Minutes of Proceedings of a Special General Meeting of the Kandy Municipal Council, held in the Town Hall, Kandy, at 5.30 p.m. on December 22, 1949, in pursuance of the Notice dated December 12, 1949, for the purpose of finally considering the Budget for 1950, in terms of Section 213 of the Municipal Council's Ordinance, No. 29 of 1947

Present · Senator W. A. B. Soysa (Mayor), presiding; D. Ramanujam, Esq. (Deputy Mayor); Messrs. A. C. L. Ratwatte, A. S. Karunaratne, H. A. C. Wickremaratne, N. Wimalasena, Gate Mudaliyar N. Canaganayagam, Messrs. P. B. A. Weerakoon, Fred E. de Silva, E. L. Senanayake, P. L. P. Alwis, D. B. Wadugodapitiya, and T. B. Tennakoon.

The Municipal Commissioner, Medical Officer of Health, Municipal Works and Waterworks Engineer, Municipal Accountant and Municipal Electrical Engineer, were present by request.

1. The minutes of proceedings of the meetings of the 4 Standing Committees held on November 21, December 9 and 20, 1949, copies whereof had been previously furnished to the members, were taken as read and confirmed by the Mayor.

2. To consider and dispose of finally, in terms of section 213 of the Municipal Councils Ordinance, No. 29 of 1947, the Budget submitted to the Council by the Mayor in consultation with the 4 Standing Committees, containing an estimate of the available Municipal income and details of the proposed expenditure for the year 1950.

The Mayor made the following statement on the finances of the Council. —

The draft Budget which has been approved by the various Standing Committees at their meeting on November 21, 1949, is now before us for final disposal.

On the General Revenue Account the Budget shows: —

| | Rs. c. |
|---|-------------------|
| a revenue of ... | 1,797,686 80 |
| and an expenditure of ... | 2,041,114 44 |
| resulting in an excess of expenditure over revenue of | <u>243,477 64</u> |

Revenue for the year when compared with the current year shows an increase of Rs. 36,000, while the expenditure has increased by Rs. 122,771 on account of routine services.

Provision made in the 1949 Budget for various technical posts which had to be filled in the course of the year contemplated the appointment thereto of candidates on the initial salaries of the relevant scales. When the posts came to be filled it was found that candidates with requisite experience and qualifications could not be attracted on the initial salaries, and in consequence they had to be placed on some step in the scale having regard to their qualifications and experience. This circumstance largely accounts for the increase of the salaries bill by Rs. 21,890. Incidentally it may be mentioned that even allowing for this factor the percentage of revenue which will be absorbed by salaries during the year is only 31 per cent.

Increases of expenditure in other directions when compared with the figure of the previous year, occur under the following heads: —

| | Rs. c. |
|---|----------|
| (1) Upkeep of other vehicular roads .. | 33,358 0 |
| (2) Upkeep of bridle paths— | 20,646 0 |
| due to programme for undertaking more lasting repairs with a view to effecting economy after about three years when the roads are brought to a satisfactory state of repair | |
| (3) Lighting of Streets— | 13,500 0 |
| due to lighting a larger number of street lamps | |

| | Rs. c. |
|---|----------|
| (4) Poor relief pensions— | 17,000 0 |
| due to numerous applications received for relief which would be sanctioned next year | |
| (5) Feeding of school children— | 22,000 0 |
| no provision was made in the 1949 Budget as it was felt that the children received hardly any benefit from this service. In view of arrangements made for carrying out the satisfactory supervision of the feeding a supplementary vote was allowed during the course of the year | |
| (6) Food, medical wants of— | 2,000 0 |
| attendance in the clinics has increased after the appointment of the new Assistant Medical Officer of Health | |
| (7) Destruction of dogs— | 2,000 0 |
| launching an extensive campaign for dog destruction | |

I admit that although we have endeavoured in the present Budget not to starve the local services it is still not a Budget providing for any revolutionary civic improvements. We have been budgeting for deficits from year to year during the last few years and it is anticipated that the sum total of these deficits at the end of the year will amount to Rs. 360,000.

In these circumstances it has not been possible for the Standing Committees to map out a progressive scheme of improvements as that would have further embarrassed the Council in the new year and only added to its financial difficulties. We all realize the need for improving the civic amenities of this Town, but as in present circumstances we have not the wherewithal to do so, these must be deferred and first things must come first. I would urge the Council to exercise the most rigorous economy in the next year and desist from undertaking ambitious schemes for improving the present amenities until at least we are in a position to wipe out the present deficit. It is our duty to start husbanding the resources of the Council, and as any increase of rates is unthinkable, the obvious way is to go slow.

The Central Government has been hitherto niggardly in meeting its obligations to local authorities. The position in England is that grants are about 26 per cent. of the total revenue. In this country these grants are based on a population basis and do not in the case of Kandy represent even 12 per cent. of its normal revenue.

An attempt has recently been made by a Committee appointed for that purpose by the Minister to offer a panacea for the financial ills from which local bodies are suffering by allowing them to appropriate certain sources of local taxation. The formula evolved by the Committee, if adopted, although carrying us some way on the road to financial recovery, does not still offer sufficient latitude to local authorities to expand the scope of their services.

The report has been referred to the Council for its observations and I have no doubt that when the Council comes to consider it in due course the Council will point out the many deficiencies and press for the acceptance of a more liberal formula.

Estimates of the Electricity Department show—

| | Rs. c. |
|-------------------------------|-------------------|
| a revenue of | 789,400 0 |
| and an expenditure of | 619,489 40 |
| resulting in a nett profit of | <u>119,910 60</u> |

A sum of Rs. 153,075 has been provided for Capital Works.

The Council went into Committee to consider the details of revenue and expenditure.

Mr. A. C. L. Ratwatte, Mr. H. A. C. Wickremaratne, Mr. A. S. Karunaratne, Mr. Fred E. de Silva and Mr. N. Wimalasena offered comments and urged on the Council the need to made representations to the

Central Government pressing for the settlement of the financial relations between the Central Government and local bodies on a more equitable footing than that proposed by the Special Committee which recently reported on the question.

It was suggested, in particular, that an attempt should be made to obtain from the Government the full expenditure incurred by the Council in meeting the obligations cast on it by the Poor Relief Ordinance, or in the alternative that Government should be asked to take over the administration of Poor Relief in the Municipal area, in terms of the resolution which had been passed by the Council earlier and which had been communicated to the Government.

It was resolved that the Budget be approved subject to the following adjustments, which were necessitated by the decisions made by the 4 Standing Committees at their meetings held on December 9 and 20:—

(a) Increase of the amount provided under Head 1—Personal Emoluments by a sum of Rs. 13,229.85.

(b) Increase of the amount provided under Head 2—administrative charges—Commuted travelling allowances—by Rs. 2,556.

