34. Prevention of Waste.

42. (1) The Chairman may, whenever he has reason to believe that the arrangement, size, position, nature, or condition of any pipe, tap, valve, meter, or other fitting forming part of the private water service on any premises connected with the Council's waterworks is likely to lead to waste, misuse, undue consumption, or contamination of the water supplied from the waterworks for public or private use, or is likely to be prejudicial to the proper control and distribution of water from the waterworks, serve a notice in the Form "D" set out in the schedule hereto upon the owner of the premises.

(2) Every such notice shall specify the alterations which the Chairman considers necessary, and such alterations shall be made by the owner to the satisfaction of the Chairman, within such period as may be specified in the notice.

(3) In the event of the name or residence of the owner being unknown, the notice shall be deemed to be duly served on the owner if it is affixed in a conspicuous place upon the premises to which it relates.

43. The Chairman may withhold, suspend, or diminish the supply of water to any premises or disconnect the private service pipe on those premises from the Council's mains or waterworks—

- at the request of the owner or occupier of such premises; or
- if default be made in the payment of any money due under the provisions of these by-laws from the owner or the occupier of such premises; or
- if the construction or laying of any such service pipe by the owner or occupier of such premises is not carried out or altered in accordance with the provisions of these by-laws; or
- if any act or thing be done or omitted to be done by the owner or by the occupier of such premises contrary to the provisions of these by-laws relating to damage to or pollution of the waterworks or waste or abuse of the water.

44. The occupier of a house or premises to which a private water service has been laid from the Council's waterworks shall immediately notify the Chairman whenever water is running to waste from any tap, pipe, meter, or other fitting forming part of such service. 45. Whenever water is found running to waste from any tap, meter, pipe, or other fitting forming part of the private water service on any premises, the Chairman or any person authorized by him in that behalf may at once disconnect the service, from the Council's mains and such service shall not be reconnected until the cause of the waste is eliminated by the owner or occupier of the premises.

The amount estimated by the Chairman as the cost of reconnecting to the Council's mains or waterworks any private service pipe disconnected on any of the grounds set out in by-law 42 shall be paid by the owner of such premises in advance to the Council. The unexpended balance, if any, shall be returned to the owner on the completion of the work. In the event of the actual cost exceeding the estimated cost, the amount of the excess shall be paid by the owner forthwith on the completion of the work.

General.

47. The Chairman may, without prejudice to any water rate, meter rent, or other sums which may be or become due under the Ordinance or these by-laws, withhold, suspend, diminish, or divert the supply of water through any mains, public fountain, service pipes, or other appliances connected to the Council's waterworks either wholly or in part whenever the Chairman is satisfied—

 (b) that such action is expedient or necessary for the purpose of extending, altering, or repairing the mains or waterworks or for the purpose of the connection of service pipes to mains; or
 (c) that such action is expedient or necessary by reason of any damage caused to a public standpipe or any pollution or waste of the water thereof; or
 (d) that damage is caused, or likely to be caused, to the waterworks by an outbreak of fire.

48. The stopcock or valve of each private service and the part of the service pipe between the stopcock or valve and the main shall be deemed to be the property of the Council, and the cost of the maintenance, repair, or renewal of that part shall be borne by the Council; Provided, however, that where any repair or renewal is necessitated by any damage caused to that part by any wilful act or negligence of the owner or of the occupier of the premises to which the service belongs the cost of such repair or renewal shall be paid to the Council by that owner on demand made therefor by the Chairman.

49. The approval of any private service pipe or fittings under by-law 22, or the grant of any permission or concession under any of these by-laws to the owner or occupier of the premises on which that service pipe is laid, shall not be deemed for any purpose to attach to the Council any liability for any damage caused by the bursting of any part of the pipe or the overflow of water from any part of the pipe or fittings.

50. The Council shall not be liable in damages for failure on its part to supply water, whether under a contract or agreement or otherwise, if such failure is due to unusual drought, or to any temporary interference with the supply caused by carrying out any work, or to any other unavoidable cause or accident.

51. (1) The Chairman, or any officer of the Council authorized in that behalf by him in writing, may, after giving not less than one hour's notice of his intention to the occupier of any premises served by a private water service connected to the waterworks, enter such premises at any time between sunrise and sunset for the purpose of examining the condition of the pipes, works, and fittings relating to such service, and of ascertaining if there be any waste of water supplied by such service.

(2) When such notice cannot for any reason be given or served personally on the occupier of the premises, the affixing of such notice in a conspicuous place upon the premises shall be sufficient service of such notice for the purpose of this by-law.

52. All moneys payable to the Council under these by-laws shall be paid at the Office of the Council to the Chairman or the officer of the Council authorized to receive such payment.

53. Any person who contravenes any of the provisions of these by-laws shall be punished with a fine not exceeding fifty rupees and, in the case of a continuing offence, with an additional fine not exceeding ten rupees for every day during which the offence is continued after conviction or service of written notice from the Chairman of such contravention.

Improvements in or relating to the treatment of tea.

Abstract.—The inventor claims a process for flavouring tea by subjecting it to the action of a fine spray of orange or lemon oil from which the terpenes have been removed.

Suitable apparatus for carrying out this process is described, comprising a container through which the tea is allowed to fall in a steady stream while the oil is sprayed on to it. The hopper mounted on top of the container has an adjustable outlet for regulating the flow and an agitator for imparting a free movement to the leaves.

The container itself has a restricted outlet, and is provided with another agitator at the bottom for thoroughly mixing the impregnated leaves.

There are six claims and two sheets of drawings.
