2. Any person desirous of obtaining the use of electrical energy from the Council shall make application in such form as may be provided for the purpose by the Council.

3. Every consumer of electrical energy shall pay for such energy at the rate specified in the licence granted to the Council under the Electricity Ordinance.

4. (1) That portion of the service cable which is on the consumer's premises, the transformers, the main fuses, the meter, and the board shall remain the property of the Council, and on no account shall they be moved or handled by any person other than an employee of the Council.

(2) Any installation may be disconnected from the Council's main on discovery that the Council's seals on the meter or the fuse have been broken or that any part of the Council's apparatus or wires have been tampered with.

(3) No consumer shall break, or tamper with, or permit any person other than an employee of the Council to break or tamper with, any seal or any part of the Council's apparatus or wires.

5. (1) Every consumer wishing, at any time after his installation has been connected, to use any lamp, fan or motor of greater size, or to install any additional lamp or other apparatus consuming energy, either temporarily or permanently, or in any way to alter or extend the wiring on his premises, shall notify his wish to the Council in writing, and if he desires that an electrical contractor should do the work, he shall at the same time notify the name and address of such contractor.

(2) Failure on the consumer's part to notify to the Council the matters referred to in paragraph (1) shall render the whole installation liable to disconnection from the Council's mains without further notice.

(3) No person shall connect any extension to the main installation until such extension has been inspected and tested and found to be satisfactory by the Superintendent.

6. Every consumer shall permit the Superintendent and any of the Council's employees at all reasonable times to enter any of his premises to which energy is supplied for the purpose of reading the meter or inspecting any apparatus or of disconnecting or reconnecting the supply to such premises, or of removing or replacing any apparatus belonging to the Council.

7. (1) In the event of the melting of the Council's main fuse in any premises, the consumer shall forthwith inform the Superintendent.

(2) No person other than one of the Council's authorised officers or workmen shall replace any melted fuse which is the property of the Council.

8. (1) The Council does not hold itself liable to the consumer for any loss or damage occasioned, directly or indirectly, by the total or partial interruption of supply.

(2) Where electrical energy is used by any consumer in such manner as unduly or improperly to interfere with the efficient supply of energy to any other person, the Council may disconnect such consumer's supply of energy without notice.

(3) Where the installation is reconnected after having been disconnected under paragraph (2), a fee of five rupees for testing and reconnecting shall be charged and shall be paid in advance by the consumer.

9. (1) All charges shall be deemed to be due on the date on which an account is presented.

(2) Where any account is not paid within seven days of its presentation, the Council may, after giving seven days' notice in writing to the consumer, disconnect such defaulting consumer's installation without prejudice to the right of the Council to recover all arrears.

(3) Any installation disconnected under paragraph (2) shall not be reconnected until the amount of arrears due is paid together with a reconnection fee of two rupees and fifty cents.

10. (1) The Council may demand a deposit as security against the supply of energy in any case.

(2) In particular, the Council may demand as a condition of the supply of energy the deposit in cash of a sum of seven rupees and fifty cents, but the deposit of such security shall not prejudice the right of the Council to disconnect an installation for non-payment of accounts rendered as provided by by-law 9.

11. The Council shall not entertain any complaint against the accuracy of an account unless such complaint is made within a week after the presentation of the account.

12. (1) Every consumer about to vacate his premises shall give in writing three clear days' notice of his intention to do so.

(2) Where the notice referred to in paragraph (1) is not given, the consumer shall be held responsible for all energy consumed on such premises until the lapse of three days from the date on which the Council receives notice of the fact that the premises have been vacated. Provided that if the supply to the premises is disconnected by the Council before the lapse of the said three days, the consumer shall be responsible for the energy consumed on the premises up to the time of disconnection.

13. (1) If a consumer or the Council at any time considers that any meter is not in proper working order, the Superintendent may, of his own motion or on receipt of a notice that effect from the consumer, take the necessary steps to have the meter tested.

(2) If it is found as a result of any test made at the request of a consumer that the supply registered by the meter is not more than  $2\frac{1}{2}$  per cent. fast or  $2\frac{1}{2}$  per cent. slow, the consumer shall pay on demand the testing fee of five rupees.

(3) If it is found as a result of any test made at the request of a consumer that the supply registered by the meter is more than  $2\frac{1}{2}$  per cent. fast, no testing fee shall be charged, and the Council shall refund to the consumer any amount paid by him in excess of the value of the quantity actually consumed by him during the previous three months.

