## REGULATION.

The Food Control Regulations, 1938, published in *Gazette Extraordinary* No. 8,397 of September 27, 1938, are hereby amended in the Regulations under the head "E. EFFECT OF ORDERS FOR ALLOCATION AND RATIONING OF SUPPLIES"—

(1) in Part I. of those Regulations, by the addition at the end of that Part of the following new regulation:—

" 3. Where an Order is in operation for the allocation of supplies of any cattle, food or article of food, the officer in charge of any railway goods shed at which any quantity of such supplies arrives after transport by rail—

(a) shall forthwith inform the Deputy Food Controller, for the district or area in which that goods shed is situated, of the quantity of such supplies which have arrived and of the name of the consignee of the supplies;

(b) shall not cause or permit the whole or any part of that quantity to be removed from the goods shed except in compliance with any order which may be issued in that behalf by the Deputy Food Controller, or upon production of a permit from the Deputy Food Controller authorizing such removal."

(2) by the substitution, for Part III. of those Regulations, of the following:—

## Part III.

*Supplies and Distribution in Places other than Estates.*

1. Where an Order is in operation directing the Food Controller to allocate supplies of any food or article of food to distributors or merchants and to organize and administer a system of rationing such supplies, the regulations in this Part shall have effect for the purpose of the allocation and rationing of such supplies to persons resident in all places other than estates to which the regulations in Part II. apply.

Application of  
this Part.

2. (1) In this Part—

" controlled commodity " means any food or article of food for the allocation and rationing of supplies of which an Order under section 3 (1) (g) of the Ordinance is in force;

" period of control " means the period during which an Order is in force for the allocation and rationing of supplies of any food or article of food.

Interpretation  
of this Part.

(2) Any reference in any regulation in this Part to a Deputy Food Controller shall, in its application in the case of any district or area, be deemed to be a reference to the Deputy Food Controller appointed for that district or area.

3. The Deputy Food Controller appointed for any district or area may establish such number of supply stations as he may consider necessary in order that supplies of any controlled commodity may be distributed in accordance with the provisions of this Part for the purpose of sale to the inhabitants of that district or area.

Supply Stations.

4. (1) The Food Controller may from time to time by notice published in the *Gazette* declare the weekly ration of any controlled commodity which may be sold for consumption by an individual during the period of control.

Weekly ration  
and ration  
books.

(2) The Deputy Food Controller appointed for any district or area shall, save as otherwise provided in regulation 8, issue a ration book or cause a ration book to be issued to every inhabitant of that district or area who has attained the age of three years, in order to enable such inhabitants to procure supplies of a controlled commodity during the period of control:

Provided, however, that where the Deputy Food Controller is satisfied that a sufficient quantity of any controlled commodity will be available for consumption by any inhabitant and that it is not necessary to issue a ration book to him, the Deputy Food Controller may refuse to issue a ration book to that inhabitant.

(3) Every ration book issued under this regulation in respect of any controlled commodity shall contain coupons upon the surrender of which supplies of the commodity may be purchased or obtained in accordance with the provisions of this Part. Every such coupon shall bear a number indicating the week, commencing with the first week of the period of control, for which the coupon will be valid.

(4) Every person who issues any ration book under this Part shall specify therein the name and address of the inhabitant to whom the book is issued, and shall enter in the book such other particulars as the Controller may direct.

(a) shall authorize a sufficient number of merchants or other fit and proper persons to be distributors (hereinafter referred to as " authorized distributors ") of supplies of any controlled commodity for specified areas, institutions or groups of people, and shall specify in the case of each such distributor the supply station or the name of the wholesale dealer, as the case may be, from whom such supplies may be obtained by that distributor;

(b) may direct such number of wholesale dealers as he may consider expedient to sell supplies of any controlled commodity to specified distributors in accordance with the provisions of this Part.

