THE following explanatory Press Notice on the provisions of the Treaty of Peace (Covenant of the League of Nations) (No. 2) Order, 1935, issued by His Majesty's Government is hereby published for general information.

By His Excellency's command,

The Treasury,  
Colombo, January 16, 1936.

H. J. HUXHAM,  
Financial Secretary.

#### PRESS NOTICE.

TREATY OF PEACE (COVENANT OF THE LEAGUE OF NATIONS) (NO. 2) ORDER, 1935.

#### *Explanatory Notice.*

1. The prohibition of imports from Italy under Article 2 of the Order in Council of 25th October, 1935, comes into force on the 18th November, 1935. Article 1 of the new Order in Council lays down however that this prohibition will not apply to newspapers, periodicals, printed books, printed music, maps and Hydrographic Charts. It also provides that the Board of Trade may license the import into the United Kingdom of other goods if they are satisfied that the price was wholly paid on or before 19th October, 1935. Applications for such licences should be addressed to the Industries and Manufactures Department, Board of Trade, Great George street, London, S.W., from whom application forms may be obtained.

2. *Sale of goods to Italy.* The Order in Council of the 25th October prohibited the giving of credit to or for the benefit of an "Italian" in connexion with the sale of goods, but provided that the acceptance by United Kingdom exporters of the method of payment in lire laid down by the Anglo-Italian Exchange of Notes of the 27th April, 1935, would not be regarded as contravening the Order, provided that payment by the deposit of lire was made on or before the delivery of the goods. Article 2 of the new Order in Council cancels this exemption and provides that United Kingdom exporters may not deliver goods paid for by this method unless the lire have been deposited before the 18th November or the goods are in transit on the 18th November. With these exceptions the only method of payment which United Kingdom exporters are authorized to accept will be cash payment on or before the delivery of the goods.

3. *Purchase of goods from Italy.* Under Article 3 of the new Order, all debts due before and owing on the 18th November, 1935, or becoming due on or after that date, from persons in the United Kingdom to persons in Italy (persons to include firms and companies as defined in the Article) in respect of the purchase of Italian goods (other than newspapers, periodicals, printed books, printed music, maps and hydrographic charts which are imported on or

after the 18th November, 1935), or in respect of the carriage of goods between the United Kingdom and Italy in ships registered under the Law of Italy, must be paid to the Bank of England for the account of the Controller of Anglo-Italian debts, and not otherwise. The above applies to Italian goods whenever imported.

Any assignment after the 9th November, 1935, of any such debt is void.

Payments should be made in the following way :—

(a) *Debts expressed in sterling.*—Payment to the Bank of England may be made either directly or through a banker in the United Kingdom and cheques or drafts should be made payable to the Bank of England or Bearer and crossed “a/c Controller of Anglo-Italian Debts.”

(b) *Debts expressed in Italian lire* must be converted into sterling at the rate published in the Press on the day of payment under the heading “Rate for conversion of lire into sterling for payments to the Bank of England in respect of debts due to Italy for goods and freights.” The resulting sterling amount should be paid as in (a) above.

(c) *Debts expressed in other currencies.*—Payment should be made to the Bank of England by sight draft in the original currency, made payable to the Bank of England.

When making a payment to the Bank of England the debtor or his banker should state clearly the following particulars of each debt :—

- (i) the debtor's name and address ;
- (ii) the creditor's name and address ;
- (iii) where the debt is in lire, the lire amount thereof and the rate of conversion.

Special paying-in forms may be obtained from the Bank of England, E.C.2.

The Bank of England on behalf of the Controller will give a receipt for every payment made, and this receipt will be a good discharge for the amount paid.

4. A further announcement will be made in due course with regard to the distribution of moneys collected by the controller of Anglo-Italian Debts.

5. Any enquiries should be addressed to the Treasury, Whitehall, London, S.W.1, and the envelopes marked “Anglo-Italian Debts.”

991/1 (SB)

THE following Press Notice issued by His Majesty's Government announcing the appointment of Mr. S. D. Waley, C.B., M.C., to be Controller of Anglo-Italian Debts under the Treaty of Peace (Covenant of the League of Nations) (No. 2) Order, 1935, and containing an announcement issued by the Controller is hereby published for general information.

By His Excellency's command,

The Treasury,  
Colombo, January 16, 1936.

H. J. HUXHAM,  
Financial Secretary.

The Lords Commissioners of His Majesty's Treasury have appointed Mr. S. D. Waley, C.B., M.C., to be Controller of Anglo-Italian Debts under the Order in Council of 9th November, 1935. Mr. Waley will continue to carry out his duties as a Principal Assistant Secretary at the Treasury.

Mr. E. H. Ritson has been appointed as Secretary to the Controller. All enquiries should be addressed to the Secretary, Controller of Anglo-Italian Debts, 2, Sanctuary Buildings, Great Smith street, S.W.1 (Telephone : Victoria 8740).

