I. by the substitution for regulation 2A of the following new regulation—

“2A (1) Subject to any exemptions which may be granted by Order of the Governor, no person shall, except with permission granted by the Controller, transfer any security, either on his own behalf or on behalf of any other person, unless

- (a) the holder of the security, and if the holder is a nominee, the person for whom he is acting as nominee are resident in a non-scheduled territory ; and
- (b) the transferor has produced to the person to whom the security is to be transferred or his agent such evidence of the facts aforesaid as may be prescribed by the Controller ;

and no person shall, except with such permission as aforesaid, acquire any security, either on his own behalf or on behalf of any other person, unless such evidence as aforesaid has been produced him or to his agent.

(2) Subject to any exemptions which may be granted by Order of the Governor, no person shall, except with permission granted by the Controller—

- (a) transfer any registered or inscribed security or any coupon representing dividends or interest on any security, either on his own behalf or on behalf of any other person, to any person resident in a scheduled territory or to any person acting as the nominee of any person so resident, or
- (b) transfer any bearer security, either on his own behalf or on behalf of any other person, unless the Controller or a person authorised by the Controller is satisfied that the person to whom the security is to be transferred and, if that person is a nominee, the person for whom he is to act as nominee, are resident in a non-scheduled territory.

(3) Subject to any exemptions which may be granted by Order of the Governor, where the holder of a security is a nominee, neither he nor any person through whose agency the exercise of all or any of the holder's rights in respect of the security are controlled shall, except with permission granted by the Controller, do any act whereby he recognises or gives effect to the substitution of another person as the person from whom he directly receives his instructions, unless both the person previously instructing him and the person substituted for that person were, immediately before the substitution, resident in a non-scheduled territory or in the same country.

(4) Subject to any exemptions which may be granted by Order of the Governor, the holder of a security who is not a nominee shall not, except with permission granted by the

Controller, do any act whereby he creates or acknowledges a duty to act in relation to the security, as the nominee of a person resident in a scheduled territory.

(5) Subject to any exemptions which may be granted by Order of the Governor, the holder of a bearer security who is a nominee acting on the direct instructions of a person resident in a scheduled territory, shall not, except with permission granted by the Controller, deliver the security into the possession of any person, whether the delivery amounts to a transfer or not.

(6) Subject to any exemptions which may be granted by Order of the Governor, no person shall, except with permission granted by the Controller—

- (a) enter any transfer of securities in any register or book in which securities are registered or inscribed, unless there has been produced to him such evidence that the transfer does not involve a contravention of this regulation as may be prescribed by the Controller, or enter in any such register or book, in respect of any security, whether in connection with the issue or transfer of the security or otherwise, an address in a scheduled territory, except by way of substitution for any such address in the same country or for the purpose of any transaction for which permission has been granted under this regulation with knowledge that it involves the entry of the said address ;
- (b) transfer any security from a register in Ceylon to a register in a scheduled territory, or do any act which is calculated to secure, or forms part of a series of acts which together are calculated to secure, the substitution for any security which is either in or registered in Ceylon of any security which is in or registered in a scheduled territory.

(7) Subject to any exemptions which may be granted by Order of the Governor, no person shall, except with permission granted by the Controller, register or inscribe in any register or book in which securities are registered or inscribed any security which is to take the place of a bearer security.

(8) Subject to any exemptions which may be granted by Order of the Governor, no person shall, except with permission given by the Controller, make any payment, or draw or issue any bill of exchange or promissory note for the purpose of redeeming or repaying in whole or in part, or as consideration for the surrender of, any security, unless there has been produced to him such evidence as may be prescribed by the Controller that, immediately before the redemption, repayment or surrender the holder of the security and, if he was a nominee, the person for whom he then acted as nominee were resident in a non-scheduled territory.

