P. O. FERNANDO, Permanent Secretary Ministry of Industries and Fisheries. Colombo, February 7, 1953.

Report

We are appointed by the Honourable Mr. G. G. Ponnambalam, Minister of Industries and Fisheries, under section 18a (2) of the Fisheries (Amendment) Act, No. 25 of 1952, to inquire into a fishing dispute that has arisen between the fishermen of Galle and the fishermen of Gandara, Kottegoda, Mirissa and Weligama with regard to the fishing rights in the neighbourhood of Galle.

We wish to express our opinion in regard to the legal aspects of this question. Mr. C. G. A. Perera, Advocate, contends that the Government Agent has the power to prevent the Gandara and other fishermen outside Galle beaching their boats in Galle and landing their catch at Galle, or fishing within three miles of the shore even for catching bait. In support, he quotes the Fisheries Ordinance and Regulations framed under section 27 of the Game Protection Ordinance appearing in Gazette No. 7,866 dated July 3, 1931, and since the Game Protection Ordinance as such has been repealed by the Fisheries

Colombo, February 5, 1953.

Ordinance, No. 24 of 1940, when it came into effect on November 9, 1940, these regulations should be read in conjunction with proviso (b) to section 28 of the Fisheries Ordinance, No. 24 of 1940, which reads as follows:-

"Section 28-The Game Protection Ordinance is hereby repealed provided, however, that-(b) all regulations made under that Ordinance and in force at the appointed date (November 8, 1940), shall continue in force in like manner as if they were made under this Ordinance and may be amended, varied or rescinded by regulations made under section 26.

Any person who acts in contravention of this regulation shall be punishable under section 22 (2) of the Fisheries Ordinance, No. 24 of 1940.

It is true that, under section 9 of the Fisheries Ordinance, No. 24 of 1940, regulations may be made for the registration of fishing boats, for the purpose of taking fish in Ceylon waters, and of the owners of such boats.

Section 10-On or after such date as may be prescribed, no person shall use any fishing boat for the purpose of taking fish in Ceylon waters, unless the boat has been registered. Once regulations are framed under section 9, it is possible to prohibit or restrict the number of boats from outside to be registered in the Galle Municipal Council area. understand that regulations under section 9 are already prepared by the Director of Fisheries and before Parliament.

Section 5 speaks of licences to non-Ceylonese and

it does not apply to citizens of Ceylon.

Regulations framed under section 27 (1) of the Game Protection Ordinance mentioned above refer to registration of "all Madel, Barudel, Visidel nets and Yoths" within the territorial waters adjoining the Galle Revenue District of the Southern Province.

Section 3 of the said Ordinance gives the objects and reasons—"It is for the purpose of protecting fish". Regulations can be made, for example, by prohibiting the use of nets or devices which destroy · fry, egg or spam of any fish or regulate the use of madel, &c., and not for any other purpose. The above regulation is framed to regulate madel fishing in off shore of the Galle area. Our view is that the inclusion of the word "Yoth" is a mistake.

Fishing by rod and line in lakes, streams and rivers

are permitted throughout the year.

Fishing by rod and line is allowed even in the

Fish sanctuary like Kudakalupuganga.

What is a "Yoth"? . . . It is line and hook or hooks minus rod. It is not a harmful type of fishing and it is impossible to register all "Yoth" used in Galle waters. In the new regulations before Parliament, boats and nets are to be registered and not Yoth. An attempt was made to compel the Gandara fishermen to register their "Yoth" in the year 1932 and 14 fishermen were prosecuted as shown in D2 produced by Mr. Kirthisinghe. Later the idea of prosecuting was dropped, as there was some doubt in respect to the validity of this regulation so far as the registration of "Yoth" was concerned. Madel, Barudel continued to be registered in Galle area. We are inclined to think that this regulation effecting "Yoth" is ultra vires and, in any case, it is wrong to use the regulations framed under section 27 of the Game Protection Ordinance to restrict outsiders coming to Galle. As we said before, regulations framed under this Ordinance are framed for a particular purpose, i.e. for the protection of fish and, for this purpose alone, the regulations can be used and not to restrict outsiders fishing in Galle

2. We agree with Mr. Kirthisinghe that under the present law it is not possible to prevent, regulate or restrict the number of fishermen in beaching their boats and landing their catch in Galle.

Mr. Kirthisinghe goes further and says that Gandara fishermen by custom and long usage have established certain prescribed rights which cannot

be even curtailed or regulated by new regulations framed under section 9 of the Fisheries Ordinance, No. 24 of 1940. He quotes Walter Pereira, page 283 and 22 N. L. R. 260:

"The right to fish upon high seas or on banks and

shoals in these is open to all.

"The right to use the seashore itself between high and low water mark belongs to the public and the Government has no right to its exclusive

The rights of Government in respect of the seashore are those of custodian on behalf

of the public."

It is true that outside the three miles/limit ("High Seas") anybody can fish, but according to Walter Pereira, page 283-

"This, however, does not include the rights to fish freely in bays and mouths of rivers, which depends upon the will of the Sovereign.".