(e) Increase of the amount provided for travelling allowances under Head 15, Sub-head 2—Fire Brigade by Rs. 240.

(f) Increase of the amount provided under Head 15—Free Library, Sub-head 1—Salaries, by Rs. 355.

(g) Increase of the amount provided under Head 19A—Maternity and Child-welfare. Sub-head 2—travelling allowances, by Rs. 450.

(h) Increase of the amount provided under 19H for Flood Relief by Rs. 1,500.

(i) Increase of the amount provided under Head 20 for Pensions by Rs. 1,029.31.

(j) Increase of the amount provided under Capital Expenditure by Rs. 55,991.

(l) Increase of the amounts provided in the Electricity Department estimates for Distribution of Electricity under Heads 5A and 5C thereof, by Rs. 7,285.59.

(m) Increase of the amounts provided in the Electricity Department Estimates for Management and General Expenses under Heads 1, 14 and 19A thereof, by Rs. 2,409.47.

(n) Reduction of the amount provided under Head 6 in the estimates of the Health Department for conservation of latrines, Sub-head (5) Burial of night soil, by Rs. 800.

(o) Reduction of the amounts provided in the Health Department Estimates under Head 7 for Minor Sanitary Services, Sub-heads (4), (6) and (7) thereof, by Rs. 3,870.

(p) Reduction of the amount provided in the Health Department Estimates under Head 12 for the Slaughterhouse, Sub-head 1 thereof, by Rs. 623.25.

Mr. A. C. L. Ratwatte moved: "That the Council do resume and that it adopt the Budget for 1950 subject to the adjustments made by the Council in Committee" (indicated in (a) to (p) above).

Mr. N. Wimalasena seconded.—Carried unanimously.

3. To approve of the reduction of the charge paid from General Revenue Funds to the Electricity Department in respect of electrical energy supplied for public lighting from 25 cents to 20 cents per unit, with effect from January 1, 1950, as recommended by the 4 Standing Committees at their meeting held on November 21, 1949.

It was resolved that the reduction of the charge be approved accordingly.

4. To consider and approve of the Poor Law Scheme for 1950 in terms of section 9 of the Poor Relief Ordinance, No. 30 of 1939, and to sanction the expenditure,

under the various heads thereof, of a sum of Rs. 107,380.01 on this scheme, for which provision has been made by the 4 Standing Committees in the Budget submitted to the Council.

It was resolved that the Scheme be approved and that the expenditure of Rs. 107,380.01 thereon, be sanctioned.

Confirmed, this 28th day of January, 1950.

E. L. SENANAYAKE,
Mayor.

Minutes of Proceedings of the Monthly General Meeting of the Kandy Municipal Council held at the Town Hall, Kandy, at 5.45 p.m. on December 22, 1949, in pursuance of the Notice dated December 16, 1949

1. The minutes of proceedings of the monthly general meeting held on November 26, 1949, copies whereof had been previously furnished to the members, were taken as read, and it was resolved that these minutes be approved and be signed by the Mayor as a true record of the proceedings of the Council on this date.

2. *Announcements by the Mayor.*—The Mayor made the following statement in regard to the progress of work on the Peradeniya and Lewella Pumping Schemes.—

Peradeniya Pumping Scheme.—All works of the Public Works Department excepting the de-silting of the wells has been completed. De-silting of the wells was started today Messrs. Brown & Co. have started work in connection with the installation of one pump, and one of the new wells should be ready for use within a month.

Lewella Pumping Scheme.—Mr. Sanderson the Waterworks Expert, has recently informed the Works Engineer that the plans of this scheme are ready and quantities are being checked. It should be possible to call for tenders for the construction of the scheme by the end of January.

Pipes and pumps are on order and it is anticipated would be in Ceylon by October, 1950. In these circumstances there does not seem to be any urgency for calling for tenders.

Arising from the statement made by the Mayor, Mr. A. S. Karunaratne enquired what progress had been made in connection with the investigation of the Ramboda Scheme.

The Works Engineer, with the permission of the Mayor, replying to Mr. Karunaratne's enquiry stated that gaugings were now being taken and he had been asked to make periodical visits and inspect the progress of this work.

3. The following reports and statements were tabled:—

- (1) Statements of receipts and disbursements in respect of the General Revenue Account for October, 1949, and in respect of the Electricity Department Revenue Account for August, 1949.
- (2) Progress report of the Municipal Electrical Engineer for July, 1949.

- (8) Minutes of the meeting of the Public Assistance Committee held on November 25, 1949.

4. Memorials, petitions, complaints and communications addressed to the Council—

Mr. Fred E. de Silva expressed his satisfaction with the excellent arrangements made by the Elections Officer and the Police in connection with the conduct of the Municipal General Election and the announcement of the results, and suggested that the Council's thanks should be conveyed to the Police and the Elections Officer.

Mr. A. C. L. Ratwatte endorsed the sentiments expressed by Mr. de Silva.

Mr. A. S. Karunaratne had no comment to offer with regard to the conduct of the elections, but he complained that the election registers were defective and contained serious omissions. The initials of voters had been misquoted in these registers and even the genders of the voters had been incorrectly inserted in these registers.

Mr. H. A. C. Wickremeratne stated he was sorry he could not associate himself with the expression of appreciation. Whilst agreeing with Mr. Karunaratne, he remarked that the polling stations were under-staffed and unnecessary restrictions had been placed on the successful candidates in that they were not permitted to address the voters from the balcony and were required to leave the Town Hall immediately after the results pertaining to their elections were announced. While the poll itself was conducted fairly and impartially, the arrangements left much to be desired.

5. *Questions.*—Nil.

6. *Notice of Motions.*—Nil.

7. *Motions.*—Nil.

8. *Reports of Standing Committees.*—Mr. E. L. Senanayake moved "that the Council do resolve itself into a Committee of the whole Council for the purpose of considering the extracts from the proceedings of the Standing Committee on 'Finance and Establishment' held on December 9, 1949, which were annexed to the Agenda".

Mr. Fred E. de Silva seconded.—Carried.

COUNCIL IN COMMITTEE

The following extracts from the minutes of the Standing Committee on 'Finance and Establishment' held on December 9, 1949, were considered:—

(1) With reference to the temporary employment of Mr. A. C. Majeed as Typist, Secretariat, with effect from October 5, 1949, which was sanctioned by the Council by its resolution No. 8(21) of October 29, 1949, on a salary of Rs. 70 per mensem, until a permanent appointment is made to this post, sanction is desired for the payment of rent allowance and war allowance to Mr. Majeed for the duration of his employment, as it is usual to pay such allowances to temporary employees. (Cir. 873 C).

Recommend that the Council approve of rent allowance and war allowance being paid to Mr. Majeed for the duration of his temporary employment.

It was resolved that the recommendation be adopted.

