Text.**CIVIL PROCEDURE CONVENTION BETWEEN
GREAT BRITAIN AND LITHUANIA.**

Kovno, April 24, 1934.

[Ratifications exchanged at London on May 7, 1936.]

His Majesty the King of Great Britain, Ireland and the British Dominions beyond the Seas, Emperor of India, and the President of the Republic of Lithuania,

Being desirous to render mutual assistance in the conduct of legal proceedings in civil and commercial matters which are being dealt with or which it is anticipated may be dealt with by their respective judicial authorities;

Have resolved to conclude a Convention for this purpose and have appointed as their Plenipotentiaries:

His Majesty the King of Great Britain, Ireland and the British Dominions beyond the Seas, Emperor of India:

For Great Britain and Northern Ireland:

Mr. Hughe Montgomery Knatchbull-Hugessen, his Envoy Extraordinary and Minister Plenipotentiary to the Republic of Lithuania, and

The President of the Republic of Lithuania:

Dr. Dovas Zaunius, Minister for Foreign Affairs,

Who having communicated their full powers, found in good and due form, have agreed as follows:—

I.—Preliminary.**ARTICLE 1.**

(a) Except where the contrary is expressly stated, this Convention applies only to civil and commercial matters, including non-contentious matters.

(b) In this Convention the words—

- (1) "territory of one (or of the other) High Contracting Party" shall be interpreted (a) in relation to His Majesty the King of Great Britain, Ireland and the British Dominions beyond the Seas, Emperor of India, as meaning England and Wales and all territories in respect of which the Convention is in force by reason of extensions under Article 16 or accessions under Article 17; and (b) in relation to the President of the Republic of Lithuania as meaning Lithuania;
- (2) "persons" shall be deemed to mean individuals and artificial persons;
- (3) "artificial persons" shall be deemed to include partnerships, companies, societies and other corporations;
- (4) "subjects or citizens of a High Contracting Party" shall be deemed to include artificial persons constituted or incorporated under the laws of the territory of such High Contracting Party;
- (5) "subjects (or citizens) of one (or of the other) High Contracting Party" shall be deemed (a) in relation to His Majesty the King of Great Britain, Ireland and the British Dominions beyond the Seas, Emperor of India, to mean all subjects of His Majesty wherever domiciled and all persons under his protection; and (b) in relation to the President of the Republic of Lithuania all Lithuanian citizens.

II.—Service of Judicial and Extra-Judicial Documents.**ARTICLE 2.**

(a) When judicial or extra-judicial documents drawn up in the territory of one of the High Contracting Parties are required by a judicial authority situated therein to be served on persons in the territory of the other High Contracting Party, such documents may be served on the recipient, whatever his nationality, by any of the methods provided in Articles 3 and 4, in all cases where such method of service is recognised by the law of the country of origin.

(b) In Part II of this Convention the expression "country of origin" means the country from which the documents to be served emanate, and the expression "country of execution" means the country in which service of documents is to be effected.

ARTICLE 3.

(a) A request for service shall be addressed and sent by a Consular Officer acting for the country of origin to the competent authority of the country of execution, requesting such authority to cause the document in question to be served.

(b) The request for service shall be drawn up in the language of the country of execution and shall state the names and descriptions of the parties, the name, description and address of the recipient, and the nature of the document to be served, and shall enclose the document to be served in duplicate.

(c) The document to be served shall either be drawn up in the language of the country of execution, or be accompanied by a translation into such language. Such translation shall be certified as correct by a Consular Officer acting for the country of origin.

(d) Requests for service shall be addressed and sent—

In England to the Senior Master of the Supreme Court of Judicature.

In Lithuania to the President of the Court of Appeal; in the case of the Territory of Klaipeda (Memel) to the President of the Landgericht.

If the authority to whom a request for service has been sent is not competent to execute it, such authority shall (except in cases where execution is refused in accordance with paragraph (f) of this Article) of his own motion forward the request to the competent authority of the country of execution.

(e) Service shall be effected by the competent authority of the country of execution, who shall serve the document in the manner prescribed by the municipal law of such country for the service of similar documents, except that, if a wish for some special manner of service is expressed in the request for service, such manner of service shall be followed in so far as it is not incompatible with the law of that country.

(f) The execution of a request for service, duly made in accordance with the preceding provisions of this Article, shall not be refused unless (1) the authenticity of the request for service is not established, or (2) the High Contracting Party in whose territory it is to be executed considers that his sovereignty or safety would be compromised thereby.

(g) In every instance where a request for service is not executed by the authority to whom it has been sent, the latter will at once inform the Consular Officer by whom the request was sent, stating the ground on which the execution of the request has been refused or the competent authority to whom it has been forwarded.

(h) The authority by whom the request for service is executed shall furnish a certificate proving the service or explaining the reason which has prevented such service, and setting forth the fact, the manner and the date of such service or attempted service, and shall send the said certificate to the Consular Officer by whom the request for service was sent. The certificate of service or of attempted service shall be placed on one of the duplicates or attached thereto.

