Council in Committee :-

The following Extracts from the Minutes of the Four Standing Committees (meeting together) of April 1, 1938, were considered.

(2) To consider the applications received for the post of Municipal Commissioner. Registered No. 382.—Resolved that the following three names be submitted to the Council to be voted upon:—(1) Mr. E. W. Kannangara, C.C.S., (2) Mr. G. H. N. Saunders, (3) Mr. H. Wijenathan.

Resolution of Council in Committee.

Mr. M. Subbiah rose to a point of order and stated that it was illegal for the Council to consider this item. He referred to section 31A of the Municipal Council By-laws which spoke about a Committee making the preliminary selection. He contended therefore that the Four Standing Committees had no status in this matter. He also referred to the recommendation of the Law Committee for rectifying this.

Mr. M. T. Akbar supported the point of order raised and stated that this matter had been brought to the notice of the previous Mayor a long time ago and that this had led the Law Committee to make an amended Standing Order. The Four Standing Committees met together only as a matter of convenience and that they did not constitute one Committee. Section 12 of the new Ordinance No. 60 of 1935 required that all matters involving payment should be dealt with by the Finance Committee. Section 9 of the same Ordinance gave the Council power to delegate some of its functions to one or more Committees. In the absence of such delegation it would be illegal for the Council to proceed with this item as it stood.

Mr. C. G. C. Kerr stated that he thought that the Council had the right to proceed with the item.

Dr. R. Saravanamuttu agreed with the views expressed by Mr. M. T. Akbar.

The Mayor in uphelding the objection raised stated that he first raised this question sometime in 1937 and up to now he was merely following tradition which had been built up by custom and practice. However as the matter had been

brought to his notice he would uphold the objection.

Mr. M. T. Akbar suggested the appointment of a Committee of the whole Council to consider the applications.

Mr. A. E. Goonesinha thought the Ordinance did not contemplate such a procedure. They might appoint a small

Committee to go into the matter.

Mr. N. Saravanamuttu moved that the Four Standing Committees be constituted a Special Committee to consider this specific matter and report to the Council. Dr. R. Saravanamuttu seconded.

Dr. E. A. Coorey moved, as an amendment, that the matter be referred to the Committee of the whole Council. Mr. M. Subbiah seconded

Mr. N. Saravanamuttu withdrew his motion.

The motion of Dr. E. A. Coorey was put to the meeting and carried.

ANNEXURE "B".

DISSENT.

I beg to dissent from the recommendations of the Finance Committee of March 25, 1938, to appoint an Accountant for the post which has fallen vacant owing to the promotion of the Chief Accountant. I am of opinion that this post should be suppressed for the following reconst

be suppressed for the following reasons.

The post of Assistant Municipal Treasurer was up till recently held by Mr. Vivian Pereira who did not possess any of the professional qualifications laid down for the post. He was therefore unable to carry out efficiently the technical accounting work of the department and the burden of the accounting work fell on Mr. Tudor V. Perera who is a fully qualified Accountant.

During the absence of Mr. Saunders, Mr. Tudor Perera and his two assistants kept this department going and I do not think any one can justly say that the work was not efficiently carried out. I am of opinion that the present Assistant Municipal Treasurer, Mr. Tudor V. Perera can carry out the duties of the vacant post of Accountant with the assistance of Messrs. M. S. Fernando and V. S. Nanayakkara, two able and competent officers.

This department is being efficiently maintained with only 3 officers to-day. There is no necessity to add to the burden of the ratepayers by the appointment of another officer. The less costly office of Chief Costing Clerk, which is a plum for the clerical service, need not be suppressed to help in the appointment of a high grade officer as is suggested.

A. R. A. RAZIK.

SPECIAL COMMITTEE APPOINTED TO INQUIRE INTO THE QUESTION OF THE COMPULSORY RETIREMENT OF MR. P. G. DE SILVA.

