Annex to the census rules, 1953, referred to in rule 3 of Part IV

Instructions for filling up the schedules of the Census of Population.

Annexe—

I.—GENERAL SCHEDULE

1. (1) *Building No. (Cage 1).*

This is the number marked for census purposes on a building or a group of buildings. It should be the same as that appearing in cage 1 of the list of buildings. The number must be repeated for each inmate in the same building.

1. (2) *Serial number of persons in book (Cage 2).*

This should be left blank and should be numbered serially only after the night of the Final Census. The last entry will show the number of persons found in each census block on the night of the Final Census. Entries marked "Institution" and "Empty" should be left out, but the schedules relating to "Institutions" should be bound into the Schedule Book and the entries included in the serial number. Exclude cancelled entries and include new entries made on the night of the Final Census.

1. (3) *Name (Cage 3).*

Enter in this cage the names of all persons residing in a building, commencing with the name of the chief resident member of the family, whether male or female. Be careful to enter the names of all resident servants. A person is considered as residing in a building if he has his sleeping quarters in that building. If a child has not been named enter "Not named". Ge names need not be entered. If the building is empty write "Empty" in this cage.

1. (4) *Relationship to head of household (Cage 4).*

In this cage enter the word "Head" for the person who is recorded as the chief occupant or the head of the household. For other members of the household write "Wife", "Father", "Mother", "Son", "Daughter", "Grandson", "Daughter-in-law", "Uncle", "Aunt", "Nephew", "Niece", "Boarder", "Lodger", "Servant", "Friend", etc., according to the particular relationship which the persons bear to the head of the household. If several unrelated persons share house-keeping facilities on a partnership basis, enumerate one of them as "Head" and the others as "Partners".

1. (5) *Sex (Cage 5).*

Enter "M" for males and "F" for females.

Marital Condition (Cage 6).

Enter "M" for married, "D" for divorced, "S" for single, "W" for widowed, "U" for unmarried, "N" for never married, whether infant, child or adult. The entry "Married" should be entered by a person claiming to be married

according to custom or repute, though the marriage has not been registered according to law. Divorced persons who have married again should be entered as "Married" and not as "Divorced". A person who is not divorced but legally separated should be entered as "Married".

The following abbreviations should be used:—

- "MR" for persons married where the marriage has been registered.
- "MC" for persons married according to custom or repute and not registered.
- "U" for unmarried.
- "W" for widowed, and
- "D" for divorced.

Do not use any other abbreviations.

1. (7) *Age last birthday (Cage 7).*

Enter the number of years completed at last birthday. Thus, a person whose exact age on the census date is 17 years, 11 months, and 25 days should be entered as 17. Give the exact age and do not report the age in round numbers, like 30 or 45 or "about 30" or "about 45", when that is not the exact age. For infants less than one year enter "0".

You should make every effort to find out the correct age of each person, e.g., by comparing ages of members of a family whose relative ages may be known or by reference to some important public event, etc., and enter in this cage what appears to you to be the real age of each person.

1. (8) *Religion (Cage 8).*

Enter in this cage the personal, individual religion professed by the person. Examples are Buddhist, Hindu, Muslim, Zoroastrian, &c. In the case of Christians, enter the sect thus: Church of Ceylon, Roman Catholic, Methodist, Dutch Presbyterian, Scotch Presbyterian, Independent Catholic, Salvationist, &c.

Write—

- B for Buddhist
- C for Christian (But the name of the Sect should be written in Full)
- H for Hindu
- M for Muslim

Do not use any other abbreviations and write the names of other religions in full.

If the person has no religion enter "None", or "Freethinker" or "Agnostic", &c., according to the person's statement.

1. (9) *Race (Cage 9).*

As a general rule the offspring of parents of different races will follow the father's race, but Burghers and Eurasians or Euro-Ceylonese should be treated as separate races and described as Burghers and Eurasians or Euro-Ceylonese, according to the statement of the persons themselves.

