But no such additions, omissions, or variations shall in anywise have the effect of suspending, superseding, annulling, or rescinding the said contract, which shall continue to subsist notwithstanding such additions, omissions, or variations being made. And every such addition, omission, or variation shall be performed and made by the contractor; under and subject to the conditions, stipulations, and covenants expressed in the contracts as if such addition, omission, or variation had been expressed and specified in the terms of the contract; and no additions, omissions, variations or extra work whatever shall be done without the written authority of the Sanitary Engineer, given prior to the execution of such work, nor will any allowance or payment be made for the same in case it should be done without such authority.

17. Any person employed by the contractor on the works, who in the opinion of the Sanitary Engineer is considered incompetent or who shall act in an improper

manner, may be discharged by the Engineer, and such person shall not be again employed upon the works without written permission from the Sanitary Engineer.

18. Should it be deemed necessary on account of the inclemency of the weather or from any other cause to suspend the works or any portion of them, the Sanitary Engineer or Officer-in-Charge of works shall have power to direct such delay without any extra allowance being demanded by the contractor, but the period during which such works may be suspended shall be allowed to the contractor in computing the time for the completion of the work.

19. 20. If the contractor shall be declared bankrupt or petition any court having jurisdiction in bankruptcy for the liquidation of his affairs by arrangement or composition or for otherwise arranging or compounding with his creditors, it shall be lawful for the Sanitary Engineer or Officer-in-Charge of the works to take possession on behalf of the Government of all plant, implements, tools, and materials upon the works belonging to the contractor, and to employ any other contractor, workmen, or other person by contract, piece work, day work or otherwise, and to proceed with and complete the works. On the expiration of the said notice or on such bankruptcy or petition, or arrangement as the case may be, the contract shall, at the option of the Government, become void as to the contractor, without prejudice to any right of action which the contractor may be subject unto for not proceeding with the works in accordance with the specification.

21. The work will be measured up monthly by the Sanitary Engineer or Officer-in-Charge of the works whose measurements will be final. Only the net measurements of work will be allowed notwithstanding any local or other usage or custom to the contrary.

22. The Sanitary Engineer or Officer-in-Charge of the works will certify monthly, on account, and the final certificate will be made out upon measurements based on the actual quantities and of the works executed according to the accepted contract rates.

23. The contractor shall maintain at his own expense and keep in proper repair to the satisfaction of the Sanitary Engineer, the whole of the works for a period of three calendar months after the completion of same.

24. Payments for works will be made monthly on the basis of 85 per cent. of the estimated value of the work executed, the balance 15 per cent. will be retained in the hands of Government until the completion of the work, and will be forfeited by way of liquidated and ascertained damages to the Government should the contractor fail to complete his contract to the entire satisfaction of the Sanitary Engineer.

25. The cash security will be retained until the maintenance period has been completed and the works handed over. No payment or certificate shall protect or be deemed to protect the contractor in case of overpayment, or in case it shall at any time within the term of maintenance, appear that the works or any part of them have not been executed in accordance with the specification.