ARTICLE 4.

(a) Service may be effected, without any request to or intervention of the authorities of the country of execution, by any of the following methods:—

- (1) By a Consular Officer acting for the country of origin;
- (2) By an agent appointed for the purpose either by the judicial authority of the country of origin or by the party on whose application the document was issued;
- (3) Through the post; or
- (4) By any other method of service which is not illegal, under the law existing at the time of service, in the country of execution.

(b) All documents served in the manner provided in (1) of the preceding paragraph shall, unless the recipient is a subject or citizen of the High Contracting Party from whose territory the document to be served emanates, either be drawn up in the language of the country of execution or be accompanied by a translation into such language, certified as correct, as prescribed in Article 3 (c).

(c) The High Contracting Parties agree that in principle it is also desirable that the provisions of paragraph (b) of this Article should apply to documents served in the manner provided in (2), (3) and (4) of paragraph (a) of this Article. Nevertheless, in the absence of any legislation in their respective territories making translations obligatory in such cases, the High Contracting Parties do not accept any obligation in this respect.

(d) It is understood that the question of the validity of any service effected by the use of any of the methods referred to in paragraph (a) of this Article will remain a matter for the free determination of the respective courts of the High Contracting Parties in accordance with their laws.

ARTICLE 5.

(a) In any case where documents have been served in accordance with the provisions of Article 3, the High Contracting Party, by whose Consular Officer the request for service was addressed, shall repay to the other High Contracting Party any charges and expenses which are payable under the law of the country of execution to the persons employed to effect service, and any charges and expenses incurred in effecting service in a special manner. Those charges and expenses shall not exceed such as are usually allowed in the courts of that country.

(b) Repayment of these charges and expenses shall be claimed by the competent authority by whom the service has been effected from the Consular Officer by whom the request was addressed, when sending to him the certificate provided for in Article 3 (h).

(c) Except as provided above, no fees of any description shall be payable by one High Contracting Party to the other in respect of the service of any documents.

III.—Taking of Evidence.

ARTICLE 6.

(a) When a judicial authority in the territory of one of the High Contracting Parties requires that evidence should be taken in the territory of the other High Contracting Party, such evidence may be taken, whatever the nationality of the parties or witnesses may be, in any one of the ways prescribed in Articles 7, 8 or 9.

(b) In Part III of this Convention, the expressions—

- (1) "Taking of evidence" shall be deemed to include the taking of the statements of a plaintiff, defendant, expert or any other person on oath or otherwise; the submission to a plaintiff, defendant, expert or any other person of any oath with regard to any legal proceedings; and the production, identification and examination of documents, samples or other objects.

(2) "Witness" shall be deemed to include any person from whom any evidence, as defined above, is required to be taken.

(3) "Country of origin" shall be deemed to mean the country by whose judicial authority the evidence is required, and "country of execution" the country in which the evidence is to be taken.

ARTICLE 7.

(a) The judicial authority of the country of origin may, in accordance with the provisions of the law of his country, address himself by means of a Letter of Request to the competent authority of the country of execution, requesting such authority to take the evidence.

(b) The Letter of Request shall be drawn up in the language of the country of execution, or be accompanied by a translation into such language. Such translation shall be certified as correct by a Consular Officer for the country of origin. The Letter of Request shall state the nature of the proceedings for which the evidence is required, giving all necessary information in regard thereto, the names of the parties thereto, and the names, descriptions and addresses of the witnesses. It shall also either (1) be accompanied by a list of interrogatories to be put to the witness or witnesses, or, as the case may be, by a description of the documents, samples or other objects to be produced, identified or examined, and a translation thereof, certified as correct in the manner heretofore provided; or (2) shall request the competent authority to allow such questions to be asked *visa voce* as the parties or their representatives shall desire to ask.

(c) Letters of Request shall be transmitted—

In England by a Lithuanian Consular Officer to the Senior Master of the Supreme Court of Judicature.

In Lithuania by a British Consular Officer to the President of the Court of Appeal; in the case of the Territory of Klaipeda (Memel) to the President of the Landgericht.

In case the authority to whom any Letter of Request is transmitted is not competent to execute it, such authority shall (except in cases where execution is refused in accordance with paragraph (f) of this Article) of his own motion forward the Letter of Request to the competent authority of the country of execution.

(d) The competent authority of the country of execution shall give effect to the Letter of Request and obtain the evidence required by the use of the same compulsory measures and the same procedure as are employed in the execution of a commission or order emanating from the authorities of his own country, except that if a wish that some special procedure should be followed is expressed in the Letter of Request, such special procedure shall be followed in so far as it is not incompatible with the law of the country of execution.

(e) The Consular Officer, by whom the Letter of Request is transmitted shall, if he so desires, be informed of the date when and the place where the proceedings will take place, in order that he may inform the interested party or parties, who shall be permitted to be present in person or to be represented, if they so desire, by barristers or solicitors or by any representatives who are competent to appear before the courts either of the country of origin or of the country of execution.