(2) To obtain a supplementary vote of Rs. 14.70 under Head 22 Miscellaneous Services—Rents of leased lands—as payments required to be made in this connection during this year are likely to exceed the amount of Rs. 710 provided by this sum. (Cir. 890 C).

Recommend that a supplementary vote of Rs. 14.70 be allowed accordingly.

It was resolved that the recommendation be adopted.

(3) To obtain sanction for the payment of a gratuity of Rs. 100 under M. C. Pension Rule 30A to Rengasamy No. 34, late labourer of the Health Department, and for having continued him in employment for a period of 3 years after he attained the age of 60 years. (Cir. 899 C).

Recommend that the payment of a gratuity of Rs. 100 to Rengasamy and his employment for the period of three years after he had attained the age of 60 years be sanctioned.

It was resolved that the recommendation be adopted.

(4) As the amount of Rs. 10,000 provided under Head 19(B)(15) for the purchase of oils, medicinal herbs and drugs for the Katukelle Free Ayurvedic Dispensary has been exceeded on purchases made to end of October by Rs. 735.56, a supplementary vote of Rs. 3,000 is required under this head for meeting the expenditure up to the end of 1949. (Cir. 904 C).

Recommend that a supplementary vote of Rs. 3,000 be allowed.

It was resolved that the recommendation be adopted.

(5) To obtain a vote of Rs. 350 for meeting the wages of the two watchers employed at the Dangolla Housing Estate for the period August to December, 1949. (Cir. 910 C).

Recommend that a vote of Rs. 350 be allowed accordingly.

It was resolved that the recommendation be adopted.

(6) To obtain a supplementary vote of Rs. 3,200 under head 10 Water Service, sub-head 35B—operation of the Peradeniya Pumping Station for meeting the expenditure on this account up to December 31, 1949. (Cir. 911 C).

Recommend that a supplementary vote of Rs. 3,200 be allowed accordingly.

It was resolved that the recommendation be adopted.

(7) To consider applications from Mr. E. E. V. Elias, Clerk, Secretariat, and Mr. H. C. P. de Mel, Clerk, Accountant's Department, for vacation leave out of the Island for 10 weeks and three months, respectively, from about March 27, 1950, in order to enable them to join the Ceylonese National Pilgrimage to Rome. (Cir. 868 C).

Recommend that Mr. Elias and Mr. de Mel be granted the periods of vacation leave applied for, and that the Commissioner be authorised to make internal arrangements for the work of these officers, the officers, called upon to perform additional duties being paid overtime for any extra hours' work done by them.

It was resolved that the recommendation be adopted.

(8) To obtain votes for the following capital and maintenance works which are being carried out on unemployment relief account with grants provided by the Government:—

Capital Works

| | Rs. c. |
|---|-----------|
| Nittawela Playground ... | 36,500 00 |
| Construction of Mapanawatura Road ... | 16,000 00 |
| Construction of New Mulgampola Road (Primrose) | 9,000 00 |
| | 61,500 00 |

Maintenance Works

| | Rs. c. |
|------------------------|-----------|
| Reservoir ... | 16,000 00 |
| Kandy Lake ... | 16,000 00 |
| Udawattakelle Road ... | 8,000 00 |
| | 40,000 00 |

Recommend that votes of Rs. 61,500 and Rs. 40,000 be allowed on these accounts.

It was resolved that the recommendation be adopted.

(9) Papers re request made by the Manager of Midland College, that premises No. 563, Peradeniya Road, which the school occupies, be exempted from rates.

Mr. H. Gaffoor, the owner of the premises, has written to the Commissioner indicating that he is prepared to allow the College a rebate in rent in the amount paid by him as rates on the premises, in the event of the Council exempting the premises from assessment rates. (Cir. 874 A & C)

The Law Committee recommends that in view of the undertaking given by the landlord the premises be exempted from rates as from January 1, 1950.

Recommend that the premises be exempted from rates with effect from January 1, 1950, as recommended by the Law Committee.

It was resolved that the recommendation be adopted.

10. With reference to the proposals for traffic control in the Municipality which were adopted by the Council early this year, these proposals contemplated certain streets in the Municipality being declared silence zones for 24 hours of the day and night and certain other streets being declared silence zones during the hours of 10 p.m. to 6 a.m., and the Commissioner of Motor Transport was asked to enact regulations under the Motor Car Ordinance, for the purpose.

The Commissioner of Motor Transport has furnished the draft of the regulations proposed by the Legal Draftsman and he enquires whether these would meet the Council's requirements.

The Council's lawyer observes that according to the draft prepared by the Legal Draftsman a warning instrument can be sounded in the area which the Council proposes to declare a silence zone for 24 hours of the day and night between midnight and 1 a.m. He can see no objection to this, but suggests a fresh resolution is necessary by the Council in terms of the draft. (Cir. 821 A).

The Law Committee recommends that the Legal Draftsman's revised notification be approved as it can see no objection to the streets in question being declared a "Silence Zone" between the hours of 1 a.m. and 12 midnight.

Recommend that Law Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

11. To obtain sanction for allowing Mr. E. E. Luchow of premises No. 109, Mapanawatura "way leave" for laying a pipe line from his well to these premises across the Mapanawatura Passage on payment of an annual rental of Re. 1 and subject to the usual terms and conditions laid down for such purposes. (Cir. 861 A & C).

The Law Committee recommends that "way" leave be allowed to Mr. Luchow for the purpose, on the terms and conditions suggested.

Recommend that Law Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

12. With reference to the abnormal consumption of electricity recorded by the meter at the Katukelle Jumma Mosque during the months of July and August, 1949, the Municipal Electrical Engineer reports that the high consumption could have been caused by a leakage of current in the service main in the premises, and that as a rebate had been allowed last year for the same reason, he was not able to grant a rebate in respect of the consumption during these 2 months. (Cir. 863 A & C).

The Law and Electricity Committee does not recommend the grant of any rebate in this case, in view of the Municipal Electrical Engineer's report, and it is of opinion that when a rebate was allowed last year to the consumer he should have taken immediate steps to replace the defective wiring in the premises.

Recommend that the Law and Electricity Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

13. To consider tenders received for the supply of electrical materials for the Lewella Pumping Scheme.

The Municipal Electrical Engineer recommends that the quotations of the following tenderers for the items indicated against their names be accepted:—

| Name of tenderer | Description and quantity of item | Cost Rs. c. |
|------------------------------|---|-------------|
| M/s. Walker & Greig Ltd. | 4000 Yards II KV underground cable | 48,513 0 |
| M/s. Walker, Sons & Co. Ltd. | 2 Extra High Tension oil circuit breakers | 8,043 0 |
| | plus | 568 70 |
| M/s. Walker & Greig Ltd. | 1 Low Tension circuit breaker with four out-going Feeders | 4,630 0 |
| M/s. Walker & Greig Ltd. | 1—200 KVA II KV/3 3 KV/LT Transformer | 7,424 0 |

As material is also needed immediately for increasing the capacity of the sub-stations, the Electrical Engineer recommends that the following requirements for that purpose be purchased from the same sources at the

rates quoted by them in connection with the supply of materials for the Lewella Scheme, in the event of the Council deciding to accept their quotations referred to above:—

4,000 Yards of II KV underground cable (.06/3 core) from Messrs. Walker & Greig Ltd., at a cost of Rs. 48,513.

