Theppam Fishing Dispute—Chilaw**REPORT**

This is a dispute between two classes of fishermen the fishermen of Chilaw and those who have been designated "outsiders". The second class can again be sub-divided into two classes the fishermen from Negombo who are now settled in Chilaw, and the fishermen from Negombo who come annually to Chilaw for fishing during the local fishing season. According to the terms of reference the Chilaw fishermen have requested that the number of outside fishermen be restricted to those families from Negombo who are already settled in Chilaw and to the descendants of those families, and further that the gear used by these outsiders controlled in such a way as not to prejudice the means of livelihood of the Chilaw fishermen. It is, therefore, clear that the terms of reference are specifically confined to two matters of dispute, namely, the restriction of the number of outside fishermen and the control of the gear employed by the outside fishermen. Counsel for the Negombo fishermen

who have settled in Chilaw has drawn my attention to the terms of reference and submitted that the Tribunal should confine its attention to the specific points of dispute mentioned in the terms of reference and Mr. Nadarajasunderam who appears for the Chilaw fisherman and Mr. Soza who appears for the migrant fishermen from Negombo also agree that it will be *ultra vires* for me to consider any dispute other than those specifically referred to in the terms of reference. I note in the original petition that has been sent to the Honourable the Minister of Commerce, Trade and Fisheries, which I now mark as "X"—in file No. B. 10/75 (2)—after making it available to all Counsel, that the petitioners do not appear to draw any marked distinction between the 2 classes that comprise the so-called outsiders. The petitioners refer to the parties presented by Mr. Goonetilleke as "mere squatters on the foreshore". The evidence, however, conclusively shows that whatever might have been the original mode of settlement of these fishermen in Chilaw, they are today a part of the permanent population; nor is this position contested by Counsel who appear for the Chilaw fishermen. Paragraph 6 of the document "X" sets out the real request of the Chilaw fishermen.

The first dispute in regard to the restriction of the class of fishermen who are stated to have come from Negombo and settled in Chilaw, was settled. It was agreed that those families (and their descendants) that now reside in the foreshore should constitute that class and that no further outsiders should be permitted to settle down and engage in the fishing trade.

In regard to the second point of dispute mentioned in the terms of reference, Counsel agree that the dispute affected the type of nets used. It was agreed that mesh, not less than half an inch in diameter, should be utilized in fishing by all parties. Nets having a mesh less than half an inch in diameter should be prohibited. This settlement seems to me most reasonable in the circumstances.

I shall now deal with the question affecting the respective rights of these classes of fishermen to fish in the Chilaw waters. It was agreed that Chilaw waters are the territorial waters within the Urban Council limits of Chilaw excluding the lagoon. I have examined carefully the submission made by Mr. Goonetilleke to which I have already made reference and I have come to the conclusion that I should accept his submission. It is agreed that any dispute in regard to the respective rights of the parties to fish in the Chilaw waters has not been referred to me specifically, but it is clear both on the evidence and on the submissions of Counsel that definite disputes have existed and continue to exist between the parties as to the places in which fishing should be done by these classes of fishermen.

It would appear that under the common law, all parties have an equal right to fish but the concurrent user of this right is likely to cause friction between the parties. This has been recognized for nearly 50 years and various efforts have been made to settle conflicts between parties in regard to the places in which they have been fishing. The documents A1, A2 and A3 show the various efforts at settlement. Reference was also made in the course of submissions by Counsel to attempts at settlement as far back as 1906. Although this has not been referred to me specifically, I made every effort to endeavour to secure some understanding between the parties in regard to specific portions of the territorial waters in which each party should engage in fishing. I endeavoured to secure some agreement as I feel that the object of an arbitration is primarily to effect a settlement of all the potential causes of friction that may exist between the parties. There is one point on which it has been possible for me to record a complete agreement; all parties are agreed that the Negombo migrant fishermen, that is, those fishermen from Negombo who come annually to Chilaw for fishing during the local fishing season,

should have the right to have their boats beached on the beach to the south of Mr. Vanderkoen's bungalow which is marked in plan A6B. These fishermen will therefore be entitled to beach their boats at any point between Mr. Vanderkoen's bungalow and the U. C. limits which is a distance of about 1 mile and 8 chains; they will have also the right to enter the area and cross the territorial waters for the purpose of their trade, namely, deep-sea fishing. It is, of course, understood that if some current pushes them to any point to the north of Mr. Vanderkoen's bungalow, there should be sufficient protection for them. I do not think that the Negombo fishermen need have any fears on that ground; any penalty will only attach to a wilful default.

In regard to the Chilaw indigenous fishermen and those who have settled in Chilaw from Negombo, as I have already stated, it has not been possible to reach any agreement. The proceedings disclose various suggestions made by both Counsel. I have myself put to Chilaw fishermen suggestions, which I thought were both just and reasonable. Counsel on both sides suggest that I should not discuss in this report the reasonableness or otherwise of the various suggestions, as that is not a matter that has been referred to me for adjudication.

In regard to the two points of dispute, referred to me, my recommendations therefore are—

(1) The outside fishermen who are stated to have come from Negombo (and their descendants) who are now resident in the foreshore should be allowed to continue to reside there and engage in the trade of fishing. No further "outsiders" should be allowed hereafter to reside there and engage in the trade of fishing;

(2) The fishing nets now employed by both classes of fishermen can continue to be employed, provided the mesh of the nets used is not less than half an inch in diameter. Nets having a mesh less than half an inch in diameter should be prohibited in the Chilaw waters;

(3) The Negombo fishermen who migrate annually to Chilaw for fishing purposes during the local fishing season should be permitted to beach their boats between the point marked in plan A6B as Mr. Vanderkoen's bungalow and the U. C. limits to the south (Welihena). They should have the right to have access to the sea adjacent to the beach for the purpose of setting out for, and returning after, deep-sea fishing, but they will not fish in the territorial waters.

Delivered in the presence of parties and their lawyers.

C. X. MARTYN,
Arbitrator.

UDAPPUWA FISHING DISPUTE

IN terms of section 18A (1) of the Fisheries Ordinance, No 24 of 1940, as amended by the Fisheries (Amendment) Act, No 25 of 1952, the Honourable Minister of Commerce, Trade and Fisheries has referred to me for public inquiry and report, a dispute that has arisen between the Madel fishermen of Udappuwa on the one hand and the Teppam fishermen fishing in the Udappuwa waters on the other. The subject matter of the dispute is a claim put forward by the Madel fishermen of Udappuwa that till the year 1911 they had enjoyed an exclusive right to the use of the 9-mile stretch of foreshore, extending 3½ miles to the south and 5½ miles to the north of their village, for the operation of their Madel nets. They allege that since then the Teppam fishermen from the adjacent village of Mathupanthiya have begun to use their drift nets in the waters adjacent to the above foreshore, thereby adversely affecting their Madel fishing

2 All persons who so desire, may make written representations to the Director of Fisheries on the above dispute, and send them to his office at Galle Face, Colombo, to reach that office on or before February 12, 1955

3. I shall commence a public inquiry into the dispute at 9.30 a.m. on February 23, 1955, at the Circuit Bungalow at Bathuluoya

4. All persons who desire to tender evidence, either oral or documentary, at this inquiry should be present at the Circuit Bungalow at Bathuluoya, not later than 9.15 a.m. on February 23, 1955
