**THE TRUSTS ORDINANCE****Order under Section 114**

WHEREAS the Trustees constituting the Visakha Vidyalyaya Board of Trust, namely—

Mr H. W. Amarasuriya,  
Lady Jane de Fonseka,  
Lady Evadne de Silva,  
Mr Charles Martin Dias,  
Mr Nalin Moonesinghe,  
Mr. D. C. R. Gunawardene, and  
Mr. N. E. Weerasooma,

have applied to the Minister of Justice for their incorporation under section 114 of the Trusts Ordinance (Chapter 72):

Now, therefore, by virtue of the powers vested in me by the aforesaid section, I, Eric Bird Wikramanayake, Minister of Justice, do by this Order authorise the incorporation of the said Trustees and direct and declare—

(a) that the said Trustees and their successors for the time being duly appointed in accordance with the provisions contained in Deed 959 of December 14, 1932, attested by J. G. de S. Wijeyeratne, Notary Public, be a body corporate with perpetual succession and a common seal under the name and style of "Visakha Vidyalyaya Board of Trust";

(b) that, subject to the provisions contained in that deed, by that name and style they shall have full power to acquire, purchase, take hold and enjoy movable and immovable property of every description and to mortgage, lease, sell or otherwise dispose of the same on behalf of the said Trust; and

**Rules**

1. (1) Before the commencement of each cultivation season, a meeting of the proprietors of the irrigable area shall be held, as far as possible in the following months, that is to say—

in the month of September,—for the Maha cultivation,  
in the month of December,—for the Meda cultivation, and  
in the month of April,—for the Yala cultivation

(2) Every meeting referred to in paragraph (1) shall be held in accordance with the provisions of Part III of the Ordinance.

2 At any meeting referred to in rule 1, the following, among other matters relating to the approaching cultivation season, may be determined.—

(1) The dates for the completion of the following:—

- (a) clearing of channels,
- (b) fencing of fields,
- (c) sowing,
- (d) the erection of watch huts, and
- (e) reaping.

(2) the nature of the paddy to be sown, and  
(3) the place and manner in which cattle and buffaloes are to be confined during the cultivation season

8. (1) In the event of any matter specified in rule 2 remaining undetermined by reason of the failure of the majority of the proprietors either to attend a meeting of which due notice has been given or to arrive at a decision thereon, such matter may be decided by the Government Agent or an officer authorised by him in that behalf, and every decision of the Government Agent or such officer under this rule shall be binding on all the proprietors.

(2) The Government Agent or the officer referred to in paragraph (1) shall cause notice to be given of any decision made by him under the provisions of that paragraph. Such notice shall be given by beat of tom-tom or by exhibiting in conspicuous places, written notices in the language or languages prevailing in the area or in such other manner as may be determined by the Government Agent or such officer.

4 (1) Before the date fixed under rule 2 for the completion of the work of fencing fields, every proprietor shall construct or repair the portion of the fences marked out by the irrigation headmen as the share proportionate to the extent of such proprietor's fields, whether such portion adjoins such fields or not; and he shall thereafter, whether he cultivates such field or not, maintain such portion of the fences in good repair, so as to be capable of keeping out cattle, until the crop on all the fields in the tract has been harvested.

(2) The irrigation headmen shall, at least seven days before the date fixed under rule 2 for completing the fencing of fields, mark out the portions of the fences to be constructed or repaired by each proprietor.

(3) No proprietor shall be granted an extension of time for the work of fencing, if any other proprietor has sown his field by the date fixed under rule 2.

5. Where the whole field or a distinct tract called 'bage' is cultivated, the fences at the two ends of the field called the "ihala and pahala elapat fences" shall be put up by the proprietors of lands at those ends, and the rest of the proprietors shall put up the portion of the fences adjoining their shares called the "ihala and pahala fences".

6. Where two adjoining fields are both cultivated, the proprietors of such fields shall be jointly responsible for the erection of the common fence between such fields. Where only one of two adjoining fields is cultivated the proprietor of the field which is cultivated shall be responsible for the erection of the common fence between the two fields and he may, after the harvest, remove such fence unless the proprietor of the other field pays him one half of the expenses incurred in erecting such fence.

7. Before the date fixed for the completion of the erection of the watch-huts under rule 2, each proprietor of fields where watch-huts are necessary shall erect a proper watch-hut in such place as may be indicated to him by the irrigation headman, and shall continue to keep watch until the date for the completion of reaping fixed under the said rule.