(4) If as a result of any test made at the request of a consumer it is found that the supply registered by the meter is more than  $2\frac{1}{2}$  per cent. slow, no testing fee shall be charged but the consumer shall pay on demand the charges for the difference between the quantity registered by the meter and the quantity actually consumed during the previous three months.

(5) For any period during which the meter is found to have been out of order or to have registered incorrectly, the consumer shall not be liable to pay meter rent.

(6) No testing fee shall in any case be recovered where the test is made on the initiative of the Council or the Superintendent.

14. No consumer shall wilfully or negligently cause any electrical energy to be diverted or wasted, or maliciously injure any meter or wilfully alter the index of any meter fixed to his premises, or prevent any such meter from duly registering.

15. (1) No person who is not the holder, or a workman employed by the holder, of a certificate of competence to act as electrical contractor issued by the Council shall—

(2) No electrical work described in paragraph (i), carried out by a person who does not hold a valid certificate of competency or by the workman of such person, shall be connected to the Council's supply mains.

16. No person shall be granted a certificate of competency to act as electrical contractor unless he is the holder of a certificate of recommendation from the Chief Engineer and Manager, Government Electrical Undertakings, or unless he has—

(b) been regularly engaged for a period of not less than two years in the practice of electrical engineering: Provided that the Council may in its discretion refuse to grant a certificate of competency to any person to act as electrical contractor, whatever his qualification may be, without assigning any reason or excuse for such refusal.

17. (1) No electrical contractor shall carry out or perform any electrical work such as installation work, including additions, alterations, and adjustments to existing installations, except after notice of not less than two days to the Superintendent to enable the Superintendent to inspect the proposed work.

(2) If the Superintendent approves of the intended work, he shall settle with the contractor the position of the meter, and the contractor shall carry out the work in accordance with the latest regulations of the Institution of Electrical Engineers.

18. On the completion of any electrical work referred to in by-law 17, such work shall be inspected and tested by the Superintendent, and—

(a) if the installation is found to comply with the regulations laid down, a supply of electrical energy to the premises shall be given,

(b) if the installation does not comply with the regulations laid down, the certificate of competency issued to the contractor shall be liable to cancellation or suspension, and a supply of electrical energy to the premises shall not be given until such time as the installation has been made to comply with such regulations.

19. If any electrical contractor commences or carries out any work connected with any new installation without giving notice to and obtaining the prior approval of the Superintendent, the Council may refuse to supply electrical energy to the premises wherein such work has been carried out, or may call upon the contractor to effect such modifications or alterations to the wiring as the Superintendent may think necessary. If such modifications or alterations are duly carried out, the installation shall be re-inspected and tested by the Superintendent, and, if found to be in order, a supply of electrical energy to the premises shall be given.

20. Where any electrical contractor carries out any extension to any installation which is already connected to the Council's mains without prior notice to and without the permission of the Chairman, notwithstanding that such extension has not been connected by the contractor to the main installation—

(1) the whole installation shall be liable to disconnection from the Council's mains; and

(2) the electrical contractor shall, in addition, be liable to have his certificate of competency cancelled or suspended.

21. Every contravention of by-law 4 (3), or by-law 14 shall be punishable with a fine not exceeding fifty rupees.

**NOTIFICATIONS UNDER "THE PATENTS  
ORDINANCE, 1906."**

THE following Specification has been accepted :—

No. 3,177 of August 25, 1941.

William Bedoll Benison.

"Improvements in or relating to means for or manner or system of transplanting plants, seedlings or the like".

*Abstract* :—The inventor describes a method of transplanting seedlings in which the earth around the roots of the plant is taken with it with the minimum of disturbance. He states that this method is suitable for transplanting tea plants from the nurseries.

The apparatus for transplanting seedlings consists of the following :—

- Metall sheaths. These are open cylinders preferably circular in section. They have a sharp edge at the bottom and are provided with two lifting lugs each at the top.
- Operating device. This a ring welded on to a double branched handle. It is used for pressing the metal sheath into the ground round a seedling so that a clod of earth with the roots of the plant is enclosed within the sheath. This device has also two hooks which engage the lifting lugs for pulling the plant with the sheath and clod of earth out of the ground.
- Conveying box for carrying a number of plants with their sheaths to the new site. Suitable clamps hold the sheaths in position in the box without vibration and loosening of the contents. At the new site the sheaths are placed in holes already prepared for the purpose. The earth is firmly pressed round the sheath.
- Earth ejecting member. This is a circular block with a hole in the centre for the stem of the plant. It is made of two parts hinged together. It is placed on the clod of earth.
- Pressing ring. This holds the earth ejecting member firmly on the clod of earth for withdrawing the sheath. It is a ring to which are attached two handles which project upward, and are then bent back to terminate in two foot plates. The operator plants his feet firmly on those foot plates and withdraws the sheaths from the ground by means of the operating device mentioned earlier.

