The Chairman shall, after holding such inquiry as he may consider necessary, make such order as may seem to him just.

6. (1) Any person not already exempted under by-law 1 may, at a place and time to be fixed by the Chairman in February each year by a previous notification to the public in that behalf, make an application to the Chairman for exemption from the liability to pay the capitation tax for that year.

(3) The Chairman may, after holding an inquiry, exempt such person from the liability to pay the capitation tax for that year, or for life, or for such other period as he may think fit, on the ground that such person is by reason of bodily infirmity, disease or old age incapable of performing labour.

7. The Chairman shall issue to every person exempted by him under by-law 6 a certificate of exemption signed by him.

8. The list shall be revised in accordance with the orders made by the Chairman under by-law 5; and with the exemptions granted under by-law 6, and shall be certified under the hand of the Chairman on or before March 1, as the final list of persons liable to pay the capitation tax for that year.

Number of days labour and rate of commutation.

9. (1) The Committee shall at a meeting to be held on or before January 15 in each year—

- (a) determine the number of days for which each person included in the final list should be called upon to perform labour for that year in payment of the capitation tax due from him,

10. Any person whose name is in the final list prepared for any year may commute his liability to perform labour for that year by making payment of money on or before March 31 of that year at the rate determined by the Committee under by-law 9 (1).

11. Not less than one week before the date appointed by the Chairman for the commencement of any item of work, information shall be given in the village area, by the exhibition of written or printed notices under the hand of the Chairman, specifying the place at which the work is to be done, the persons who are required to perform the labour necessary, the number of days for which each person has to contribute labour and the hours of work on each such day. The persons required to contribute labour may be described in the notices either by name or as inhabitants of any specified village or part of a village or group of villages.

12. (1) Every person who elects to commute his liability to perform labour by making payment of money shall pay the money to such officer and at such place as may for the time being be appointed by the Committee.

(2) A written receipt in such form as may be provided for the purpose by the Committee shall be issued under the hand of the officer to whom such payment is made.

Performance of Labour.

13. Every person whose name appears in the final list referred to in by-law 8 and who has not commuted his liability to perform labour, shall attend with such implements and tools as may be necessary and perform labour on the days and at the time and place specified in such notice as may be issued, exhibited or published by the Chairman in that behalf.

Performance or Commutation of Double Labour.

14. Every person who fails to perform labour on any day on which he is required to do so by by-law 13, shall be deemed to be in default on that day and shall be liable to perform double labour, that is to say, labour for two days in respect of each day for which he is in default.

15. Any person who is liable to perform double labour may commute his liability to perform such double labour by making payment of money at the rate determined under by-law 9 (1): Provided that no person shall be permitted to make payment of money in commutation of the liability to perform such double labour after the expiry of a period of one month from the earliest day in respect of which he is in default.

16. Every person who is liable to perform double labour under by-law 14 and has not made payment in commutation thereof under by-law 15 shall attend with such implements and tools as may be necessary and perform labour on such days and at such time and place as may be specified in a notice which shall be issued by the Chairman. Such notice shall not require any person to perform labour for any period exceeding in length the total number of days for which such person is liable to perform labour under by-law 14.

Supervision of Labour.

17. A certificate of "Completion of Labour" shall be issued under the hand of the supervising officer appointed by the Committee, to every person who performs labour under by-law 13 or by-law 16.

18. In these by-laws—

- "Chairman" means the Chairman of the Committee;
- "Committee" means the Village Committee of the Kosgoda village area;
- "list" means the list of persons liable to pay the capitation tax in the village area.

19. The bylaws published by notification dated March 9, 1938, in *Gazette* No. 8,358 of March 11, 1938, and therein called "Rules", are hereby amended by the rescission of by-laws 1 to 8 occurring under the heading "Sub-sections (25) to (28)—Annual Tax."

NOTIFICATIONS UNDER "THE PATENTS ORDINANCE, 1906."

THE following Specification has been accepted:—

No. 3,090 of May 12, 1939 (Date applied for under Section 50 of the Ordinance, June 1, 1938).

N. V. Nederlandsch Indisch Land Syndicatt.

"Device for the pressing of tealeaf in a tea-rolling-machine."

Abstract.—Instead of the usual pressure cap, a cover in the shape of a rimless wheel is employed to apply pressure to the leaf in a tea rolling machine. This may either be fixed or revolvable with respect to the push rod.

The inventor states that the pressure applied by the spokes which is transmitted downwards, spreads and acts on the greater part of the leaf, while the other part burrows up in the segments between the spokes. In these segments the leaf has ample opportunity to get cooled, and to come in contact with fresh air.

The spokes may be of circular section and may revolve round their own axes. The preferred construction is however to have fixed spokes having upper sloping portions, and underside curved. This shape of spokes ensures effective rolling and the breaking-up of any balls that may be formed.

There are 9 claims and one sheet of drawings.