The Controller of Anglo-Italian Debts makes the following announcement :—

1.—*Debts payable to the Controller.*

The public are reminded that the debts which must be paid to the Controller are those due from persons (including firms and companies) ordinarily resident in the United Kingdom to persons ordinarily resident in Italy, in respect of the price of goods imported into the United Kingdom from Italy.

In any case of doubt the Treaty of Peace Orders in Council should be consulted, but it may assist the public to point out that the following are not payable to the Controller :—

(a) Debts in respect of Italian goods imported into countries other than the United Kingdom.

(b) Debts in respect of freight.

(c) Debts and remittances in respect of commercial services or financial obligations such as agents' commission, insurance, interest or capital repayments ; payments under wills, etc.

(d) Debts in respect of the purchase of Italian newspapers, periodicals, printed books, printed music, maps, and hydrographic charts, imported on or after 18th November, 1935.

2.—*Bills of Exchange.*

Attention is called to the Press notice published on 14th November, 1935.

3.—*Payment to Agents.*

Where it has been the practice to make payment for Italian goods imported into the United Kingdom to an agent in the United Kingdom of the Italian exporter, and where such an agent requests that payment be made to him, the purchaser should consult the Controller to ascertain whether the Controller claims that payment should be made to his account at the Bank of England by the purchaser or whether the Controller regards the agent as the person who is obliged to make payment to the Controller.

4.—*Method of Payment.*

The public are reminded that payments of debts expressed in sterling may be made to the Bank of England either directly or through a banker in the United Kingdom and cheques or drafts should be made payable to the Bank of England or Bearer and crossed “a/c Controller of Anglo-Italian Debts.”

As regards debts expressed in other currencies attention is called to the Press notice published on 11th November.

When making a payment to the Bank of England the debtor or his banker should state clearly the following particulars of each debt :—

- (1) The debtor's name and address.
- (2) The creditor's name and address.
- (3) Where the debt is in lire, the lire amount thereof and the rate of conversion.

Special paying-in forms may be obtained from the Bank of England, E.C.2.

The Bank of England, on behalf of the Controller, will give a receipt for every payment made, and this receipt will be a good discharge for the amount paid.

5.—*Distribution of Sums held by the Controller.*

The sums received by the Controller will, in due course, be applied for the purpose of paying debts due to persons in the United Kingdom in respect of which lire have been deposited in Italy in the manner provided by the Anglo-Italian Payments Agreement of 27th April, 1935. A further announcement will be made by the Controller as soon as possible as to the method of carrying out this distribution. In the meantime the Controller is not in a position to answer individual enquiries.

\* A syllabus, defining in general terms the character of the examination in the various subjects, is published separately.

(a) The auxiliary language in Section A will be tested by means of translation from the language. The following languages may be offered :—French, German, Italian, Spanish, Portuguese, Dutch, Norwegian, Swedish, Danish, Russian, Latin, Ancient Greek.

Instead of an auxiliary language a candidate whose mother tongue is a Ceylonese language may offer as subject 4 either General Anthropology or Special Anthropology.

No candidate may offer any language or General Anthropology or Special Anthropology twice in the examination.

Only a candidate who takes two modern languages in Section B may offer Latin or Ancient Greek as an auxiliary language.

(b) No candidate who offers Roman or Greek Civilization may also offer European History Period I.

(c) In subjects 49 to 66 the civilization subject associated with a language can only be taken by candidates who offer the language itself for examination in Section B.

(d) A candidate desiring to offer subject 23 or any of the subjects 30 to 42 must produce evidence satisfactory to the Commissioners of Laboratory training in an institution of university rank. For Astronomy (28), Geography (43), the Physical Anthropology branch of Special Anthropology (45), and Agriculture (46), other equivalent training will be required. There will be no laboratory test as a part of the examination.

(e) From the marks assigned to candidates in each subject such deduction will be made as the Civil Service Commissioners may deem necessary in order to secure that no credit be allowed for merely superficial knowledge.

(f) Moreover, if a candidate's handwriting is not easily legible a further deduction will, on that account, be made from the total marks otherwise accruing to him.\*

9. Further information respecting the examination to be held in London should be obtained from the Civil Service Commissioners.

*The following regulations are applicable to candidates who wish to present themselves for examination in Colombo.*

10. The fee for examination will be—

(a) Rs. 100 for the competitive examination which should be paid to the Examination Fund (No. 2) account of the Director of Education in the Chartered Bank of India, &c. See note 5 of application form. The bank receipt should be attached to the application form.

15. Acknowledgments of application forms are sent and any candidate who has filled up and returned the printed application form but has not received an acknowledgment of it within a reasonable time should at once write to the Chief Secretary, Colombo. Failure to comply with this provision will deprive the candidate of any claim to consideration.

*Evidence of Training.*—Candidates who desire to offer any of the subjects 23, 28, 30–43, 45 (Physical Anthropology branch only), or 46 must annex to their forms of application the evidence of training described on pages 71, 72. Such evidence should be in the form of a certificate signed by a responsible officer of the institution. In the case of an institution not situated in the British Isles, the certificate must state that the institution in which the work has been done is authorized to prepare candidates in that subject for a degree.