In the case of a Sinhalese, you must state whether the person is a Kandyan Sinhalese or a Low-Country Sinhalese; in the case of Tamil or Moor you must state whether the person is a Ceylon Tamil or Moor, or Indian or Pakistani Tamil or Moor. In the case of an Indian or Pakistani who is neither a Tamil nor a Moor, state the particular race, such as Malayalee, Borah, Parsee, &c.

Similarly in the case of a European the particular race should be stated whether English, French, Italian, &c. If a person is unable to give his original racial stock enter "Not known", use the abbreviation "NK".

1. (10) *Nationality (Cage 10).*

The question relating to nationality seeks to find out whether a person is a citizen of Ceylon or is a citizen of a country other than Ceylon. The status

of a citizen is acquired either by descent or registration. A person born of parents belonging to any of the following races of Ceylon, namely Sinhalese (Low-Country or Kandyan), Ceylon Tamil, Ceylon Moor, Malay, or Burgher would, normally unless he has become a citizen of some other state either by naturalization or by registration, be a citizen of Ceylon. In the case of such persons enter the words "Citizen of Ceylon". A person belonging to a racial stock that comes from another country, e.g., a Tamil from India, may not be entitled to Ceylon Citizenship by descent. He may, however, have acquired Ceylon Citizenship by registration. A person who has acquired Ceylon Citizenship by registration should be entered as "Citizen of Ceylon", but insert the letter "R" after the entry to indicate that Ceylon Citizenship has been acquired by registration. In the case of all other persons state the particular country of which he is a citizen, e.g., U.K., U.S.A., Canada, Australia, etc. In the case of a British subject who is not also a citizen of a part of the Commonwealth enter "British".

1. (11) *Place of Birth (Cage 11).*

In the case of persons born in Ceylon outside a town, enter the name of the Revenue District (not the village) in which the person was born. In the case of persons born in a town, enter the name of the town in which the person was born taking care to differentiate between the town and the District by adding the letter "T" in cases where such differentiation is necessary, e.g., a person born in Colombo Town or Puttalam Town will have the entry "Colombo T" or "Puttalam T" in this cage, but a person born in Moratuwa Town will have the entry "Moratuwa" only, as there is no separate Revenue District by this name.

In the case of persons born in India or Pakistan add the name of the Districts as far as it can be ascertained, e.g., India (Tinnevely), India (Cochin). The district or Taluk can be traced if the name of the nearest Post office to the place where the person was born can be given.

In the case of persons born in a country other than in Ceylon, India or Pakistan, enter the name of the country, thus, U.K., China, France, etc.

If the person was born in the District or Town in which he is being enumerated, you should use the abbreviation "H". In all other cases write the full name of the District or Town or country according to the instructions given above.

1. (12) *Length of Residence in Ceylon (Cage 12).*

This cage should be filled in respect of non-nationals only, i.e., all persons other than those recorded in cage 10 as citizens of Ceylon.

By the expression "Length of Residence" is meant the continuous period of residence in Ceylon from the date of arrival to the date of Census, less the aggregate of absences from Ceylon where each such absence exceeded five months but was less than twelve months at a time. Continued absence from the Island for twelve months or more would be considered a "break" in the continuous period of residence, and in this case "the length of residence" would be computed from the date of return to the Island after the last "break".

Enter the period in the number of completed years only.

1. (13) *Ability to read and write Mother Tongue, if not what other Language (Cage 13).*

The mother tongue is the language spoken by the father's race. It should be entered in this cage only if he can read and write it. In the case of a Moor, Burgher, European, Euro-Ceylonese, or any person who cannot give the racial stock to which his father belonged, the mother tongue is the language most frequently spoken in the home whatever it be.

The test of ability to read and write should be whether the person is able to write a short letter and read the reply to it.

If the person cannot read and write his mother tongue enter "No", but if he can read and write another language, add the name of that language after the word "No". Enter "None" in the case of inability to read and write any language.

