Schedule "B".

Explanatory Notes and Instructions.

1. The terms—ends and picks—in columns (6) and (7) of the Schedule denote the number of threads per inch in warp and weft respectively. A total tolerance of 10 per cent. will be allowed in the ends and picks.

2. The terms "Full", "Half" and "Light" in column (8) of the Schedule denote as follows:—

- (i.) "Full colour": The cloth contains more than 65 per cent. of dyed yarn;
- (ii.) "Half colour": The cloth contains more than 25 per cent. but not more than 65 per cent. of dyed yarn;
- (iii.) "Light colour": The cloth contains up to 25 per cent. of dyed yarn.

N.B.—(a) Where the term "Fast" is used the colour should either be Naphthol or Vat or other fast colours and should be fast to washing and bleaching.

(b) Where the term direct is used the colour may either be direct or Sulphur.

3. The following tolerances for width will be allowed:

- (i.) One inch where the width of the cloth is 30" and below;
- (ii.) One and quarter inches where the width of the cloth is above 30" but below 44";
- (iii.) One and half inches where the width of the cloth is 44" and above.

A tolerance of $\frac{1}{2}$ " per yard will be allowed for length in respect of varieties for which prices have been fixed per piece. "Shirting" includes "Gingham" also.

4. In respect of dhoties and white shirtings the prices in column 11 of Part I of Schedule A are for grey varieties only. For bleached varieties the prices applicable are as indicated in paragraph 1 (i) (a) and (b) of the Order.

5. The rates specified in Schedule "A" are the maximum retail prices applicable in any part of the Island to that specified class of material.

6. Any regulated handloom textile imported into Ceylon carrying a trade description other than one of these specified in Schedule A will be assessed for purposes of price marking against the most appropriate head of trade description in the schedule.

7. In fixing the maximum retail prices in column 11, 3 per cent. export cess levied in the country of export and 5 per cent. import duty levied at the port of entry have been taken into account and no further addition will be allowed in respect of them, other than those specifically allowed in the provisos to paragraph 1 of the Order.

8. In the case of articles which are sold by number, such as sarongs, camboys, dhoties, sarees, &c., and not by the yard the goods will be price marked and sold by the article, the price of the article to be stamped on it being determined by dividing the prescribed retail price of the whole piece by the number of units in the piece.

9. Importers of handloom goods will be responsible for identifying grading, and assorting of consignments for the purposes of price marking.

10. In parts II, III, IV and V of Schedule A the words "over-all border width" means the over all width of one border or, when the two borders are not of the same width, half the sum of the over-all widths of the two borders.