(2) The Deputy Food Controller appointed for any district or area in respect of which persons have under paragraph (1) been authorized to be distributors of supplies of any controlled commodity shall specify or cause to be specified in every ration book issued to an inhabitant of that district or area the name of the authorized distributor from whom such supplies may be purchased by that inhabitant, and the distributor shall, when the book is first produced to him by the holder thereof, affix his signature in the space provided for the purpose in the cover of the ration book.

(3) Every authorized distributor shall, each week, on demand made by or on behalf of the holder of a ration book which entitles the holder to purchase any controlled commodity from that distributor and on payment of the purchase price, sell and deliver such quantity of the commodity, not exceeding the weekly ration declared under regulation 4 (1), as the holder may require:

Provided that nothing in this paragraph shall be deemed to prevent an authorized distributor from delivering such quantity without requiring payment of the purchase price therefor.

(4) Every authorized distributor shall, upon the sale of any quantity of any controlled commodity to the holder of a ration book or to any person on behalf of such holder, remove or cause to be removed from that book the coupon entitling the holder to purchase that quantity and no distributor shall deliver any quantity of such commodity unless the coupon is removed from the ration book in his presence.

(5) In every case where a distributor is informed under paragraph (1) that supplies of any controlled commodity may be obtained by him from a supply station, the distributor shall, when he desires to obtain such supplies, make application in that behalf to the Deputy Food Controller; and the Deputy Food Controller may issue to that distributor an order addressed to the officer in charge of a supply station directing that officer to deliver to the distributor such quantity of such supplies as may be specified in the order. No order for the delivery of any quantity of such supplies shall be issued to any authorized distributor under this paragraph except upon delivery to the Deputy Food Controller of coupons received by the distributor under this regulation or regulation 7 and representing that quantity of such supplies, and except upon payment of the purchase price of that quantity.

(6) In every case where a distributor is informed under paragraph (1) that supplies of a controlled commodity may be obtained by him from a specified wholesale dealer, the distributor shall, when he desires to obtain supplies, surrender to the wholesale dealer coupons received by the distributor under this regulation or regulation 7 and representing the quantity of such supplies which he requires; and the wholesale dealer shall thereupon on payment of the purchase price sell and deliver such quantity of such supplies to that distributor: Provided that nothing herein contained shall be deemed to prevent a wholesale dealer from delivering such quantity without requiring payment of the purchase price therefor.

(7) Every wholesale dealer to whom coupons are surrendered under paragraph (6) shall, when he desires to obtain supplies of a controlled commodity, make application in that behalf to the Deputy Food Controller; and the Deputy Food Controller may upon such application issue to that dealer an order addressed to the officer in charge of a supply station directing that officer to deliver to the dealer such quantity of such supplies as may be specified in the order. No order for the delivery of any quantity of such supplies shall be issued to any dealer under this paragraph except upon delivery to the Deputy Food Controller of coupons representing that quantity of such supplies and except upon payment of the purchase price of that quantity.

(4) Every retail trader who sells or delivers any quantity of any controlled commodity under paragraph (3) to the holder of a ration book shall upon such sale or delivery remove or cause to be removed from the book the coupon entitling the holder to purchase that quantity; and no trader shall deliver any quantity of such commodity upon the surrender of a coupon unless the coupon is removed from the ration book in his presence.

(5) (a) Every retail trader shall, as soon as may be after he agrees under paragraph (2) to sell supplies of any controlled commodity to the holders of ration books, cause himself to be registered with a wholesale dealer who is willing to sell such supplies to him during the period of control; and upon such registration the retail trader and the wholesale dealer shall execute, in duplicate, a document in the form set out hereunder. **NOTIFICATIONS UNDER "THE  
PATENTS ORDINANCE, 1906."**

THE following Specification has been accepted:

No. 3012 of January 4, 1938.

William Albert Flick.

Improvements relating to the extermination of termites and the like.

*Abstract.*—An insecticide composed of the following four substances in suitable proportions:—White Arsenic (As<sub>2</sub>O<sub>3</sub>), Spanish Red Oxide (Fe<sub>2</sub>O<sub>3</sub>), Paris Green [3 Cu OAs<sub>2</sub> Cu (C<sup>2</sup>H<sub>3</sub>O<sub>2</sub>)<sub>2</sub>] and Borax.