(9) Nothing in this regulation shall effect the acquisition by any person of a security by virtue of any enactment, order of a court or rule of law, whereby the title to the security vests in that person without the necessity for any act of transfer by the former holder, or shall affect the doing by any person of anything necessary to give effect to such an acquisition :

Provided that this paragraph shall not affect so much of sub-paragraph (a) of paragraph (6) of this regulation as prohibits the entry in any register or books in which securities are registered or inscribed of an address in a scheduled territory.

(10) This regulation shall bind the Crown and the Controller shall not be required to grant any permission or exemption under this regulation in respect of any contract made by or on behalf of the Ceylon Government in relation to any securities :

(11) For the purpose of this regulation, where a security is registered or inscribed in the name of a deceased person or of any person who by reason of insolvency, unsoundness of mind or any other disability is incapable of transferring the security, the personal representative, the assignee of the estate and effects of the insolvent, or other person entitled by law to transfer the security shall be deemed to be the holder of the security.

(12) Where any security—

- (a) is held by, or is transferred or is to be transferred to two or more persons ; or
- (b) is held by, or is transferred or is to be transferred to, a nominee or nominees acting for two or more persons,

the requirements of this regulation shall be construed as applying in relation to each and all of those persons.

(13) In this regulation—

- (a) the expression ‘holder’, in relation to a bearer security, means the person having physical custody of the security :

Provided that, where a bearer security is deposited with any person in a locked or sealed receptacle from which the person with whom it is deposited is not entitled to remove it without the authority of some other person, that other person shall be deemed to be the holder of the security ;

(b) the expression 'nominee' means a holder of any security (including a bearer security) or any coupon representing dividends or interest who, as respects the exercise of any rights in respect of the security or coupon, is not entitled to exercise those rights except in accordance with instructions given by some other person, and a person holding a security or coupon as a nominee shall be deemed to act as nominee for the person who is entitled to give instructions, either directly or through the agency of one or more persons, as to the exercise by the holder of the security or coupon of any rights in respect thereof, and is not, in so doing, himself under a duty to comply with instructions given by some other person;

Provided that—

- (i) a person shall not by reason only that he has a controlling interest in a body corporate, be deemed to be entitled to give instructions to that body corporate as to the exercise of rights in respect of any security or coupon held by it;
 - (ii) a person shall not be deemed to hold a security or coupon as a nominee by reason only that he holds it as a trustee for some other person but if, by virtue of an express provision in the instrument creating the trust, he is not entitled to transfer the security or coupon except with the consent of, or in accordance with instructions given by, some other person, he shall be deemed to be the nominee of that person;

THE EMERGENCY POWERS (DEFENCE) ACTS,
1939 AND 1940.

DEFENCE Regulations made by the Governor by virtue of the powers vested in him by the Emergency Powers (Defence) Acts, 1939 and 1940, of the Imperial Parliament, as adapted, modified and extended to Ceylon by the Emergency Powers (Colonial Defence) Order in Council, 1939, and the Emergency Powers (Colonial Defence) (Amendment) Order in Council, 1940.

By His Excellency's command,

H. A. C. DOBBS,
Acting Secretary to the Governor.

Nuwara Eliya, 1st May, 1943.

Regulations.

1. These regulations may be cited as the Defence (Lend-Lease Goods) Regulations, 1943.

2. In these Regulations—

"Controller" means the person holding office for the time being under the Control of Prices Ordinance, No. 39 of 1939, as Controller of Prices (Miscellaneous Articles);

"importer", in relation to any goods, means the person to whom such goods are delivered by the Superintendent;

"lend-lease goods" means any goods declared by the Superintendent under Regulation 3 to be lend-lease goods for the purposes of these Regulations;

"Superintendent" means the person for the time being holding the office of Superintendent of Stores and Supplies by virtue of appointment made by the Governor by notification published in the *Gazette*.

