E. RODRIGO,

TEXTILE CONTROL NOTICE NO. 279.

IT is hereby notified for the information of the trade and the general public that the under-mentioned regulated textiles will from the date of this Notice be exempted from the price-control regulations. Application for exemption from price stamping however will have to be made as usual through the Assistant Controller (Distribution), Pettah, and the articles should not be exposed for sale until such exemption has been formally granted.

E. RODRIGO,
Colombo, November 11, 1946. Controller of Textiles.

TEXTILES CONTROL NOTICE NO. 280.

THE shortage of textiles is very acute. The total imports for this year are not expected to exceed 30 million yards. This does not enable the basic ration to exceed 5 yards annually. The six coupons already released will cover the 5 yards for the rationing year from April, 1946, to March, 1947. Therefore it is not proposed to release any more coupons before next April unless the supply position improves.

2. No improvement in the rate of imports is expected before 1948. The public are advised to buy what is available even if the quality is not good and not to part with their coupons in the expectation that coupon-free cloth will be available before long.

E. RODRIGO,
Colombo, November 12, 1946. Controller of Textiles.

"Child worker" means a male worker under 16 years of age or a female worker under 15 years of age.

Notwithstanding anything to the contrary contained in the preceding provisions of this Part, the minimum rate of wages for time work for any worker engaged in watching (field) and cattlekeeping on a Sunday shall be one and a half times the minimum rate of wages for time work fixed for such worker in respect of a normal working day.

Part III.

Overtime Rates.

In respect of each hour of work in excess of the normal working day, the minimum overtime rate shall be the minimum hourly rate (ascertained by dividing the daily minimum rate of wages for time work by 8) increased by—

- (a) 25 per cent. of such minimum hourly rate, in case such work is performed between the hours 7 A.M. and 7 P.M.; and
- (b) 50 per cent. of such minimum hourly rate, in case such work is performed between the hours 7 P.M. and 7 A.M.

In the computation of the overtime rate—

- (1) a fraction of a cent which is less than one-half of a cent shall not be taken into account;
- (2) one-half of a cent shall be calculated according to the even number rule, that is, to the nearest even number; and
- (3) a fraction of a cent which is greater than one-half of a cent shall be counted as one cent.

Notwithstanding anything to the contrary contained in the preceding provisions of this Part, the minimum overtime rate for any worker engaged in watching (field) and cattle keeping on a Sunday shall, in respect of each hour of work in excess of the normal working day, be twice the minimum hourly rate applicable to him (such hourly rate being ascertained by dividing the daily minimum rate of wages for time work applicable to him by 8).

Part IV.

Weekly holiday (section 24).

Every employer shall allow each Sunday as the weekly holiday to all workers employed under him: Provided, however, that an employer may employ any worker on a Sunday, subject to the conditions—

- (1) that a day within the six days next succeeding such Sunday shall be allowed to that worker as a holiday;
- (2) that in respect of work done on such Sunday—
 - (a) a worker who has worked for 9 hours (inclusive of one hour for a meal) or for any period that falls short of nine hours by reason of the failure of the employer to provide him with work shall be remunerated at $1\frac{1}{2}$ times the minimum rate of wages for a normal working day,
 - (b) a worker who has worked for less than 9 hours (inclusive of one hour for a meal) by reason of his unwillingness to work, shall for each hour that he has worked, be paid $1\frac{1}{2}$ times the hourly rate (ascertained by dividing the minimum rate of wages for a normal working day by 8),
 - (c) a worker who has worked for more than 9 hours (inclusive of one hour for a meal) shall be remunerated at twice the hourly rate (ascertained by dividing the minimum rate of wages for a normal working day by 8) for each hour of work in excess of 9 hours; and
- (3) that the remuneration due to a worker for work done on the weekly holiday during any period shall be paid within the time prescribed for the payment of wages for such period by section 2 (b) of the Wages Boards Ordinance.

The preceding provisions of this paragraph shall not apply to workers engaged in watching (field) and cattle keeping.