The following abbreviations should be used:— "E" for English, "S" for Sinhalese, "T" for Tamil. Do not use any other abbreviations and write the names of other languages in full.

1. (14) *Ability to read and write English (Cage 14).*

Enter in this cage the word "Yes" if the person can both read and write English; otherwise enter "No". The test of ability to read and write should be the same as the test indicated for cage 13.

1. (15) *Ability to speak English (Cage 15).*

"Able to speak English" means able to conduct a short conversation or understand and answer questions put in English. Enter "Yes" if the person satisfies this test; otherwise enter "No".

1. (16) *Ability to speak Sinhalese or Tamil or both (Cage 16).*

Enter "S" if he can speak Sinhalese only, "T" if he can speak Tamil only, and "ST" if the person can speak both Sinhalese and Tamil. The test of ability to speak a language is whether the person is able to conduct a short conversation, or understand and answer questions put in that language. If the person is unable to speak any of these languages, enter "None".

1. (17) *Occupation (Cage 17).*

This cage must be filled in respect of all persons whether they are earners or not. It will show either the principal occupation or the means of subsistence of an earner or of the person on whom one is dependent. By earner is meant not only a worker but also a person who derives income from say, land, rents, shares, pensions, work of others, etc. If a dependent, insert within brackets after the occupation of person on whom dependent, one of the following letters:—

- (S) for Student
- (H) for Housewife
- (D) for other Dependent

Thus a lawyer's wife who has no independent occupation or means of subsistence will be indicated as follows:—

"Advocate (H)" or "Proctor (H)" as the case may be. Similarly an advocate's daughter who is attending the University and has no independent means of subsistence will have this cage recorded as "Advocate (S)".

In the case of earners who have now retired or who are unemployed at the time of the Census, enter the letters "R" or "U" as the case may be.

"Unemployed" persons refer only to those who have had a previous employment and who are temporarily unemployed on February 15, 1953. The last employment of such unemployed person should be entered in this cage and the letter "U" inserted within brackets.

Remember that persons seeking employment for the first time should not be recorded as unemployed. Such person would be dependents and recorded as such.

In the case of a person who has now received a pension on account of old age, permanent disability or other reason, enter "P" in brackets after the name of the last employment of the retired person. Thus, a retired Clerical Servant should have

"Government Clerical Servant (R) "

Special care has to be exercised in regard to persons who are dependent on a retired or unemployed person. A student who is dependent on a retired Government Clerical Servant will be entered in this cage as "Government Clerical Servant (RS)", the housewife of an unemployed Motor Mechanic would be entered as "Motor Mechanic (UH) "

The occupation or means of subsistence referred to above is the principal occupation or means of subsistence that is, that which is regularly followed and brings in the largest income to the earner. If a person has no occupation his means of subsistence should be given. *If a person has not only an occupation but also other means of subsistence, the occupation only should be entered.* When recording the occupation or means of subsistence, enter the exact occupation or means of subsistence. Do not enter such general terms as "Office worker", "Mechanic", "Labourer", "Merchant", "Planter", "Engineer", "Inspector", "Clerk", etc. An "Office Worker" may be a Book-keeper, Stenographer, Messenger, &c. A person who calls himself a "Mechanic" may be found on further inquiry to have some more definite occupation, as boiler fireman, steam fitter, machine-setter. Similarly, an "Engineer" may be a civil engineer, a locomotive engineer, an irrigation engineer, &c. A "Planter" running his own estate should be entered as "Proprietary Planter in tea or rubber", &c. A "Planter" managing or superintending an estate for someone else and being paid a wage or salary should be recorded as "Tea or rubber estate Superintendent", or as the case may be. A "Merchant" should be described more definitely as a "Rice merchant", "Piece-goods merchant", "General merchant", &c., by adding the kind of merchandise dealt with by him. A person who makes the articles he sells should be entered as "Maker and seller of baskets, combs", &c. Remember that a beggar is an "earner" and his gainful occupation is "begging".

