NOTIFICATIONS UNDER "THE PATENTS ORDINANCE, 1906."

THE following specification has been accepted:—

No. 3,184 of October 2, 1941.

Karat Chathukutty.
"Improved Ridge Tiles".

Abstract.—The inventor states that the ridges of roofs are covered with either Mangalore ridge tiles or with half round tiles. These have to be cemented in place with mortar. When the mortar gets cracked these ridge tiles are apt to get displaced.

According to his invention, the ridge tiles are shaped to fit the channel and capping tiles laid on the roof so that cementing is unnecessary. There are two patterns of such tiles, one to be used on the ridge at the apex of the roof, and the other to be used on the ridge on the slope of the roof. These ridge tiles can be made to span a distance equal to two capping and two channel tiles laid together or only one capping and one channel tile.

There are 3 claims and 3 sheets of drawings.

- (c) any teacher on the eligible staff of an Assisted School who becomes superfluous upon the closure of the school, or any department, or class thereof, in consequence of possession being taken, on behalf of His Majesty, of the whole or any part of the premises of that school.

2. (1) Where possession is or has been taken on behalf of His Majesty of the premises of a school, or where a school is situated in a declared area, or is an affected Assisted School, such school may open one or more temporary branch schools in areas in which the Department is unable in view of the present emergency to provide adequate facilities for education.

(2) The branch school or schools and the parent school, if the parent school remains open, shall be deemed to constitute one school for the purpose of calculating the average attendance of pupils and the number of teachers in respect of whom grant may be paid.

(3) A branch school which admits pupils from a school of the same grade in the locality shall not be eligible for grant in respect of those pupils.

(4) A branch school which admits pupils from an Assisted or a Government School of a lower grade in the locality shall not be eligible for grant in respect of those pupils, unless those pupils have completed their full course of instruction in that Assisted or Government School.

(5) No certified school shall be considered as a branch school.

3. (1) Any superfluous teacher may be taken over with the approval of the Director by some other Assisted School by mutual arrangement between the Manager of that school and the Manager of the School in which he was last employed.

(2) Any superfluous teacher may be appointed temporarily by the Director to the eligible staff of any Assisted School after consultation with the Manager of that school.

(3) The Director may arrange to provide any superfluous teacher who cannot secure employment under the provisions of sub-paragraphs (1) and (2) with work in a Government School, or in an Emergency School, or in the Air Raid Precautions Service, or in nursing, first-aid or other emergency work, on the salary last received by such teacher in the Assisted School in which he was employed immediately prior to his present employment.

(4) Grant in respect of any superfluous teacher who secures employment in a Certified or Recognised School may be paid on the basis of the salary last drawn by such teacher in the Assisted School in which he was employed immediately prior to his present employment, if the Director is satisfied that the Manager's contribution in respect of such teacher's salary has been paid.

(5) Where a superfluous teacher is unable to secure employment under the preceding provisions of this paragraph, he may be paid the salary that he last received in the Assisted School in which he was employed immediately prior to his present employment.

(6) Where any superfluous teacher has, without sufficient cause, refused to accept any work offered by the Director, such teacher shall be placed on no-pay leave.

(7) Every superfluous teacher who becomes entitled to a salary under this scheme may be paid that salary monthly by the Department.

4. The number of teachers in respect of whom an Assisted School affected by the present emergency shall be eligible for grant shall be determined by the Department on the basis of—

- (a) the attendance of pupils ; and
- (b) the number of classes provided by that school.

5. Where the increase in the average attendance of a school during the course of the school year is directly or indirectly due to the evacuation of families or the closing of other schools, the Director may—

- (a) allow additional teachers, in respect of whom grant may be paid, to be appointed to that school during the course of that year ; and
- (b) relax, in respect of that school, the requirements relating to accommodation set out in the Code of Regulations for Assisted English Schools or the Code of Regulations for Assisted Vernacular and Bilingual Schools.

6. (1) Where a teacher who loses his employment either through a fall in attendance owing to the evacuation of pupils or through the closing of the school, secures on the eligible staff of a school, a post, to which is attached a lower salary scale than the scale attached to the post which he held immediately prior to his present employment, such teacher shall be paid according to the scale attached to the last-mentioned post.

(2) Where the salary of a teacher referred to in sub-paragraph (1) is above the maximum salary fixed for his grade in the school to which he is appointed, he shall be paid that maximum salary, and the difference between that maximum salary and his previous salary shall be met out of the general revenue. The Manager's contribution to that salary shall be equivalent to the contribution in respect of a teacher of the same grade in that school.