It is generally agreed that for inshore fisheries as " in the lagoon, harbours, estuaries or madel basen on sea beach, local fishermen should have first call and it is only in areas where the local fishermen are unable to exploit the full resources in these areas that outside fishermen be allowed to fish. Where migrant fishermen have been fishing in a particular area for a number of years, as in the case of Negombo fishermen at Mannar, and where they can establish it by documentary or other satisfactory evidence, i.e. the production of Kottu licence obtained by each fishermen for a number of years, Government should consider their case sympathetically and allow them to fish, and new applications from immigrants must be considered with the applications of local fishermen and preference should be given to local fishermen—at Galle there is no such proof that a particular boat came each year, though there is no doubt that for over 20 years a fleet of Gandara Boats has regularly been beached at Galle for two or three months each year ..

In the case of Oru, deep sea fishermen when once their boats are registered under the new regulations, they should be allowed to beach their boats in any portion of the coast and be allowed to engage in fishing in any part of Ceylon, except in areas where

special restrictions are placed.

It is only in harbours, bays and in very thickly populated area we are of opinion that restrictions should be placed. The argument that the income of the Galle fishermen or fishermen of certain local areas are adversely affected cannot prevail. Only about 20 Galle boats out of over 100 go deep sea fishing, but there is room on the beach for many hundreds of such boats and that has always been every one's right under the present law.

We are of opinion that certain restrictions must now be placed on the number of fishermen from outside coming to Galle, in the general interests of the fishing industry. If we allow an unrestricted number of outside fishermen to come to Galle, these fishermen will not have sufficient bait, as it happened in certain area of Balapitiya where fishing boats remain idle for want of prawns as bait. These Balapitiya fishermen depend on bait supplied by suppliers of prawns caught in lagoons and they have to surrender one-third of their catch to persons who give them prawns as bait. Gandara and Galle fishermen go out two or three miles near the rocks and catch Bolla, Dallo, &c., for their bait.

According to the evidence of the Galle fishermen, the Gandara fishermen adopt injurious forms of catching bait. There is perhaps some truth in this allegation, because the very first witness for Gandara wanted to make out that the fish is not attracted by the light, which, in our_opinion, is false. We wish that the officers of the Fisheries Department do investigate this matter carefully and, if what the Galle fishermen state is true, rules must be framed under section 26 of the Fisheries Ordinance, No. 24 of 1940 to regulate the method of fishing for bait.

The next point we have to decide is whether, when regulations are made under section 9 of the Fisheries Ordinance, No. 24 of 1940, we should recommend to restrict the number of fishermen from outside coming to Galle harbour.

5. We recommend that the number be restricted. The evidence led by Mr. Advocate Perera and Mr. Proctor Kirthisinghe is not helpful in ascertaining the actual number of fishermen from Gandara and outside who come to Galle. There is no documentary evidence to support their contentions. Mr. Kirthisinghe desired to produce some books kept at the auction room, but these books give only the - name and not the village. The ge-name is also not given. But, it is clear that, even in 1932 a large number must have come to Galle, for, at least, 14 fishermen from Gandara were prosecuted—see D2. It is clear that an increasing number of fishermen had migrated to Galle, because according to the certified copy of a statement of income from fish rents derived from Galle Municipality which were made available to us, we find that the income in 1944 was Rs. 9,240, in 1945 it was Rs. 18,275, in 1952 it was Rs. 51,300 and in 1953 it was Rs. 33,000. That shows that more fish was brought to Galle, due to the increased number of boats which came to Galle. From the evidence led we are unable to fix the number of outsiders' boats which came to Galle, but we are fairly certain that nearly 100 outside fishing boats come between December and April. Any person can observe these boats beached near the markets in December and April. The Galle fishing boats are kept at Magalle about 11 miles are fairly for the contraction. are kept at Magalle, about 1½ miles away from this spot. We are agreed that the number should be restricted to 60 outside boats, beaching and fishing from the Municipal limits of Galle.

We suggest that the limit of 60 should stand for two years and should be reviewed at the end of two years. These outside boats should be allowed to catch bait within three miles limit and allowed to fish outside the three mile limit. This restriction should not cause any hardship, because the remaining fishermen who migrate can beach their boats between Galle and Ambalangoda. It is difficult to enforce the 3 mile limit rule as there are not definite marks in the sea, but surprise visits in motor boats by an officer of the Department should be made and those outside boats should not be allowed to land or sell the kinds of fish used for bait. Special licence issued for a fishing boat brought from an area outside Galle Municipal Council should contain an express condition prohibiting its owner and crew to land or sell small bait fish of the sort commonly used for bait.

We were informed at the inquiry that the Government Agent is registering the fishing boats of the Galle fishermen and that he refuses to register the boats of Gandara fishermen till a decision is arrived at by the Committee.

We have to point out that, under section 9 of the Fisheries Ordinance, No. 24 of 1940, regulations have to be frameod for registration of boats. These regulations are before Parliament now. Registration of boats under this section is the function of the Director of Fisheries and not of the Government Agent.

When fishermen want the exclusive use of the sea coast to put up "Wadi" and dry their madel nets or when "Oru" fishermen want permission to put up sheds on the sea shore, "Wadi" licences of "Kottu" licences are obtained from the Government Agent. He is the final authority according to present law. It is our view that-the law should be amended making the Director of Fisheries the final authority even for the issue of "Wadi", "Padu" and "Kottu" licences.