When the motion for the reopening of the dismissal of Mr. P. G. de Silva was discussed in the Municipal Council, I objected to it for the following reasons:—

Under section 59, sub-section (3), of Ordinance 6 of 1910, the Council had the right to remove any officer from time to time so that whatever the reason the Council had in mind for the removal of any officer, it had the undoubted right to discontinue that officer. I was therefore of opinion that the Municipal Council was within its rights in discontinuing Mr. de Silva from his office of Chief Playground Instructor, whatever the reason may be that actuated them to do so. There was, of course, the question of an action by Mr. de Silva against the Municipality for wrongful dismissal. Under section 231 of the same Ordinance, however, as Mr. de Silva had not brought his action within three months next after the accrual of the cause of action, he had lost the right of even bringing such an action.

section 231 of the same Ordinance, however, as Mr. de Silva had not brought his action within three months next after the accrual of the cause of action, he had lost the right of even bringing such an action.

The new Council, however, adopted the motion of Dr. (Mrs.) Rutnam that the matter should be gone into again and for this purpose they appointed a Special Committee, of which I was a member, to review the dismissal of Mr. de Silva and to satisfy ourselves whether the reason given for the dismissal was well-founded or not. It would be seen that the Special Committee was appointed for a purely judicial purpose and each member of the Special Committee was to satisfy himself whether in his conscience the evidence adduced against Mr. de Silva justified his dismissal on the charges framed against him. So that it will be seen that it was a very responsible duty which was entrusted to the Special Committee. No ground of expediency was to have any effect on the minds of the members of the Special Committee if they were satisfied that the reasons given by the late Council did not justify the discontinuance of Mr. de Silva on the charges framed against him.

When the matter came up before this Committee, I was satisfied that there was ample evidence for us to come to a conclusion, on the purely judicial aspect of the inquiry and that no further evidence was necessary. This will be seen from the minutes of the meeting held on September 28, 1937. The Committee on that date decided to report to the Council that Mr. de Silva's compulsory retirement was not justified and that he should be reinstated and that the supervision of the playgrounds should be taken away from the Charity Commissioner, and entrusted to the Chief Medical Officer of Health, and I then undertook to draft a report embodying our decisions.

On September 30, I find a memorandum by the Commissioner objecting to our decision and insisting on fresh evidence being heard. He also insisted that the procedure we had adopted was wrong and that the position of the Chief Playground Instructor, Mr. Abraham, who had been promoted on the retirement of Mr. de Silva, had not probably been considered. On October 2, 1937, the playground instructors sent a memorandum to the Mayor through the Commissioner and the Charity Commissioner asking for an interview so that they may place certain matters affecting their future before the Mayor. The Mayor then granted an interview to 11 playground instructors and held an inquiry into their complaint. He held this inquiry without any reference to the Special Committee. But after he had inquired into the complaint of the playground instructors he forwarded the papers to me and asked me whether I would approve of a "full" inquiry in inquiry in the complaint. being held. He also stated that he had spoken to Mrs. Rutnam who agreed to the suggestion. As Mrs. Rutnam had agreed to the suggestion, I had no objection to a new inquiry.

On October 11, 1937, I pointed out the irregularity of the Commissioner's interference in this matter as he was one of the chief parties concerned in the new inquiry. I also objected to the inquiry having being held into the complaint of the playground instructors without the knowledge of the Committee. In all the circumstances, we decided that the

best course would be to hold the inquiry on fresh evidence, if necessary.

When this inquiry was resumed on October 26, 1937, I referred to a very important matter which is as follows:—
On December 19, 1935, Mr. de Silva wrote a memorandum to the Charity Commissioner regarding the training of a playground instructor for the Negombo Urban District Council. On that memorandum the Charity Commissioner, whilst recommending the playground instructor—Fernando—incidentally stated that he regretted to have to point out that the Chief Playground Instructor had failed to interest himself in the training of the instructor. Then the Chairman, that is to say, the Commissioner, by his memorandum dated January 27, 1936, held that the Chief Playground Instructor's memorandum was most improper and he stated that he had observed with strong disapproval the apparent attitude of the Chief Playground Instructor towards the head of his department. He then made order—"I am determined of the Chief Playground Instructor towards the head of his department. He then made order—"I am determined (however unpleasant the duty may be) to take steps with a view to the severest disciplinary action by the Council unless I observe a marked improvement in his general attitude towards his duties and towards his immediate superior. You will please report on this three months hence or earlier if you deem it advisable". This memorandum was sent to the Chief Playground Instructor to note and the Charity Commissioner stated as follows:—"I do earnestly hope that you will not provoke the painful necessity for my making any unfavourable report at the expiration of three months" (January 27, 1936). The Chief Playground Instructor then wrote to the Charity Commissioner a memorandum on January 30, 1936, in which he unhesitatingly apologized to the Charity Commissioner and the Chairman. This memorandum was seen by the Chairman and he minuted "seen". This was on February 1, 1936, Mr. de Silva was under probation for a period of three months and on May 26, 1936, the Charity Commissioner reported to the Chairman that the general demeanour of the Chief Playground Instructor had shown a very marked improvement during the period. On that memorandum the Chairman minuted as follows:—"I am glad to note that there has been a marked improvement and I trust it will be maintained". (June 1, 1936.)

