THE LOCAL GOVERNMENT ORDINANCE,
No. 11 OF 1920.

BY-LAWS made by the Badulla Urban District Council under sections 164 and 168 (14) of the Local Government Ordinance, No. 11 of 1920, and approved by the Local Government Board, and confirmed by the

Governor by virtue of the powers vested in him by the said section 164 and by Article 93 of the Ceylon (State Council) Order in Council, 1931.

CHAS. BATUWANTUDAWA,
Minister for Local Administration.

Colombo, February 1, 1936.

BY-LAWS REGULATING THE SUPPLY OF ELECTRICITY.

1. In these by-laws the following expression shall have the meaning assigned to it unless there be something repugnant in the subject or context :—

“the Council” means the Urban District Council of Badulla.

2. Any person desirous of obtaining the use of electrical energy from the Council shall apply in writing in the form set out in Schedule A hereto.

3. Every consumer of electrical energy shall pay (a) the charges for consumption, (b) meter rent, and (c) other connected charges at the rates set out in Schedule B hereto. Provided that in the case of the Badulla Hospital, Badulla Jail, and of any school, hostel, or club whose monthly consumption shall exceed 50 units, the Council may by resolution fix such other rate as may be reasonable in the circumstances of that case.

4. (1) That portion of the service cable which is on the consumer's premises, the transformers, the main fuses, the meter, and the board remain the property of the Council and on no account shall they be moved or handled by any one except the Council's employees.

(2) Any installation is liable to be disconnected from the Council's main on discovery that the Council's seals on the meter or the fuse have been broken or that any part of the Council's apparatus or wires has been tampered with.

(3) Any consumer who breaks or tampers with, or permits any person other than an employee of the Council to break or tamper with, any seal or any part of the Council's apparatus or wires shall be guilty of an offence punishable with a fine not exceeding fifty rupees.

5. (1) Every consumer wishing, at any time after his installation has been connected, to use lamps, fans, or motors of greater size, or to instal additional lamps or other consuming apparatus, either temporarily or permanently, or in any way to alter or extend the wiring on his premises shall notify his wish to the Council in writing, and if he desires that an electrical contractor should do the work, he shall at the same time notify the name and address of the said contractor.

(2) Failure on the consumer's part to give such notice shall render the whole installation liable to disconnection from the Council's mains without further notice.

(3) No extension whatsoever shall be connected to the main installation until the extension has been inspected and tested by the Council's Electrical Superintendent.

6. Every consumer shall permit the Council's inspectors and employees at all reasonable times to enter any of his premises to which energy is supplied, for the purpose of reading the meter or inspecting any apparatus or of disconnecting, or reconnecting the supply to such premises, or of removing or replacing any apparatus belonging to the Council.

7. (1) In the event of the melting of the main fuse in any premises notice shall be sent to the Council's Electrical Superintendent.

(2) No such fuse shall be replaced by any person other than one of the Council's authorized officers or workmen.

(3) If the melting of the fuse is found to have been caused by a defect in the consumer's wiring or apparatus, a charge of one rupee will be made for replacing the fuse.

8. (1) The Council does not hold itself liable to the consumer, for any loss or damage occasioned directly or indirectly, by the total or partial interruption of supply.

(2) In the case of electrical energy being used or dealt with by any consumer in such a manner as unduly or improperly to interfere with the efficient supply of energy to any other consumer, the Council reserves to itself the right to disconnect the delinquent's supply of energy without notice.

(3) In any such case if the installation be thereafter reconnected, a fee of five rupees for testing and reconnecting will be charged and must be paid in advance by the delinquent.

9. (1) All charges shall be deemed to be due on the date on which an account is presented.

(2) If such account is not paid within seven days of presentation, the Council may, after giving seven days'

notice, in writing to the consumer, disconnect such defaulting consumer's installation without prejudice to the right of the Council to recover all arrears.

(3) An installation so disconnected shall not be reconnected until the amount of arrears due is paid together with a reconnection fee of five rupees.

10. The Council reserves to itself the right to demand a deposit as security against the supply of energy in any case.

In particular, the Council reserves to itself the right to demand as a condition of the supply of energy the deposit in cash of the equivalent of two months' probable consumption as estimated by the Chairman, but the deposit of such security shall not prejudice the right of the Council to disconnect an installation for non-payment of accounts rendered as provided by by-law 9.

11. Complaints against the accuracy of an account shall be made to the office of the Council within a week after the presentation of the account.

12. (1) Consumers about to vacate their premises shall give in writing three clear days' notice of their intention to do so, but shall be responsible to the Council for all energy consumed on such premises until the expiration of twenty-four hours after receipt of such notice by the Council.