3. (1) Where any goods, which have been supplied by or under the authority of the Government of the United States of America under the Lend-Lease Agreement for the supply of goods entered into between that Government and His Majesty's Government in the United Kingdom, are imported by the Superintendent into Ceylon, the Superintendent shall, prior to the delivery of such goods to any person, by notice addressed to that person, declare that such goods are lend-lease goods for the purposes of these Regulations.

(2) No lend-lease goods shall be delivered to any person by the Superintendent unless that person has delivered or

transmitted to the Superintendent a statement containing a written undertaking to the effect that such person will comply with the provisions of these Regulations in respect of such goods.

4. No importer of any lend-lease goods shall transfer such goods to any other person, whether by way of sale or otherwise, unless the transfer of such goods to such other person has been authorised by a general or special permit granted by or under the direction of the Controller.

5. Subject as hereinafter provided, no person who has obtained any lend-lease goods from the importer of such goods or from any subsequent transferee thereof, shall transfer such goods to any other person, whether by way of sale or otherwise, unless the transfer of such goods to such other person has been authorised by a general or special permit granted by or under the direction of the Controller:

Provided that no such permit shall be necessary in any of the following cases.—

- (a) the transfer by any such person of lend-lease goods declared by the Controller by notification published in the *Gazette* to be transferable without a permit under this Regulation;
- (b) the transfer of lend-lease goods by any person who has been authorised in writing by or under the direction of the Controller to transfer such goods without a permit under this Regulation;
- (c) the transfer of lend-lease goods by a person who has obtained such goods from a person referred to in the foregoing paragraph (b) or from any subsequent transferee thereof.

6. (1) Every application for a permit authorising the transfer of any lend-lease goods shall—

- (a) be made to the Controller by the prospective transferor of the goods in such form as may be provided or approved by the Controller;
- (b) contain a full description of the goods;
- (c) specify the price, if any, to be paid for the goods;
- (d) where the intention is to transfer the goods to any specified person, contain a written undertaking signed by that person to the effect that he will comply with the provisions of these Regulations in respect of such goods; and
- (e) contain such other particulars or undertakings as the Controller may require for the purposes of these Regulations.

(2) The Controller may attach to any permit authorising the transfer of any lend-lease goods all such conditions as he may consider necessary in relation to such transfer, including a condition as to the maximum price at which the goods may be transferred by way of sale under the authority of the permit.

(3) Any permit authorising the transfer of any lend-lease goods may be in such terms as to authorise the transfer of such goods—

- (a) to a specified person, on any particular occasion or occasions, and in a specified quantity or quantities;
- (b) to any person whatsoever, or to any person of any specified class or description, in any quantity not exceeding a specified quantity.

(4) The Controller may in his discretion refuse to grant a permit authorising the transfer of any lend-lease goods to any person, and the decision of the Controller in any such case shall be final.

7. Where the Controller has, in any permit authorising the transfer of any lend-lease goods, fixed the maximum price at which the goods may be transferred by way of sale under the authority of the permit, the transferor and the transferee of such goods shall each be guilty of an offence against this Regulation if the price received or paid in respect of such goods exceeds the maximum price fixed in that behalf by the Controller.

8. No importer of any lend-lease goods nor any other person to whom any lend-lease goods are transferred under the authority of a permit granted under these Regulations shall, except with the prior written approval of the Controller, use or cause or permit any other person on his behalf to use such lend-lease goods or any part thereof for any purpose other than a purpose specified or approved by the Controller.

9. Every importer or other person who obtains or acquires any lend-lease goods from the Superintendent or under the authority of a permit granted under these Regulations shall, whenever he is required so to do by the Controller, furnish to the Controller, within such time as may be specified in that behalf by the Controller, a return specifying—

- (a) the stocks of such goods in his possession on the date on which the return is made;
- (b) the quantity of such goods transferred, used or otherwise disposed of by him after the date of the receipt of the goods, and the persons to whom and the prices at which that quantity was transferred or the manner in which that quantity was used or otherwise disposed of;
- (c) such other particulars as the Controller may require relating to the use or disposal of such goods.

