*Published by Authority.*

**PART I.—GENERAL.**  
**MISCELLANEOUS DEPARTMENTAL NOTICES.**

**MOTOR CAR ORDINANCE, No. 45 OF 1938.**

**List of Applications for Licences for Omnibuses for 1940.**

IN terms of section 46 of the Motor Car Ordinance, No. 45 of 1938, a list of applications for licences for omnibuses to commence in January, 1940, is published hereunder for general information.

The following extract from the Ordinance applies to objections against the issue of licences, &c. :—

“ 46 (2) (a) Any licensing authority within whose area any part of any route, proposed by any applicant for a licence for an omnibus, or any part of the area of operation proposed by any applicant for a licence for a lorry, is situated, may make objection against the issue of that licence.

46 (2) (b) Any person who is the holder of a valid licence or who is himself an applicant for a licence, for an omnibus in respect of any route, or part of any route, or for a lorry in respect of the whole or any part of the area of operation, which is proposed by any other person in an application for a licence for an omnibus or a lorry, as the case may be, may, on payment of the prescribed fee, make objection against the issue of the licence to such other person.

46 (4) Any person, who is entitled under sub-section 2 to make objection to the issue of any licence, may, on payment of the prescribed fee\*, inspect the application for that licence at any reasonable time at the office of the Commissioner : Provided, however, that no fee shall be payable by any licensing authority in respect of the inspection of any application ”.

Objections must be made to the Commissioner of Motor Transport, Colombo, in the manner stated below so as to be received by him not later than 3 P.M. on OCTOBER 31, 1939. Any objection not conforming to these requirements will not be considered :—

“ Every objection in respect of an application for a licence for an omnibus should be made by a written statement in duplicate, and signed by the person making the objection. Where the objection is made by anybody corporate or firm it should be signed by a person duly authorised in that behalf by such body or a partner of the firm, as the case may be. The original of every objection should have affixed to it uncanceled stamps to the value of Rs. 2·50† ; the licensing authority referred to in section 46 (2) (a) is, however, exempted from payment of this fee. No stamp fee is payable on the duplicate objection.

Every statement of objection should set out the specific grounds on which the objection is based and also indicate, by reference to the name of the applicant for the licence and to the distinctive number of the motor car, the application in respect of which the objection is made.

No objection relating to more than one motor car should be made in any one statement of objections ”.

*N.B.*—If the application is for an omnibus “ under construction ” the serial number given to the application in the list should also be quoted.

\* Fee for inspection Re. 1 provisional until fixed by regulation.

**MOTOR CAR ORDINANCE, No. 45 OF 1938.****List of Applications for Licences for Lorries for 1940.**

IN terms of section 46 of the Motor Car Ordinance, No. 45 of 1938, a list of applications for licences for lorries to commence in January, 1940, is published hereunder for general information.

The following extract from the Ordinance applies to objections against the issue of licences, &c. :—

“ 46 (2) (a) Any licensing authority within whose area any part of any route, proposed by any applicant for a licence for an omnibus, or any part of the area of operation proposed by any applicant for a licence for a lorry, is situated, may make objection against the issue of that licence.

46 (2) (b) Any person who is the holder of a valid licence or who is himself an applicant for a licence, for an omnibus in respect of any route, or part of any route, or for a lorry in respect of the whole or any part of the area of operation, which is proposed by any other person in an application for a licence for an omnibus or a lorry, as the case may be, may, on payment of the prescribed fee, make objection against the issue of the licence to such other person.

46 (4) Any person, who is entitled under sub-section (2) to make objection to the issue of any licence, may, on payment of the prescribed fee\*, inspect the application for that licence at any reasonable time at the Office of the Commissioner: Provided, however, that no fee shall be payable by any licensing authority in respect of the inspection of any application.”

Objections must be made to the Commissioner of Motor Transport, Colombo, in the manner stated below so as to be received by him not later than 3 P.M. on OCTOBER 31, 1939. Any objection not conforming to these requirements will not be considered :—

“ Every objection in respect of an application for a licence for a lorry should be made by a written statement in duplicate, and signed by the person making the objection. Where the objection is made by anybody corporate or firm it should be signed by a person duly authorized in that behalf by such body or a partner of the firm, as the case may be. The original of every objection should have affixed to it uncanceled stamps to the value of Rs. 2.50† the licensing authority referred to in section 46 (2) (a) is, however, exempted from payment of this fee. No stamp fee is payable on the duplicate objection.

Every statement of objection should set out the specific grounds on which the objection is based and also indicate, by reference to the name of the applicant for the licence and to the distinctive number of the motor car, the application in respect of which the objection is made.

No objection relating to more than one motor car should be made in any one statement of objection.”

N.B.—If the application is for a lorry “ under construction ” the serial number given to the application in the list should also be quoted.

\* Fee for inspection Re. 1 provisional until fixed by regulation.