This showed that both the Charity Commissioner and the Chairman were perfectly satisfied with the conduct of

This showed that both the Charity Commissioner and the Chairman were perfectly satisfied with the conduct of the Chief Playground Instructor. All this was old history and I therefore urged that the Committee should therefore find out what extraordinary circumstances had occurred between June 1 and October 2, that led to the framing of the charges against Mr. de Silva, and I insisted that if any further evidence was to be called it should be on these points alone. The Committee agreed to this suggestion and authorized me to conduct the examination. The Charity Commissioner was asked this question pointedly by me and the Charity Commissioner's case was that the attitude of the Chief Playground Instructor became even worse than it was before, and he referred in particular to charges 5 and 6 relating to incidents that took place after June 1, 1936. In this connection I should like to point out that with reference to these very charges 5 and 6 the Commissioner when he inquired into this matter on November 7, 1936, held that the evidence was insufficient to prove charge No. 5 and in the last paragraph of his report he stated as follows:—"It is impossible to ignore the fact that a feeling of personal antagonism that unfortunately has existed between these two individuals long prior to the commencement of their official relationship, must undoubtedly have contributed to the present situation, and it is equally impossible to say that there may not have been faults on both sides. But the fact remains that what the Council is primarily concerned with is the efficient running of its departments, and I think members will agree on studying these papers that there is no prospect of smooth or efficient running of the playgrounds so long as the Charity Commissioner and Mr. P. G. de Silva remain associated in their supervision; either Mr. P. G. de Silva must be removed from the playgrounds or the Charity Commissioner must cease to be in charge of them, and the Council must now decide which course it will adopt".

It will be seen from the report of the then Chairman that the duty was cast on the last Council to decide which of the two alternative courses they were to take and the decision of the last Council showed that on the ground of expediency the Council got rid of Mr. de Silva by removing him from his office and that they did not go into the question whether the Charity Commissioner was a proper person to supervise the playgrounds. So that from a judicial point of view, the only questions which I had to decide in this matter was first, whether I was satisfied with the evidence on the trivial charges framed against the Chief Playground Instructor and whether he merited dismissal or not. On this point I can only say that I am perfectly satisfied that the evidence falls far short of what is required in law to enable me to come to the conclusion that the charges have been proved beyond any reasonable doubt against Mr. de Silva. the conclusion that the charges have been proved beyond any reasonable doubt against Mr. de Silva. There are certain facts in this case which are clear and which have been proved very satisfactorily to my mind, and they are these. In the first place Mr. de Silva seems to me a very efficient officer in his own department and he has been highly commended by various officials and unofficials for his ability and enthusiasm in his work. Secondly, the playgrounds were brought under the Charity Commissioner in February, 1934, for no good reason whatsoever. If I am obliged to give a reason, it can only be the fact that the Charity Commissioner had very little to do in the administration of the Municipality of Colombo. It is true he was at the head of what is known as the Lady Lochore Fund, but this fund was contributed by a private person and the Charity Commissioner was appointed by the Municipality to administer a fund contributed by a private person. It is a matter of history that the present Council has passed a resolution that the Charity Commissioner is to have nothing more to do with this fund. So that it seems to me that the Charity Commissioner was given the supervision of the playgrounds simply because the Council was trying to find work connected with the Municipality as an excuse for the payment of the salary to the Charity Commissioner from the Municipal Fund. The work that the There are certain as an excuse for the payment of the salary to the Charity Commissioner from the Municipal Fund. The work that the Charity Commissioner was doing at that time had very little to do with the Municipality of Colombo, but this seems to be no reason why the playgrounds should be brought under his supervision. In my opinion this was a wrong move for several reasons. One reason is the fact that, as pointed out by Mrs. Rutnam during the inquiry, it is wrong policy to make the public believe that the Municipal playgrounds were intended for the poorer classes and that there was a stigma attached to the movement by the Charity Commissioner being associated with it. A playground is the last place where any superiority or inferiority complex should have been allowed to intrude. In the second place, the ill-feeling between the Chief Playground Instructor and the Charity Commissioner which is referred to, as I have pointed out in the report of the Chairman when he held the inquiry originally, must have been well known to many members of the last Council and it was nothing less than a kind of refined cruelty to have put the one over the top of the other in the state of feeling which existed and which in the long run was bound to lead to the situation which has now arisen.