## SECTION A.

1. *Essay.*—An essay to be written on one of several specified subjects.
2. *English.*—A paper of questions to test the understanding of English and the workmanlike use of words. An optional exercise in the writing of verse will be included.
3. *Present Day.*—Questions on contemporary subjects, social, economic, political, and scientific. A liberal choice of questions will be given.
4. *Auxiliary Language.*—Passages dealing with history and politics may be set, but no technical matter. Verse is not excluded. Accuracy and skill in the use of English will be expected.
5. *Viva Voce.*—The examination will be in matters of general interest, not in matters of academic interest; it is intended to test the candidate's alertness, intelligence, and intellectual outlook. The candidate will be afforded an opportunity of furnishing the record of his life and education. On the interview and record the Commissioners judge the value of the candidate's personality for each service for which he is entered. His value may differ for different services, and in that case the mark by which the Commissioners express their decision will differ for different services.

## SECTION B.

**HISTORY.** *Subjects 6–9.*—A history subject will deal with the life of the people as a whole, political, social, economic, literary, artistic, scientific.

Candidates should know something of the original authorities, and have such a knowledge of geography as is necessary to the proper understanding of the history.

When a fixed date is given for the beginning of the period, a candidate will be expected to know in general outline how the initial position was reached; similarly, when a fixed date is given for the end of the period, candidates will be expected to have some knowledge of the subsequent development of movements which continued beyond the period.

6, 7. *British History.*—Period 1, to 1660; Period 2, 1660 to the present day. Candidates will be expected to know so much of European history as will make the external action of this country fully intelligible and will explain those movements at home which had their beginnings abroad, e.g., the Renaissance, the Reformation, and the reactions in this country of the French Revolution. Questions on Scottish history will be set, but such questions will be optional. In subject 7 the outstanding incidents and movements in the history of British possessions will be included.

8, 9. *European History.*—Period 1, Greek and Roman history as given in the syllabus under Greek Civilization (subject 52) and Roman Civilization (subject 50); Period 2, from 400 to 1494; Period 3, from 1494 to 1763; Period 4, from 1763 to the present day. The history of the United States of America, of India, and of the Far East, will be included in so far as it influences European fortunes to an important degree.

## THE SMALL TOWNS SANITARY ORDINANCE, 1892.

RULES made by the Governor for the Sanitary Board of the Jaffna District by virtue of the powers vested in him by section 5 (1) (g) of the Small Towns Sanitary Ordinance, 1892, and by Article 93 of the Ceylon (State Council) Order in Council, 1931.

CHAS. BATUWANTUDAWA,  
Minister for Local Administration.

Colombo, January 10, 1936.

## PENSION RULES.

1. (a) No officer shall be deemed to have an absolute right to any pension, gratuity, or allowance under these rules, and the Board reserves to itself the power to dismiss an officer without compensation.

(b) No pension, gratuity, or retiring allowance shall be granted on retirement to any officer without the authority of the Governor, in order to obtain which a certificate of good conduct from the Chairman setting out the length of service, age, and ground of retirement must be forwarded together with the application for pension, gratuity, or retiring allowance, and the computation thereof, through the Commissioner of Local Government to the Controller of Establishments.

2. (1) Subject to the provisions and exceptions herein-after contained every officer holding a permanent office in the service of the Board and drawing a salary of not less than Rs. 400 per annum may be granted a pension calculated at the rate of 1/720th of the salary of the office or offices held by him at retirement for each month of service counting for pension, provided that he has completed not less than 120 months' gross service, "and provided further that no pension awarded under these rules shall exceed 480/720ths of the salary upon which the pension is computed."

(2) If such an officer retires on account of illness or age before completing 120 months' gross service, he may receive a gratuity calculated at the rate of 1/12th of a month's salary of the office or offices held by him at retirement for each month of service.

3. Any officer may be required to retire from the service of the Board on or after attaining the age of fifty-five years; but retirement shall be compulsory on his attaining the age of sixty years, unless the Governor decide that his services shall be retained.

4. No pension shall be granted to an officer retiring before he attains the age of fifty-five years, unless a Medical Board, consisting of two Medical Practitioners nominated by the Chairman, certifies that the officer is unfit to discharge the duties of his office owing to infirmity either of mind or body, and unless he shall have theretofore discharged such duties to the satisfaction of the Chairman.

5. The Chairman may call upon an officer, who is below the limit of age entitling him to retire on pension, to retire from the service on the ground of his inability to discharge efficiently the duties of his office. In such a case the Board may by special resolution, subject to the approval of the Governor, grant such retiring allowance or gratuity as is considered just and proper, but in no case exceeding the amount for which the length of service of the officer would qualify him.

6. In the case of the abolition of any pensionable office, the pension or gratuity grantable to the officer holding such office will be that which would have been payable to him, had he retired on grounds of ill-health.

