Colonial Secretary's Office, Colombo, January 30, 1896. By His Excellency's command, W. T. TAYLOR,

Acting Colonial Secretary.

#### Insurance of Parcels exchanged between Ceylon and India.

On and after February 1 postal parcels despatched from Ceylon to India may be insured for a value not exceeding Rs. 1,000.

In the case of all parcels containing notes, coin, bullion, precious stones, jewellery, watches, or articles of gold or silver exchanged between Ceylon and India insurance is compulsory.

The charge for such insurance, prepayment of which is compulsory, is as follows :--

|  |   | ,   |     | Cents |   |
|--|---|-----|-----|-------|---|
| When the value insured does not exceed Rs. 50        |   | ••• | ••• | 25    |   |
| When it exceeds Rs. 50 and does not exceed Rs. 100   |   | ••• | ••• | 50    |   |
| And for every additional Rs. 100 or fraction thereof | • | ••• | ••• | 50    | · |

The charge for insurance must be paid by means of postage stamps.

The cover of an insured parcel must be of strong paper or other substantial material, and the parcel must be sealed and closed in such a manner as to render it impossible to remove the contents without injury to the seals, which must all be of the same description of wax, and bear distinct impressions of the same device. Seals bearing impressions of current coins and crossed lines will not be accepted.

Parcels not properly packed, or not fully prepaid, or not accompanied by a declaration, and parcels bearing outside any word, figure, or mark indicating their value, will not be insured. Articles intended for insurance must be presented at the window of the Post Office accom-

Articles intended for insurance must be presented at the window of the Post Office accompanied by a signed declaration (in the prescribed form), stating the description and value of the contents and the value to be insured. If currency notes are enclosed in the parcel, the serial number, general number, and value of each note should be mentioned : thus "A-11, 84,907, Rs. 5."

When the value of an article does not exceed Rs. 1,000, it must be insured for its declared value, neither more nor less; when the declared value exceeds Rs. 1,000, it must be insured for Rs. 1,000. Forms of declaration can be obtained at all Post Offices.

Any person making a false declaration will be liable to penalties under the 189th and 196th sections of the Penal Code, Ordinance No. 2 of 1883.

A receipt is given to the person who presents an article for insurance at the Post Office window during the hours prescribed for posting insured articles.

The addressee of an insured article (or his agent) must sign in ink both the receipt and acknowledgment relating thereto, unless the outward appearance of the cover give rise to suspicion of tampering. In such case he should arrange to open the parcel at the Post Office in the presence of the Postmaster, and to have its contents entered in an inventory, which will be prepared in duplicate, and must be signed by the addressee. One copy of the signed inventory will be forwarded by the Post Office to the sender with the unsigned acknowledgment attached to it.

The sender of an insured article is entitled to obtain, free of charge, an acknowledgment of its delivery signed by the addressee.

The Government will guarantee to the sender the safe transit of insured articles, and will give compensation to him not exceeding the insured value for any actual loss occurring in transit from any cause whatsoever, except in the cases described below :--

(a) Misdelivery arising out of incorrectness or incompleteness of the address written by the sender.

(b) Fraud, or wrong, or incomplete declaration on the part of the sender or addressee, and in the case of currency notes, the omission or failure to furnish on such declaration on the part of the sender the serial and general number and the value of each note, and any other information and particulars regarding them which may be required at the time of sending, registering, or delivering the same, and as regards all other parcels the failure or omission on the part of the sender or addressee to furnish in such declaration any particulars as to value or description or number that may be required.

(c) When the receipt and acknowledgment have been signed by the addressee or his agent, it being understood that the addressee (or his agent) shall fully examine the outward appearance of the letter or parcel before signing the receipt and acknowledgment. By the term "agent" is meant not merely a person specially authorized by the addressee, but any servant or other person connected with the addressees household or business establishment, who is accustomed to sign the receipts for registered letters or parcels arriving to his address. Any person who wishes to restrict the delivery of insured articles arriving to his address may do so by communicating with the Post Office.

delivery of insured articles arriving to his address may do so by communicating with the Post Office.
 (it) When the sender does not give intimation of loss within three months from the date of posting.