(a) If a male worker of not less than 16 years of age has been in continuous employment under the same employer and has worked for more than 228 days in any year (hereinafter called the "qualifying year"), he shall be allowed in the next succeeding year a holiday or holidays calculated at the rate of 1 holiday for each unit of 5 days by which the number of days on which the worker has worked exceeds 228: Provided, however, that it shall not be obligatory on an employer to allow any such holiday in respect of any period of work in excess of 288 days.

(b) If a female worker or a child worker has been in continuous employment under the same employer and has worked for more than 204 days in any year (hereinafter called the "qualifying year"), such worker shall be allowed in the next succeeding year a holiday or holidays calculated at the rate of 1 holiday for each unit of 5 days by which the number of days on which the worker has worked exceeds 204: Provided, however, that it shall not be obligatory on an employer to allow any such holiday in respect of any period of work in excess of 264 days.

(ii.) If a worker is entitled in any year to more than seven holidays he shall be allowed, and he shall take, at least seven of those holidays on consecutive days.

3. Subject to the provisions of paragraph 2, a worker shall be allowed his holiday or holidays on a day or days to be mutually agreed upon between him and his employer, but he shall not be allowed such holiday or holidays during the period April to June.

4. (1) The remuneration payable in respect of each holiday which a worker is entitled to under paragraph 1 (including a holiday which such worker is entitled to under that paragraph read with paragraph 6 (a)), by reason of work performed during the preceding year, shall be his average daily wages ascertained by dividing his total wages (exclusive of overtime and bonuses) earned by him during that year by the number of days on which the worker has actually worked during that year.

TRADE DISPUTE—KANDY TOWN BUS CO., LTD., KANDY.

THE Lanka Motor Workers' Union, Kandy, presented a petition to me under section 6 (1) of the Essential Services (Avoidance of Strikes and Lockouts) Order, 1942, in connection with a trade dispute that had arisen between the said Union and Messrs. Kandy Town Bus Co., Ltd., Kandy. This petition was referred by me in terms of section 6 (2) of the aforesaid Order to the District Judge, Kandy, for adjudication.

The following Order dated October 18, 1946, made by the District Judge, Kandy, is published for general information in terms of section 8 (4) of the same Order.

“ The Petitioner Union presented a petition to the Commissioner of Labour regarding the dismissal of two employees of the Respondent Bus Company, which is a limited liability company.

The two employees are B. M. K. Banda and M. James. They both belong to the Petitioner Union. They were admittedly employees of this Bus Company. The Assistant Commissioner of Labour, it is stated, has tried to bring about an adjustment of their differences without being successful. Accordingly the matter has been referred to Court by the Commissioner of Labour by his letter dated July 17, 1946. The Commissioner of Labour has under section 6, sub-section 2 of the Essential Services (Avoidance of Strikes and Lockouts) Order, 1942, referred this matter to Court.

I shall first deal with the question of the dismissal of Banda. Admittedly Banda was driving a very new bus belonging to this Company on April 11, 1946, from Katugastota to Kandy Town. The Respondent Company has been given the exclusive right to run buses in Kandy town. They have got three routes ; one is from Peradeniya to Ampitiya, another is from Katugastota to Tennekumbura and the other is from Peradeniya to Katugastota.

One cannot deny the fact that this Company, which has to serve the Kandy town, has to have a very efficient service and to have a very efficient service, apart from other personnel, the drivers driving these vehicles have got to be careful and competent.

On April 11, 1946, this bus in question, which was in perfect condition mechanically, was driven from Katugastota to Kandy town by Banda. Banda's evidence is that on a stretch of road which was straight he met an oncoming military lorry driven very fast. He took the bus on to his left hand side and halted it as there was no room for him to pass the lorry that was coming from the opposite direction. The engine was working and when he wanted to move the bus, the bus would not move but, on the other hand, the wheel sank in the earth and the bus toppled over into the paddy field which is about six feet below the road.