4 Extra high tension oil circuit breakers from Messrs. Walker, Sons & Co., Ltd., at a cost of Rs. 18,023.40.

3 Low tension circuit breakers with 4 out-going feeders from Messrs. Walker & Greig Ltd., at a cost of Rs. 13,890.

3—200 KVA II KV/3.3 KV/LT transformers from Messrs. Walker & Greig Ltd., at a cost of Rs. 22,272. (Cir. 879 A & C).

The Law and Electricity Committee recommends that the requirements for both purposes be purchased from these tenderers at the rates quoted by them, as recommended by the Municipal Electrical Engineer.

Recommend that the Law and Electricity Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

14. With reference to by-law 52 of the by-laws of the Council governing public performances, which requires that the Commissioner should appoint a competent person to carry out half-yearly inspections of the electrical installations at cinemas and to certify that such installations are in safe working order, the Municipal Electrical Engineer reports that as the contemplated inspections should be exhaustive and would involve his or the Assistant Electrical Engineer devoting a considerable amount of time to such work, a fee should be charged for such inspections. He suggests that a special fee of Rs. 50 be charged. This is the sum which is charged by the Department of Government Electrical Undertakings in respect of cinemas in the Colombo Municipality. He thinks it competent for the Council to levy the fee under Tariff 5 1 (d). (Cir. 831 A & C).

The Law and Electricity Committee recommends that the Council approve of the levy of a fee of Rs. 50 for such inspections under Tariff 5 1 (d). Recommend that the Law and Electricity Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

15. Sanction is required for the leave in excess of 42 days granted to midwives K. D. L. Perera and D. A. Jayasundera in 1948. Part of the leave granted to the midwives for maternity purposes appears to have been sanctioned by the Council, but special sanction is required in respect of these excesses of leave.

The Council has no by-laws authorizing it to grant maternity leave

The Council has, however, power to consider and decide any case for which there is no provision in the leave by-laws, due regard being had to the Government Leave Rules. In the case of maternity leave, F. R. 1460 lays down that all female employees shall be granted six weeks' full pay leave, the relevant provisions reading as follows:—

"In the case of officers other than monthly paid minor employees and daily paid employees this period of 6 weeks full pay shall be set off against available accumulated leave, i.e., vacation leave of the previous year, and any balance against lapsed vacation leave. It shall not be set off against vacation leave of the year in which the officer is confined. So much of the six weeks full pay maternity leave as is not covered by the accumulated and/or lapsed leave shall be treated as special full pay leave in addition to the ordinary leave for the year".

"In the case of monthly paid minor employees and daily paid employees, the 6 weeks full pay maternity leave shall be treated as special full pay leave in addition to the ordinary leave for the year".

It is suggested in these circumstances that the Council approve of the provisions of the F.R. referred to being applied to all cases, where maternity leave is granted to female employees. (Cir. 871 A & C).

The Law Committee recommends that the leave in excess of six weeks granted to these officers be sanctioned and that the Council approve of the provisions of F. R. 1460 being applied in all cases where leave is granted for maternity purposes.

Recommend that the Law Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

16. To consider letter No. B 82/49 of November 24, 1949, from Mr. Alfred Fernando, the Council's Lawyer, asking for an increase in his monthly allowance. (Cir. 882 A & C).

The Law Committee recommends that the allowance be increased to Rs. 200 per mensem with effect from January 1, 1950, as there is no doubt that the volume of work has increased and the work done by him now bears no comparison to the work he was called upon to do at the time the allowance was fixed at Rs. 150 per mensem.

Recommend that the Law Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

17. To consider memo. dated November 24, 1949, from the Municipal Electrical Engineer applying for supplementary votes involving an additional expenditure of Rs. 48,970.50 on certain heads in the Budget for 1949. The reasons for the excesses are explained in the M.E.E.'s memo. (Cir. 886 A & C).

The Law and Electricity Committee recommends that supplementary votes amounting to Rs. 48,970.50 be allowed for the purpose of meeting the additional expenditure required to be incurred under these heads up to December 31, 1949.

Recommend that Law and Electricity Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

18. To consider supplemental Budget No. 2 of 1949, on the Electricity Department Account involving an expenditure of Rs. 52,582.40. (Cir. 902 A & C).

The Law and Electricity Committee recommends that the supplemental budget be passed.

Recommend that the supplemental budget be passed.

It was resolved that the recommendation be adopted.

19. To obtain sanction for the sale of fifty D. C. meters from stocks in the Power Station to the Urban Council, Avissawella, @ Rs. 20 per meter. (Cir. 906 A & C).

The Law and Electricity Committee recommends that the sale of 50 meters on these terms to the Avissawella U. C. be approved.

Recommend that Law and Electricity Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

20. To obtain sanction for placing an order with Messrs. Walker, Sons & Co., Ltd., the Agents of the manufacturers Messrs. The English Electric Co., for the following spare parts required for engines Nos. 2, 3, and 5, at the Power Station, at an estimated cost of Rs. 26,785:—

| | Rs. | c. |
|--|--------|----|
| <i>No. 2 Engine 738</i> | | |
| 8 off pistons without pins & rings ... | 11,075 | 0 |
| 1 off cylinder head ... | 2,590 | 0 |
| <i>No. 5 Engine 1481</i> | | |
| 3 off pistons without pins & rings ... | 4,150 | 0 |
| 3 off cylinder liners ... | 3,240 | 0 |
| 1 off cylinder head ... | 2,590 | 0 |
| <i>No. 3 Engine 239</i> | | |
| 1 off cylinder head ... | 3,140 | 0 |
| | 26,785 | 0 |

The Law and Electricity Committee recommends that sanction be allowed for placing an order for the spare parts referred to at an estimated cost of Rs. 26,785.

Recommend that the Law and Electricity Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

21. To consider application from Mr. P. de Lanerolle for permission to use the Town Hall and its chairs, free of charge, on December 21, 1949, for a Christmas "Social" of M. C. Officers.

It was resolved that the recommendation be adopted.

22. With reference to the decision made by the Council to allow a site, free of rent, at the premises of the M. C. labourers' lines at Mahaiyawa, subject to other usual terms and conditions, to the Municipal labourers for erecting a memorial to Mahatma Gandhi (M. C. 8 (77) of June 25, 1949), the Commissioner's original recommendation was that a site 10 ft. x 10 ft. above Block 'B' of the lines be allowed for the purpose.