(f) The execution of a Letter of Request which complies with the preceding provisions of this Article can only be refused—

- (1) If the authenticity of the Letter of Request is not established;
- (2) If, in the country of execution, the execution of the Letter of Request in question does not fall within the functions of the judiciary;
- (3) If the High Contracting Party in whose territory it is to be executed considers that his sovereignty or safety would be compromised thereby.

(g) In every instance where a Letter of Request is not executed by the authority to whom it is addressed, the latter will at once inform the Consular Officer by whom it was transmitted, stating the grounds on which the execution of the Letter of Request has been refused, or the competent authority to whom it has been forwarded.

(h) When a Letter of Request has been executed, the competent authority to whom it was transmitted or forwarded shall send to the Consular Officer by whom it was transmitted the necessary documents establishing its execution.

ARTICLE 8.

(a) The judicial authority of the country of origin may, in the Letter of Request addressed to the competent

authority of the country of execution, request such authority to appoint to take the evidence a person specially designated in the Letter of Request.

A Consular Officer for the country of origin or any other suitable person may be so designated.

(b) Where this procedure is adopted, the provisions of paragraphs (b), (c), (f), (g) and (h) of Article 7 shall apply, but the following paragraphs shall be substituted for paragraphs (d) and (e) of that Article.

(c) The competent authority of the country of execution shall give effect thereto, and shall appoint the person designated to take the evidence, unless such person shall be unwilling so to act. In addition, if necessary, such authority shall make use of such compulsory powers as it possesses under its own law to secure the attendance of and the giving of evidence by the witnesses before the person so appointed.

(d) The person thus appointed shall have power to administer an oath, and any person giving false evidence before him shall be liable in the courts of the country of execution to the penalties provided by the law of that country for perjury.

(e) The evidence shall be taken in accordance with the law of the country of origin, provided such method is not contrary to the law of the country of execution, and the parties shall have the right to be present in person or to be represented by barristers or solicitors or by any other persons who are competent to appear before the courts of either the country of origin or of execution.

ARTICLE 9.

(a) The evidence may also be taken, without any request to or the intervention of the authorities of the country of execution by a person in that country directly appointed for the purpose by the court of the country of origin. A Consular Officer acting for the country of origin or any other suitable individual may be so appointed.

(b) A person so appointed to take evidence may request the individuals named by the court appointing him to appear before him and to give evidence. He may take all kinds of evidence which are not contrary to the law of the country of execution, and shall have power to administer an oath. The attendance and giving of evidence before any such person shall be entirely voluntary, and no measures of compulsion shall be employed.

(c) Requests to appear issued by such person shall, unless the recipient is a subject or citizen of the High Contracting Party for whose judicial authority the evidence is required, be drawn up in the language of the country of execution or be accompanied by a translation into such language.

(d) The evidence may be taken in accordance with the procedure recognised by the law of the country of origin, and the parties will have the right to be present in person or to be represented by barristers or solicitors of that country, or by any representatives who are competent to appear before the courts either of the country of origin or of the country of execution.

ARTICLE 10.

The fact that an attempt to take evidence by the method laid down in Article 9 has failed owing to the refusal of any witness to appear or to give evidence does not preclude a request being subsequently made in accordance with Article 7 or 8.

ARTICLE 11.

(a) Where evidence is taken in the manner provided in Article 7 or 8, the High Contracting Party, by whose judicial authority the Letter of Request was addressed, shall repay to the other High Contracting Party any expenses incurred by the competent authority of the latter in the execution of the request in respect of any charges and expenses payable to witnesses, experts, interpreters or translators, the costs of obtaining the attendance of witnesses who have not appeared voluntarily, and the charges and expenses payable to any person whom such authority may have deputed to act, in cases where the law of the country of execution permits this to be done, and any charges and expenses incurred by reason of a special procedure being requested and followed. These expenses shall be such as are usually allowed in similar cases in the courts of the country of execution.

(b) The repayment of these expenses shall be claimed by the competent authority by whom the Letter of Request has been executed from the Consular Officer by whom it was transmitted when sending to him the documents establishing its execution, as provided in Article 7 (h).

(c) Except as above provided, no fees of any description shall be payable by one High Contracting Party to the other in respect of the taking of evidence.

IV.—Judicial Assistance for Poor Persons and Security for Costs.

ARTICLE 12.

The subjects or citizens of one High Contracting Party resident in the territory of the other High Contracting Party shall not be compelled to give security for costs in any case where a subject or citizen of such other High Contracting Party would not be so compelled.

ARTICLE 13.

(1) The subjects or citizens of one High Contracting Party shall enjoy in the territory of the other High Contracting Party a perfect equality of treatment with subjects or citizens of the latter High Contracting Party as regards free legal assistance for poor persons.

(2) The provisions of this Article apply to criminal as well as to civil and commercial matters.

V.—General Provisions.

ARTICLE 14.

Any difficulties which may arise in connexion with the operation of this Convention shall be settled through the diplomatic channel.

ARTICLE 15.

