribed by ancient custom, and in proportion to their respective shares.

(2) Inspection-paths through cultivated fields shall also be constructed and maintained by the proprietors, if required by the Assistant Government Agent.

19. (1) When water from the irrigation work has reached any tract, the Vaddai Vidanai thereof may, subject to the control of the Irrigation Superintendent or Cultivation Officer, cut or close any dam or channel, not in charge of the Director of Irrigation, which impedes the distribution of water to the fields in such tract.

(2) It shall not be lawful for the Vaddai Vidanai at any other time to interfere with any dam or channel outside his Vaddai.

20. (1) No proprietor shall wilfully prevent water from flowing to the field below, or obstruct the flow of surplus water from the field above or in any other way interfere with the general distribution of the water within the Vaddais, or present any obstruction to the customary drainage of a field or tract.

(2) In the event of any person so doing, the Vaddai Vidanai shall proceed to the spot with witnesses and open the gaps or remove the obstruction himself.

21. No person shall issue, apportion, cut off, divert, or use, the water in any manner except in accordance with the instructions of the Vaddai Vidanai.

22. (1) The fence round the whole Vaddai shall be measured by the Vaddai Vidanai, within three days of the completion of the sowing, and the work of constructing the fence shall be apportioned among the several proprietors of the Vaddai in proportion to their holdings, irrespective of the actual position of their fields in relation to the fence.

(2) The Vaddai Vidanai shall forthwith after such apportionment send a list to the Irrigation Superintendent or Cultivation Officer showing the length of fence apportioned to each proprietor.

(3) If fresh sticks are required, the Vaddai Vidanai shall communicate with the Irrigation Superintendent or Cultivation Officer as early as possible, and obtain through him the necessary free licence to have them cut.

23. The proprietors shall finish the construction of the fence and the necessary watch huts within the time fixed at the meeting under rule 9 and keep both fence and watch huts in repair throughout the season.

24. The mullaikkaran or cultivators or watchers shall, if ordered by the Vaddai Vidanai or a Vaddai Kavalan, accompany the Vaddai Vidanai or Vaddai Kavalan with lights on his rounds at night until such time as the Irrigation Superintendent or Cultivation Officer considers this no longer necessary.

(2) No person shall be employed as watcher who is under the age of 16 years or suffers from any physical disability.

26. (1) Any proprietor may reap the crop on his fields as soon as it reaches maturity, but such crop shall not be threshed or removed from the tract without the permission of the Vaddai Vidanai.

(2) Every such proprietor shall continue to keep watch over the fields, and to maintain the fence, until the crop on the rest of the tract has been reaped and stored : Provided, however, that no proprietor shall be bound to keep watch or to maintain the fence until the ripening of the crop on any portion which was not sown at the time or with the description of paddy determined under rules 9 and 10.

27. (1) After the reaping is over the Vaddai Vidanai shall order the removal of the fence, and shall cause the fence sticks to be heaped by the cultivators in such places as he may direct.

(2) Proprietors may, with the consent of the Vaddai Vidanai, remove the fence sticks from the fields ; but in every such case they shall furnish the Vaddai Vidanai with a receipt for the number taken, and return them to the land for the following harvest, whether they cultivate their fields or not, or shall be liable for the assessed value of the sticks so removed.

28. No paddy shall be removed from the fields at the termination of the harvest until the wages due to all persons engaged in the harvest and the hire of cattle and other cultivation charges have been paid, and in the case of a field cultivated for share until the landlord's dues have been paid : Provided, however, that in any case where there is a serious risk of damage to any paddy left on the threshing-floor, the proprietor may remove it after taking such steps as are approved by the Vaddai Vidanai for safeguarding the claims of the other parties concerned.

29. (1) All field-channels and water-courses which are not in charge of the Director of Irrigation shall be in charge of the Vaddai Vidanais acting under the instructions of the Irrigation Superintendent or Cultivation Officer.

(4) If any proprietor of such lands is unable to obtain water for irrigation owing to the neglect of any other proprietors to cut their shares of the field-channels, such other proprietors shall be called upon by the Irrigation Superintendent or Cultivation Officer to do the necessary work.

31. (1) Every proprietor shall grant way leave for field-channels, dams, or other works approved by the Irrigation Superintendent or Cultivation Officer, even though his own land may not be benefited thereby.

(2) All proprietors whose lands are benefited by any such work shall be liable under this rule to pay to the owners of lands, which suffer damage by the construction of the work, compensation for any land taken, or damage done, in proportion to the area of the holdings benefited and according to such rates as may be determined by the Assistant Government Agent.

32. (1) No person shall in any way alter or injure any ridge or boundary between two fields in the same tract.

(2) On receipt of any information that such alteration or injury has been effected, the Vaddai Vidanai shall, after due notice to the owners, proceed to the spot with witnesses, and call upon the owners to restore the boundary to its original state; and in the event of their failing to do so within three days thereafter, the Vaddai Vidanai shall report the matter to the Irrigation Superintendent or Cultivation Officer.