As Dr. Rutnam pointed out during the inquiry, I think the evidence justifies one in thinking that Mr. de Silva tried his best to conform to the altered situation brought about by the removal of the supervision of the playgrounds from the Municipal Engineer to the Charity Commissioner. But in course of time he thought that he was subjected to disciplinary action of an unmerited type and he was forced to adopt an attitude of non-co-operation with the Charity Commissioner. I do not think I need expatiate on this aspect of the question, because it was quite evident that the ill-feeling between the two was not on the side of Mr. de Silva alone but that it was apparent on both sides and that it was impossible to reconcile the two under any circumstances whatsoever, a conclusion to which the Commissioner himself came when he

first held the inquiry into this matter.

As I have already pointed out, I insisted on proof of fresh insubordination on the part of Mr. de Silva from June 1, 1936, to prove the charges framed against him, and I can say in all conscientiousness that beyond vague statements there is no such evidence which will justify me in asking that the dismissal of Mr. de Silva should be confirmed. One other objection taken by the Commissioner when he unexpectedly interfered in this inquiry after we had begun was that we had made no inquiry into the question whether by reinstating Mr. de Silva and taking away the supervision of the Charity Commissioner we had considered the position of Mr. Abraham, who is now acting for the Chief Playground Instructor and also the further question whether we had consulted heads of departments as to who is to take charge of the supervision.

On both these points there seems to be no difficulty now.

The present Mayor, Chairman of the Special Committee, made it quite clear to us that the Medical Officer of Health was perfectly willing to undertake the supervision of the playgrounds, but as the movement was spreading he was of opinion that he might have to ask for a new doctor. Dr. Ascrappa has also made it clear to the Mayor that the playground movement in many cities was connected with the question of health and health propaganda. So the difficulty connected with the supervision of the playgrounds is removed now that we know that the Medical Officer of Health is prepared to undertake the supervision. Personally, I see no objection to the demand of the Medical Officer of Health that he should be given if singuranteness as compact him to salt for earting assistance, a new doctor to help him in this part of the world. be given, if circumstances so compel him to ask for extra assistance, a new doctor to help him in this part of the work. Such a doctor would be of use, I think, when the law has been passed dealing with the relief of distress in Municipalities. The services of this doctor can be utilized to carry out various projects under the intended legislation to deal with the relief of distress in the City.

Then there is the question of Mr. Abraham. He was appointed Chief Playground Instructor on the discontinuance of Mr. de Silva by the Commissioner. In my opinion this appointment is wrong in law. Under Ordinance No. 6 of 1910, section 59, sub-section (3), every officer whose salary exceeds Rs. 100 per month must be appointed by the Council. I understand that Mr. Abraham's appointment as Chief Playground Instructor has not been confirmed by the Council. This being the case, there is no illegality in reinstating Mr. de Silva to the office of Chief Playground Instructor and Mr.

Abraham being reverted to his former post.