7. No pension or gratuity granted under these rules shall be assignable or transferable.

8. (1) The service to be reckoned for pension shall be calculated from the date on which the officer commences to draw salary in respect of his first permanent appointment whether pensionable or not. Acting service in an office carrying claims to pension, shall, when continuous with permanent employment, count as service for pension, provided no other officer was earning pension for the same period in respect of the same office. The service of an officer under 16 years of age shall not in any case count for pension.

(2) An officer is entitled to reckon as service for pension the whole period of absence on vacation leave, and half the period of absence on leave with half salary. Absence without salary will not count as service for pension.

9. (1) The pension or gratuity awarded to an officer shall be computed upon the salary drawn by him, at the time of his retirement, in respect of the permanent office or offices then held by him, provided that he shall have held such office or offices, to which the same fixed salary or incremental scale of salary is attached, for at least three years, otherwise the pension or gratuity shall be calculated

upon the average of the salaries attached to the permanent offices held by such officer during the three years next preceding the date of his retirement.

(2) For the purposes of these rules, salary will include in addition to the salary of the permanent office or offices held by him, any allowance voted to him by resolution of the Board as a pensionable allowance, but no other emolument whatsoever.

10. The rates of pension, retiring allowance, and gratuity above set forth shall be granted only in cases of faithful and meritorious service. Where the testimony as to good conduct is in any way defective, a deduction may be made from the pension or gratuity, and where the misconduct of an officer has been of a serious nature, the pension, or gratuity may be entirely withheld.

11. The service in respect of which pensions or gratuities are granted ought in all cases to have been continuous, unless interrupted by abolition of office or by temporary suspension of employment not arising from misconduct or voluntary resignation. Service prior to a break of service may, however, be allowed to count for pension together with service subsequent to such break, if the whole of the intervening period has been spent in some employment under Government or under another statutory local authority.

12. If any person in respect of a pension or retiring allowance is convicted of any offence in any Court in the Island and sentenced to death or to any term of rigorous imprisonment exceeding six months, the payment of such pension or allowance shall be forthwith discontinued, unless such person shall within three months of such conviction receive an unconditional pardon, or unless the Board with the approval of the Governor in any case for special reasons otherwise decides.

13. If any person to whom a pension, annuity, or allowance has been granted under these rules becomes a bankrupt, such pension, annuity, or allowance shall forthwith cease; but it shall be lawful for the Board, with the approval of the Governor, from time to time during the remainder of such person's life or during such shorter period or periods, whether continuous or otherwise, as may be necessary, to pay all or any part of such pension, annuity, or allowance to, or to apply the same for the maintenance and personal support or benefit of, such person and his wife and children jointly or any one or more of them exclusively, as may in the circumstances of each case be necessary or expedient.

14. (1) Every officer who is transferred to a post under Government or under another statutory local authority with the approval of the Board, shall be entitled on ultimate retirement to pension for the service rendered to the Board, provided that he retires from the latter service in circumstances which would entitle him to pension under these rules. In all such cases the amount contributed by the Board by way of pension shall be based only on the service under the Board, and the final salary drawn from the Board.

(2) An officer who has been transferred to the service of the Board from some other employment under Government or under another statutory local authority may, if he retires from the service of the Board after completing 10 years' public service in all, but before completing 10 years' service under the Board, be awarded, in lieu of a gratuity, an annuity based on service and salary under the Board, calculated in the manner prescribed by rule 2 (1).

15. No person may at any time draw from the funds of the Board an amount of pension which, when added to the amount of any pension or pensions drawn in respect of other public service, exceeds two-thirds of the highest pensionable emoluments drawn by such person at any time in the course of his service under the Board or in such other public service.

16. If any person in receipt of a pension or retiring allowance from the Board returns to the service of the Board, he may be allowed to retain his pension or retiring allowance during the period of his re-employment, in which case he shall receive on his ultimate retirement no award whatever under these rules; or he may be required to forego the pension or retiring allowance then drawn by him, in which case he shall receive on his ultimate retirement a pension or retiring allowance based on his aggregate service and the highest salary drawn by him at any time during that service. The Chairman shall decide the terms on which a former servant of the Board may be re-employed in any particular case.

17. Any employee of the Board drawing a salary of less than Rs. 400 per annum, retiring on account of illness after serving continuously for a period of 15 years and upwards may, if the Board be satisfied from the report of a Medical Board that he is unfit to discharge efficiently the duties of his office owing to infirmity of body or mind, be awarded such long service allowance not exceeding Rs. 7.50 per mensem as the Board may think just and proper. In the case of employees who retire after

M. L. A.—B 1180

attaining the age of 55 years or over, no Medical Board need be appointed. Any employee in receipt of daily pay, who has completed not less than 20 years' service, retiring in similar circumstances may be awarded a gratuity calculated at the rate of 1/36th of a month's pay for each month's service.

18. In the event of any officer or servant, whether in a pensionable or non-pensionable office or on daily pay, dying while in the service of the Board, it shall be competent to the Board, subject to the approval of the Governor, to grant to the widow or next-of-kin of such officer or servant a gratuity not exceeding three months' pay, and in addition one month's pay for each minor child.