An application to build the memorial has now been received and according to the plan furnished the use of a site 10 ft. x 15 ft. is contemplated by the applicants. (Cir. 853 C & D).

The Works Committee recommends that the applicants be allowed the use of a site 10 ft. x 15 ft. for this purpose.

Recommend that Works Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

23. With reference to the request made by Mr. Fred E. de Silva, at the meeting of the Council that the existing open drain in Hermitage Road which was a source of great danger to motorists should be covered over with a concrete slab, the Works Engineer has inspected the drain and he reports that it is not possible to do so as the sides of the drain are not strong enough to support cover slabs. He thinks that the junction of the road will be considerably improved if the road is regarded and the junction and bend are super-elevated. Such work will cost Rs. 3,500. As a temporary measure he is arranging for guard rails to be erected. (Cir. 847 C & D).

The Works Committee does not recommend the expenditure of Rs. 3,500 for the improvement of the road, and is of opinion that the guard rails being erected as a temporary measure would serve immediate purposes.

Recommend that Works Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

24. The Council having provided a vote of Rs. 351.32 to meet the estimated cost of acquisition of 14.6 perches out of premises No. 16, Lady McCallum's Drive for the purpose of constructing a footpath to the river from Lady McCallum's Drive through these premises, the amount was remitted to the Government Agent, C. P., on January 10, 1948.

The Government Agent states that the owner has objected to the proposed acquisition and wishes to know whether he should proceed with the acquisition. (Cir. 866 B & C).

The Works Committee recommends that the Government Agent, C. P., be asked to proceed with the acquisition.

Recommend that Works Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

25. Metered water services have been allowed to the Harmitigala Temple on May 31, 1945, and to the Madugalla Temple on April 22, 1949, but the limit of the quantity of water allowable in each case per quarter, free of charge had not been fixed by the Council.

The Works Engineer recommends that 5,000 gallons per quarter be fixed as the limit of allowance, free of charge, in each case. (Cir. 880 C & D).

The Works Committee recommends that the limit of free allowance of water in each case be fixed at 5,000 gallons per quarter.

It was resolved that the recommendation be adopted.

26 To consider petition addressed by Messrs. M. Sekkara and M. G. Sima, who donated 5.8 perches out of premises No. 14, Mapanawatura, to the Council for purposes of the new road to be constructed linking Mapanawatura with Asgiriya Road, praying that their cousin Bandiya who lives in these premises and whose house would require to be demolished, be provided with a new house on the remaining portion of the land, if it be not possible to divert the road track and avoid the demolition of the house since Bandiya was the original owner of the premises and would be rendered homeless.

The Works Engineer recommends that a sum of Rs. 800 be paid to the owners representing the cost of preparing a site and erecting a suitable hut to replace the one which would have to be demolished (Cir. 817 C & D).

The Works Committee recommends that a sum of Rs. 800 be paid to the owners on this account, as suggested by the Works Engineer.

Recommend that Works Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

27. To consider tenders received for the supply of metal during 1950.

The Works Engineer had recommended the acceptance of the following rates quoted by Mr. P. G. Mendis Appuhamy which are the lowest:—

| | Rs. | c. | |
|------------------|-----|----|-------------|
| 9" random rubble | ... | 16 | 0 per cube. |
| 6" " " | ... | 17 | 50 " " |
| 2" metal | ... | 27 | 0 " " |
| 1½" " " | ... | 28 | 0 " " |
| 1" " " | ... | 28 | 0 " " |
| ¾" " " | ... | 35 | 0 " " |
| ½" " " | ... | 40 | 0 " " |
| ¼" " " | ... | 45 | 0 " " |
| Metal chips | ... | 45 | 0 " " |

The Works and Finance Committees had recommended that the rates quoted by Mr. Mendis Appuhamy be accepted, and that he be entrusted with the contract for the supply of metal during 1950, at these rates.

The recommendation was placed before the Council for disposal at its meeting held on November 26, 1949, together with a letter from the contractor asking, in view of the recent increase in the price of petrol which would involve him in additional expenditure in the transport of metal, that the Council grant him an increase of 7½ per cent. on the rates quoted by him and a report from the Works Engineer, recommending the rejection of this request.

The Council has resolved that papers be referred back to the Works and Finance Committees for further consideration and report. Papers are re-submitted accordingly (Cir. 885 C & D).

The Works Committee recommends that the request be refused, and if Mr. Mendis Appuhamy does not agree to provide the metal at the rates quoted by him earlier, that the Works Engineer be authorized to negotiate with any other contractor with a view to such contractor being entrusted with the contract at the rates quoted by Mr. Mendis Appuhamy. If such negotiations are unproductive, the Committee suggests that fresh tenders be called.

Recommend that fresh tenders be called for.

It was reported that Mr. Mendis Appuhamy had since written in stating that he was prepared to supply the metal at the rates quoted in his tender, and he had withdrawn the request he made for an increase of the rates.

In these circumstances, it was resolved that Mr. Mendis Appuhamy's tender be accepted.

28 A sum of Rs. 10,000 has been provided in the Budget for, 1949, under Estimate 60, for constructing a section of the Hali-ela. The expenditure incurred so far in constructing a section of the ela up to the railway culvert in Mahayaya behind the Pentecostal Assembly Hall amounts to Rs. 4,718 83 leaving a balance of Rs. 5,281.17 in the vote.

Mr. S. L. Ratwatte has asked that the construction of the section of the ela below the P. W. D. culvert near the Municipal ambalam be undertaken in view of the damage which is being caused to the paddy fields in the vicinity by the overflow of water in the ela.

The Works Engineer is of opinion that the building of the ela at this point is urgent and he asks if the balance amount in the vote should be utilized for the purpose, or the work of construction of the section contemplated in the estimate be continued from the point where it has been stopped. (Cir. 895 D & C).

The Works Committee recommends that the Council approve of the balance sum available in the vote being used for building the section of the ela referred to by Mr. Ratwatte in view of the urgency of this work.

Recommend that Works Committee's recommendation be adopted.

It was resolved that the recommendation be adopted.

29. To obtain supplementary votes in the amounts mentioned hereunder for meeting the expenditure until December 30, 1949, on estimate 20—upkeep of Bogambara Green—and Estimate 26—upkeep of bathing and dhobies tanks—as the Budget provision allowed for those purposes is inadequate:—

The M. V. S. points out that these rents are 50 per cent. less than those charged in respect of beef stalls in the Kandy Public Market and he can see no justification for any reduction. (Cir. 897 B & C).

Messrs D. Peiris & Co. have furnished the names of their sureties with a view to the agreement being prepared in respect of the portion of their tender which had been accepted, but Messrs. The Kandy Ayurvedic Pharmacy are not prepared to undertake the supply on this basis. There was provision in the tender notice for the acceptance of the whole or any part of a tender.