1. (18) *Industry (Cage 18).*

This refers to the place where a person is employed or the source from which his income or wages is derived or type of product made or service rendered. It is important that the distinction between industry and occupation should be clearly understood. Occupation refers to the type of job a person does, a job requiring in many cases an acquisition of certain skills. Thus, engineer, typist, doctor or lawyer are representative examples of occupations. Industry, on the other hand, refers to the place where work is performed or the source from which income or wages is derived. Thus, a typist employed in a motor engineering firm would have, as occupation, "Typist" and as industry, "Motor engineering". A typist employed on a tea estate would have occupation "Typist", industry "Tea Plantation". Similarly, a doctor employed by the Government would have as occupation "Doctor" and industry "Government Service". It will be seen, as in the case of the typist, that persons having the same occupation may have different industries. *Note.—In the case of a dependent entered as such in Cage 17, enter the Industry of the person on whom dependent, and insert one of the following letters:—*

(S) for Student; (H) for housewife; (D) for other dependents add (U) or (R) if the person is unemployed or retired.

1. (19) *Industrial Status (Cage 19).*

Industrial status should be entered in respect of gainfully employed. Such a person would be entered in one of the four categories: (a) Employer, (b) Worker on own account, (c) Paid employee, (d) Unpaid family worker. Use "E" for Employer, "OA" for worker on own account, "P" for Paid employee, and "UFW" for unpaid family

worker. Note carefully the following definitions:—

- (a) *Employer* is a person who (1) either operates his own business or is engaged independently in a profession or trade for profit, and (2) employs in connection with his business one or more workers other than unpaid family workers or apprentices.
- (b) *Worker on own account* is a person who—
 - (i) either operates his own business alone or is engaged independently in a trade or profession for fees or profit or operates a firm which he owns or rents for cash or share of the profits or proceeds, and
 - (ii) has no employees in his business other than unpaid family workers.
- (c) *Paid employee* is a person who works for public or private employees and receives remuneration for his work in money wages, salary, commission, gratuities, piece-rates or in kind.
- (d) *Unpaid family worker* is a person who has worked without pay of any kind for at least three hours a day during the week prior to February 15, 1953, i.e., the first day of the preliminary census, in a business operated by any member of the household, excluding house-keeping. All unpaid family workers may receive board and lodging. This should not be considered as payment in kind in their case since it is not dependent on the work performed. A wife or child engaged in pure household work would not be regarded as an unpaid family worker. She would be a dependent and should be so recorded in cage 17. On the other hand, a wife or child who helps the head of the family in farm work or running a sundry stores, boutique, &c., would be regarded as unpaid family worker if the work done has exceeded, on the average, three hours a day, during the week before February 15, 1953. *In the case of seasonal occupations, e.g., paddy cultivation and chena cultivation an unpaid family worker would be one who has worked without pay of any kind for at least three hours a day during the cultivation period in a business operated by any member of the household, excluding house-keeping.* It should be noted that for unpaid family workers in seasonal occupations the definition is exactly the same as for other unpaid family workers except that the period during which the work is performed is different.

1. (20) *Whether both Parents or either living (Cage 20).*

This cage should be entered only for young persons and children under 21 years of age (see Cage 7). In this cage write "BL" for both parents living; "FL" where the father is living, but the mother is dead or her whereabouts are not known; "ML" where the mother is living but the father is dead or his whereabouts are not known; "BD" where both parents are dead; and "NK" where particulars are not known. Do not use any other abbreviations.

1. (21) *Infirmity, if any (Cage 21).*

If any person is either totally deaf, totally blind, deaf-mute, or suffers from some form of crippling, put a (X) in this cage.

II—SPECIAL SCHEDULE

2. (22) *Cages (1) to (21).*

The following instructions should be observed in filling up items 22-26 of the special schedule.

(Entries in cages 22 (1), 22 (2), 23 (1), and 23 (2) are to be made only in respect of females, and only married, widowed and divorced females entered as such in cage (6).