19. If any case not covered by these rules shall arise which in the opinion of the Board merits the award of a pension, retiring allowance, or gratuity, a report setting out the circumstances of such case, together with the recommendation of the Board, shall be forwarded through the Commissioner of Local Government and the Controller of Establishments, General Treasury, to the Governor for his decision as to the nature and the amount of the compensation, if any, that may be awarded.

5. In respect of each acre of land for which dappu has been furnished there shall be paid as remuneration to the Vaddai Vidanai of the tract or area in which the land is situated five measures of paddy to be divided between the Vaddai Vidanai and his Vaddai Kavalans, if any, in such proportion as the Vaddai Vidanai may determine: Provided, however, that the Cultivation Officer may exempt from payment any land which has remained uncultivated after the furnishing of dappu.

7. Where no order under rule 6 has been made by the Assistant Government Agent, every proprietor shall hand over the remuneration due to the Vaddai Vidanai or its equivalent in money at the current market rates, within four months of the close of the harvest, and obtain a formal receipt in acknowledgment thereof.

8. (2) Of the time and place fixed for the meeting by the Assistant Government Agent or person deputed by him as aforesaid, at least seven days' notice shall be given in such manner as shall appear to him best adapted for giving publicity thereto.

9. The meeting convened under rule 8 shall determine—

(j) the exemption from cultivation duties to be allowed on applications from proprietors.

10. (1) If for any reason it is not possible to commence cultivation on the date determined under rule 9, or if the supply of water is likely to be insufficient to irrigate the whole area decided on originally, a further date, or the proportion of the tracts to be abandoned, shall be determined at a meeting of the proprietors duly convened for

the purpose: Provided that, if after due notice, no proprietors attend, or if the meeting so convened is not able to arrive at a unanimous decision as regards the area to be abandoned, the Assistant Government Agent or such officer as may be deputed by him in writing shall have power to determine the area that is to be abandoned.

(2) Each of the proprietors of the area which it was originally decided to irrigate, shall have a right to cultivate a proportionate share of the reduced area.

11. The Assistant Government Agent or officer deputed by him shall cause the decision of a meeting under rule 9 or rule 10 to be published by beat of tom-tom or by fixing written notices in conspicuous places or by other suitable means. All proprietors shall be bound by the decisions of the meeting.

12. (1) Each proprietor shall deliver to the Vaddai Vidanai not later than the day fixed therefor under rule 9 a list (dappu) of the mullaikkar and cultivators to be employed in his field.

(2) The list shall be substantially in the form set out in the schedule to these rules, and shall be furnished on the printed forms supplied by the Assistant Government Agent, Irrigation Superintendent, or Cultivation Officer, and shall bear the signatures of the proprietor and of the mullaikkar and cultivators of their marks made before two witnesses.

(3) All the information required by this form shall be accurately filled in, and any person supplying false information shall be guilty of an offence.

(4) From the date of the delivery of the list, the mullaikkar and cultivators, as well as the proprietors, shall be liable for all works of cultivation, and in the event of neglect or default without sufficient reason, shall be guilty of an offence.

13. In the absence of a legal document showing that another person has been duly placed and is in actual possession of the land, the dappu shall be accepted, in every case from the person who furnished the dappu for the preceding harvest.

14. (1) In the event of any proprietor deciding not to cultivate his land for any season and giving his written consent to its being cultivated by any other proprietor or other applicant, the Vaddai Vidanai shall forthwith send information of the fact to the Irrigation Superintendent or Cultivation Officer.

(2) On receipt of such information the Irrigation Superintendent or Cultivation Officer may in his discretion either—

(a) exclude the land from the tract to be irrigated, and allow it to remain uncultivated for that season, subject to the condition that the proprietor whose land is so excluded continues to be liable to erect his share of the fence, or

(b) permit the land to be cultivated by the other proprietor nominated by the proprietor or by any other proprietor owning lands in that tract, or failing any such proprietor, by any other applicant found to possess the necessary knowledge and experience of paddy cultivation.

(3) No rent or share of produce or other dues shall be payable to the proprietor of the land by any other proprietor or applicant so permitted to cultivate it; but every such other proprietor or applicant shall be liable to perform all irrigation duties and comply with all the requirements of these rules in the same manner as if he were the actual proprietor of that land.

(4) Any proprietor deciding not to cultivate his land and withholding his consent to the land being cultivated by any other proprietor or applicant, shall continue to be liable to perform all irrigation duties and comply with the requirements of these rules.

(5) Where any land remains uncultivated and the whereabouts of the proprietor cannot be ascertained, the Assistant Government Agent may dispense with his consent for the purposes of this rule, and permit the land to be cultivated by any other proprietor or applicant; but the proprietor thereof shall not in that event be entitled to claim any rent or share of the produce or damages from the proprietor or applicant so cultivating it.

15. (1) Every proprietor shall be liable to contribute labour and perform the duties required by these rules for the season's cultivation, unless exempted at the meeting under rule 9.

(2) In the event of any proprietor failing to perform any work, the Irrigation Superintendent or Cultivation Officer may cause the work to be done; and the actual cost thereof may be recovered in the manner prescribed by section 23 of the Ordinance.

