No. 9,964 — TUESDAY, APRIL 5, 1949

Published by Authority

## PART I — GENERAL

### MISCELLANEOUS DEPARTMENTAL NOTICES

#### MOTOR CAR ORDINANCE, No. 45 OF 1938

##### List of Applications for Licences for Lorries for 1949

IN terms of section 46 of the Motor Car Ordinance, No. 45 of 1938, a list of applications for licences for lorries for the rest of the year 1949, is published below for general information.

The following extract from the Ordinance applies to objections against the issue of licences, &c. :—

“ 46 (2) (a) Any licensing authority, within whose area any part of the area of operation proposed by any applicant for a licence for a lorry is situated, may make objection against the issue of that licence.

46 (2) (b) Any person who is the holder of a valid licence or who is himself an applicant for a licence for a lorry in respect of the whole or any part of the area of operation which is proposed by any other applicant may, on payment of the prescribed fee, make objection against the issue of the licence to such other person.

46 (4) Any person who is entitled under sub-section (2) to make objection to the issue of any licence, may, on payment of the prescribed fee \*, inspect the application for that licence at any reasonable time at the Office of the Commissioner; Provided, however, that no fee shall be payable by any licensing authority in respect of the inspection of any application.”

Objections must be made in the manner stated below to the Commissioner of Motor Transport, Colombo, so as to be received by him not later than 2 p.m. on Friday, April 29, 1949

1. Every objection in respect of an application for a licence for a lorry shall be made by a written statement on good and suitable paper which may be signed by the person making the objection. Where the objection is made by any body corporate or firm, it shall be signed by a person duly authorised in that behalf by such body or partner of the firm, as the case may be.

2. Every objection shall be made in duplicate and the original shall, where the objection is made by any person other than a licensing authority, bear stamps (uncancelled) to the value of Rs. 2.50

3. Every statement of objection shall set out the specific grounds on which the objection is based and shall indicate, by reference to the name of the applicant for the licence and to the distinctive number of the motor car, the application in respect of which the objection is made.

4. No objection relating to more than one motor car shall be made in any one statement of objection.

Any objections not conforming to these requirements will be of no avail.

Objectors under section 46 (2) are requested to state clearly in their objection the facts entitling them to object, i.e., whether they are holders of valid licences or are themselves applicants for licences for lorries in respect of the whole or any part of the area of operation and additional services proposed by any applicant. They are also requested to give the registered number of their vehicles in the area applied for or cite the serial number of their applications as listed in the *Gazette*.

If the objection is in respect of any application for a licence for a lorry “under construction” the serial number given to the application in the list should be quoted.

\* Fee for inspection Re. 1.

Office of the Commissioner of Motor Transport,  
Colombo, March 21, 1949.

N. MOONESINGHE,  
Commissioner of Motor Transport.