10. (1) It shall be a condition of the delivery of any lease goods by the Superintendent to any person, and of the grant of any permit authorising the transfer of any lease goods to any person, that, in the event of any contravention by that person of any provision of these Regulations, whether in respect of the goods so delivered or transferred or of any other lease goods delivered or transferred to him—

- (a) that person shall, if required so to do by notice under the hand of the Controller, return to the Superintendent all such lease goods as may for the time being be held by that person; and
- (b) that person may by order under the hand of the Controller be declared to be ineligible for obtaining the delivery or transfer of any lease goods during such period as the Controller may specify in the order.

(2) In every case where any lease goods are returned to the Superintendent by any person under paragraph (1) of this Regulation, the Superintendent shall pay to that person a price determined with due regard to the maximum price which, if a permit authorising the transfer of such goods were issued under these Regulations at the time of the return of the goods, would be specified in such permit.

(3) Nothing in the preceding provisions of this Regulation shall be deemed to affect or prejudice the institution or maintenance of any prosecution for any offence against these Regulations.

11. The provisions of these Regulations shall be in addition to and not in derogation of the provisions of any Order under Regulation 43D of the Defence (Miscellaneous) Regulations or any other written law regulating or prohibiting the distribution, disposal, acquisition, use or consumption of any articles.

THE DEFENCE (CONTROL OF TEXTILES) (No. 1) REGULATIONS, 1943.

IN terms of Regulation 42 (a) of the above regulations the following notice is published for general information.

April 30, 1943. S. H. WADIA,
Controller of Textiles.

Textiles Control Notice No. 4.

The following rulings on several inquiries by dealers are published for the general information of ALL TEXTILES DEALERS ALL OVER THE ISLAND —

1. Regulations Generally.

The Defence (Control of Textiles) (No. 1) Regulations, 1943, will remain operative as published in *Gazette Extraordinary* No. 9,102 of March 22, 1943, unless and until they are amended in any respect in pursuance of the recent acceptance by the State Council of the motion of Mr. P. de S. Kularatne, M.S.C., Any amendments will of course be published in the *Gazette*.

2. Regulation 2. Definition of Controller.

This definition should be read with Regulation 38 (1), which confers on my DEPUTY and all my ASSISTANTS the powers conferred on the "Controller".

3. Regulation 2. Definition of Landed Cost.

(a) The landed cost of any textile received at a branch in Ceylon from the same dealer's Head Office (or other branch) also in Ceylon is the landed cost of that textile at the latter plus the cost of transport to the former. Such transport costs in Ceylon are generally small enough to be negligible. In other words, a HEAD OFFICE OR BRANCH in Ceylon first receiving the textile from abroad is NOT ENTITLED to charge any sum by way of PROFIT of such head office or branch in invoicing the textile out to another branch in Ceylon. The head office or branch is merely a forwarding agent in such a case.

(b) If a dealer in Ceylon has his own head office or his own employee as his buying representative in a country of export, the invoice of such head office or representative should show only the actual amount paid for the purchase of any textile in that country, and may include at the end a reasonable charge calculated *pro rata* for the expenses incurred in the maintenance of the head office or the representative, but only the expenses incurred in buying textiles for Ceylon. IN NO CIRCUMSTANCES will any PROFIT FOR THE HEAD OFFICE be allowed. In other words, such head office or representative is regarded only as a buying agent, and the *pro rata* expenses allowed will replace the buying agent's commission. The actual purchase price paid should not in any way be inflated in the invoice, either in the rate or purchase amount columns, by inclusion of any profit or *pro rata* expenses.

