## Schedule "B".

## Explanatory Notes and Instructions.

1. The rates specified in Schedule "A" are the maximum retail prices per yard applicable in any part of the Island to that specified class of material.
2. Any regulated handloom textile imported into Ceylon carrying a "trade description" other than one of these specified in Schedule "A" will be assessed, for purposes of price marking, against the most appropriate head of trade description in the Schedule.
3. In fixing the maximum retail prices 3 per cent. export cess levied in the country of export and 5 per cent. import duty levied at the port of entry have been taken into account, and no further addition will be allowed in respect of them.
4. In the case of articles which are sold by number, such as sarongs, camboys, dhoties, sarees, &c., and not by the yard, the goods will be price-marked and sold by the article, the price of the article to be stamped on it being determined by its length.
5. The term "nominal" in columns (2) and (5) of Schedule "A" indicates the recognized standard of count of yarn, length and width, subject to reasonable latitude.
6. The terms "ends and picks" in column (3) denote the number of threads per inch in the warp and weft respectively and make up the specification of the items in the Schedule. Materials falling below the specifications are liable to corresponding reductions of the Schedule prices.

7. The terms Full, Half, Light and Other in columns (6), (7) and (8) of Schedule "A" have the following meanings.
- Full: The material contains more than 66-2/3 per cent. of dyed yarn;
