**Notifications under "The Patents Ordinance, 1906"**

THE following specifications have been accepted.—  
No. 3,644 of July 1, 1949.

*Edward William Camp.*

"Improved apparatus for photographing the finishes of horse races and the like."

*Abstract.*—The invention which relates to an improved apparatus for photographing the finishes of horse and other races consists essentially of a camera mounted on

an overhead structure directly above the track so that a direct bird's eye view is obtained of the finish of the race. The camera is mounted on a carriage suitably propelled and which is adapted to travel along a beam to its operative position and back to the processing compartment. Devices are provided for stopping the carriage at the correct central position over the track.

There are 11 claims and one sheet of drawing.
