(2) Any installation is liable to be disconnected from the Council's main on discovery that the Council's seals on the meter or the fuses have been broken or that any part of the Council's apparatus or wires has been tampered with.

(3) Any consumer who breaks or tampers with or permits any person other than an employee of the Council to break or tamper with any seal or any part of the Council's apparatus or wires shall be guilty of an offence punishable with a fine not exceeding Rs. 100.

Extension of installation.

4. (1) Every consumer wishing at any time after his installation has been connected to use lamps, fans, or motors of greater size, or to instal additional lamps or other consuming apparatus, either temporarily or permanently, or in any way to alter or extend the wiring on his premises, shall notify his wish to the Council in writing, and if he desires that an electrical contractor should do the work, he shall at the same time notify the name and address of the said contractor.

(2) Failure on the consumer's part to give such notice shall render the whole installation liable to disconnection from the Council's mains without further notice.

(3) No extension whatsoever shall be connected to the main installation until the extension has been inspected and tested by the Council's Electrical Engineer.

Access to Council's apparatus.

5. Every consumer shall permit the Council's Inspectors and employees at all reasonable times to enter premises to which energy is supplied, for the purpose of reading the meter or inspecting any apparatus or of disconnecting, or reconnecting the supply to such premises, or of removing or replacing any apparatus belonging to the Council.

27.—*Selection of Persons to receive Permits.*

The selection of persons to receive permits shall ordinarily be made at a Land Kacheheri. Provided that the Government Agent may make such a selection otherwise than at a Land Kacheheri in the following cases :—

(a) Where the Government Agent is satisfied that the interests of the owner or permit-holder of any adjacent land require the immediate allotment or reallocation of any piece of Crown land.

(b) Where a permit-holder desires that his land should be transferred to another person and the Government Agent approves of the cancellation of his permit and the reallocation of the land to that other person.

(c) In any other case not specially provided for in which the Government Agent is satisfied that immediate allotment is desirable in the interests of the applicants and that there are no other interests in the land in question which are likely to be prejudiced.

28.—*Survey Fees and Other Deposits.*

1. The Government Agent may in a notice under section 21 require any applicant for land to deposit in the Kacheheri with his application a sum not exceeding Rs. 3 per acre or part of an acre of the extent of the land applied for. This money shall be kept to the credit of the applicant and if he is selected to receive a permit or a grant, utilized after the lapse of one year to defray the whole or part of any annual or other payments due from him to the Crown. If owing to any action or omission of the applicant Government is put to the expense of an unnecessary survey the deposit shall be forfeited and credited to the revenue. In any case of dispute the Land Commissioner's decision as to whether any particular deposit shall or shall not be forfeited shall be final. If the applicant is not selected to receive a permit or a grant and if his deposit is not forfeited it shall be refunded to him.

2. If the Government Agent has reason to believe that any person selected to receive a permit for Crown land is likely to abandon that land after taking one or more crops or removing timber or firewood therefrom, the Government Agent may require that person before he is put in possession of the land to deposit as a guarantee of good faith such sum as the Government Agent may specify not exceeding a total calculated at the rate of Rs. 15 per acre of the extent of that land. The money so deposited shall be utilized to defray annual payments as they fall due. If, however, the permit is finally cancelled owing to that person's abandoning the land or owing to any fault of that person the balance of the deposit shall be credited to revenue.

29.—*Alienation of Crown Land over 5,000 feet in elevation.*

(See Section 156 (3).)

(1) No Crown land of an elevation of over 5,000 feet shall be alienated except in such localities as may be determined by the Executive Committee of Agriculture and Lands and approved by the Governor.

(2) No person shall be given either on permit or grant an allotment of such land exceeding 5 acres in extent.

30.—*Collection of Annual Payments.*

(See Section 156 (5).)

(1) The Government Agent may appoint officers to collect annual payments or other moneys due to the Crown in respect of holdings or lands given on permit in any locality within his Province.

(2) The Executive Committee may, in consultation with the Financial Secretary, fix the rate of commission, not exceeding 10 per cent. of the moneys collected, to be paid to such officers.

31.—*Appeals to Executive Committee.*

(See Sections 45, 76 (3), 79, and 156 (8).)

(1) Every appeal to the Executive Committee under the provisions of the Ordinance shall be preferred by a written statement setting out the grounds of appeal and signed by the appellant.

(2) Every such statement shall bear a stamp of the value of one rupee.

(3) Every statement of appeal shall be delivered or sent by registered post to the Clerk of the Executive Committee within the 14 days next following the date on which the decision appealed against was communicated to the appellant: Provided, however, that the Executive Committee may in its discretion consider any appeal notwithstanding that it is not in time under this regulation.

32.—*Assessment of Annual Payments.*

(See Section 156 (10).)

(1) Where any person receives a grant of any land previously held and improved by him upon a permit the value of that land for the purpose of fixing the annual payment payable under the grant shall be its value on the date of the permit issued to him.

(2) The annual payment in respect of any land or any class or description of land alienated by grant or permit shall be such percentage of its value as the Land Commissioner may from time to time approve having regard to the locality, the quality of the soil, and the use to which the land may reasonably be expected to be put by the grantee or permit-holder.

(3) Any fraction of a rupee forming part of the amount arrived at in computing any annual payment shall be reckoned as the next highest multiple of 25 cents.

33.—*Authentication of Permits and Endorsements.*

(See Section 156 (11).)

(1) All permits issued under this Ordinance shall be signed by the Government Agent. Provided that the Government Agent may with the express permission of the Land Commissioner authorize in writing his Office Assistant by name to sign permits on his behalf.

(2) An endorsement under any of the sections 143 (2), 149 (1), or 150 (1), may be set out on a separate slip attached to the grant or certificate and signed by the Government Agent.

34.—*Proportionate Payment for outstanding Portions of a Year.*

(See Section 156 (11).)

(1) In respect of the period intervening between the date when any person selected to receive a grant or permit is put into possession of the land and the date upon which the first annual payment is due under the grant or permit, the Government Agent may require that person to pay a sum of money bearing the same proportion to the amount of the annual payment specified in the grant or permit as the number of months in the aforesaid period bears to 12 months. Provided that in calculating the number of months in any such period any portion of a month left over shall be taken as one full month. Provided further that any fraction of a rupee forming part of the amount arrived at in computing that sum of money shall be reckoned as the next highest multiple of 25 cents.

(2) When a person who already holds a piece of Crown land on a permit is selected to receive a grant for that land the Government Agent may in respect of any period which is not covered by an annual payment under the permit or under the grant require that person to pay a sum calculated in the manner prescribed in the last preceding regulation.

(3) For the purpose of these regulations every annual payment shall be deemed to be a payment in respect of the year which commences on the date when the payment falls due.

35.—*Additional purposes for which Crown Land may be Mapped-out.*

The following purpose for which Crown land may be mapped-out shall be added to the purposes specified in section 8 of the Ordinance, viz. :—

\* "Mining and Gemming".