"Apparatus for making wooden barrels and the like."

*Abstract* :—An apparatus for making barrels comprising a circular casting in which the staves are bent to the required shape by a compression device consisting of three interlocking plates operated by three screws, the staves forming the barrel being at the same time acted on by jets of steam on the inside of the barrel and jets of cold water on the outside to render the wood pliable for bending.

In conjunction with above the inventor describes and claims a special jig for holding the staves whilst it is being planed to the required size and taper, and a rotatably mounted cutting tool for cutting the groove inside the barrel, for fitting the lid.

## NOTICES UNDER "THE EXCISE ORDINANCE, No. 8 OF 1912"

### Arrack Rent Sales—Jaffna District, 1942-43.

TENDERS are hereby invited for the purchase of the exclusive privilege of selling arrack by retail at the arrack taverns referred to below during the period October 1, 1942 to September 30, 1943, subject to the Arrack Rent Sale Conditions appearing in *Government Gazette* No. 8,932 of May 22, 1942, and to the General Conditions applicable to all Excise Licences appearing in Excise Notification No. 329 published in *Government Gazette* No. 3,368 of May 11, 1938.

2. Every tender must be made on the prescribed form which may be obtained at the Jaffna Kachcheri, and must be accompanied by a Treasury or Kachcheri receipt acknowledging the deposit of a sum of Rs. 750. The tender must be made in respect of all the nine taverns referred to.

3. Every tender must be placed in a sealed envelope clearly marked on the top left hand corner, thus: "Tender for Arrack Taverns, Jaffna District, 1942-43", and must reach the Government Agent, Northern Province, before 11.30 A.M. on Thursday, August 6, 1942. Tenders in respect of these taverns will close on the date and time specified above. Tenderers should be present at the Kachcheri at the time of closing of tenders.

4. The grantee shall, immediately on being declared to be the purchaser of the privilege, sign the conditions of sale and pay to the Government Agent as security deposit a sum equivalent to two months' rent payable for that privilege.

5. If any tenderer, on being declared the purchaser of a privilege, declines to sign the conditions of sale or fails to furnish the required security when called upon to do so, the tender deposit made by him will be declared to be forfeited and the defaulter will render himself liable to have his name entered in the list of defaulters in respect of all Excise Licences. Subject to this exception the deposits of all tenderers will be returned after the conditions of sale have been signed by the successful tenderer or bidder and the aforesaid security given by the successful tenderer or bidder.

6. The Government Agent reserves to himself the right of rejecting any or all tenders without assigning any reason for so doing.

7. The time of opening and closing of the taverns referred to are as follows:—

No. and Name of Taverns.	Hour of	
	Opening. A.M.	Closing. P.M.
1. Jaffna town	8	7
2. Karaiyur	8	7
3. Nallur	8	7
4. Chavakachcheri	8	7
5. Vannankerni	8	6.30
6. Point Pedro	8	6.30
7. Valvetiturai	8	7
8. Kayts	8	8
9. Chankanai	8	7

8. The attention of all prospective tenderers is drawn to the fact that from and after October 1, 1940, tapping for, drawing of and manufacturing sweet toddy without any licence, permit or authority has been allowed all over the Island, and also to condition No. 27 (4) of the Arrack Rent Sale Conditions, 1941-42, and to Excise Notification No. 373 published in *Government Gazette* No. 8,932 of May 22, 1942.

9. The attention of tenderers is drawn to new condition 11A. of the Arrack Rent Sale Conditions, which aims at ensuring the return of empty arrack bottles to the Bottling Warehouses and preventing their diversion to other uses. According to this condition the first issue of bottle arrack for the new rent period will be on the security of a deposit to be made by the renter for each tavern as shown in Schedule AA representing the value of empties proposed to be drawn. This deposit should be made at the same time as the payment for the first consignment of arrack. Two separate Kachcheri receipts should be produced at the warehouse for the deposit to cover the value of empties and the first payment for arrack. The second and subsequent issues of bottled arrack will be conditional on the gallage of empty bottles brought by the renter to the warehouse. In broad terms, the gallage that will be issued will be equivalent to the gallage of empty bottles returned by the renter—for details see conditions 11 (A) (1) and (6). Renters will be expected to make every effort to collect the empties of the sealed bottles sold at their respective taverns.