33. Whenever any new land is declared irrigable and included in the specification of lands irrigable under any tank or work, the proprietor of such land shall—

(a) be entitled to water from any part of the existing field-channels without payment of compensation to the proprietors by whom such channels were constructed;

(b) be entitled to all the rights and privileges enjoyed by the proprietors of the lands already irrigated under the tank or work; and

(c) be liable to perform all the duties imposed on proprietors by these rules.

34. Every proprietor shall, when required by the Assistant Government Agent, Irrigation Superintendent, or Cultivation Officer, erect bunds or other suitable marks to define the boundaries of his fields.

35. Any proprietor who takes water out of his turn or for a longer period than he is entitled to, or who after having had his full share allows the water to run to waste through negligence, or who misappropriates his neighbour's water through the boundary ridges, shall forfeit the right to his share in the turn next following, and shall be guilty of an offence punishable under Chapter V. of the Ordinance.

36. The customary right of way for taking cattle and agricultural implements, and for transporting fence sticks, paddy, and for other agricultural purposes, shall be allowed to all proprietors under any irrigation work.

37. During the cultivation season it shall be lawful for the Vaddai Vidanai to seize all cattle found on any tank bund or bank of an irrigation channel in his Vaddai, or straying near the fields and likely to endanger the crops, and to hand over such cattle to the local Police Headman to be produced before the Village Tribunal.

38. (1) Every proprietor who employs cultivators, shall keep a book and enter therein all advances of paddy or money paid to his cultivators under the dates upon which such advances are made.

(2) He shall go through the accounts with his cultivators at least three times, namely—

1. (1) In distributing water from the tank to the fields in a tract, the water shall first be taken to the fields on the higher level and thence to those on the lower level.

(2) No person shall in any way interfere to the prejudice of others with the distribution of water.

2. No person other than the proprietor of any land under the tank shall be entitled to the use of water from the tank for agricultural purposes.

3. It shall not be lawful for any person to issue the water of the tank for the cultivation of any land under any other tank, or for the shareholders of lands cultivated under the tank to utilize for their cultivation the water of any other tank, without first obtaining the sanction of the Assistant Government Agent.

4. No person shall cut the bund, or do any act likely to damage the bund, or block up the spill of the tank, without the permission of the Assistant Government Agent or Cultivation Officer or Irrigation Superintendent, or carry out any work upon the bund, spill, or channels contrary to the orders of any of these officers: Provided that in any case where such action is necessary to prevent otherwise inevitable damage to the tank, and it is impossible to communicate with any of the above-mentioned officers in time, permission may be dispensed with, but the burden of proving such special circumstances shall lie upon the persons taking such action.

5. No fence shall be put on any part of the tank bund without the authority of the Assistant Government Agent or Cultivation Officer or Irrigation Superintendent.

6. For the repair or improvement of the tank and the dams, minor channels, or water-courses, and for such other minor works as the Assistant Government Agent may consider necessary, each proprietor shall be liable to contribute labour in proportion to the extent of his land which is to be benefited by the work in question.

7. The bund of the tank shall be divided among the proprietors of the lands under it in proportion to the extent of land owned by each proprietor, and each proprietor shall keep the portion assigned to him properly turfed and free at all times from jungle, brushwood, and overgrowth of every description, and from white ants' nests.

8. (1) The full amount of labour which each proprietor shall be liable under rule 7 to contribute shall not exceed—

(i.) 2 cubes of earthwork per acre, or

(ii.) 4 days' labour per acre, or

(iii.) a money payment in commutation of such labour, at such rate per acre, in accordance with the rate prevailing in the district at the time, as may be specified by notice in that behalf each year.

(2) A day's labour shall for purposes of this rule be taken to mean a day of six hours at any time between sunrise and sunset.

9. In addition to the ordinary work of the year as above provided for, whenever the Assistant Government Agent, or any person authorized by him to supervise the work, gives notice of the need of labour for any urgent work of repair or of prevention of impending damage, every proprietor shall at once contribute the necessary labour or cause his share of the work to be done at his own expense: Provided that double the ordinary amount of labour prescribed under rule 9 shall not be exceeded in any year under this rule.

10. No person other than the Irrigation Superintendent or Chief Headman, or a person duly authorized by either of these officers in that behalf, shall in any way interfere with, or alter the level of, the spill or sluice of the tank.

11. The tank bed shall not be cultivated, unless the majority of the proprietors under the tank decide to cultivate the bed, and the permission of the Assistant Government Agent is obtained.

12. If any proprietor fails to perform his share of any work required under these rules, the Irrigation Superintendent or Cultivation Officer may cause the work to be done and the cost thereof may be recovered in the manner prescribed by section 23 of the Ordinance.