(c) FEES PAID FOR EXPORT LICENCES will be allowed as part of the landed cost at the discretion of this Department, and only if the amounts are REASONABLE in its view, and if the payment is PROVED to its satisfaction. While this Department is anxious to maintain imports to the full extent of any quota allowed by a country of export, it is not prepared to encourage importers, especially those who had not imported from India in 1941-42 (Indian financial year) to bid up for securing export licences, which their buying agents are not entitled to receive from the Export Controllers in the country of export, free of charge. Old established importers should have little difficulty in having most of their purchases shipped free of any charge for export licences by exporters, with whom the former had business connections in 1941-42. Importers are therefore notified, merely as a general indication which is subject to variation as this Department may feel advised from time to time, that for the present any PAYMENTS for export licences IN EXCESS OF 5 per cent. of the aggregate invoiced purchase amount will be DISALLOWED as a charge against the landed cost.

4. Regulation 6 (4). Schedule of Prices.

(a) Six columns as shown in Regulation 6 (4) are compulsory, but there is no objection to any dealer providing additional columns for other data for his own convenience, or for that of his customers or of this Department, so long as none of the six compulsory columns is left out.

(b) It will be a great convenience to the dealer and to this Department, if a column is provided in the Schedule of Prices to show against each textile the number of the invoice on which it was received and the number of the item referring to each textile in the invoice. Thus, the entry "2/32" in this extra column of "Invoice and Item No." would mean that the textile occurs in Invoice No. 2, in which it is Item No. 32. The No. of the Invoice will be the folio number given to it in the File of Invoices as required by Regulation 29 (2). Any existing printed form of such Schedule should not however be wasted; the new column can be provided by gumming down a small slip on the outside margin. The provision of this column will also save the dealer from committing the offence, advertently or inadvertently, of connecting up the wrong invoice with stocks obtained at a cheaper rate.

(c) The following form of Schedule of Prices, adopted from forms voluntarily devised by the South Indian Textile Merchants' Chamber and the Jaffna India Textiles Traders Association, is recommended for general use, when a form is ordered to be printed or reprinted, or an existing form can be amended by hand:—

- (1) Approximate Width-inches.
- (2) Approximate Length-Yards.
- (3) Mark.
- (4) Description.
- (5) No. of Pieces purchased.
- (6) Invoice (or Bill) No. and Item No.
- (7) Purchase Price as in (6).
- (8) Duty paid.
- (9) Expenses.
- (10) Landed Cost (*i.e.*, (7) plus (8) plus (9) above).
- (11) Wholesale-in-bulk Price, 10 per cent. on (10).
- (12) Wholesale Price, 15 per cent. on (10).
- (13) Retail Price, 25 per cent. on (12).
- (14) Initials of Control Officer.

This form provides in column (5) for quantity purchased also, which is very useful, and shows at a glance how the landed cost and prices are arrived at. Columns (7) to (10) may, however, be omitted, if so desired.

If any of the figures in columns (7) to (13) are not accepted by this Department, the correct figures will be substituted in the appropriate columns by the Control Officer, and initialed and dated by him, as being the correct Prescribed Prices.

(d) Every class of textiles kept for sale, and every brand of textiles in any class should be included in the Schedule, special attention being paid to an accurate description of the class and brand giving the brand or number mark of the manufacturer on the textile, so that customers can identify the textile with the item in the Schedule.

In the case of Sarees, Sarongs, &c., if the varieties in stock are very large (say, more than 10), they may be grouped in price classes up to Rs. 4, from Rs. 4 to Rs. 6, Rs. 6 to Rs. 8, and so on in the Schedule, but the individual price labels should show the actual price of each Saree, Sarong, &c. Such grouping of Sarees, Sarongs, &c., should only be made, if they are indistinguishable from one another. For instance, Madura and Coimbatore Sarees must be shown as separate items, even if they are priced alike.

(e) The rates of profits allowed in Regulation 3 are maximum rates, and it is expected that the lower rates of profits generally made on the cheaper qualities of Sarees, Camboys, Sarongs, Veddies, Greys, &c., will continue to be made as hitherto. In such cases, the appropriate rate of discount on the Regulated Prices should be shown on the Schedule, so that the consumer or dealer may know that the actual selling price is lower than the Regulated Price, and may thus be protected against a dishonest salesman.