16. All tanks, dams, channels, water-courses, and the like, which are not in charge of the Director of Irrigation, shall be kept in a proper state of repair, and all fields shall be levelled and field-ridges constructed, to the satisfaction of the Assistant Government Agent, by the proprietors in proportion to their respective holdings.

17. Every proprietor shall remove all trees or jungle on his land likely to occasion damage by giving cover to birds or wild animals.

18. (1) All paths between cultivated fields shall be kept open by the proprietors of such fields, according to the limits prescribed by ancient custom, and in proportion to their respective shares.

(2) Inspection-paths through cultivated fields shall also be constructed and maintained by the proprietors, if required by the Assistant Government Agent.

19. (1) When water from the irrigation work has reached any tract, the Vaddai Vidanai thereof may, subject to the control of the Irrigation Superintendent or Cultivation Officer, cut or close any dam or channel, not in charge of the Director of Irrigation, which impedes the distribution of water to the fields in such tract.

(2) It shall not be lawful for the Vaddai Vidanai at any other time to interfere with any dam or channel outside his Vaddai.

20. (1) No proprietor shall wilfully prevent water from flowing to the field below, or obstruct the flow of surplus water from the field above or in any other way interfere with the general distribution of the water within the Vaddais, or present any obstruction to the customary drainage of a field or tract.

(2) In the event of any person so doing, the Vaddai Vidanai shall proceed to the spot with witnesses and open the gaps or remove the obstruction himself.

21. No person shall issue, apportion, cut off, divert, or use, the water in any manner except in accordance with the instructions of the Vaddai Vidanai.

22. (1) The fence round the whole Vaddai shall be measured by the Vaddai Vidanai, within three days of the completion of the sowing, and the work of constructing the fence shall be apportioned among the several proprietors of the Vaddai in proportion to their holdings, irrespective of the actual position of their fields in relation to the fence.

(2) The Vaddai Vidanai shall forthwith after such apportionment send a list to the Irrigation Superintendent or Cultivation Officer showing the length of fence apportioned to each proprietor.

(3) If fresh sticks are required, the Vaddai Vidanai shall communicate with the Irrigation Superintendent or Cultivation Officer as early as possible, and obtain through him the necessary free licence to have them cut.

23. The proprietors shall finish the construction of the fence and the necessary watch huts within the time fixed at the meeting under rule 9 and keep both fence and watch huts in repair throughout the season.

24. The mullaikkar and cultivators or watchers shall, if ordered by the Vaddai Vidanai or a Vaddai Kavalan, accompany the Vaddai Vidanai or Vaddai Kavalan with lights on his rounds at night until such time as the Irrigation Superintendent or Cultivation Officer considers this no longer necessary.

25. (1) Every proprietor shall keep regular watch in accordance with the orders of the Vaddai Vidanai.

(2) No person shall be employed as watcher who is under the age of 16 years or suffers from any physical disability.

26. (1) Any proprietor may reap the crop on his fields as soon as it reaches maturity, but such crop shall not be threshed or removed from the tract without the permission of the Vaddai Vidanai.

(2) Every such proprietor shall continue to keep watch over the fields, and to maintain the fence, until the crop on the rest of the tract has been reaped and stored: Provided, however, that no proprietor shall be bound to keep watch or to maintain the fence until the ripening of the crop on any portion which was not sown at the time or with the description of paddy determined under rules 9 and 10.

27. (1) After the reaping is over the Vaddai Vidanai shall order the removal of the fence, and shall cause the fence sticks to be heaped by the cultivators in such places as he may direct.

(2) Proprietors may, with the consent of the Vaddai Vidanai, remove the fence sticks from the fields; but in every such case they shall furnish the Vaddai Vidanai with a receipt for the number taken, and return them to the land for the following harvest, whether they cultivate their fields or not, or shall be liable for the assessed value of the sticks so removed.

28. No paddy shall be removed from the fields at the termination of the harvest until the wages due to all persons engaged in the harvest and the hire of cattle and other cultivation charges have been paid, and in the case of a field cultivated for share until the landlord's dues have been paid: Provided, however, that in any case where there is a serious risk of damage to any paddy left on the threshing-floor, the proprietor may remove it after taking such steps as are approved by the Vaddai Vidanai for safeguarding the claims of the other parties concerned.

29. (1) All field-channels and water-courses which are not in charge of the Director of Irrigation shall be in charge of the Vaddai Vidanais acting under the instructions of the Irrigation Superintendent or Cultivation Officer.

(2) No person shall fill up, or encroach upon, such channels or water-courses or any of their reservations.

(3) No paddy shall be sown in any irrigation or other channel.

30. (1) Any channel, dam, or other work required, whether outside or inside any field, shall be constructed by the proprietors interested in proportion to their holdings.

(2) Where a scheme is in charge of the Director of Irrigation, all applications for permission to construct such works shall be made in writing to the Irrigation Superintendent or Cultivation Officer.