There were four passengers in the bus and one Gunasekera, Inspector of this Company. The driver himself went and informed the office. Appuhamy, Managing Director, came with an injured passenger, Leelawathie, and informed the Katugastota Police. The Police came for inquiry and recorded the statements of the Inspector and of the driver. The Police do not seem to have taken any action in the matter. The bus was lying for three days in this paddy field and it was taken out with the kind assistance rendered by the Military. The bus was a new one at the time, having been in use only a couple of months. It had cost the Company more than Rs. 17,000. The bus had to be repaired in the Company's own garage at a cost of about Rs. 1,500 and it could not be used on the road for about one and a half months.

The Managing Director states that the road at this point is very broad and that two vehicles however big could cross quite easily without any one of those vehicles getting on to the turf portion of the road. In other words, the tarred portion of the road is broad enough for two buses or lorries to pass each other without any one of them getting on to the turf portion of the road. All careful drivers of heavy vehicles like lorries and Nelson type buses always avoid getting on to the turf portion of the road. It is one's experience that they always try to keep within the tarred portion of the road for the

very good reason that the earth away from the tarred portion of the road, especially on a rainy day, may not be sufficiently hard to withstand the weight of a heavy vehicle like a lorry or a bus, but in this particular instance, Banda has taken the bus undoubtedly far too much to the edge of the road. Banda has been driving buses for this Company for some time. On a previous occasion he collided with a motor car belonging to Advocate Mr. A. Ratnayake, and the Company paid the damages to Mr. Ratnayake but it did not dismiss Banda. The Managing Director has stated to Court that the Company run buses for the benefit of school children. He says young girls from Mahamaya College and Girls High School are entrusted to their care by their parents to be taken from home to school and from the schools back to their homes. They also run a bus service for the children of Trinity College. Children are taken to school in the morning and taken back to their respective homes in the evening.

According to a letter written by the Petitioner Union dated May 22, 1946, to the Managing Director of the Respondent Company, the Union says that the Respondent Company is a well organized transport service. That they are a well organized transport service cannot be gainsaid judging from the fact that they are supplying the town with as efficient a service as could under the present circumstances be expected. That being so, the question for consideration is whether, apart from all other considerations, Banda is fit to be kept in the service of this Company and do this very responsible work.

This accident happened on the night of April 11, 1946. According to the Managing Director the man came to the office after the bus was taken back to the road, about April 14, or 15, on which date the Managing Director asked the man to leave their service and offered him salary for one month in lieu of notice. The man had worked only for four days in that month and he had taken the salary for those four days on May 5, 1946. The Managing Director is still prepared to pay Banda the one month's salary in lieu of notice. According to the Managing Director they have got 23 buses belonging to this Company. He has got 40 drivers working under him, in addition to the other employees such as conductors and inspectors. Judging from the activities of the Respondent Company, they are trying to give the best service to the public

It is stated by the Petitioner Union that the dismissal of Banda is not justified by what had happened on this day. On this particular evening there was rain. It has been admitted by all parties to be so. Appuhamy, the Managing Director, says that he has had experience of buses from 1929. He has been a bus driver himself from 1929 to 1946. He has run buses. It is really his buses largely that were contributed by him that went to form the limited liability company which was incorporated in 1938. He says in all his experience he has never had a case where a bus has gone off the road under such circumstances as has been related by Banda. No doubt buses run on rainy days on the roads and buses also run on very dangerous roads in the sense of narrow, winding, steep roads, but this section of the road where this alleged accident took place is, on Banda's own showing, a perfectly broad straight patch of road. That being so the question for consideration is whether the Respondent Company are justified in dismissing this man. I am of opinion that the dismissal of Banda for the reasons given by the Managing Director is justified. They feel that heavy buses are not safe in the hands of Banda. It is not possible to pick and choose buses for each driver. They have to be competent to handle any bus in the Company for each man has to work only eight hours. When that man's shift of eight hours is over another man has to take his place. That being so Banda will have to take his turn with other drivers in driving any bus of this particular Company.