I was really troubled with the question of how far the position of the other playground instructors will be affected by the reinstatement of Mr. de Silva. I do not think it will lead to any difficulties. After the lesson Mr. de Silva has had in this matter, if he is brought under the supervision of the Medical Officer of Health, I am sure there will be no abuse of his position. As a matter of fact, when the playgrounds were originally brought under the supervision of the Charity Commissioner, the playground instructors, including Mr. Abraham, forwarded a petition to the Chairman objecting to the Charity Commissioner being put in charge of the playgrounds. It is true this petition was withdrawn and Mr. Abraham stated in evidence that they submitted the petition through the Charity Commissioner and then interviewed the Commissioner; they begged pardon from the Charity Commissioner and then withdrew the petition. The evidence of Mr. P. H. de Silva, one of the instructors, shows the reason why they sent their second protest on October 2, 1937. bit of evidence is as follows:

Mr. Akbar.—What was the reason for you to sign that memorandum to the Commissioner?
Mr. Silva.—When we read in the papers that the Chief Playground Instructor was coming back, we feared that he would give us trouble. So we forwarded our memorandum.
Mr. Akbar.—How many of you have signed the memorandum?

Mr. Silva.—Except Mr. Jayakoddy, we have all signed.

Mr. Akbar.—Supposing Mr. Silva in reinstated, what are you going to do?

Mr. Silva.—It is my duty to carry on under him.

Mr. Akbar.—You would like him to come back?

Mr. Silva.—Yes, but we fear that there might be trouble.
Mr. Akbar.—If Mr. P. G. de Silva is reinstated, is it not possible for him to work under the Charity Commissioner?

Mr. Silva.—I think that there would be some trouble between the two.

To sum up, I have come to a definite conclusion after considering the whole question on broad lines of equity and In my opinion Mr. de Silva was a very efficient officer and he would have been a perfect success as Chief Playground Instructor, but for the blunder committed by the late Council in appointing his old and inveterate enemy over him to supervise his work. The old Council had no excuse to do this unless it was done for the purpose of finding fresh work for an officer who had very little to do with actual Municipal work in Colombo. The old Council must have known that the situation was bound to lead to a catastrophe as it has done. I am also satisfied that Mr. de Silva made every attempt to conform himself to the new conditions, but that he was subjected to what he considered was a wrong kind of treatment on the part of the head of his department and that, being of a sensitive nature, he tried his best to avoid the Charity Commissioner and a state of affairs began to come into existence, which was very undesirable in any department, viz., some of the officers began to take sides. I am further of opinion that the Charity Commissioner should be the last percent some of the officers began to take sides. I am further of opinion that the Charity Commissioner should be the last person to be put on to supervise the Municipal Playgrounds, which should be placed under the Chief Medical Officer of Health. I am also convinced that on the evidence recorded, as the Chairman himself admits in his report, Mr. de Silva was discontinued simply because the late Council did not consider the alternative, viz., whether it would not conduce to the better working of the playground movement if the supervision were taken away from the Charity Commissioner and placed under some other department.

I have therefore come to the conclusion that there was no justification for the drastic treatment which Mr. de Silva had to undergo on the evidence recorded and that he should be reinstated as Chief Playground Instructor, and that the supervision of the playgrounds should be placed under the Health Department, Mr. Abraham reverting to his former post

(Sgd.) M. T. AKBAR, K.C.

After a very searching inquiry it has been amply proved that a gross miscarriage of justice had taken place. I heartily agree with the finding of Mr. Akbar and support his recommendations.

March 31, 1938.

(Sgd.) A. E. GOONESINHA.

At its final meeting on March 21, 1938, the Committee arrived at the decision by four votes against one that :-(i.) the compulsory retirement of Mr. P. G. de Silva was not justified and that he should be re-instated as Chief Playground Instructor.

(ii.) that Mr. Abraham's appointment as Chief Playground Instructor was irregular as it had not been sanctioned by Council and he should therefore revert to his former position as Playground Instructor; (iii.) that the Playground Movement should be removed from the control of the Charity Commissioner's

department and placed under the Chief Medical Officer of Health at once;

(iv.) that a new section of the Public Health Department to be called the "Health Education and Propaganda" section be formed and that another doctor be added to the staff to undertake this work on a scale of salary similar to the Medical Officer in charge of Child Welfare Work. The Playground Movement can then be brought under the supervision of this officer.