In these circumstances sanction is required to forfeit the security deposit of Rs. 40 made by the Kandy Ayurvedic Pharmacy, to accept the tender rates of Messrs. D. Peiris & Co. in respect of the remaining items and to entrust the contract to Messrs. D. Peiris & Co. for the supply of the full requirements. (Cir. 935 C).

Recommend that Mr. Krishnasamy's tender to supply milk to the clinics at 37 cents per bottle be accepted.

It was resolved that the recommendation be adopted.

The following extracts from the minutes of the meeting of the 4 Standing Committees held on December 20, 1949, were considered:—

(51) To consider proposal to register temporary labourers in the Works and Health Departments who have put in 250 days' work a year continuously for 2 years. The M. O. H. has recommended that 25 temporary labourers of the Conservancy Department and 70 temporary labourers of the Scavenging Department who fulfil the requirements be registered. The Works Engineer reports that it is not possible for him at present to recommend the registration of such labourers in his Department and the matter is one which would have to be carefully considered with reference to the labour needs of his Department and the needs would largely be influenced by a decision as to whether the capital works should be done departmentally or by contract.

The Standing Committees recommend that the 95 temporary labourers in the Health Department referred to in the M. O. H.'s recommendation be registered as permanent labourers with effect from January 1, 1950, and in regard to the temporary labourers of the Works Department that the question be considered after the Works Engineer examines the cases of individual labourers and makes his recommendation as to the number who can be absorbed in the permanent labour staff and for whom work can always be found.

It was resolved that the recommendation be adopted.

(52) To consider application made by blacksmith Ran Naida of the Works Department who has put in over 25 years' service and is on daily pay for permanent employment on a monthly pay basis.

The Standing Committees recommend that blacksmith Ran Naida be placed on the wage scale Rs 2.60—.05—Rs. 3.20 prescribed in the salary scheme of the Council for the blacksmith of the Works Department, and that the Commissioner be authorized to fix the step on this scale at which he should be placed having regard to his length of service in the Council.

It was resolved that the recommendation be adopted.

(53) To consider proposal made on a motion moved by Mr. P. L. P. Alwis that drivers Lewis Hamy and Rupasinghe, and fitter Nallathamby attached to the Katugastota Pumping Scheme on a temporary basis be placed on the permanent establishment and be paid monthly salaries.

The Works Engineer does not recommend the proposal and he thinks it should await the completion of the Lewella Pumping Scheme as then these employees may not be needed and may have to be retrenched.

The Standing Committees Recommend that Lewis Appuhamy be placed on the Grade 1 wage scale prescribed in the Council's salary scheme for fitters and that Rupasinghe and Nallathamby be placed in Grade II thereof, and that the Commissioner be authorized to fix the steps on which the 3 employees concerned should be placed in the scales, with due regard to the wages drawn by them at present.

It was resolved that the recommendation be adopted.

(54) Arising from representations made by the Kandy Municipal Workers' Union the following recommendations previously made by the Finance Committee need further consideration in the light of financial implications and other factors involved.

(a) Payment of house allowance to workers not provided with free quarters. The Committee previously recommended that an allowance of Rs. 2.50 per mensem in the case of a married labourer and Rs. 1.25 in the case of an unmarried labourer be paid subject to the condition that not more than one member of each household should be eligible to receive such allowance.

The Works Engineer estimates that a sum of Rs. 780 per annum would be required for the payment of house allowances to labourers in his Department who are not in occupation of line rooms.

The Medical Officer of Health estimates that a sum of Rs. 1,470 per annum would be required for the payment of allowances to such labourers in his Department.

It has been ascertained that no rent allowances are paid to daily-paid labourers in Government Service in lieu of free quarters.

(b) Payment of overtime for Sunday work. The Committee recommended earlier that overtime be paid to labourers at time and a half for Sunday work, the hourly rate being calculated at 1/8th of a day's pay, according to Government practice.

The M. O. H. estimates that payment of overtime on this basis to labourers of his Department would cost Rs. 8,000 per annum.

The Works Engineer states that payment of overtime similarly to labourers of his Department would cost Rs. 1,250 per annum.

The M. E. E. estimates that a sum of Rs. 4,160 would be necessary to meet the cost of overtime and Rs. 1,640 to meet the house allowance, if payment is to be made on this basis.

The Standing Committees recommend in regard to (a) that no rent allowances be paid to labourers in lieu of quarters, but that the Works Engineer be instructed to report on a scheme for providing housing for labour gangs in different areas central to and easily accessible from their working places.

In regard to (b), the Standing Committees resolved that consideration of the matter be deferred to permit of information being obtained as to the practice in vogue in the Colombo M. C. in respect of its labourers.

It was resolved that the recommendation of the Standing Committees in regard to (a) be adopted, and as regards (b) that further consideration of the matter await information from the Colombo M. C. as to the practice there.

(55) To consider, with reference to the proposal made in a motion which Mr. T. B. Tennekoon moved at the meeting of the Council held on March 26, 1949, that employees who have served for 3 years in various temporary capacities be absorbed into the permanent establishment:—

- (a) Lists of such employees in the various Departments.
- (b) A scheme submitted by the Municipal Electrical Engineer indicating the needs of his Department as regards permanent staff for carrying on the work of the Department in shifts each employee working 8 hours a day.

The Standing Committees recommend that consideration of item (a) be deferred, and in regard to (b) that the scheme suggested by the Municipal Electrical Engineer be approved.

It was resolved that the recommendation be adopted.

(56) The Finance Committee has previously reported on an application made by the Overseers of the Health Department that they be placed on a suitable salary scale and be taken into the permanent establishment. The salary scheme suggested for such Overseers was Rs. 744—10 of 42 and 1 of 36—1,200.

The Finance Committee on that occasion approved of the principle that all Overseers and Sub-Overseers should

complete 5 years' continuous service and have a uniformly good record throughout such period of service before they can be deemed to be eligible to be placed on the permanent establishment on this salary scale.

According to a report furnished by the M. O. H. all Overseers and Sub-Overseers in his Department, except Packer Ally, have completed over 5 years' service.

The Standing Committees recommend that the Council approve of the principle laid down by the Finance Committee in this connection, and that the Commissioner be authorized to fix the salaries to be paid to the 6 Overseers concerned on this scale, having regard to the period of service put in by each of these Overseers.

It was resolved that the principle laid down by the Finance Committee in this connection be adopted, and that Overseer B. W. de Silva, Sub-Overseers E. C. Smith, T. Veeran, C. S. Ratnayake and G. F. Burke and Field Attendant Edwin, who are eligible to be placed on the permanent establishment having completed the requisite period of service be taken on the permanent establishment with effect from January 1, 1950, but that all these 6 employees be paid the initial salary of Rs. 744 on the scale.