(e) In cases of damage as distinguished from loss, it being understood that the sendér is responsible for the proper packing of articles liable to damage, so as to provide sufficient protection for them.

(f) When there is no visible damage to the cover or seals, it being understood that the sender must so pack the letter or parcel that its contents cannot be touched without visible damage as aforesaid being caused.

Compensation will be payable one month after the date on which intimation of loss is given by the sender to the Post Office, except in cases in which the Postmaster-General (or officer exercising the powers of Postmaster-General) may consider that the circumstances demand the withholding of payment pending inquiry.

Colonial Secretary's Office, Colombo, December 31, 1895. By His Excellency's command, W. T. TAYLOR, Acting Colonial Secretary.

IS EXCELLENCY THE LIEUTENANT-GOVERNOR has been pleased to direct the publication of the following circular despatch from the Secretary of State for the Colonies.

Colonial Secretary's Office, Colombo, January 31, 1896. - By His Excellency's command, W. T. TAYLOR,

Acting Colonial Secretary.

Mr. Secretary Chamberlain to the Officer Administering the Government of Ceylon.

Circular.

Downing street, December 23, 1895.

SIR,—I HAVE the honour to transmit to you, for your information, a copy of an extract from a despatch which I recently addressed to the Officer Administering the Government of the Leeward Islands, on the subject of a proposal for meeting from the general revenue of the Colony the cost of certain improvements in the City of Saint John, Antigua.

I request that you will bear in mind the view I express, in the event of any analogous proposal arising in the Colony under your Government for assisting some purely local improvement or enterprise at the expense of the general revenue.

I have, &c., J. CHAMBERLAIN.

Extract from a despatch from Mr. Secretary Chamberlain to the Officer Administering the Government of the Leeward Islands, dated November 15, 1895. No. 285.

Referring to my despatch No. 269 of the 22nd ultimo respecting the City (of St. John) Improvement Act, 1895, I have the honour to inform you that I have given my careful consideration to the Act, and particularly to those provisions which authorize the raising of a loan for purely local improvements upon the security of the general revenue of the Colony.

2. I am aware that in some instances my predecessors have allowed charges to be imposed upon general revenues of a Colony in order to provide for public works for the sanitation or other objects in the capital town or other large towns. I cannot, however, give my adhesion to such a practice which I consider to be altogether opposed to the true principles of Municipal and Civil Government, which require that those who spend the money and derive all the direct advantages of the expenditure should also provide the funds. \* 3. There may be good reason for charging the general revenue with the whole or part of the

3. There may be good reason for charging the general revenue with the whole or part of the cost of Harbour Works or Port accommodation, although the works are local, because the whole community are interested, and because the cost of works of this description is partially recouped by

- dues levied from those who use them, but I can see no more reason for providing for the extension and improvement of the City of St. John at the expense of the whole Presidency, than for making the whole of the United Kingdom pay for the improvement of London.

82

4. Moreover, the system of charging the community at large with the cost of a local scheme does not conduce to economy or prudence in the administration of that scheme, or to the fostering of a due sense of responsibility on the part of those who administer the affairs of the locality which is allowed to draw upon the whole community for contribution to local undertakings.

5. I am anxious to encourage and develop the municipal spirit in all the larger towns of Her Majesty's Crown Colonies, but I hold it to be of the first importance that such a spirit should aim from the first at being self-supporting. 6. I cannot, therefore, advise Her Majesty to allow Act No. 19 of 1885 of the Legislature of

6. I cannot, therefore, advise Her Majesty to allow Act No. 19 of 1885 of the Legislature of Antigua to remain in operation in its present shape; but if it is amended by furnishing the Board of Health (or a corporation in its place if that is preferred) with adequate powers for fixing and levying rates and enforcing their collection, and requiring that the Board shall furnish the Treasurer in each half-year with the whole amount necessary to meet the payment of interest, and to provide for the ultimate repayment of the debentures, and empowering the Governor, in case the Board shall at any time fail to make the necessary payments in full, to make arrangements for fixing and collecting such rate as may be required to make good any deficit, I shall be prepared to advise Her Majesty not to disallow the Act.
