GALLE MUNICIPAL COUNCIL.**Minutes of Proceedings of a General Meeting of the Municipal Council of Galle, held at the Municipal Office on Saturday, June 20, 1936, at 9 a.m., pursuant to notice dated June 15, 1936.**

Present:—Mr. C. Harrison-Jones, Chairman; Mr. J. E. Perera; Dr. H. E. Ekanayaka; Mr. F. Magdon Ismail; Mr. Thomas Amarasuriya; Mr. E. M. Karunaratna; Mr. A. C. Mohammedo; Mr. W. Dahanayaka; Mr. A. I. H. A. Wahab; Mr. A. Kahaduwa; and Mr. G. Ross Bell.

1. The Minutes of the Meeting held on May 23, 1936, a copy thereof having been furnished to each Member, were taken as read and confirmed.

2. Three petitions were presented, one each by Messrs. E. M. Karunaratna, W. Dahanayaka, and A. I. H. A. Wahab.

3. Pursuant to notice, Mr. W. Dahanayaka asked the following questions:—(1) (a) How many cases of tuberculosis and how many deaths from it have been reported in each of the months, January to May, this year? (b) How many of these patients have gone to an Anti-Tuberculosis Institute? (c) Has the Medical Officer of Health visited each case and given the necessary instructions? (d) What, in brief, are the instructions he gives? (e) Will the Chairman please get these instructions printed and distributed? (2) (a) What precautionary steps has this Council taken to minimize the dangers of electrocution since the last fatality eight months ago? (b) Will the Chairman please take immediate steps to see that instructions on how to act in cases of electrocution are displayed in prominent centres of the town? (3) (a) How much did the Galle Police Band cost the Council last year, and how much will it cost this year? (b) How many public performances were given by the band last year, and how many will be given this year? (c) Why has moonlight music, an item that was much appreciated, been dropped? (d) When the Council reduced the grant to the band, did the Council sanction a reduction in the number of performances? (e) Will the Chairman be pleased to submit this matter for reconsideration by the Council?

The Chairman replied as follows:—(1) (a) to (e) Owing to the absence of the Medical Officer of Health on sick leave I have not been able to obtain the necessary information. These questions will, therefore, be answered at the next meeting. (2) (a) A thorough overhauling of the overhead mains system has already been started, and is still being carried out. In addition to this, a large number of trees which were found to be overhanging the mains, have been cut down. (b) Cards containing printed instructions for the treatment for electric shock are at present affixed to the walls of the transformer kiosks in the town. Action is being taken to have similar cards posted up on all the Municipal notice boards. (3) (a) Rs. 1,200 last year, and Rs. 960 this year. (b) Sixty-four performances were given last year and forty-eight will be given this year. (c) The Superintendent of Police has informed me that the reduced payment has made it impossible for him to continue the moonlight performances, which have accordingly ceased from January 1, 1936. (d) No, but I think it was understood that the reduced grant would naturally result in a reduction of the number of performances. (e) In view of the Superintendent's reply, and as a sum of Rs. 960 only has been voted for the current year, I do not see the necessity for submitting the matter to the Council for re-consideration. The question, however, will be considered again along with the Budget for 1937.

4. Pursuant to notice, Mr. Thomas Amarasuriya asked the following questions:—(1) Will the Chairman be pleased to state the total amount of assessment rates collected from Ward No. 5 during the last 10 years? (2) How much has been spent on improvements to this ward during the period in question? (3) What are the major improvements effected to the said ward during this period? (4) Will the Chairman be pleased to state on whose valuations the present assessments are based? (5) When were these valuations made? (6) Is the Chairman aware that these valuations are irregular now? (7) Will the Chairman consider the desirability of obtaining the services of the Government Assessor to revise these assessments?

The Chairman replied as follows:—(1) It is not possible to give an accurate answer to this question owing to the extension of the Police limits in 1932 and the re-division of the wards in 1933. But the total approximate amount of assessment rates collected during the last 10 years within the area now known as Ward No. 5 is Rs. 60,000. (2) Approximately Rs. 117,000 within the area now known as Ward No. 5. (3) A statement giving the information required is tabled. (4) On the valuations of Capt. E. G. Eastman, formerly Municipal Assessor, Colombo, and later Government Assessor. (5) In 1923, 1924, and 1925. (6) This question is not understood. (7) This matter is on the Agenda for consideration to-day.

With regard to the reply to question No. 6 Mr. Amarasuriya explained that by "irregular" he meant "not up-to-date." The Chairman stated that in that case the answer to the question would be in the affirmative.

5. The Chairman moved that a supplementary grant of Rs. 320 be made to the Galle Child Welfare Association for the purpose of providing the new Child Welfare Clinic with electric lights and water service.—Carried unanimously.