The present Convention, of which the English and Lithuanian texts are equally authentic, shall be subject to ratification. Ratifications shall be exchanged in London. The Convention shall come into force one month after the date on which ratifications are exchanged, and shall remain in force for three years after the date of its coming into force. If neither of the High Contracting Parties shall have given notice through the diplomatic channel to the other not less than six months before the expiration of the said period of three years of his intention to terminate the Convention, it shall remain in force until the expiration of six months from the day on which either of the High Contracting Parties shall have given notice to terminate it.

ARTICLE 16.

(a) This Convention shall not apply *ipso facto* to Scotland, Northern Ireland, nor to any of the Colonies, overseas territories or Protectorates of His Majesty the King of Great Britain, Ireland and the British Dominions beyond the Seas, Emperor of India, nor to any territories under his suzerainty, nor to any mandated territories in respect of which the mandate is exercised by his Government in the United Kingdom, but His Majesty may at any time, while this Convention is in force under Article 15, by a notification given through his Minister at Kaunas (Kovno) extend the operation of the Convention to any of the above-mentioned territories.

(b) Such notification shall state the authorities in the territory concerned to whom requests for service under Article 3 or Letters of Request under Article 7 are to be transmitted, and the language in which communications and translations are to be made. The date of the coming into force of any such extension shall be one month from the date of such notification.

(c) Either of the High Contracting Parties may, at any time after the expiry of three years from the coming into force of an extension of this Convention to any of the territories referred to in paragraph (a) of this Article, terminate such extension on giving six months' notice of termination through the diplomatic channel.

(d) The termination of the Convention under Article 15 shall, unless otherwise expressly agreed to by both High Contracting Parties, *ipso facto* terminate it in respect of any territories to which it has been extended under paragraph (a) of this Article.

ARTICLE 17.

(a) The High Contracting Parties agree that His Majesty the King of Great Britain, Ireland and the British Dominions beyond the Seas, Emperor of India, may at any time, while the present Convention is in force, either under Article 15 or by virtue of any accession under this Article, by a notification given through the diplomatic channel, accede to the present Convention in respect of any other Member of the British Commonwealth of Nations whose Government may desire that such accession should be effected, provided that no notification of accession may be given at any time when Lithuania has given notice of termination in respect of all the territories of His Majesty to which the Convention applies. The provisions of Article

16 (b) shall be applicable to such notification. Any such accession shall take effect one month after the date of its notification.

(b) After the expiry of three years from the date of the coming into force of any accession under paragraph (a) of this Article, either of the High Contracting Parties may, by giving six months' notice of termination through the diplomatic channel, terminate the application of the Convention to any country in respect of which a notification of accession has been given. The termination of the Convention under Article 15 shall not affect its application to any such country.

(c) Any notification of accession under paragraph (a) of this Article may include any dependency or mandated territory administered by the Government of the country in

respect of which such notification of accession is given; and any notice of termination in respect of any such country under paragraph (b) shall apply to any dependency or mandated territory which was included in the notification of accession in respect of that country.

In witness whereof the undersigned have signed the present Convention, in English and Lithuanian texts, of which both are equally authentic, and have affixed thereto their seals.

NOTICE TO AIRMEN.

No. 2 of 1937.

(Air Ministry Notice to Airmen No. 207 of 1937.)

SPINNING OF AEROPLANES WITH NORMAL CATEGORY CERTIFICATES OF AIRWORTHINESS.

1. The attention of all pilots and owners of aeroplanes is drawn to Direction 8 (1)A of the Air Navigation Directions, 1937, whereby aeroplanes holding certificates of airworthiness in the Normal Category are precluded, *inter alia*, from any evolution which might lead to abrupt variations in attitude, and they are reminded that such aeroplanes may not, therefore, be deliberately put into a spin.

2. Official flying trials of aeroplanes in the Normal Category include tests to check that the aeroplane will not go into a spin inadvertently in the hands of a properly qualified pilot. The official tests do not, however, in these cases, include a check that the aeroplane would be safe if it were deliberately spun.

Conditions.

1. Tenders are to be made upon forms supplied on application at the Division of Sanitary Engineering, Torrington Square, Colombo, and no tender will be considered unless upon this recognized form. A deposit of Rs. 10 will be required to be made either at the Treasury or Kacheheri and a receipt produced for the same before any form of tender is issued.

2. Should any person decline to enter into the contract and bond or fail to furnish approved security within 10 days of receiving notice in writing of the acceptance of the tender, such deposits will be forfeited to the Crown; and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon signature of the contract. No deposits for tender forms will be accepted at the Office of the Division of Sanitary Engineering.

3. The successful tenderer will be required to furnish cash security of Rs. 250 and to sign the bond given in the tender for the fulfilment of the contract; also to furnish with each tender a letter in duplicate signed by two responsible persons whose addresses must be given, engaging to become additional security for the due performance of the contract. The amount deposited for tender forms will form part of the security.

4. No tender will be considered unless all the conditions above laid down have been strictly fulfilled.

5. The Government reserves to itself the right of rejecting any or all tenders, and the right of accepting any portion of a tender.

6. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors either individually or jointly with any other person, nor shall the contractor employ any person whose name is on the list of Crown defaulting contractors, or any other persons to whom the Sanitary Engineer, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

7. The contract shall be entered into by the contractor with the Sanitary Engineer, acting for and on behalf of

His Majesty the King, and the designation of such officer for the time being holding such office and his successors in office for the time being under the Government of Ceylon.

8. Contracts may not be assigned, sublet, or otherwise transferred without the previous sanction of the Sanitary Engineer. Sanction will not be given for any transfers including powers of attorney in favour of persons in the defaulting contractors' list. No defaulting contractor shall be employed on any service connected with the contracts or the tenders.

9. The contractor shall at his own cost and charges furnish all labour implements, tools, and materials found necessary for the full and complete performance of the contract including the erection and maintenance of all temporary embankments, diversion channels, fences; and he shall in like manner furnish lights and watchmen and everything necessary for securing the public safety.

10. The contractor shall provide at all times during the construction of the work all pegs required for the proper setting out of the works and of all forms, sight rails and labour for fixing and adjusting same entirely at his own expense and to the satisfaction of the Sanitary Engineer and must allow for same in the rates submitted in his tender.

11. The contractor shall further provide the Engineer-in-Charge with all necessary labour he may require from time to time in measuring up and checking the work during its progress.

12. The contractor will be held responsible for the proper protection of all pegs, sight rails, &c., and shall be liable for deductions being made against the value of works carried out by him to cover the cost of additional expense incurred by the Sanitary Engineer owing to neglect in this respect.

13. All pegs shall be of palu or other approved hardwood not less than 2 ft. in height and be of 2 in. by 2 in. section. No round timber pegs shall be used except when specially authorized. Sight rails and forms to be of 6 in. by 1½ in. timber.

14. The contractor shall not absent himself from the work without leaving a fully authorized English-speaking Agent to act in his absence and he shall not re-let, sub-let or assign this contract or any portion of it without the assent of the Sanitary Engineer in writing. The contractor at all times must keep an English-speaking foreman on the works.

15. The contractor shall be held responsible for any trespass on lands and for damages to property arising out of his contract and in the event of accident to any person or persons damage to property, injury to cattle or damage or injury of any description to any person or thing, the contractor shall indemnify the Government from all claims on account thereof; and if the Government is called upon to pay any money in respect thereof, the sum so paid shall be charged to the contractor as money paid to him on account of his contract and the contractor shall not be at liberty to dispute or question the right of the Government to make such payment for him or on his account, notwithstanding the same may have been made without his consent or authority any decision or determination in law or otherwise to the contrary notwithstanding.

16. The Sanitary Engineer shall have full power to make any additions, omissions, or variations in any part of the works during the progress thereof which he may deem proper and the contractor is hereby bound to make such additions, omissions, or variations when required to do so by the Sanitary Engineer; and if such additions, omissions, or variations shall entail extra expense on the contractor either in labour or materials, the same shall be allowed to the contractor or should it be a saving to the contractor either in labour or materials the same shall be deducted from the amount of the contract; in either case the amount is to be determined by the Sanitary Engineer, who shall value all additions, omissions, or variations according to the contract rates submitted. But no such additions, omissions, or variations, shall in anywise have the effect of suspending, superseding, annulling, or rescinding the said contract, which shall continue to subsist notwithstanding such additions, omissions, or variations being made. And every such addition, omission, or variation shall be performed and made by the contractor; under and subject to the conditions, stipulations, and covenants expressed in the contract as if such addition,

omission, or variation had been expressed and specified in the terms of the contract; and no additions, omissions, variations or extra work whatever shall be done without the written authority of the Sanitary Engineer, given prior to the execution of such work, nor will any allowance or payment be made for the same in case it should be done without such authority.

17. Any person employed by the contractor on the works, who in the opinion of the Sanitary Engineer is considered incompetent or who shall act in an improper manner, may be discharged by the Engineer, and such person shall not be again employed upon the works without written permission from the Sanitary Engineer.

18. Should it be deemed necessary on account of the inclemency of the weather or from any other cause to suspend the works or any portion of them, the Sanitary Engineer or Officer-in-Charge of works shall have power to direct such delay without any extra allowance being demanded by the contractor, but the period during which such works may be suspended shall be allowed to the contractor in computing the time for the completion of the work.

19. If the contractor shall not execute the work in a sound and workmanlike manner or with due diligence, or if he shall not regularly proceed with the works to the satisfaction of the Sanitary Engineer, it shall be lawful for the Government to give the contractor notice in writing signed by the Sanitary Engineer requiring him forthwith to proceed with the due execution of the works, and in case the contractor shall fail to satisfy these requirements within seven days after the service of such notice, the Sanitary Engineer shall be at liberty to proceed with the work as he thinks fit.