(3) Every proprietor of new lands which have been surveyed and demarcated by land marks with reservations for field-channels, shall construct his proportion of the field-channel intended to irrigate the group of lots in which his holding is situated, in accordance with alignments approved by the Irrigation Officer.

(4) If any proprietor of such lands is unable to obtain water for irrigation owing to the neglect of any other proprietors to cut their shares of the field-channels, such other proprietors shall be called upon by the Irrigation Superintendent or Cultivation Officer to do the necessary work.

31. (1) Every proprietor shall grant way leave for field-channels, dams, or other works approved by the Irrigation Superintendent or Cultivation Officer, even though his own land may not be benefited thereby.

(2) All proprietors whose lands are benefited by any such work shall be liable under this rule to pay to the owners of lands, which suffer damage by the construction of the work, compensation for any land taken, or damage done, in proportion to the area of the holdings benefited and according to such rates as may be determined by the Assistant Government Agent.

32. (1) No person shall in any way alter or injure any ridge or boundary between two fields in the same tract.

(2) On receipt of any information that such alteration or injury has been effected, the Vaddai Vidanai shall, after due notice to the owners, proceed to the spot with witnesses, and call upon the owners to restore the boundary to its original state; and in the event of their failing to do so within three days thereafter, the Vaddai Vidanai shall report the matter to the Irrigation Superintendent or Cultivation Officer.

33. Whenever any new land is declared irrigable and included in the specification of lands irrigable under any tank or work, the proprietor of such land shall—

(a) be entitled to water from any part of the existing field-channels without payment of compensation to the proprietors by whom such channels were constructed;

(b) be entitled to all the rights and privileges enjoyed by the proprietors of the lands already irrigated under the tank or work; and

(c) be liable to perform all the duties imposed on proprietors by these rules.

34. Every proprietor shall, when required by the Assistant Government Agent, Irrigation Superintendent, or Cultivation Officer, erect bunds or other suitable marks to define the boundaries of his fields.

35. Any proprietor who takes water out of his turn or for a longer period than he is entitled to, or who after having had his full share allows the water to run to waste through negligence, or who misappropriates his neighbour's water through the boundary ridges, shall forfeit the right to his share in the turn next following, and shall be guilty of an offence punishable under Chapter V. of the Ordinance.

36. The customary right of way for taking cattle and agricultural implements, and for transporting fence sticks, paddy, and for other agricultural purposes, shall be allowed to all proprietors under any irrigation work.

37. During the cultivation season it shall be lawful for the Vaddai Vidanai to seize all cattle found on any tank bund or bank of an irrigation channel in his Vaddai, or straying near the fields and likely to endanger the crops, and to hand over such cattle to the local Police Headman to be produced before the Village Tribunal.

38. (1) Every proprietor who employs cultivators, shall keep a book and enter therein all advances of paddy or money paid to his cultivators under the dates upon which such advances are made.

(2) He shall go through the accounts with his cultivators at least three times, namely—

(a) immediately after the sowing has been completed,

(b) immediately after the harvest, and

(c) after the threshing;

and shall take their signatures or thumb marks to the accounts in the books, if these are admitted by them to be correct.

## PART II.

Special rules relating to the maintenance of irrigation works within the town and Periyakulam irrigation district which are in charge of the Assistant Government Agent and for which no irrigation rate is recovered:—

1. (1) In distributing water from the tank to the fields in a tract, the water shall first be taken to the fields on the higher level and thence to those on the lower level.

(2) No person shall in any way interfere to the prejudice of others with the distribution of water.

2. No person other than the proprietor of any land under the tank shall be entitled to the use of water from the tank for agricultural purposes.

3. It shall not be lawful for any person to issue the water of the tank for the cultivation of any land under any other tank, or for the shareholders of lands cultivated under the tank to utilize for their cultivation the water of any other tank, without first obtaining the sanction of the Assistant Government Agent.

4. No person shall cut the bund, or do any act likely to damage the bund, or block up the spill of the tank, without the permission of the Assistant Government Agent or Cultivation Officer or Irrigation Superintendent, or carry out any work upon the bund, spill, or channels contrary to the orders of any of these officers: Provided that in any case where such action is necessary to prevent otherwise inevitable damage to the tank, and it is impossible to communicate with any of the above-mentioned officers in time, permission may be dispensed with, but the burden of proving such special circumstances shall lie upon the persons taking such action.

5. No fence shall be put on any part of the tank bund without the authority of the Assistant Government Agent or Cultivation Officer or Irrigation Superintendent.

6. For the repair or improvement of the tank and the dams, minor channels, or water-courses, and for such other minor works as the Assistant Government Agent may consider necessary, each proprietor shall be liable to contribute labour in proportion to the extent of his land which is to be benefited by the work in question.

7. The bund of the tank shall be divided among the proprietors of the lands under it in proportion to the extent of land owned by each proprietor, and each proprietor shall keep the portion assigned to him properly turfed and free at all times from jungle, brushwood, and overgrowth of every description, and from white ants' nests.

