NOTICE.

THE disappearance from circulation of a large part of the coinage is attributable at least partially to melting of coin for industrial purposes. It cannot be too strongly emphasised that melting of coin is a serious offence liable to severe punishment.

2. In order to discourage the melting of copper and bronze coins for industrial purposes the Treasury proposes to sell shortly a limited quantity of copper ingots at Re. 1 per pound to persons who satisfy the Treasury that they are small manufacturers of copper and brass articles. As a condition of sale the applicant will be required to sign an undertaking that he will not sell the copper except in the form of goods manufactured by him, and will keep a record from which the purpose for which the copper is used can be checked.

3. Small manufacturers of copper and brass articles who desire to purchase copper from the Treasury under the above scheme should communicate with the undersigned without delay, when a form of application will be supplied.

Notification No. 64.

REGULATIONS made by the Executive Committee of Agriculture and Lands under sections 53 and 61 of the Rubber Control Ordinance, No. 63 of 1938.

Colombo, 5th November, 1942.

D. S. SENANAYAKE,  
Minister for Agriculture and Lands.

Regulations.

1. These regulations may be cited as the Rubber (New-planting) Regulations, 1942.
2. Subject to the general or special directions of the Executive Committee, the Controller may, in his discretion, issue permits for the exercise of new-planting rights under section 53 of the Ordinance.
3. Every application for a permit to exercise new-planting rights shall be made to the Controller in duplicate in Form R. C. 40. Every such application shall be accompanied by a return in duplicate in Form R. C. 41. A separate return in duplicate shall be made in respect of each land specified in the application for a permit.
4. Every permit for the exercise of new-planting rights shall be in the Form R. C. 42.
5. A permit shall authorise the person named therein (hereinafter referred to as the "permit-holder") to exercise, in accordance with these regulations, new-planting rights in a specified area of land described in that permit.
6. A permit shall not be transferable.
7. No person shall exercise new-planting rights except under the authority of a permit or otherwise than in accordance with these regulations and with the terms and conditions of the permit.
8. A separate permit shall be issued in respect of each land, and where two or more blocks of one land are not contiguous they shall be deemed to be separate lands for the purposes of these regulations.
9. No permit shall be issued in respect of any land—
  - (a) which is situated at an elevation of over 1,000 feet above mean sea level ; or
  - (b) which is situated in an area where the average annual rainfall is less than 70 inches.

Provided that the Controller may issue a permit in respect of any such land if he is satisfied that the application for the exercise of new-planting rights on the land is made by the proprietor of an estate or small holding registered or deemed to be registered under the Rubber Control Ordinance, No. 63 of 1938, for the purpose of extending that estate or small holding.

10. No permit-holder shall exercise new-planting rights on any land other than that described in the permit or on any area of land exceeding the area specified in the permit.

12. Where a permit under these regulations is granted to the registered proprietor of an estate or small holding, no labourer employed on that estate or small holding shall, for the purposes of the exercise of new-planting rights under the permit, be diverted from his employment on the estate or small holding, unless such diversion does not cause any decrease in the aggregate number of labourers employed on the estate or small holding.

13. Where any area of land is planted with rubber in the exercise of new-planting rights, it shall be the duty of the permit-holder in accordance with any instructions given in that behalf by or under the authority of the Controller, to cause foodstuffs to be interplanted with the rubber on the whole area of the land.

14. Every permit-holder shall, before exercising new-planting rights on any land, eradicate the existing permanent plantations on that land.

15. Every permit-holder shall take all such measures as the Controller may direct for the prevention of soil erosion in the land on which new-planting rights are exercised under that permit.

16. (1) Subject as hereinafter provided, the land specified in each permit shall be planted—

(a) with approved clonal seeds ; or

(b) with budded rubber stumps or stumped buddings ; or

(c) with ordinary rubber seed or seedlings :

Provided, however, that where in any case referred to in paragraph (c) all the trees on an area equal to seventy-five per centum of the land have not been successfully budded before such date as may be specified by the Controller for the purpose in a notice published in the *Gazette* and in two or more newspapers circulating in Ceylon, the Controller may enter the land and cause the trees on such area which have not been successfully budded to be so budded or cause all vacancies on such area to be planted with budded rubber ; and all expenses incurred by the Controller for the purpose shall be defrayed by the permit-holder.

(2) In this regulation, "budded" means budded with any of the clones specified in a list of approved clones published under regulation 17, and "buddings" has a corresponding meaning.

17. The Controller shall, from time to time, cause to be published in the *Gazette* and in two or more newspapers circulating in Ceylon, a list of approved clones and of approved clonal seeds.

18. The permit-holder shall comply with the special conditions, if any, attached to the permit.

19. No permit issued in any year shall be valid after December 31 of that year: Provided, however, that every permit issued in the year 1942 shall be valid until December 31, 1943.

20. Every permit-holder shall, on or before a date specified in the permit, furnish to the Controller two certified copies of a survey plan of the land to which the permit relates.

21. Every applicant for a permit and every permit-holder shall, on demand, furnish to the Controller such information, survey plan, title deed or certified copy thereof, or other documents as the Controller may from time to time require—

(a) for the purpose of the verification or consideration of any statement made in any return furnished under these regulations; or

(b) for the supervision of the exercise of new-planting rights; or

(c) for obtaining such statistics as may be required in regard to the exercise of new-planting rights.

22. The Controller or any person authorised by him in writing may, for the purposes of these regulations, at any time during the day enter and inspect any land in respect of which an application is made under these regulations or in respect of which a permit is issued.

23. In the event of the death of the permit-holder, or in the event of the legal incapacity of the permit-holder by reason of insolvency, lunacy or otherwise, the person entering into possession or having control of the land to which the permit relates, shall give written information to the Controller within one month of the occurrence of such event.

24. The Controller shall have power to cancel any permit in respect of any area if in his opinion any of the conditions of the permit has not been observed.

25. In these regulations, unless the context otherwise requires—

"Form" means a Form set out in the Schedule to these regulations;