20. If the contractor shall be declared bankrupt or petition any court having jurisdiction in bankruptcy for the liquidation of his affairs by arrangement or composition or for otherwise arranging or compounding with his creditors, it shall be lawful for the Sanitary Engineer or Officer-in-Charge of the works to take possession on behalf of the Government of all plant, implements, tools, and materials upon the works belonging to the contractor, and to employ any other contractor, workmen, or other person by contract, piece work, day work or otherwise, and to proceed with and complete the works. On the expiration of the said notice or on such bankruptcy or petition, or arrangement as the case may be, the contract shall, at the option of the Government, become void as to the contractor, without prejudice to any right of action which the contractor may be subject unto for not proceeding with the works in accordance with the specification.

21. The work will be measured up monthly by the Sanitary Engineer or Officer-in-Charge of the works whose measurements will be final. Only the net measurements of work will be allowed notwithstanding any local or other usage or custom to the contrary.

22. The Sanitary Engineer or Officer-in-Charge of the works will certify monthly, on account, and the final certificate will be made out upon measurements based on the actual quantities and of the works executed according to the accepted contract rates.

23. The contractor shall maintain at his own expense and keep in proper repair to the satisfaction of the Sanitary Engineer, the whole of the works for a period of three calendar months after the completion of same.

24. Payments for works will be made monthly on the basis of 85 per cent. of the estimated value of the work executed, the balance 15 per cent. will be retained in the hands of Government until the completion of the work, and will be forfeited by way of liquidated and ascertained damages to the Government should the contractor fail to complete his contract to the entire satisfaction of the Sanitary Engineer.

25. The cash security will be retained until the maintenance period has been completed and the works handed over. No payment or certificate shall protect or be deemed to protect the contractor in case of overpayment, or in case it shall at any time within the term of maintenance, appear that the works or any part of them have not been executed in accordance with the specification.

GALLE MUNICIPAL COUNCIL.

Minutes of Proceedings of a General Meeting of the Municipal Council of Galle held at the Municipal Office on August 13, 1937, at 2.30 p.m., pursuant to notice dated August 5, 1937.

Present :—Mr. C. Harrison-Jones, Chairman; Mr. K. T. S. Gurusingha, Assistant Chairman; Mr. J. E. Perera; Mr. F. Magdon Ismail; Mr. Thomas Amarasuriya; Mr. E. M. Karunaratna; Mr. A. C. Mohammedo; Mr. W. Dahanayaka; Mr. A. I. H. A. Wahab; Mr. G. Ross Bell; Mr. C. E. de Vos; Mr. J. C. Cooper; and Dr. A. T. Kuriyan.

1. The Minutes of the General Meeting held on July 10, 1937, were amended as regards item 13 by the insertion of the name of Mr. W. Dahanayaka instead of that of Mr. A. Kahaduwa as the seconder of the motion. The Minutes as amended, were taken as read, and confirmed.

2. Mr. J. E. Perera moved a vote of condolence with the relatives of the late Mr. G. E. Ludowyk, Manager, Conservancy Department. Mr. E. M. Karunaratna seconded.—Carried in silence, all present standing.

3. One petition was presented by Mr. Thomas Amarasuriya, one by Mr. E. M. Karunaratna, and five by Mr. W. Dahanayaka. These were tabled, and the Chairman said that they would receive consideration.

4. Pursuant to notice, Mr. W. Dahanayaka asked the following questions:—(1) (a) Has the duty list been prepared? (b) If so, will the Chairman please submit it to the Council for consideration and approval? (2) (a) Is the Chairman aware that building plans are indefinitely delayed by the Department concerned? (b) Will the Chairman, in consultation with the Municipal Engineer, please lay down an exact and definite procedure so that there may be no undue delay in the passing of plans? (3) (a) Is the Chairman aware that the issue of the certificate of conformity is also indefinitely delayed by the department concerned? (b) Here also, will the Chairman please lay down an exact and definite procedure? (4) (a) Will the Chairman please take steps to carry out the following suggestions of the Accountant?—Introduction of the Turner System of correspondence, (b) replacing the present system of keeping accounts by a more up-to-date system, (c) putting the record room in order. (5) (a) Is it true that employees who get absent for more than three days owing to illness are asked to submit a medical certificate from a qualified doctor? (b) Is the Chairman aware that such a certificate costs about Rs. 5. (c) Will not the Chairman be satisfied with a certificate from an Ayurvedic Physician? (6) (a) What action is proposed to save the main road from sea erosion from Kaluwella Junction to Eddy-stone House? (b) Will the Chairman please address the Government on this matter?