8. (1) The full amount of labour which each proprietor shall be liable under rule 6 to contribute shall not exceed—

(i.) 2 cubes of earthwork per acre, or

(ii.) 4 days' labour per acre, or

(iii.) a money payment in commutation of such labour, at such rate per acre, in accordance with the rate prevailing in the district at the time, as may be specified by notice in that behalf each year.

(2) A day's labour shall for purposes of this rule be taken to mean a day of six hours at any time between sunrise and sunset.

9. In addition to the ordinary work of the year as above provided for, whenever the Assistant Government Agent, or any person authorized by him to supervise the work, gives notice of the need of labour for any urgent work of repair or of prevention of impending damage, every proprietor shall at once contribute the necessary labour or cause his share of the work to be done at his own expense: Provided that double the ordinary amount of labour prescribed under rule 8 shall not be exceeded in any year under this rule.

10. No person other than the Irrigation Superintendent or Chief Headman, or a person duly authorized by either of these officers in that behalf, shall in any way interfere with, or alter the level of, the spill or sluice of the tank.

11. The tank bed shall not be cultivated, unless the majority of the proprietors under the tank decide to cultivate the bed, and the permission of the Assistant Government Agent is obtained.

12. If any proprietor fails to perform his share of any work required under these rules, the Irrigation Superintendent or Cultivation Officer may cause the work to be done and the cost thereof may be recovered in the manner prescribed by section 23 of the Ordinance.

Sydney Hayden.

Embossed pictures and method of producing them.

*Abstract.*—According to this invention a sheet of ductile metal has a photograph reproduced on it, and after fixing it in a frame the picture is brought out into the desired relief by tooling it. It is then backed with a suitable filling material such as a quick setting gypsum plaster.

There are eight claims and one sheet of drawings.

No. 2,844 of June 26, 1935.

I. G. Farbenindustrie Aktiengesellschaft.

Improvements in and relating to the manufacture of readily soluble salts of 9-aminoacridines or derivatives thereof.

*Abstract.*—This invention relates to the manufacture of readily soluble salts of 9-aminoacridines or derivatives thereof.

9-Aminoacridines and their derivatives, especially such as are substituted in the amino group by alkyl groups or by basic radicles, for instance, aminoalkyl- and alkyl-aminoalkyl groups, and in the nucleus by halogen atoms, nitro, amino, alkyl, alkoxy, and alkylmercapto groups, have found application in therapy on account of their excellent chemo-therapeutic properties. The 9-aminoacridine compounds were preferably employed in the form of their hydrochlorides. The hitherto known salts of the 9-aminoacridine compounds, particularly also the hydrochlorides, in general comply with the requirements for peroral administration. For injection purposes they are generally not sufficiently soluble in water.

In accordance with the present invention readily soluble salts of 9-aminoacridine and substitution products thereof are obtained by transforming the 9-aminoacridine or its substitution products into their salts with alkyl sulphonic acids. The salts are distinguished by their great solubility in water. They are also readily obtained in pure crystalline form. Transformation into the salts of the alkyl sulphonic acids, for instance, the methane sulphonic acid, ethane sulphonic acid and the like is preferably effected by neutralization of the acridine base by means of the alkyl sulphonic acid in the presence of a suitable solvent, as for instance alcohol. The new salts may also be obtained by double decomposition, for instance by treating the alkali metal salts of the alkyl sulphonic acid with the halogenides of the 9-aminoacridine compounds in an organic solvent, such as alcohol, separating the alkali halogenide which is formed and separating the alkyl sulphonic acid salt from the solution.

There are six claims and no drawings.

No. 2,855 of August 26, 1935 (Date applied for under Section 50 of the Ordinance : September 6, 1934).

Improvements in tea rolling machinery.

*Abstract.*—The object of this invention is to provide means for automatically applying, controlling and relieving the pressure required when rolling tea. The application of the pressure is controlled through the machine by means of a cam or cams, formed so that one part of the cam surface increases, or controls the increase of the pressure, another part of the cam reduces or controls the reduction of pressure, whilst a third part of the cam surface holds the pressure unaltered.

There are six claims and two sheets of drawings.

No. 2,860 of October 30, 1935 (Date applied for under Section 48 of the Ordinance : November 7, 1933).

*Abstract.*—This invention relates to improvements in or relating to the drying with or without smoking of rubber sheets. In this method the bulk of easily evaporated water is removed in the first stage at a relatively low temperature and the remainder in the second stage at a higher temperature.

There are twelve claims and one sheet of drawings.

No. 2,865 of November 27, 1935 (Date applied for under Section 48 of the Ordinance : December 14, 1933).

Rubber Producers Research Association.

Improvements in and relating to the Manufacture of Rubber.

*Abstract.*—The object of this invention is to treat rubber latex in such a manner that when the rubber is separated by coagulation with an acid in accordance with the usual procedure it can be softened by heating in air at much lower temperature than rubber from latex which has not received this treatment. The treatment consists in adding to the latex a small quantity of an aqueous solution of alkali such as caustic soda.

There are ten claims and no drawings.