(3) Where a teacher who loses his employment either through a fall in attendance owing to the evacuation of pupils or through the closing of the school, secures on the eligible staff of a school, a post, to which is attached a higher salary scale than the scale attached to the post in the Assisted School which he held immediately prior to his present employment, such teacher shall be paid according to the salary scale attached to the last mentioned post. The Manager's contribution to that salary shall be determined by the salary scale according to which such teacher is paid.

7. No school shall be eligible for grant in respect of any teacher appointed after this scheme comes into operation unless that teacher is a person who—

- (a) was on the eligible staff of a school on March 1, 1942 ; or
- (b) was appointed after all superfluous teachers educationally qualified to be appointed had been offered, and had refused, the appointment.

8. Where night schools have ceased to function in consequence of any Lighting Restriction Order made under the Defence (Miscellaneous) Regulations, proportionate grants, may be paid, calculated on the average attendance in such schools and the number of days on which they were in session during the current school year.

9. Where the Director declares that the provisions of regulation 15 (1) of the Code of Regulations for Assisted English Schools or the provisions of regulation 17 (1) of the Code of Regulations for Assisted Vernacular and Bilingual Schools, shall not apply to any school, those provisions shall not be taken into account for the purpose of calculating the grant payable to that school.

10. Where the Director declares that the provisions of regulation 16 (vii.) of the Code of Regulations for Assisted English Schools (inserted in that Code by regulation published in *Gazette* No. 7,866 of July 3, 1931), or the provisions of regulation 18 (vii.) of the Code of Regulations for Assisted Vernacular and Bilingual Schools (inserted in that Code by regulation published in *Gazette* No. 7,866 of July 3, 1931), shall not apply to any teacher, those provisions shall not be taken into account for the purpose of calculating the salary payable to that teacher.

11. (1) The Director may require, as a condition precedent to the payment of any grant in respect of any Assisted School, Branch School, or Certified School that such school shall be amalgamated with any other school situated in the same locality or that a class in any such school shall be amalgamated with a class of a corresponding grade in any other school in that locality.

(2) Where a Manager fails or refuses to comply with any requirement of the Director referred to in sub-paragraph (1), the Director may withhold payment of the whole or any part of any grant in respect of such school.

12. (1) The provisions of regulation 31B of the Code of Regulations for Assisted English Schools (inserted in that Code by regulation published in *Gazette* No. 8,100 of January 18, 1935) shall not apply to any Assisted English School that is governed by this scheme.

(2) The provisions of regulation 39B of the Code of Regulations for Assisted Vernacular and Bilingual Schools (inserted in that Code by regulation published in *Gazette* No. 8,100 of January 18, 1935) shall not apply to any Vernacular or Bilingual School, referred to in that Code, which is governed by this scheme.

13. (1) Any additional grant may be paid monthly to—

- (a) any school in a declared area,
- (b) any affected Assisted School, and
- (c) any school, premises of which have been wholly or partly taken possession of on behalf of His Majesty,

in case the total fees due from pupils is less than the Manager's contribution and other expenses referred to in 13 (2) (b).

(2) The grant referred to in sub-paragraph (1) in respect of any month shall be equivalent to the sum of—

- (a) the amount representing the difference between the total fees due from pupils for that month, and the Manager's contribution towards the salaries of an approved number of teachers determined under the provisions of paragraph 4; and
- (b) the amount representing the money spent on certain other expenses for which previous approval from the Director has been obtained.

For the purposes of this sub-paragraph, "certain other expenses" shall not include—

- (a) any excess salary;
- (b) any salary payable in respect of an excess teacher; or
- (c) capital expenses.

14. No school shall be entitled to be benefited by this scheme, if the average attendance for that school is the same as that school's average attendance for 1941, and if that attendance justifies the recall of all the teachers on the eligible staff of that school.

15. (1) The Director may give to any school which is entitled to a grant under this Scheme, a loan of such amount as may be determined by him, having due regard to the amount of the grant payable to that school in respect of the year in which the loan is given.

(2) Any such loan may be given at monthly, quarterly, or other intervals, as the Director may in the circumstances of each case decide.

(3) Interest shall be recoverable on such loan at the rate of four per centum per annum.

(4) The amount of every loan, together with the interest due thereon, shall be deducted from the grant, payable to that school in respect of the year in which the loan is given.

16. The scheme constituted under section 4 of the Education (Emergency Provisions) Ordinance, No. 24 of 1942, is hereby revoked.