The Chairman replied as follows:—(1) (a) Duty lists for the officers in the Secretariat have been prepared. (b) No, unless the Council specially resolves that the lists should be considered and approved by the Council. The lists will, however, be available to members who may wish to see them. (2) (a) I am aware that there have been some instances where building plans have been unduly delayed, and disciplinary action has been taken against the officers concerned. (b) Steps have now been taken to prevent a recurrence of such delays. (3) (a) I am not aware that there has been any such delay. (b) This question does not arise. (4) This question is premature as the report of the Accountant containing the suggestions has not yet been considered by the Standing Committee on Finance and Assessment, at whose request it was obtained. (5) (a) In terms of by-law 4 of the by-laws relating to leave and "Standing Order" dated November 11, 1931, all officers drawing salaries of Rs. 480 per annum and over who want leave for more than 3 days on account of sickness are required to submit a medical certificate from a qualified doctor. Under by-law 12 a Vedarala's certificate is accepted only in the case of minor employees rated at annual salaries not exceeding Rs. 480 per annum. (b) I believe a fee is charged, but I am not aware of the amount. (c) No, in view of the reply to (a). (6) (a) The matter is receiving the careful consideration of the Public Works Department. (b) Yes, if the Department requires representations from this Council in order to obtain the necessary funds.

5. Pursuant to notice, Mr. J. E. Perera asked:—(1) What is the delay in making the improvements to the Pettigala Sump and Canal as recommended by the Council? (2) Has the programme of the daily routine work for the Pettigala Sump and canal been drawn up by the Municipal Engineer, who was directed to do it?

The Chairman replied as follows:—(1) The delay in completing the improvements was due to the high level of water in the canal which prevented the ladder and the new gratings being installed. (2) The Municipal Engineer informs me that he is making his observations and that he will be submitting a programme of duties soon after the improvements to the sump and canal have been completed.

6. With the permission of Council, Mr. J. E. Perera next asked the following questions, notice of which was not received in due time:—(1) Are the papers circulated amongst the members of the different committees open, before they are submitted to Council, for publication in the newspapers? (2) Will the Chairman inquire how parts of the Administration Report for 1936 and the report on the Office Collection System by the Accountant came to be published in the newspapers before they were submitted to Council?

The Chairman replied as follows:—(1) No. (2) I have already made inquiries about the publication of portions of the Administration Report but have not received a satisfactory reply from the two newspapers which published extracts from the reports. I regard the publication in the "Ceylon Daily News" of extracts from the report of the Accountant to the Chairman very seriously. These extracts appeared shortly after the issue of copies of the report to members of the Finance Committee and before that Committee has been able to consider it and make its recommendations to the Council. As information has not been given from this office to any section of the Press I can only conclude that the information has been disclosed by a member of the Finance Committee. I ask for the co-operation of all members of the Council to assist me in preventing confidential information being disclosed to the Press.

Arising out of these replies Mr. W. Dahanayaka asked the following supplemental questions:—(1) Is the Chairman aware that reports of Executive Committees of the State Council leak out to the Press, but that the State Council has not objected to such publications? (2) Does not the Chairman think that such publications are the result of legitimate journalistic enterprise, and that it would be futile for the Chairman to attempt to dictate to the Press in any way?

On the Chairman stating that he was not prepared to answer these questions Mr. Dahanayaka gave notice of them for the next meeting of the Council.

There was then a full discussion on the matter in which the following members took part:—Messrs. W. Dahanayaka, E. M. Karunaratna, J. E. Perera, F. Magdon Ismail, and Thomas Amarasuriya. In the course of this discussion all three members of the Finance Committee denied that they were responsible for the publications in question. Finally, with the permission of Council, Mr. J. E. Perera moved that all papers circulated amongst the members of Committees before submission to the Council be treated as confidential and not available for publication. Mr. F. Magdon Ismail seconded. Mr. Dahanayaka opposed the motion. Mr. E. M. Karunaratna supported it. The mover replied. The motion was then put to the meeting and carried by 11 votes to 1. Mr. Dahanayaka called for a division which resulted as follows:—*For*: The Chairman, Messrs. J. E. Perera, F. Magdon Ismail, A. C. Mohammedo, E. M. Karunaratna, Thomas Amarasuriya, A. I. H. A. Wahab, C. E. de Vos, G. Ross Bell, J. C. Cooper, and Dr. A. T. Kuriyan. *Against*: Mr. W. Dahanayaka.

7. Pursuant to notice, Mr. W. Dahanayaka moved:—(1) That two more qualified midwives be appointed as the present service does not extend to Wards 5, 7, and a part of Ward 4. Mr. A. I. H. A. Wahab seconded. With the permission of the Council the mover amended the motion to read as follows:—"That two more qualified midwives be appointed as the present service does not extend to Ward 5 and parts of Wards 7 and 4". Messrs. J. E. Perera and E. M. Karunaratna supported the motion, and after discussion it was agreed that the matter be referred to the Sanitation Committee for consideration.

(2) That the construction of D. E. Latrines be not insisted on where people are obviously too poor to undertake such construction at a cost of about Rs. 50 and at the same time pay a monthly conservancy fee. Mr. Thomas Amarasuriya seconded, and Mr. J. E. Perera supported the motion. On a reassurance given by the Chairman that such cases would receive sympathetic consideration, the mover, with the permission of Council, withdrew the motion.

(3) That the petitions of Mr. L. O. E. de Silva and other stall holders of the Fruit Market be referred to the Four Standing Committees for consideration. Mr. A. I. H. A. Wahab seconded, and Mr. Thomas Amarasuriya supported the motion. After discussion the mover, with the permission of Council, amended the motion to read as follows:—"That

the petitions of Mr. L. O. E. de Silva and other stall holders of the Fruit Market be referred to the Standing Committee on Markets and Sanitation for consideration." The motion, as amended, was then put to the meeting and carried.