(f) On arrivals of new stocks, the new textiles should be added at the bottom of the original Schedule of Prices, if there is space; or a new Schedule prepared, if there is no space.

At least one copy of every Schedule, when no longer in use, should be preserved in a file for purposes of comparison of prices from time to time, and such old copies should not be destroyed so long as the Control Scheme remains operative.

(g) Schedules of Prices should also be kept in Sinhalese and/or Tamil, so that consumers and dealers who cannot read English, may be able to read the Schedule in their own language.

(h) Schedules of Prices need not be printed. The forms can be hand-ruled-and-written.

5. Regulation 6 (7). Price Labels.

(a) Price labels also need not be printed; they can be rubber-stamped, or hand-written. They should be as small as possible,—2" by 2½" should suffice.

(b) The following form, adopted from various forms voluntarily devised by different dealers' Associations, is recommended for general use, when a form is ordered to be printed or reprinted, or rubber-stamped, or is written by hand:—

(Name of Shop, if desired)

Inv. No. _____ Item No. _____

Des. _____

Wholesale REG./PRES. price Rs. _____/— c. per piece of _____ yards.

Retail REG./PRES. price Rs. _____/— c. per yard.

If only wholesale business is done at any shop and no retail business at all, substitute "Wholesale-in-Bulk REG./PRES. Price: Rs. _____/— c. per piece of _____ yards" for the last item of retail price. On the other hand, if only retail business is done, the item of wholesale price may be omitted, and the size of the label reduced accordingly.

The size can also be reduced by omitting the name of the shop at top.

(c) Dealers who do solely wholesale business are requested NOT to mark retail prices on their labels, so that their dealer-customers should mark their own retail prices at lower than regulated rates of profits, if they so desire.

(d) Whether a dealer is only a wholesaler, or a wholesaler-and-retailer, or only a retailer, EVERY piece or single article exposed for sale should be price-labelled. The only exception to this requirement will be allowed in the case of articles such as Sarees, Sarongs, Camboys, Veddies, Banians, Shirts, &c., made up for sale only wholesale by the bundle, provided that—

- (i.) every article in the bundle is of the identical quality of material, and of the same price, varying only in pattern, and
- (ii.) there is no retail business done at the premises.

(e) The observations in para. 4 (e) above apply equally to labels. If in the case of the lower grades of textiles therein mentioned the actual selling prices are lower than the Regulated Prices, the actual selling prices should preferably be shown against the "Regulated Prices" instead of showing the Regulated Prices and the discount to be given on them.

6. Regulation 7. Invoices and other Documents.

(a) Invoices and other documents mentioned in this Regulation must always be kept available during the open hours to any visiting officer of this Department. The absence of the proprietor or manager will not be accepted as an excuse for documents not being available. In the event of such absence the senior salesman should be entrusted with the keys, if any, of the receptacle where such documents are kept. The visits of officers will be surprise visits, and they cannot return to a shop or wait for the proprietor's or manager's return. The documents should be properly arranged, so that relevant documents can be traced without undue waste of time, and the necessary verification of prices done.

(b) Invoices, purchase bills, &c., for the oldest textiles in stock should be arranged in order of date. The excuse that they have been sent to India will not be accepted. Ceylon invoices should not need to be sent to India to get export licences; the invoice copies in India should suffice for that purpose. However, if any Ceylon invoices have been sent to India, their return should be asked for by telegram.

(c) If the Regulated Prices are not properly authenticated by documents, the Assistant Controllers will mark Prescribed Prices to the best of their ability, and such prices will of course have to be appreciably BELOW the current Regulated Prices of comparable textiles. If documents have been irretrievably lost or destroyed, in good faith, it is hoped that dealers will be straightforward in fixing Regulated Prices on their invoice (or purchase) costs, which would no doubt be known to them from books kept, from code-prices on labels, or even from memory. The present ruling prices in India should NOT be the criterion for calculating Regulated Prices.