10. Condition 20 will enable the Department to compel a renter to take his quota of sealed bottles of arrack, so that a renter may not exploit the situation by making bigger profits on unduly inflated sales of bulk arrack.

11. Attention is also drawn to Schedule A. The issue price at the warehouse of the Extra Special Quality of arrack has been increased from Rs. 15.40 per gallon to Rs. 20.20 per gallon, but there is no alteration in the gross profit to the renter, as the selling price at the tavern has correspondingly been increased from Rs. 19.20 to Rs. 24 per gallon—vide condition 1 (b) of the arrack tavern license form in Excise Notification 373. The gross profit of Rs. 3.80 on all these qualities of arrack remains as at present.

12. The proviso to condition 1 (c) of the new license form should be noted. Bulk arrack sold for off-consumption will not be allowed to be sold at the tavern price for bulk arrack fixed by a renter under condition 1 (c).

13. Condition 1 (c) of the new license form will help the renter to establish the habit of customers bringing back their empty arrack bottles to the tavern (for return to the warehouse).

14. Attention is also drawn to amended condition 3 (b), new condition 3 (d), amended condition 7, and new condition 10 (a) (ii) of the new license form.

15. Other minor amendments in the Arrack Rent Sale Conditions and in the said arrack tavern license form will also have to be complied with.

16. The security required from the GRANTEE of the tavern can be furnished in the form of Promissory Notes of any of the Ceylon Government interest bearing loans (including the interest bearing War loans). These loans carry a higher rate of interest than fixed deposits in Banks and the interest is paid half-yearly by Government to the holder. When the rent period is over and the security can be released, the Notes can be tendered by the holder, as security for subsequent rents or contracts with Government or where the holder has no further rents or contracts with Government the value of the Notes can be realized without loss in the open market. The Banks too accept these Notes as security for overdrafts.

17. Further particulars can be obtained on application at the Jaffna Kachcheri.

3. Tenders must either be deposited in the tender box at Mannar Kacheheri or sent through the post under registered cover addressed to the Assistant Government Agent, Mannar.

4. Tenders must be marked "Tender for Sand Clearing and Road Works Talaivanmar Town" in the left hand top corner of the envelope and must reach the Assistant Government Agent, Mannar, not later than 12 noon on July 15, 1942.

5. The tender must be on the forms which will be supplied upon application at the Kacheheri and no tender will be considered unless it is on a form so supplied.

6. All alterations and erasures in a tender form must be initialled by the tenderer.

7. A deposit of Rs. 5 will be required to be made at the Kacheheri and a receipt produced therefore before any tender form is issued. Should any tenderer decline or fail to enter into a contract or fail to furnish security within seven days of receiving notice in writing that his tender has been accepted, his deposit of Rs. 5 will be confiscated. Notice of the acceptance of the tender will be deemed to have been received by the tenderer if it has been sent by post addressed to him or left at the address given by him. The security to be furnished will be 5 per cent. of the contract amount.

8. The successful tenderer will, except as stated below, be required to employ only Ceylonese labour in carrying out the work tendered for. If for any reason the tenderer is unable to employ only Ceylonese labour for the work, he must state in his tender the maximum percentage of non-Ceylonese labour which he proposes

to employ on the work. Preference will be given to the tenderer who undertakes to employ only Ceylonese labour or to the tenderer who specifies the lowest percentage of non-Ceylonese labour which he proposes to employ for the work. A tender which specifies a percentage of non-Ceylonese labour for employment on the work which appears to the Assistant Government Agent to be unnecessarily high will normally be rejected.

The employment of Ceylonese labour only to carry out the work tendered for or the employment of a definite percentage only of non-Ceylonese labour for such work will be made a condition of the contract and the failure on the part of the successful tenderer to fulfil this condition will be treated as a breach of the terms of the contract and will render the contractor liable to have the contract cancelled, and in addition to pay a penalty of Rs. 5 a day for each non-Ceylonese labourer employed by him on the work or for each

non-Ceylonese labourer employed by him over and above the percentage of non-Ceylonese labour which he is permitted to employ on the work in terms of his contract. The word "Ceylonese" shall mean and include all persons born in Ceylon and no others.

9. The Assistant Government Agent, Mannar, reserves to himself the right without question of rejecting any or all tenders without assigning any reason for doing so.

10. The Assistant Government Agent, Mannar, may, for reasons which appear to him sufficient, give notice in writing of his objection to the employment of any person by the contractor for any reason specified in such notice; and no such person shall be employed by the contractor.

The Kachcheri,  
Mannar, July 3, 1942.

W. HOLMES,  
Assistant Government Agent.