(57) To consider application made by Sub-Overseer T. Amith of the Works Department for promotion to the Overseer's Grade.

The Standing Committees recommend that the L. G. S. C. be asked to promote Mr. Amith to Grade II of the salary scale prescribed for Overseers by the L. G. S. C. in its salary scheme and the cadre in Grade II be increased to 8 posts.

It was resolved that the recommendation be adopted.

(58) To consider application from R. A. Punchi Banda, labourer, M. C. Free Ayurvedic Dispensary, Katukelle, who is now employed on daily pay for employment on a permanent basis in the monthly-paid establishment.

The Standing Committees recommend that the designation of the post be changed to Dispensary Orderly, and that Punchi Banda be placed on the scale Rs. 480—12—Rs. 720 with effect from January 1, 1950.

It was resolved that the recommendation be adopted.

(59) The following recommendations made by the Finance Committee at its meeting held on October 19, 1949, in connection with the L. G. S. C. Scheme for the payment of travelling allowances to members of the service in the employment of the Council outlined in Chairman, L. G. S. C.'s letter No. EA. 2/4 of September 2, 1949, were submitted to the Council at its meeting held on October 29, 1949.

The Council having resolved that the recommendations be referred back to the Finance Committee for further consideration and report, the matter was re-submitted to the Finance Committee at its meeting held on November 14, 1949. The Finance Committee resolved to refer the matter to the 4 Standing Committees for consideration with the Budget:—

- (a) that the Council adopt the L. G. S. C.'s rates of allowances, subject to reduction of the rates suggested by the L. G. S. C. in respect of the user and maintenance of motor vehicles by 25 per cent.;
- (b) that no such reduction be made in the case of the rates of allowances prescribed for the user and maintenance of rickshaws and bicycles, but that no minimum mileage be insisted upon for purposes of the rickshaw allowance;
- (c) that travelling allowances drawn by officers at present be revised to accord with the new rates and no allowances be paid to such officers in excess of the amount they are eligible to receive for the user and maintenance of the vehicle applicable to each case; and
- (d) that the user and maintenance of the following modes of conveyance be prescribed in respect of the various officers under the Council:—

Municipal Commissioner,
Medical Officer of Health,

Overseers,

Pharmacist, and

Distraming Inspectors (Distraming Inspectors now in receipt of a higher allowance to be permitted to draw the allowance fixed for motor cycles, if they use and maintain motor cycles, but new entrants to be paid the allowance fixed for push cycles).

Representations made by the Secretary, Kandy Municipal Services Union and the Sanitary Inspectors protesting against the proposed reduction of the travelling allowances, and a memo from the Works Engineer asking that he be paid a higher travelling allowance than Rs 80 per mensem which he drew at present, in consideration of the extensive travelling which his official duties required him to perform were also tabled at the meeting of the Council and are submitted for consideration. Considered.

The Standing Committees recommend that the Finance Committee's recommendations be adopted except as regards (a) and (c) thereof. In regard to (a), the Standing Committees recommend that no such reduction be made in view of the increase in the price of petrol which has come into force since. In regard to (c), the Committees recommend that where the allowances now drawn are higher than those prescribed in the L G S C's Scheme the higher allowances paid to the officers concerned be continued so long as they use the vehicle prescribed by the Council in respect of the posts they hold, but where such vehicle is not used by them, that the allowance paid should be strictly in accordance with the vehicle used.

In regard to the Works Engineer's memo the Committees recommend that as all other executive officers are paid a travelling allowance of Rs 100 per mensem and the Works Engineer's duties require him to do very extensive travelling in the M C area, that he be paid Rs 100 per mensem.

It was resolved that the recommendations of the 4 Standing Committees be adopted.

(60) The Finance Committee's recommendation of October 19, 1949, that Messrs. Harris de Silva and L P Wijetunge, Electrical Sub-Inspectors, be paid allowances of Rs 7 per mensem each, to enable them to use and maintain push bicycles for their travelling, was referred back to the Finance Committee for further consideration and report by the Municipal Council at its meeting held on October 29, 1949 (M C 8 (11) of October 29, 1949)

Papers were re-submitted to the Finance Committee on November 14, 1949, and it has decided that the matter be referred to the 4 Standing Committees for consideration with the Budget.

The Standing Committees recommend that each of the Sub-Inspectors be paid a travelling allowance of Rs 7 per mensem to enable them to use and maintain bicycles for their travelling.

It was resolved that the recommendation be adopted.

(61) To consider application from Mr J L Rodrigo for a promotion to Grade I together with the observations of the Municipal Accountant thereon.

The Health Committee at its meeting held on October 7, 1949, resolved that a report be obtained from the Municipal Accountant as to how many officers there were at present in Grade II whose cases deserved consideration in connection with promotions to Grade I, and who among them were senior to Mr Rodrigo. The Accountant reports that Mr Rodrigo is the most senior of the present officers in Grade II. He also states Messrs W E Wadugodapitiya, D T Ramanayake, and C. M. de Silva are other officers who have completed 2 years' stagnation on the maximum salary of Grade III in the old scheme and who are eligible for promotion to Grade I in the new salary scheme as from October 8, 1949. These officers have also made an application for promotion and their promotion is recommended by the Accountant (Cir 733 B & C).

The Standing Committees recommend that the Commissioner be authorized to make suitable recommendations in the cases of these officers to the Local Government Service Commission for their promotion to Grade I, Mr R. F. Gunawardane's promotion thereto receiving priority over others in view of his academic qualifications and the meritorious services rendered by him which entitle him to a position of seniority in this Grade over the other officers.

It was resolved that the recommendation be adopted.

(62) To consider recommendations made by the Accountant, with reference to applications made by Mr B P Wijesinghe, Night Telephone Attendant, Power Station, and the Meter Readers of the Electricity Department, now on daily pay, that they may be placed on the permanent establishment. In the case of Mr B P Wijesinghe, the Accountant recommends that he be placed on the monthly paid establishment and that the salary scale Rs 600—30—900 be attached to his post. In the case of the Meter Readers the Accountant recommends the adoption of the principle of placing such employees on monthly pay after 10 years' service on the salary scale Rs 660—42—Rs 1,164. Meter Readers P A Martin and P E H Perera have completed 10 years' service and are eligible to be placed on the monthly-paid establishment if this principle is adopted.

The Standing Committees recommend that the officers concerned be placed on the permanent establishment and on the salary scales suggested by the Accountant in his recommendation, 10 years' service in the case of the Meter Readers being considered as the requisite qualification for purposes of placing them on the monthly-paid establishment.

It was resolved that the recommendation be adopted.

(63) To consider application from Steam Roller Driver Gabriel that he be placed on the permanent establishment, with reports from the Works Engineer and Accountant (Cir 921 C).