Mr. M. T. Akbar K.C. was asked and very kindly undertook to include these findings in the form of a report. I have perused his report and am in complete agreement with him. I wish, particularly, to stress that this Committee would have completed its deliberations some months ago had it not been for the fact that its decision was communicated to the Commissioner who wrote a memorandum on the Committee's finding. I had never heard of a similar procedure This was aggravated by the then Mayor interviewing the Playground Instructors on a matter sub-judice without reference to the Committee.

> Sgd. V. R. Schokman, Mayor,

I have read carefully Mr. Akbar's findings on the above Inquiry.

I agree with him, and with the late Commissioner, that on the evidence taken, Mr. P. G. de Silva was not solely to blame for the situation that arose. As the Council itself had placed him in an impossible situation it seems hardly fair that he alone should suffer for it.

To my mind the points on which charges were made against him were trivial and personal, compared with the broader question of the spirit and well being of the movement which alone should have been occupying the attention of

broader question of the spirit and wen being of the movement which alone should have been occupying the attention of both the Head of the Department and the Chief Playground Instructor.

As to charge 2, that "he displays complete lack of interest in his work" it is a strange charge to make against a man who had been the heart and soul of the movement from its inception for 17 years and, if true, shows that there must have been some grave cause for such sudden lack of interest.

The inquiry showed that at the beginning Mr. de Silva had shown interest and offered suggestions, but as these suggestions were never considered, he later ceased to offer any.

I therefore agree with Mr. Akbar that the faults of Mr. P. G. de Silva did not under the circumstances warrant his compulsory retirement and that he should be reinstated.

The second term of reference before the Committee necessitates recommendations in the interest of the efficient

working of the Municipal Departments concerned.

I am definitely of the opinion that it is not in the interest of the playground movement to have it associated with the charity work of the Council. Its place, as in other countries, is along with the health propaganda work of the Department of Health.

The Charity Commissioner is a busy man and I feel strongly that the time he spends in the playgrounds could be well utilized in the interest of the Council, in concentrating on schemes for the relief of distress and unemployment and in working out the Council's share in Poor Relief when that Bill is passed. The Council on the other hand is paying much too little attention to the prevention of illness and poverty by more intensive health propaganda.

I would suggest that the Medical Officer of Health be asked to draft a memorandum on the possibilities of such preventive work including in the scheme the playground movement and that he be given a special Medical Officer on scale

6 of the Salaries Scheme to take charge of this work.

To interview representatives of the Toc H Club on the subject of removal of the Boys' Club Pavilion from Bogambara. (D 271.)

Mr. Sargent and Mr. Melder were present as representatives of the Toc H Club.

Mr. de Silva mentioned that the present building had been condemned and it was also an obstruction to the proper development of Bogambara Recreation Grounds. The Committee was of opinion that it should be removed at the earliest opportunity.

Mr. Sargent pointed out that the Toc H had absolutely no funds for a new building and that any new building

should be situated in the neighbourhood of Bogambara to ensure the success of the Club.

Subject to the consent of the Toc H, the Committee after discussion with Messrs. Sargent and Melder decided to make the following recommendation to Council:-

'Recommended that a sum of Rs. 1,000 be voted for erecting a new pavilion for the Toc H on an approved site near Bogambara, the materials of the present building to be used in the construction of the new buildings, and during the period intervening the demolition of the present building and the erection of the new one, the building lately occupied by Mr. Kaimal or the Ratwatte Sports Pavilion be allowed for occupation of the Toc H Boys '."

The Chairman tabled letter dated February 15, 1938, from the Toc H and read paragraph 6 of the letter.

Mr. de Silva stated that if the temporary accommodation suggested was not satisfactory the Toc H might engage

a suitable house for which the Council would pay rent until the new building was erected.

After further discussion it was resolved that the vote of Rs. 1,000 be granted—the expenditure on the building not to exceed this figure—subject to the Committee negotiating with the Toc H as regards satisfactory temporary accommodation for the boys.