White Arsenic and Paris Green form the main constituents of the mixture. Red Oxide has a high value as attracting agent for the termite. Both the Red Oxide and Borax also have a retarding effect on the toxic action of the main constituents.

The mixture in the form of dry powder preparation is blown into the tunnels where the worker ants operate. These not only eat the mixture avidly, but carry it as food to the community. The retarding effect of the Red Oxide and Borax prevents the worker ants from dying too soon.

The preferred proportions of the ingredients are as follows:—White Arsenic 40%; Paris Green 40%; Spanish Red Oxide 15%; Borax 5%.

There are four claims and no drawings.

1. The Minutes of the General Meeting held on January 27, 1939, and of the Special Meeting held on February 10, 1939, copies thereof having been furnished to each Member, were taken as read and confirmed.
2. To consider the following extract from the Minutes of the Standing Committee on Law and General Subjects of October 28, 1938 :—

“ Considered the draft by-laws relating to Eating-houses and Tea and Coffee Boutiques :—Recommended that the draft by-laws, as amended, be approved.”

The Medical Officer of Health was present and explained to the Members the necessity for the proposed new by-laws. After discussion Mr. J. E. Perera moved that the by-laws be left to be dealt with by the new Council. Mr. Thomas Amarasuriya seconded. On the motion being put to the Meeting six members voted for and six against. The Chairman thereupon gave his casting vote against the motion which was accordingly declared lost. Mr. E. M. Karunaratne then moved that the by-laws as approved by the Law Committee be adopted subject to the deletion of by-laws (c), (d), (g) and (i) and the omission of the words “ having a minimum superficial area of not less than 80 square feet ” from by-law (j). Mr. J. E. Perera seconded. Mr. Wahab moved as an amendment that the matter be deferred for consideration till the next Meeting. Mr. W. Dahanayake seconded. The amendment was first put to the Meeting and declared lost, four voting for and seven against. Mr. Karunaratne's motion was then put to the Meeting and carried by nine votes to three. Mr. W. Dahanayake called for a division which resulted as follows :—*For* :—The Chairman, and Messrs. E. M. Karunaratne, J. E. Perera, F. Magdon Ismail, A. C. Mohammado, R. L. Ephraums, G. Ross Bell, J. C. Cooper, and Dr. A. T. Kuriyan; *Against* :—Messrs. A. I. H. A. Wahab, Thomas Amarasuriya, and W. Dahanayake.

5. To consider what action should be taken by the Council with regard to unemployment in the town :—After discussion Mr. W. Dahanayake moved that the Municipal Engineer be requested to submit a report as early as possible on works that can be carried out as unemployment relief schemes. Mr. J. E. Perera seconded.—Carried.

It was also resolved to inform the Controller of Labour that it is not possible for the Council to obtain a census of the unemployed in Galle and to inquire whether arrangements could not be made by his Department to open an unemployment bureau in the town with a view to obtaining such a census.

6. Considered further the suggestion made by the Superintendent of Police, Southern Province, to adopt the system of no parking on either side of Main street on alternate days owing to congestion of traffic :—Messrs. W. Dahanayake, A. I. H. A. Wahab, Thomas Amarasuriya, J. E. Perera and E. M. Karunaratne opposed the adoption of the proposed system on the ground that the experiment which had been tried during the last few months had proved a failure. The Chairman said he was unable to agree that the experiment was a failure and stated that from his own experience he was of opinion that the experiment had proved successful. He saw no reason why the system should not be adopted. Mr. G. Ross Bell said he did not think the scheme was such a success as he had hoped for at the start. After further discussion of the matter in Committee Mr. W. Dahanayake moved that the proposed system of no parking on either side of Main street be abandoned. Mr. Wahab seconded. The motion was put to the Meeting and carried by 6 votes to 5.