(2) Failing such notice, a consumer shall be held responsible for all energy consumed on such premises until the lapse of twenty-four hours from the date on which notice in writing, of the fact that he has vacated the premises is actually received at the Council's office.

13. (1) If the consumer or the Council shall at any time consider that any meter is not in proper working order, the Council's Electrical Superintendent may on his own motion or initiative or on receipt of a notice to that effect from the consumer take the necessary steps to have the meter tested.

(2) If it is found as a result of any test made at the request of a consumer that the supply registered by the meter is not more than $2\frac{1}{2}$ per cent. fast or $2\frac{1}{2}$ per cent. slow the consumer shall pay on demand the testing fee of five rupees.

(3) If it is found as a result of any test made at the request of a consumer that the supply registered by the meter is more than $2\frac{1}{2}$ per cent. fast, no testing fee shall be charged and the Council shall refund to the consumer any amount paid by him in excess of the value of the quantity actually consumed by him during the previous three months.

(4) If as a result of any test made at the request of a consumer, it is found that the supply registered by the meter is more than $2\frac{1}{2}$ per cent. slow, no testing fee shall be charged but the consumer shall pay on demand the charges for the difference between the quantity registered by the meter and the quantity actually consumed during the previous three months.

(5) For any period during which the meter is found to have been out of order or to have registered incorrectly the consumer shall not be liable to pay meter rent.

(6) No testing fee shall in any case be recovered where the test is made on the initiative of the Council or its Electrical Superintendent.

14. Whoever being a registered consumer wilfully or negligently causes electrical energy to be diverted or wasted or maliciously injures any meter or wilfully alters the index of any meter fixed to his premises or prevents any such meter from duly registering, shall be guilty of an offence punishable with a fine, which may extend to fifty rupees.

15. (1) No person who does not hold a certificate of competency as an Electrical Contractor from the Council shall—

(a) undertake or carry out the work of installation of electrical fittings, fixtures or wires in any premises on a service which is intended to be connected to the Council's mains, or

(b) after an installation in any premises has been connected to the Council's mains carry out or perform, in connection with such installation, any electrical work—

(i.) which consists of or is in the nature of, alterations, adjustments, additions, or repairs to such installation, or

(ii.) which is other than such ordinary replacement of lamps, fans, switches, or other component parts as in no way alters or affects the capacity and nature of such installation.

(2) Every person who without being the holder of a valid certificate of competency carries out or attempts to carry out any electrical work described in paragraph (1) of this by-law otherwise than as the paid servant of a qualified

contractor and every person who causes or procures such work to be carried out or attempted or performed shall be severally guilty of an offence punishable with a fine not exceeding twenty-five rupees.

16. No person shall be granted a certificate of competency as Electrical Contractor unless he has—

- (a) had at least three years' practical experience in a recognized electrical engineering workshop or firm or electrical power station, and
- (b) been regularly engaged for a period of not less than two years in the practice of electrical engineering :

Provided, however, that the Council may issue a certificate of competency as electrical contractor to any person not so qualified if in the opinion of the Council such person is otherwise fully qualified to exercise the powers and to perform the functions of an electrical contractor.

Provided also that the Council may in its discretion refuse to grant a certificate of competency to any person as an electrical contractor, whatever his qualification may be, without assigning any reason or excuse for such refusal.

17. (1) No electrical contractor shall carry out or perform any electrical work, such as installation work, including additions, alterations, and adjustments to existing installations except after notice of not less than two days to the Council's Electrical Superintendent to enable him to inspect the proposed work.

(2) If the Council's Electrical Superintendent approves of the intended work, but objects to the manner in which the contractor proposes to carry it out, he may impose terms or conditions to be observed by the contractor in the performance of the work, or may vary, or modify the plan or scheme of the proposed work and may issue a permit only for the variation or modification made by him.

18. Every electrical contractor in carrying out any work shall strictly follow any modifications or variations or other directions that may be set out in the permit by the Council's Electrical Superintendent. Any deviation from such directions of the Electrical Superintendent shall entitle the Council to cause the said work to be removed and taken down at the expense of the contractor and shall further subject the said electrical contractor to a cancellation or suspension of his certificate of competency.

19. Any electrical contractor who commences or carries out any work connected with or affecting any installation or any extension thereof without notice to the Council's Electrical Superintendent previously given and permission of the said Electrical Superintendent being obtained shall be liable in addition to the cancellation of his certificate of competency to a fine not exceeding twenty-five rupees.

20. Any electrical contractor who in carrying out any electrical work acts in contravention of the directions set out in the permit issued to him by the Council's Electrical Superintendent, shall, in addition to being liable to have his certificate of competency cancelled, be guilty of an offence punishable with a fine not exceeding twenty-five rupees.