(d) Dealers should also arrange with their buying agents or offices in India to see that the description of each article in an invoice is as full as possible, and that "pullees" are affixed to each article like a Saree, Sarong, Camboy, Veddie, &c., or to a bundle of exactly identical articles, so that the articles in a bale or case can be easily and correctly identified with the item in an invoice. All expenses incurred in the country of export should also be shown in detail in the invoice itself; expenditure not so shown will be disallowed.

7. Regulation 27 (3). Form of Receipts.

(a) The form required need not be elaborate or large. Several dealers have shown me receipt forms of 4" by 2½", containing only four or five lines. That size should be enough for most transactions.

(b) The printing need not be repeated at all on the counterfoils, except for the machine number which should be identical on the original and the counterfoil. The name and address of the dealer should be reduced to the smallest size conveniently readable.

(c) Further economy can be practised by carrying over items on the back of the counterfoil after reversing the carbon paper, if a transaction includes a number of items not more than double the number of lines on the face of the receipt. When so carried over, the handwriting will come on the back of the counterfoil and the carbon writing on the back of the original; this Department will have no objection to it.

(d) Whether any textile sold bears identifying brand or number marks or not, the Invoice and Item No.'s on the price label might also well be copied into the receipt under the column for "Description".

8. Regulation 27 (6). Marking of Nature of Transaction in Receipt.

If separate Receipt Books for each of the three kinds of transactions are not used, each receipt should bear on it prominently marked what the nature of the transaction was, thus:—

For Wholesale-in-Bulk transaction the letters "W-i-B",

For Wholesale transaction the letter "W",

For Retail transaction the letter "R",

should be enough. This can be done by hand, or by a rubber stamp.

9. Regulation 28. Register of Stocks.

(a) If any dealer did his stock-taking on a later date than April 1, he should enter in the Register of Stocks the correct

quantities calculated back to April 1 as follows. Stock taken, say, April 15; add to stocks on April 15 all sales made between April 1 and 15, and deduct all new stocks imported or locally purchased between April 1 and 15.

(b) RETURNS OF STOCKS ON APRIL 1 should NOT be sent to this Department, until they are called for by a Press Notice, for which a sharp look-out should be kept.

(c) Stocks should be entered in the Register next on July 1, and every three months thereafter.

(d) The form of the Register of Stocks should be exactly as in the Third Schedule. It need NOT be printed, and to start with, it need have only one double foolscap ruled sheet, hand-stitched to a cardboard or brown paper cover, with columns drawn by hand and with all the headings HAND-WRITTEN on top as in the Third Schedule. A single sheet will probably suffice for three or four quarters. Later another such sheet, cut away at the top to expose fully the headings on the first sheet, can be stitched on.

(e) It must be noted that Item (b) in the form of Register must be calculated accurately from actual invoices or purchase bills, classified into columns (3) to (13) in the form. Item (d) may be calculated accurately from actual sales bills (cash or credit memos.) also likewise classified, or may alternatively be obtained by deduction of actual stock taken on the 1st day of the next quarter from Item (c).

(f) A rough CLASSIFIED ABSTRACT either for Item (b) alone or for Items (b) and (d) will be found very useful to enable the Register of Stocks to be accurately and promptly entered. If a dealer decides on the alternative method of arriving at Item (d) by deduction, the Classified Abstract need be kept for only new stocks bought, but it will be probably more convenient to keep a Classified Abstract for daily sales also than to take complete stock at the beginning of each quarter. Dealers will waste much stationery by trying to keep a Classified Abstract on the same form as the Register of Stocks, and are therefore advised to keep a SEPARATE AND ROUGH CLASSIFIED ABSTRACT. A school Exercise Book will probably suffice, with the following heading on the first sheet:—

Stocks Imported and/or Purchased in 1943.

and so on as in columns (3) to (13) of Register of Stocks form in Third Schedule.