2. (23) *Date of Marriage (Cage 22 (1)).*

The date of marriage will be the date of the existing marriage which should be entered in this cage by date, month and year, e.g., 21st March, 1899. If the exact date and month are not known, enter only the year. Marriage means not only the union of man and woman registered according to law but includes the union recognised by custom and repute and the date will be the date on which the existing union was entered into.

2. (24) *If previously married, date of first Marriage (Cage 22 (2)).*

This will only be entered in case of women who have previously married and have contracted a subsequent marriage or are now divorced or widowed. The date or at least the year, of the first marriage should be ascertained and entered in this sub-cage.

2. (25) *Number of children ever born (live or dead) and number alive (Cage 23 (1)).*

There should be two entries in this cage. (1) the total number of children the female person has had whether such children are still alive or not or whether they were borne by her in the existing marriage, in previous one or out of wedlock. (2) Enter next in brackets the number of surviving children. In the case of a mother who has borne five children, of whom three are living the entry should be "5 (3)". The entry should be "O" for a woman who has never borne children.

2. (26) *Age of mother at birth of first child (live or dead) (Cage 23 (2)).*

Enter the age (in years) at the time the first child was born. The exact age (computed to the last completed year) should be entered, but if this is not known and you are obliged to make an estimate prefix the word "about" to the estimated age in order to distinguish such entries, from the entries of exact ages.

2. (27) *Highest standard of education reached (Cage 24).*

If the highest examination passed is a degree or a public examination enter the name of the degree or the public examination. If, however, the degree of educational attainment is lower than that of a public examination, enter the highest school standard passed. In every case enter against the headings English, Sinhalese, Tamil, the highest public examination or standard passed in each language.

2. (28) *Total monthly income (Cage 25).*

This will be entered for all persons who have received an income from any source whatever. It should include both salary and income from property or other source. The monthly income would be assessed as being equal to the actual monthly income received in January, 1953. Dearness and rent allowances, if any, should be included. In case of persons drawing daily pay, the total pay received during January, 1953, should be computed.

In the case of persons in seasonal occupation, e.g., paddy or chena cultivation if no income was received in January, 1953, the average monthly income should be computed on the basis of the annual income, i.e., the total annual income should be assessed, divided by twelve and the resultant figure entered in cage 25. In other cases also where there is difficulty in computing the income received in January, 1953, the alternative method of assessing the average monthly income may be employed.

2. (29) *If unemployed, period of unemployment (Cage 26).*

This cage should be entered only in respect of persons temporarily out of employment and seeking employment on February 15, 1953, that is the first day of the Preliminary Census period. A person who has never been employed and is seeking employment for the first time should not be recorded as an unemployed person for census purposes. Remember that a person for whom an entry would be recorded in this Cage should have the letter "U" entered in Cage 17.

III—THE HOUSEHOLD SCHEDULE

3. (30) *Items at top of Schedule.*

Of the cages at the top of the Schedule items 1 to 5 will be entered in the same manner as the corresponding entries in the General Schedule. Item 6 is Census number of the building concerned. In regard to item 7, it may happen that more than one family occupies a single building and has common cooking arrangements. In such a case, one house may contain more than one family, a married man or woman living with wife or husband or children comprising a single family unit. Enter in this cage the number of such families in the household.

3. (31) *Head of household (Cage 1).*

The entries in the sub-cages under this heading should be the same as the relevant particulars made in the General Schedules in regard to the Head of the Household.

3. (32) *Number of persons in household (Cage 2).*

The sub-cages under this heading classify the number of persons in household according to 4 age-groups. The necessary particulars for this cage can be ascertained from the age column in the General Schedule.

3. (33) *Number of rooms occupied (Cage 3).*

Enter in this cage the total number of rooms occupied in the building inhabited by the household. The following should not be counted as rooms: bathrooms, closets, pantries, basement, stables, stalls and rooms used as store-rooms, garages, boutiques or shops. A verandah may be counted as a room if finished off for living purposes at all times.

3. (34) *Material of roof (Cage 4).*
