2. The Cadets, who must be natural-born British subjects, are selected by open competitive examination* held by the Civil Service Commissioners, to whom all inquiries on the subject should be addressed.

The examination for these appointments will, as a rule, be held in the month of *August* in those years in which vacancies have occurred, simultaneously with the examination for the Civil Service of India. Candidates must be between the ages of 21 and 24 on the first day of August in the year in which the examination is held.

3. The selected candidates will be expected to leave England about a month after the results of the examination are announced.

4. Each Cadet will receive salary at the rate of \$1,500 per annum, half salary to commence from the day of leaving England and full salary from the date of his arrival in the Colony or State to which he may be sent. The cost of his passage to the Colony or State will be paid, subject to the liability of repayment hereafter mentioned (sections 7, 8).

5. While studying the native languages he will be under the control and supervision of the Governor of the Colony or Resident in the State to which he may be sent, who will frame regulations for his hours of study and general government. Quarters, books, and teachers will be provided for him at the public expense, and he will be required to attend at the public offices a certain time each day as may be directed by the Governor or Resident, in order to give him an opportunity of learning the details of public business, without interfering with his reading. He may also, if thought advisable, be sent for a certain time to China or to Madras in order to acquire more intimate knowledge of the Chinese or the Tamil language.

6. As soon as he is declared by a Board of Examiners to have acquired a competent knowledge of one or more of the languages, and has passed such an examination as may be prescribed in Law, Colonial Regulations, and Government Orders, he will be temporarily employed in such of the Departments as may require his services, at a salary of \$1,800 per annum, and will be considered eligible for appointment, as vacancies may occur, to offices in the Civil Service, the salaries of which range from about \$2,400 per annum upwards.

7. The progress of the Cadet will be tested by half-yearly examinations, and he will be liable to be dismissed without further pay if he does not pass a final examination in one or more of the languages within such time as may be fixed, or if at any time his progress or conduct shall be considered by the Government to be so unsatisfactory as to render such a course desirable. The Government will decide, having regard to the ground of dismissal, whether the Cadet shall be sent home at the public expense, or shall be left to find his own way home, or shall be, in addition, called upon to repay the cost of his passage out.

8. A bond must be entered into by the Cadet, and two approved sureties, or an approved Guarantee Society, with the Crown Agents for the Colonies, to secure the repayment of the cost of the passage out in the event of his dismissal and of its being decided that such repayment shall be enforced, and also in the event of the Cadet, within four years from the date of his arrival in the Colony or State to which he may be sent, either quitting the country without leave or relinquishing his appointment (except on account of ill-health), together with a further sum of £50 for each year, to repay the cost of his teaching up to his leaving.

9. Subject to the necessities of the service, leave of absence on half salary may be granted after a period of six years' resident service, without any special grounds. It may be given before the expiration of that period in cases of serious indisposition, or of urgent private affairs. In the absence of special grounds, the leave in such case must not exceed one-sixth of the officer's resident service; on special grounds it may exceed that period by six months. In addition to the above, vacation leave on full pay may be granted, if no inconvenience or expense is caused thereby, not exceeding three months in any two years.

10. The present rule as to superannuation is that in the case of ill-health an officer may be allowed to retire on a pension after ten full years' resident service; otherwise he must have attained the age of 55. For ten full years' resident service fifteen-sixtieths of the average annual salary of the retiring officer's fixed appointments for the three years prior to retirement may be awarded, to which one-sixtieth may be added for each additional year's service; but no addition will be made in respect of any service beyond 35 years. For pension purposes absence on vacation leave counts as full service, and leave on half pay as half service.

11. A deduction of 4 per cent. is made from the salaries of all those who are selected to serve in the Straits Settlements or Hongkong, as a contribution to one or other of the Widows' and Orphans' Pension Funds of the two Colonies; and a similar deduction will be made from the salaries of all who are hereafter selected to serve in the Malay States, as soon as a Widows' and Orphans' Pension Fund has been established in those States.

12. The dollar is at present reckoned at 4s. for the purpose of the payment in England of leave-salary, and at 3s. 8d. for the payment of pension.

Colonial Office, May 26, 1896.

* A separate paper is issued by the Civil Service Commission containing information in regard to the examination.

Eastern Cadetships.—Open Competition of August, 1896.

THE existing vacancies are fourteen, viz., three in Ceylon, five in the Straits Settlements, and six in the Protected States of the Malay Peninsula.

The successful candidates will be allowed to indicate the Colony or Dependency to which they would prefer to be assigned, but the final allotment will be decided by the Secretary of State for the Colonies upon a consideration of all the circumstances, including the wishes of the candidates, and the requirements of the Public Service will rank before every other consideration.

Civil Service Commission,
June, 1896.

Hongkong, Straits Settlements, and Malay States Cadetships.