Date and Month.	Sheeting Yards.	Towels Dozens.
-----------------	-----------------	----------------

All imports in every consignment and all local purchases on every bill should be classified and entered up in the Abstract, as soon as the stocks and corresponding invoices or purchase bills are received, with a running total after each entry, so as to avoid the risk of arithmetical errors in totalling up a large number of figures at the end of the quarter.

The subsequent sheets should be cut away at the top, so as to expose the column heads fully, and thus avoid re-writing column heads on each subsequent sheet.

A similar abstract headed "SALES IN 1943" may be kept for all textiles sold from day to day, with running totals made after each day's entry.

10. Regulation 29. Files of Documents.

The Invoice File should commence with the invoice or purchase bill relating to the oldest stock in hand on April 1, 1943, so far as such earlier invoices or purchase bills are available. All papers should be ransacked, and all invoices or purchase bills found (or returned from India as indicated in para. 6 (b) above) should be arranged in order of date, the earliest such document for stock still held being numbered 1 and so on. If the connected documents for expenses in India, customs entry forms, expenses in Ceylon are to be kept in the same file, they should be numbered 1A, 1B, &c., to show that they relate to invoice marked 1. If the connected documents are kept in separate files, they should bear the same folio number as that given to the related invoice or purchase bill in the Invoice File.

11. Regulation 32. Obligation to Sell.

(a) While a wholesale dealer is under obligation to sell stocks to retail dealers, especially from the outstations, a retail dealer must not expect to be allowed to buy less than a half piece, or a dozen articles. He can not choose 1 or 2, say, sarees from each bundle received by the wholesaler from the manufacturer, and leave the rest which he does not fancy as being saleable.

(b) At the same time, a wholesaler, who may also be a retailer at the same premises, will not be allowed to select the best colours or patterns out of such a bundle for retail sale to consumers only, and make up his own bundles of not so attractive colours or patterns to be bought *en bloc* by the retail dealers from Outstations. That would not be honest dealing or fair distribution, and can be dealt with as an offence. If the opportunity given to wholesalers is abused, more

stringent regulations may have to be passed to their disadvantage. The outstation retailer and wholesaler must work together harmoniously to see that every style of textile, some good and others not so good, is sent out to all parts of the Island, and the good ones are not offered to a disproportionately large extent to the Colombo consumers only. All such difficulties will be gradually overcome, as this Department gets into its stride.

(c) RETAILERS are strictly enjoined to see that they do NOT BUY AT RETAIL PRICES, and that their bills are correctly marked whether Wholesale-in-Bulk, or Wholesale.

12. Regulation 36. Contravention of Regulations.

All dealers are particularly enjoined to refrain from the dishonest practices (a) of "loading" invoices by raising the actual purchase amounts paid for textiles in order to conceal in them excessive sums paid for export licences, or profits in excess of the regulated rates, and (b) of connecting up an invoice showing higher rates of purchase with a textile actually obtained on a different invoice at a lower rate of purchase. One such attempt as in (b) by a Pettah dealer, who is a newcomer in the textiles trade, has already been detected, and certain other dealers who are reported to be attempting as in (a) are being closely watched. The profits given are very fair and reasonable, and any dealer who even attempts to circumvent them will have himself to blame, if he is rendered ineligible for a licence.

13. Shortage of Paper and Printing.

Dealers must in every way possible cut down their requirements of paper and printed forms. As shown above, several of the requirements under the Regulations can be met by hand-written forms. Sizes of labels and other printed forms, letter heads, &c., should be reduced only to actual needs. For instance, two sizes of bill forms or cash memos. can be kept for small and large transactions.

14. OFFICIAL COMMUNICATIONS should not be addressed to the undersigned by name, but to "The Controller of Textiles" at the address below.