I hold that the dismissal of Banda is justified. The Managing Director has offered to pay Banda one month's salary in lieu of notice. Banda will receive from the Respondent Company one month's salary.

On this point I would like to draw attention to one matter. Although Banda was dismissed on his own showing about April 12, he took no action till May 22, 1946, to report this matter to the Union. He appears to have reported this matter to the Union, in my opinion, at the instance of James, whose case I shall presently consider. Banda admitted that he and James went to the office together to make this complaint.

James was dismissed on May 15, 1946. But for James' intervention I am of opinion that Banda would never have made this complaint to the Petitioner Union.

As regards James' case. The complaint against James is really one of discipline more than anything else. James had been in the employ of this Company for a few months in 1938. Thereafter for about three years he was not in the employment of this Company. James says that he took ten days leave for some purpose of his but it took him three years to attend to that matter. Of course, that is obviously false. He had been during that period of three years driving buses of various persons. Anyway he was taken back by the Respondent Company in 1941. From 1941 he has been working under this Company. The Managing Director says that they used to receive various complaints from passengers against the conduct of James. James appears to be, from all that was revealed in this case, a very active member of this Petitioner Union. Probably James is one of those who asserts his rights more than the other employees. The Respondent Company has been very kind to James. In December, 1945, when James wanted an advance of Rs. 400 for his daughter's wedding, the Company gave him Rs. 200, and various deductions were made from his salary to cover up these advances, but James, even after that, had kept on taking various advances like Rs. 30 and Rs. 40 a month.

On May 15, 1946, there was the Vesak Festival. As is well known on the Vesak Day large crowds of people congregate in Kandy. The Respondent Company was successful in obtaining from the Petrol Controller a hundred gallons of petrol extra, in order to run their service during the Vesak Season. On Vesak Day all time tables had been suspended and the buses were not run according to time. It was a non-stop service that day to meet the very urgent demand from the public for transport.

James himself recognizes the fact that on the Sinhalese New Year Day and Vesak Day he does not expect the buses to be run as on the Ordinary days. He does not find fault with the management for having given instructions to him and the other drivers that the bus service should be run on that day without reference to any time.

According to the rules of the Motor Car Ordinance, a bus driver has got to work for only eight hours a day to earn his salary. It is also provided that at the end of every four hours a driver has to be given a rest or an interval of half an hour. The Respondent Bus Company has been observing these rules and giving its employees half an hour after a period of four hours of work, but the bus drivers in a body, including James, have requested by letter dated January 1, 1945, —D1*—that they be not given the interval of half an hour after every four hours but that they be permitted to work the eight hours continuously and stop work for the day. The eight hours would be calculated without taking into consideration the half an hour interval at the end of the first period of four hours. When that procedure is adopted the drivers would be leaving their work 8½ hours after they really start to work, half an hour having been taken for their interval, but if the eight hours are worked all at a stretch, then they will be able to leave for their homes half an hour earlier. That mode of work appears to have appealed to the body of drivers and they by D1 have requested the Company to give them that concession, which the Company conceded to them. So that, if a bus driver had to work eight hours continuously, it was not in the mouth of the bus drivers to complain, because it is their own seeking.

On this particular day, James said that he worked from about 5.30 A.M. and about 11 A.M. he had taken the bus to the stand at Peradeniya. He was expected to turn back at once after setting down the passengers, which he does not seem to have done.

A man called Gunawardena is the Timekeeper employed at the Peradeniya bus stand. He has given evidence. On this day after the bus was taken at about 11 A.M. or so to this bus stand, James, instead of driving his bus back, appears to have gone into a boutique. Anyway, he was not in his seat or near the bus. James says he went to a tea boutique opposite the bus stand with a view to drinking a cup of tea, whereas the Managing Director, who happened to come there, and Gunawardena, Timekeeper, say that the man was seen coming out of a textile boutique with some piece of paper in his hand. The tailor working in that textile boutique has also stated in evidence that the man came into his textile shop, took a pair of scissors and he cut some paper. James' evidence on that point is contradicted by the Managing Director, the Timekeeper and the tailor.

