(1) The Forest Department will, as far as possible, assist contractors in disposing of material extracted from their areas. The Railway Department will buy direct from the contractors, subject to stipulations shown below, sleepers of the correct specification (copy attached) in respect of species, quality, and dimensions, brought from the felling area to the Railway line sides or station yards. The Railway Department will pay the contractors for all accepted sleepers at the following approximate rates:—

		Rs	١. (c.
Broad Gauge sleeper delivered on Broad Gauge line	 		5	0

It should be understood by tenderers that no guarantee is held out that payment will be made by the Railway Department at the above rates as they are subject to revision. Narrow Gauge sleepers should not be converted except on the orders of the Forest Department which will issue such orders after ascertaining the requirements of the Railway Department. The contractor shall extract as many sleepers as his coupe could yield. Should he fail to do this he shall be liable to forfeit his security in full or in part.

- (2) A Forest Department representative will pass all sleepers for species at the same time that the Railway Department's Inspecting Officer passes them for specification and payment; and the Forest Department will generally advise the contractor during the course of the work as to the specification and standard of sleepers required, but the onus of supplying sleepers which comply with the Railway Department's specification rests on the contractor alone.
- (3) Reduced royalty at the rates given in the schedule will be recovered on timber in the log, converted material other than sleepers and firewood at the Wayside Depôt, as and when required by the Divisional Forest Officer, and in any case at intervals of not longer duration than one month. The time and place of recovery of reduced royalty on sleepers will be fixed by the Conservator of Forests and his decision on all aspects of this question shall be final.
- (4) Sleepers should be delivered at an agreed point on the line side or station yards in batches or parcels of not less than 600, and as sufficient quantities become available for handing over, the Forest Department will intimate the Railway Department to this offect.

- (6) A plan will be attached to the agreement showing the working area delineated by a red outline. The boundaries of the area and subdivisions of it, as the Divisional Forest Officer may deem necessary, shall be demarcated by the contractor and work shall be confined to such subdivisions as the Divisional Forest Officer may from time to time lay down.

 - (ii.) The right is, however, reserved to the various Government Agents and Assistant Government Agents, in whose provinces or districts the areas of exploitation lie, to issue therefrom, if necessary, grants for requirements of villages within or adjacent to these areas of exploitation and for public purposes, in respect of trees of any species or girth. The contractor shall not be entitled to any payment for any materials thus granted.
 - (b) In Reserved Forests and Proposed Reserves no halmilla tree below 4 ft. in girth and no tree of other species below 5 ft. 6 in. in girth at breast height shall be folled, nor shall any tree be felled which has not been previously stamped for folling by a Forest Oflicer.
 - (c) Follod satinwood trees over 5 ft. 6 in. in girth at butt end shall not be sawn into sleepers until passed by the Divisional Forest Officer or by an officer deputed by him. The contractor shall deliver such supplies loaded into railway trucks at the Railway station nearest his coupe. He shall also comply strictly with specifications, &c., connected with each supply. The placing of orders for these supplies shall be entirely at the discretion of the Conservator of Forests. Any logs not so ordered may be otherwise disposed of by the contractor.

- (8) (i.) If a contractor in the performance of his agreement does anything contrary to its terms or omits to do anything required thereby, the Conservator of Forests may:—
 - (a) in any case in which he is of opinion that such act or omission is a serious irregularity, cancel the said agreement and forfeit, for the use of the Crown, the contractor's security deposit and all timber in the area and the wayside depôt, whether paid for or not;

 (b) in any case in which he is of opinion that such act or omission is a minor irregularity, fine the contractor.
- (ii.) The Conservator of Forests may give the contractor time to pay such fine. If such fine be not paid within the time allowed for its payment, it will be recovered from the security deposited under General Condition No. 13.
- (9) The contractor shall make good any deductions made from the security deposit within such time as the Conservator of Forests may fix. If he fails to do so the Conservator of Forests may cancel his agreement and forfeit the balance of the said deposit.
- (10) The contractor shall be liable to pay, at rates obtaining under the agreement for logs left lying in the area at the termination of the agreement which in the opinion of the Divisional Forest Officer are marketable or capable of being converted.

 Any trees which stand unfelled in the coupe at the termination of the agreement shall be the property of the Crown and the contractor shall have no claim whatever to them.

- (11) All demands for timber and firewood in the vicinity of an area under working shall be met from that area and the contractor will be required to meet those demands and will be allowed to charge any rate not in excess of Full Royalty prescribed by law for standing timber or firewood. The contractor shall issue licences for felling and removal on his own printed forms, which shall be subject to the approval of the Conservator of Forests. Materials thus sold shall bear the Government "S" hammer mark and the contractor's property mark side by side.
- (12) All produce removed by the contractor or his licensee may be stopped and examined by any Forest Officer, anywhere, and, if there is reason to believe that money is payable to Government in respect of any portion of it, may be detained until such money is paid, or until inquiry regarding it has been made.
- (13) The contractor shall have the right to appeal to the Conservator of Forests in the event of the enforcement of any of the penalties specified in these conditions and the decision of the Conservator of Forests shall be final.
- (14) Felling, conversion, collecting, and removal rights under this sale shall commence on January 1, 1938, or the date of signing the agreement whichever is later.
- (15) The first consignment of not less than 600 broad gauge sleepers must be ready for delivery to the Railway not later than March 31, 1938. In the case of delay a penalty of Rs. 25 may be imposed for every month or part of a month, after March 31, and until the first consignment is ready for delivery at the discretion of the Conservator of Forests.
- (16) Felling rights shall cease on September 30, 1938, while conversion, collection and removal rights shall cease on December (16) Felling rights shall cease on September 30, 1938, while conversion, collection and removal rights shall cease on December 31, 1938. Applications for extension of time will only be considered in exceptional circumstances and granted at the discretion of the Conservator of Forests, whose decision shall be final. Such extension shall be subject to payment by the contractor of 25 per cent. of the accepted premium for every period of extension of 3 months or less. The Conservator of Forests shall, however, have the power to waive this payment in full or in part, at his sole discretion, but this power will only be exercised in cases where the contractor has displayed commendable zeal and energy, or where his operations have been hindered by circumstances outside his control. Extension of time for felling purposes, however, will not be granted under any circumstances in respect of Akkiriyan, Andankulam, and Irasenthirankulam forests.