6. Pursuant to notice, Mr. W. Dahanayaka moved:—(1) That a Special Committee of this Council be appointed to inquire into and report on the infant and maternal mortality in Galle, and that this Committee be empowered to co-opt into it any members of the public as are likely to be of assistance in its deliberations. Mr. J. E. Perera seconded. The Chairman said he did not think the second part of the motion was in order in view of the provisions of section 93 of Ordinance No. 6 of 1910. The mover, therefore, with the permission of Council, amended the motion by deleting therefrom the words "and that this Committee be empowered to co-opt into it any members of the public as are likely to be of assistance in its deliberations," on the understanding that interested members of the public would be invited to be present at the deliberations of the Special Committee. The motion, as amended, was then put to the meeting and carried unanimously.

The Chairman moved Council into Committee to consider the personnel of the Special Committee.

Council in Committee:—

Council in Committee recommended that the Special Committee do consist of the Chairman, Dr. H. E. Ekanayaka, and Messrs. J. E. Perera, W. Dahanayaka, and A. I. H. A. Wahab, with the Chairman as convener and three members to form a quorum.

Council resumed, and the Chairman moved that the above recommendation of the Council in Committee be adopted.—Carried.

(2) This Council do take steps to provide itself with a fitting Town Hall. Mr. E. M. Karunaratna seconded the motion which was supported also by Messrs. J. E. Perera, A. I. H. A. Wahab, F. Magdon Ismail, Thomas Amarasuriya, and G. Ross Bell. After the Chairman had expressed his views on the matter the motion was put to the meeting and carried unanimously. It was further resolved, after consideration in Committee, that the matter be referred in the first instance to the Standing Committees on Municipal Works and Finance and Assessment for consideration and report.

(3) In view of the fact that the Police Band costs the Council Rs. 960 a year for one performance a week, the Works Committee do consider the feasibility of substituting for it a wireless set with amplifiers to be owned and maintained by the Council. Resolution.

Resolved that the above recommendations of the Standing Committee be adopted.

(c) Extracts from the Minutes of the Four Standing Committees of June 6, 1936.

(2) Considered the following extract from the Minutes of the Standing Committees on Finance and Assessment and Law and General Subjects of March 7, 1936 :—

“ Considered the present rates levied in the town under section 115 of Ordinance No. 6 of 1910, with a view to deciding on a correct method of rating from 1937.—Recommended (1) that with effect from the beginning of 1937 a uniform rate of 11½ per cent. be levied throughout the town, (2) that an additional rate of 6 per cent. be levied within the water served area, (3) that suitable street lights be provided in those areas which are at present not lit with electricity.”

Recommended (1) that Government be requested to amend section 115 of Ordinance No. 6 of 1910, so as to empower the Galle Municipal Council to levy within the area lit with electricity a lighting rate (which it has hitherto been collecting) which should not exceed 5 per cent. ; (2) that if and when the necessary legislation is passed enabling the Council to recover a water rate as well as a lighting rate, the following rates be levied :—(a) A uniform assessment rate of 7 per cent. throughout the town, (b) a water rate of 6 per cent. within the water served area, and (c) a lighting rate of 4½ per cent. within the area lit with electricity ; (3) that the boundaries of the two areas provided with water service and electric lights respectively be defined and determined in due course by resolution of the Council.

(3) To approve the following rates of payment to the rat trapping labourers with effect from July 1, 1936.—Fifty cents each per working day and five cents extra for each rat trapped above the minimum number of 150 per month.—Recommended that the proposed new rates of payment be approved with effect from July 1, 1936.

(4) To consider Mr. Dahanayaka's motion of March 14, 1936, viz. :—“ In view of the fact that Galle is a distributing centre for rice and the Central Government derives considerable revenue from this source, this Council requests the Central Government to bear half the cost of constructing rat-proof granaries in Galle.”—Recommended that the site of the Public Hall, coal shed, and cart shed be selected for the purpose of erecting approximately 42 grain stores.

Photo Electrograph, Limited.

An improved method and means for the reproduction of pictures.

Abstract.—The invention is concerned with a method and apparatus for the reproduction of pictures by photo-electric means and its object is to provide a method of procedure and an improved construction of apparatus which will render possible the reproduction of a picture at different degrees of magnification according to requirements and in any colour or colours desired.

According to this invention a picture being copied is automatically reconstructed by an electrically controlled air brush which is made to traverse progressively over the surface of reproduction while a photo electric device traversing similarly over the surface of the original picture exercises control over the air brush.

The apparatus may comprise a rotating drum or cylinder to the surface of which the original picture is applied. This drum is connected to another on which the sheet which is to receive the copy is attached. In a guide track is moved a carriage at one end of which is an electrically controlled air brush and at the other end a photo electric device. Light falling from say an electrical lamp on to the original picture affects the photo electric cell, and the air brush is operated thereby.