The Standing Committees recommend that Gabriel be placed on the daily wage scale Rs 2 60—05—Rs 3 20 and that he be paid a wage of Rs 2 65 per diem with effect from January 1, 1950.

It was resolved that the recommendation be adopted.

(64) To consider memo dated December 19 1949, from the Municipal Works Engineer, recommending the appointment of a temporary officer-in-charge for the work connected with the supervision of the construction of the remaining houses on the Mawilmada Scheme and the houses on the Dangolla Scheme, on a salary of

Rs. 3,000 per annum, plus a travelling allowance of Rs. 50 per mensem and rent and war allowances at the prescribed rates.

The Standing Committees recommend that the Council approve of applications being called for the post of officer-in-charge of these schemes, on the terms suggested by the Works Engineer.

It was resolved that the recommendation be adopted.

(65) To table papers *re* the appointment of Mr. B. G. Liard as Typist, Secretariat, by the Local Government Service Commission.

The Standing Committees recommend that the L. G. S. C.'s attention be drawn to the fact that in view of the L. G. S. C.'s failure to make an appointment to the post on the initial salary of Rs. 840 per annum when the Commission was originally asked to fill the post, the Council had reviewed its earlier recommendation. In reviewing the question it had transpired that as purely routine typewriting work was involved in the post, a Junior Typist would meet the Council's purposes and the Council had decided that a Junior Typist be appointed on the scale Rs. 720—60—Rs. 1,200, as a measure of economy. It is not in the Council's interests to pay a salary in excess of the scale of Rs. 720—60—Rs. 1,200, having regarded to the duties of the post. The Council does not consider the higher scale warranted in the circumstances, but it is prepared to appoint Mr. Liard on the scale Rs. 720—60—Rs. 1,200 in view of Mr. Liard's services under the Council as a temporary Typist over a long period.

It was resolved that the recommendation be adopted.

With the leave of the Council the Mayor submitted the following matter considered by a joint meeting of the Works and Finance Committees, earlier in the day, for disposal by the Council in Committee:—

(66) To consider tenders received for constructing houses, approach roads, &c. connected with Group 'D' of the Mawilmada Housing Scheme.

The Works Engineer recommends the acceptance of the tender of Mr. V. Navaratnam for Rs. 68,925, which is the lowest out of the tenders received, for this work.

The Works and Finance Committees do not approve of this tender, being accepted in view of the Works Engineer's report that the rates quoted by the tenderer for several items connected with road works are below the actual cost of such works and are unworkable, and the Committees recommend that the next lowest tender, tender of Mr. D. D. I. Fernando for Rs. 74,542 be accepted.

It was resolved that the tender of Mr. D. D. I. Fernando be accepted, as recommended by the Works and Finance Committees.

Mr. A. C. L. Ratwatte moved: "that the Council do resume and that it adopt the decisions made in regard to the several recommendations of the Standing Committee on 'Finance and Establishment' and the 4 Standing Committees, which were considered by the Council in Committee."

Mr. E. L. Senanayake seconded.—Carried.

9 (a) Considered recommendation made by the Mayor and Municipal Commissioner that quantities of oils, pills and kalkes shown in schedule 'B' attached to the Municipal Secretary's memo. of December 12, 1949, be obtained from Messrs. The Kandy Ayurvedic Pharmacy at the rates quoted by them in their tender for use at the K. M. C Free Ayurvedic Dispensaries during the first half-year of 1950, with reference to the authority given to the Mayor and Commissioner by the Finance Committee's Resolution No. 11 of December 9, 1949 to examine the tenders received in this connection and to make a direct recommendation to the Council.

It was resolved that the recommendation made by the Mayor and Municipal Commissioner be adopted.

9 (b) Considered Commissioner's report on the application made by Mr. S. M. Deen, partner of the Sri Lanka Amusement Co., for the use of the market square for purposes of an amusement park which the Company proposes to conduct during the Christmas Holidays,

with reference to the authority given to the Municipal Commissioner by F. C. Resolution No. 29 of December 9, 1949, to inspect the site applied for and to suggest the extent of land to be allowed and the rental to be charged therefor.

It was resolved that the further application made by Mr. Deen that he be allowed the use of space in the market square for the period January 25 to February 10, 1950, in lieu of the period mentioned in his original application, be refused, and that a space in the area shown in the Works Engineer's plan dated December 15, hatched in blue, be allowed to Mr. Deen for any period between December 22, 1949, and January 10, 1950, subject to his paying rent therefore in advance calculated at one cent per square foot per diem for such period, and depositing Rs. 100 as security to cover the cost of repairing any damage which may be caused to the grounds.

10. To table the Administration Report for 1948 prepared by the Municipal Commissioner in terms of the delegation given to him by the Mayor for that purpose.

Tabled.

It was resolved that the report be approved and that it be submitted to the Minister of Health and Local Government in terms of section 218 of the Municipal Councils Ordinance, No. 29 of 1947.

11. Considered, in its capacity of Excise Advisory Committee for the Kandy Municipal area, letter No. X of November 2, 1949, from the Government Agent, Central Province, indicating that the renter of the Wata-puluwa Toddy Tavern for 1949/1950 has applied for sanction to remove the tavern from the present site to a new one shown hatched in red in the accompanying plan, but he considers the new site objectionable from the point of view of its proximity to the playground and of users of Lady Anderson's Drive which is a narrow road.

The Government Agent is of opinion that the tavern should be on a site adjoining the main road but as he gathers that the only Crown land available for the purpose is considered unsuitable, he suggests that the renter should have to make private arrangements to get some suitable private land.

It was resolved that the Government Agent be informed that the Committee objects to the use of the new site proposed by the renter or of any other site near the playground, for the tavern.

12. The Mayor moved: "that this Council do place on record its appreciation of the valuable services rendered by Gate Mudaliyar Canaganayagam, Messrs. S. L. Ratwatte, A. Dissanayake and D. B. Wadugodapitiya as members of the Council during their three-year term of Office."

In moving the motion, the Mayor acknowledged the assistance and co-operation he had received from all members of the Council, the Municipal Commissioner, Heads of Departments and the Staff in the work of the Council.

Mr. H. A. C. Wickremaratne in seconding the vote of appreciation associated himself with the sentiments expressed by the Mayor, and thanked the Mayor for the co-operation, courtesy and assistance rendered to members of the Council by him during his term of office as Mayor.

Mr. Fred E. de Silva, Mr. T. B. Tennekoon and Mr. N. Wimalasena supported the motion, Mr. Wimalasena referring in eulogistic terms to the services rendered by Mr. D. Ramanujam as Deputy Mayor.

Gate Mudaliyar N. Canaganayagam and Mr. D. B. Wadugodapitiya thanked the Mayor and members who had spoken on the motion for their appreciative references.

The motion was carried unanimously.

Confirmed, this 28th day of January, 1950.

E. L. SENANAYAKE,
Mayor.