1. With the view of supplying the Civil Service of Hongkong, the Straits Settlements, and the Protected States of the Malay Peninsula, Cadetships have been established, the holders of which are required to serve indifferently in any of the above-mentioned Colonies or States, and to devote themselves for a certain time after their arrival in the East to learning one or more of the native languages, viz., Malay, Chinese, and Tamil, as the local Government may direct. Cadets appointed to this service will in the first instance be allotted to one or other of the Colonies or States in question, and will, as a rule, look for promotion only in that Colony or State, but it must be distinctly understood that they will be liable to be transferred at any time from one to another, at the discretion of the Secretary of State, without being given compensation for any special local privileges or allowances.

2. The Cadets, who must be natural-born British subjects, are selected by open competitive examination* held by the Civil Service Commissioners, to whom all inquiries on the subject should be addressed.

The examination for these appointments will, as a rule, be held in the month of *August* in those years in which vacancies have occurred, simultaneously with the examination for the Civil Service of India. Candidates must be between the ages of 21 and 24 on the first day of August in the year in which the examination is held.

3. The selected candidates will be expected to leave England about a month after the results of the examination are announced.

4. Each Cadet will receive salary at the rate of \$1,500 per annum, half salary to commence from the day of leaving England and full salary from the date of his arrival in the Colony or State to which he may be sent. The cost of his passage to the Colony or State will be paid, subject to the liability of repayment hereafter mentioned (sections 7, 8).

5. While studying the native languages he will be under the control and supervision of the Governor of the Colony or Resident in the State to which he may be sent, who will frame regulations for his hours of study and general government. Quarters, books, and teachers will be provided for him at the public expense, and he will be required to attend at the public offices a certain time each day as may be directed by the Governor or Resident, in order to give him an opportunity of learning the details of public business, without interfering with his reading. He may also, if thought advisable, be sent for a certain time to China or to Madras in order to acquire more intimate knowledge of the Chinese or the Tamil language.

6. As soon as he is declared by a Board of Examiners to have acquired a competent knowledge of one or more of the languages, and has passed such an examination as may be prescribed in Law, Colonial Regulations, and Government Orders, he will be temporarily employed in such of the Departments as may require his services, at a salary of \$1,800 per annum, and will be considered eligible for appointment, as vacancies may occur, to offices in the Civil Service, the salaries of which range from about \$2,400 per annum upwards.

7. The progress of the Cadet will be tested by half-yearly examinations, and he will be liable to be dismissed without further pay if he does not pass a final examination in one or more of the languages within such time as may be fixed, or if at any time his progress or conduct shall be considered by the Government to be so unsatisfactory as to render such a course desirable. The Government will decide, having regard to the ground of dismissal, whether the Cadet shall be sent home at the public expense, or shall be left to find his own way home, or shall be, in addition, called upon to repay the cost of his passage out.

8. A bond must be entered into by the Cadet, and two approved sureties, or an approved Guarantee Society, with the Crown Agents for the Colonies, to secure the repayment of the cost of the passage out in the event of his dismissal and of its being decided that such repayment shall be enforced, and also in the event of the Cadet, within four years from the date of his arrival in the Colony or State to which he may be sent, either quitting the country without leave or relinquishing his appointment (except on account of ill-health), together with a further sum of £50 for each year, to repay the cost of his teaching up to his leaving.

9. Subject to the necessities of the service, leave of absence on half salary may be granted after a period of six years' resident service, without any special grounds. It may be given before the expiration of that period in cases of serious indisposition, or of urgent private affairs. In the absence of special grounds, the leave in such case must not exceed one-sixth of the officer's resident service; on special grounds it may exceed that period by six months. In addition to the above, vacation leave on full pay may be granted, if no inconvenience or expense is caused thereby, not exceeding three months in any two years.

10. The present rule as to superannuation is that in the case of ill-health an officer may be allowed to retire on a pension after ten full years' resident service; otherwise he must have attained the age of 55. For ten full years' resident service fifteen-sixtieths of the average annual salary of the retiring officer's fixed appointments for the three years prior to retirement may be awarded, to which one-sixtieth may be added for each additional year's service; but no addition will be made in respect of any service beyond 35 years. For pension purposes absence on vacation leave counts as full service, and leave on half pay as half service.

11. A deduction of 4 per cent. is made from the salaries of all those who are selected to serve in the Straits Settlements or Hongkong, as a contribution to one or other of the Widows' and Orphans' Pension Funds of the two Colonies; and a similar deduction will be made from the salaries of all who are hereafter selected to serve in the Malay States, as soon as a Widows' and Orphans' Pension Fund has been established in those States.

12. The dollar is at present reckoned at 4s. for the purpose of the payment in England of leave-salary, and at 3s. 8d. for the payment of pension.

Colonial Office, May 26, 1896.

* A separate paper is issued by the Civil Service Commission containing information in regard to the examination.

IN terms of section 45 of "The Municipal Councils' Amendment Ordinance, 1896," His Excellency the Governor has been pleased, with the advice of the Executive Council, and on the recommendation of the Principal Civil Medical Officer, to declare that the diseases appearing in the schedule hereto shall be considered "infectious diseases" for the purposes of chapter II. of the said Ordinance.