The evidence led by the Respondent Company shows that the man had been delaying at least twenty minutes at the bus stand. Every other employee on that day carried out the instructions to the letter and maintained an efficient service. James alone had delayed a little longer than the others. He appears to have gone to cut some paper with a view to decorating his bus. I think the conduct of James certainly merits disapproval. It is very necessary that the

employees should carry out the instructions of their masters which are lawful. In this particular instance James, whilst adhering to the instructions up to a point, has in his last trip about 11 A.M. delayed a little longer than he should have in retuning with the bus.

This man James appears to have been warned several times by this Bus Company. Of course, some of those warnings may have been justified or may not have been justified. Nothing really turns on those warnings because those are not warnings as a result of any decision arrived at by the Respondent Company after inquiry. The people who had made complaints against James do not appear to have appeared at the inquiry. No doubt James has failed to carry out the instructions of May 15, 1946, to the strict letter, but taking all circumstances into consideration, I think perhaps a strict warning might have met the justice of James' case.

The Company is prepared to pay James one month's salary from May 15, in lieu of notice, although James is indebted to the Company. They are also prepared to pay James' salary up to May 15, although he is indebted to the Company.

My order as regards James is as follows :—

James should be re-instated with a very severe warning. It must be understood that James runs the risk of losing his employment if he hereafter fails to carry out strictly the lawful instructions given to him by the Respondent Company. His salary will be paid to him as from May 1, 1946, but he will have to pay the Company all the advances he has taken. In other words, the Company will have to pay James his salary after deducting the advances he has taken."

TRADE DISPUTE—MESSRS. S. MEERA SAIBO & SONS, MATALE

THE Lanka Motor Workers' Union, Kandy, presented a petition to me under Section 6 (1) of the Essential Services (Avoidance of Strikes and Lockouts) Order, 1942, with regard to a trade dispute that had arisen between the said Union and Messrs. S. Meera Saibo & Sons, Matale. This petition was referred to a Special Tribunal appointed by H. E. the Governor under the proviso to Section 5 of the same Order for adjudication.

The following findings and award dated October 25, 1946, made by the Special Tribunal are published for general information in terms of Section 8 (4) of the same Order :— •

"The Petitioner Union demands the reinstatement by the respondent of two drivers who were dismissed from service by the respondent, who is a proprietor of motor lorries.

The driver Heen Banda was dismissed on or about July 17, 1946, and driver Abeyakoon was dismissed on or about July 29, 1946.

Heen Banda, while employed by the respondent appears in violation of the law to have carried passengers in a lorry. For this he was fined by the Magistrate. He appears also to have disobeyed an order by the employer to transport perishable vegetables to Colombo. Meera Saibo, the employer has given evidence that both Heen Banda and Abeyakoon have been guilty of disobedience of lawful orders and insubordination.

As regards driver Abeyakoon, I am satisfied upon the evidence that he absented himself from work without any lawful excuse from July 23, 1946. Complaint regarding his absence without leave or excuse was made to the Assistant Commissioner of Labour on July 23, 1946. I attach no value to the certificate from the Vederala regarding Abeyakoon's illness which was obtained from the Vedarala on July 28, 1946, apparently after he was given notice of the termination of his services. The question to be considered is whether these two workmen have by their conduct forfeited their claim to be reinstated. An employer has the right to terminate the services of such of his employees as are not willing to carry out his lawful orders and act generally in a spirit of insubordination. I therefore award that these two drivers need not be reinstated. Counsel for the petitioner has submitted to me that it is competent to the Tribunal to award compensation in the event of the Tribunal finding that no case has been made out for the reinstatement of the two drivers. I am of opinion that in view of my findings, an award for payment of compensation cannot be made. However, the respondent has stated that he stands by the offer made by him at a conference with the A. C. L. to pay each of these drivers 3 months wages. I therefore make a note of this agreement which I feel confident will be carried out."

A. E. CHRISTOFFELSZ,
Colombo, November 8, 1946. Commissioner of Labour.
