PILIYANDALA TOWN COUNCIL The Electricity Act, No. 19 of 1950

REGULATIONS made by the Piliyandala Town Council under section 46 of the Electricity Act, No. 19 of 1950, with the approval of the Minister of Local Government given after consultation with the Minister of Transport and Works.

D. C. R. GUNAWARDANA,
Permanent Secretary,
Ministry of Local Government.

Colombo, July 10, 1953.

REGULATIONS

THE SUPPLY OF ELECTRICITY

1. In these regulations—

"Act" means the Electricity Act, No. 19 of 1950;

"certificate of competence" means a certificate of competence to be an electrical contractor issued by the licensee;

"Chairman" means the Chairman of the Piliyandala Town Council;

"licensee" means the Piliyandala Town Council; and

"Superintendent" means the Superintendent of the Electricity Department of the Piliyandala Town Council.

2. Any person desirous of obtaining the use of electrical energy from the licensee shall, at least fourteen days before the supply is required pay in advance to the licensee the charges for the service cable.

3. Every consumer of electrical energy shall pay for such energy at the rates specified in the licence granted to the licensee under the Act.

4. That portion of the service cable which is on the consumer's premises, the transformers, the main fuses, the meter, and the board shall remain the property of the licensee, and on no account shall they be moved or handled by any person other than an employee of the licensee.

5. (1) Every consumer wishing, at any time after his installation has been connected, to use any lamp, fan, or meter of greater size than the one already in use or to instal any additional lamp or other apparatus consuming energy, either temporarily or permanently, or in any way to alter or extend the wiring on his premises, shall notify his wish to the licensee in writing and if he desires that an electrical contractor should do the work, he shall at the same time notify the name and address of such contractor.

(2) No consumer shall connect or cause to be connected any extension, lamp, fan or meter of greater size than the one already in use or instal any additional lamp or other apparatus consuming energy, either temporarily or permanently to the main installation unless such extension, lamp, fan, meter, additional lamp or other apparatus has been inspected and tested and found to be satisfactory by the Superintendent or by an officer authorized by the Superintendent in that behalf.

6. (1) In the event of the melting of the licensee's main fuse in any premises the consumer shall forthwith inform the Superintendent or the officer in charge of the sub-station.

(2) No person other than one of the licensee's authorised officers or workmen shall replace any melted fuse which is the property of the licensee.

(3) Where the services of any officer or workman of the licensee are required to replace any fuse which is the property of the consumer a charge of fifty cents shall be made for replacing the fuse.

(4) Where the melting of any fuse which is the property of the licensee is found to have been caused by a defect in the consumer's wiring or apparatus, a charge of one rupee shall be made for replacing the fuse.

7. The licensee does not hold itself liable to the consumer for any loss or damage occasioned, directly or indirectly by the total or partial interruption of supply.

8. Where the installation is re-connected after having been disconnected under section 45 of the Act, a fee of five rupees for testing and re-connecting shall be charged and shall be paid in advance by the consumer.

9. (1) All charges shall be deemed to be due on the date on which an account is presented.

(2) No complaint against the accuracy of an account shall be entertained by the Chairman unless such complaint is made within a week after the presentation of the account.

10. (1) Every consumer about to vacate his premises shall give in writing three clear days' notice to the Chairman of his intention to do so.

(2) Where the notice referred to in paragraph (1) is not given, the consumer shall be held responsible for the licensee's equipment in his premises and for all energy consumed on such premises until the lapse of three days from the date on which the licensee receives notice of the fact that the premises have been vacated:

Provided that if the supply to the premises is disconnected by the licensee before the lapse of the said three days, the consumer shall be held responsible for the energy consumed on the premises up to the time of disconnection.

11. The licensee may in its discretion grant a certificate of competence to any person who is the holder of a certificate of recommendation for the Chief Electrical Inspector or who—

(a) has had at least three years' practical experience in a recognized electrical engineering workshop or firm or in electrical power station; and

(b) has been regularly engaged for a period of not less than two years in the practice of electrical engineering.

12. (1) No person who is not the holder, or a workman employed by the holder, of a certificate of competence shall—

(a) undertake or carry out any work in connection with the wiring or the electrical fittings or fixtures of any new installation which is intended to be connected to the licensee's electricity supply mains; or

(b) after an installation in any premises has been connected to such mains, carry out or perform in connection with such installation, any electrical work:—

(i) which consists of or is in the nature of alterations, adjustments, additions or repairs to such installation, or

(ii) other than such ordinary replacement of lamps, fans, switches, or other component parts as in no way alters or affects the capacity and nature of such installation.

(2) No installation in connection with any electrical work described in paragraph (1) is carried out by a person who does not hold a certificate of competence or by a workman of such person shall be connected to the licensee's electricity supply mains

13 (1) No electrical contractor shall carry out or perform any electrical work, such as installation work, including additions, alterations, and adjustments to existing installations, except after notice of not less than two days to the Chairman to enable the Superintendent or a person authorised by him to inspect the proposed work

(2) If the Superintendent approves the intended work, he shall settle with the contractor the position of the meter, and the contractor shall carry out the work in accordance with such regulations as may be made under section 60 of the Act.

14. On the completion of any electrical work referred to in regulation 13, such work shall be inspected and tested by the Superintendent and—

(a) if the installation is found to comply with the regulations laid down, a supply of electrical energy to the premises shall be given, and

(b) if the installation does not comply with the regulations laid down, the certificate of competence issued to the contractor shall be liable to cancellation or suspension, and a supply of electrical energy to the premises shall not be given until such time as the installation has been made to comply with such regulation.

15 If any electrical contractor commences or carries out any work connected with any new installation without giving notice to the Chairman and obtaining his prior approval, the licensee may refuse to supply electrical energy to the premises wherein such work has been carried out or may call upon the contractor to effect such modifications or alterations to the wiring as the Superintendent may think necessary. If such modifications or alterations are duly carried out the installation shall be re-inspected and tested by the Superintendent and if found to be in order a supply of electrical energy to the premises shall be given.

16. Where any electrical contractor carries out any extension to any installation which is already connected to the licensee's electricity supply mains without prior notice to, and without the permission of, the Chairman notwithstanding that such extensions have not been connected by the contractor to the main installation:—

(1) the whole installation shall be liable to disconnection from the licensee's electricity supply mains; and

(ii) the electrical contractor shall, in addition, be liable to have his certificate of competence cancelled or suspended.

17. No person other than an Electrical Inspector shall without the written permission of the Chairman or the Superintendent enter the sub-station or its premises.