8. To consider further the report of the Special Committee appointed on May 23, 1936, to submit an early report on the amendments required in Ordinance No. 60 of 1935, to make it applicable to the Galle Municipal Council:—The Chairman ruled the following motions of Mr. Dahanayaka out of order on the ground that they were not matters on which the Council was asked to express its views:—(1) that the deposit for candidates be Rs. 100 in Galle; (2) that the preparation of voters lists be carried out by the Council; (3) that provision be made in the Ordinance so that the Galle Council, if it so desires, may be able to function without the appointment of a Municipal Commissioner.

Pursuant to notice, Mr. W. Dahanayaka then moved:—That the qualification for voters in the reformed Municipal Council of Galle be adult franchise, the same as for the State Council. Mr. E. M. Karunaratna in seconding stated that he supported the motion on principle. He suggested, however, that it be amended to read as follows:—"That there should be adult franchise in the Reformed Municipal Council of Galle". The mover agreed to the suggestion and with the permission of Council amended the motion accordingly. Messrs. J. E. Perera, F. Magdon Ismail, A. C. Mohammedo, and Thomas Amarasuriya opposed the motion. The mover replied. The motion was then put to the meeting and declared lost, two voting for and ten against. Mr. Dahanayaka called for a division which resulted as follows:—*For*: Messrs. W. Dahanayaka and E. M. Karunaratna. *Against*: The Chairman, Messrs. J. E. Perera, F. Magdon Ismail, A. C. Mohammedo, Thomas Amarasuriya, A. I. H. A. Wahab, C. E. de Vos, G. Ross Bell, J. C. Cooper, and Dr. A. T. Kuriyan.

(At this stage Mr. J. E. Perera with the permission of the Chairman retired from the meeting.)

The Chairman next moved:—That this Council approves, for the qualifications of voters in Galle, those approved by the Colombo Municipal Council in July, 1937, and recommended by that Council for insertion in the proposed Ordinance to amend Ordinance No. 60 of 1935. Mr. A. C. Mohammedo seconded. Messrs. W. Dahanayaka and A. I. H. A. Wahab opposed the motion. Mr. F. Magdon Ismail supported the motion. At this stage the Chairman asked the permission of Council to postpone further consideration of this motion till the next meeting. Permission having been granted the motion was accordingly deferred.

9. The Chairman's Administration Report for the year 1936:—Mr. F. Magdon Ismail moved that, in terms of section 102 of Ordinance No. 6 of 1910, the Chairman's Administration Report for the year 1936, be submitted to His Excellency the Governor. Mr. Thomas Amarasuriya seconded.—Carried.

10. To submit the Report of the Auditor-General on the accounts of the Council for the year ended December 31, 1936:—Submitted.

11. To consider the interim report of the Special Committee appointed on June 12, 1937, to report on the sites for a Town Hall and the Granaries, and how funds for these two purposes should be raised:—After discussion Mr. W. Dahanayaka moved that the interim report of the Special Committee be adopted in so far as it deals with the question of granaries only. Mr. A. I. H. A. Wahab seconded. The motion was put to the meeting and carried, six voting for and five against. Mr. W. Dahanayaka called for a division which resulted as follows:—*For*: Messrs. W. Dahanayaka, E. M. Karunaratna, Thomas Amarasuriya, A. I. H. A. Wahab, A. C. Mohammedo, and G. Ross Bell. *Against*: The Chairman, and Messrs. F. Magdon Ismail, C. E. de Vos, J. C. Cooper, and Dr. A. T. Kuriyan.

12. To consider the report of the Special Committee appointed to inquire into the system of work prevailing at the Fish Auction shed and to make to Council suitable recommendations thereon:—Mr. W. Dahanayaka moved the adoption of this report. Mr. Thomas Amarasuriya seconded.—Carried.

13. To submit letter No. E 608 of July 8, 1937, from the Commissioner of Local Government regarding the appointment of a Government Town Planner:—(1) Submitted. (2) Resolved to renew the application already made to Government for the services of the Town Planner as soon as the appointment is made.

14. To consider a memorandum submitted by the President of the Galle Labour Union regarding the daily-paid employees of the Council:—Mr. W. Dahanayaka moved that the memorandum be referred to a Special Committee of the Council consisting of the Chairman and all the elected members for consideration and report before the preparation of the Budget. Mr. Thomas Amarasuriya seconded.—Carried.

15. The following extracts from the Minutes of the Standing Committees were laid before the Council:—

(a) *Extracts from the Minutes of the Standing Committee on Finance and Assessment of July 22, 1937.*

(2) Considered the question of writing off the rates due for 1937 on premises No. 24, Kumbalwella on the ground of poverty of the owner.—Recommended that the rates due for 1937, amounting to Rs. 2.52 be written off on the ground of poverty.