8. (1) All fields, channels, dams, amunas, or water-courses whether outside or inside any field, other than those under the control of the Director of Irrigation shall be repaired and cleared before the date or dates specified under rule 2 and kept in good order throughout the season by the proprietors whose lands are irrigated thereby.

(2) It shall be the duty of each proprietor to maintain such portion of the channels, dams, amunas, or water-courses as may be demarcated with pegs or blocks by the Government Agent or any officer authorised by him for the purpose.

9. (1) Application for permission to construct any new channel, dam or other work decided on by the majority of the proprietors in any tract shall be made in writing to the Government Agent.

(2) Any work, the construction of which is permitted, shall be carried out in such manner and within

such time and along such alignment as may be specified by the Government Agent or any officer authorised by him for the purpose.

(3) For the construction of any work referred to in paragraph (2), every proprietor of fields within such tract shall be liable to contribute labour in proportion to his holding.

10 (1) Every proprietor of new lands which have been surveyed and demarcated by landmarks with reservations for field channels for irrigating such lands, shall construct his proportion of such field channels in accordance with alignments approved by the Government Agent or any officer authorised by him for the purpose.

(2) Where the proprietor of any land referred to in paragraph (1) is unable to obtain water for irrigation by reason of any default on the part of any other proprietor in constructing his share of the field channels, the Government Agent may serve a notice on such proprietor requiring him to execute the necessary work either forthwith or within such time as may be specified in the notice, and upon failure on the part of such proprietor to execute such work, the irrigation headman may, with the approval of the Cultivation Officer, cause the work to be done and recover the cost thereof from the defaulter in accordance with the provisions of section 30 of the Ordinance.

11. (1) Every proprietor shall grant way leave for channels; dams or other works notwithstanding that his field may not be benefited thereby.

(2) Every proprietor whose lands are benefited by any such work as is referred to in paragraph (1) of this rule shall be liable to pay to the owner of lands which suffer damage by the construction of such work, compensation for any land taken or damage done in proportion to the area of the holdings benefited, according to such rates of compensation as may be determined by the Government Agent. Provided that, unless the Government Agent otherwise directs, no compensation shall ordinarily be payable in respect of lands lying within the fields or tract of fields benefited.

12. In the order beginning with the field farthest from the tank or channel, as the case may be, and ending with the nearest, each proprietor shall take his supply of water strictly in turn only in proportion to the extent of his holding, at such intervals and for such number of hours as the irrigation headman may fix.

13. No proprietor who neglects to utilise his share of water in his proper turn, shall be allowed any supply until his next turn comes round.

14. Any proprietor who takes water out of his turn or for a longer period than he is entitled to, or who after having had his full share allows the water to run to waste through negligence or who misappropriates his neighbour's water through his boundary ridges, shall forfeit the right to his share in the turn next following and shall be guilty of an offence punishable under Part VIII of the Ordinance.

15. When water is taken in transit through a water-course to irrigate any particular tract, no person shall divert water from such water-course to the fields through which it passes or obstruct or otherwise interfere with it.

16. During the cultivation season—

(1) buffaloes shall be kept at such distance from the fields as may be fixed at a meeting held under rule 2, and,

(2) neat cattle shall be tethered by day and folded at night outside the fields cultivated.

17. (1) No proprietor of a paddy field forming a part of a tract under cultivation shall drive in, graze or tether cattle in his own field till all the fields in that tract have been reaped and crop removed.

(2) No cattle shall be tethered in or near any irrigation channel.

(3) During the cultivation season it shall be lawful for the irrigation headman to seize any cattle which he may find straying on or about any irrigation work or field under cultivation.

(4) The irrigation headman shall hand over any cattle seized by him under paragraph (3) to the village headman or to the Police.

18. No paddy shall be removed from the fields during any harvest, until the shares due to the irrigation headmen have been paid, and in the case of fields cultivated for a share of the produce, until all dues have been paid to the landlord:

Provided, however, that in any case where there is any serious risk of damage to any paddy left on the threshing floor, such paddy may be removed with the consent of the other party concerned or if consent is not given, the cultivator shall leave sufficient paddy on the threshing floor to settle the claim and shall remove only the remainder.

19 Any existing custom relating to any matters not provided for in these rules, and not inconsistent with them, shall have the force of these rules and be considered part of them.

20. It shall be the duty of every irrigation headman elected or appointed under Part IV of the Ordinance—

- (a) to reside within three miles of the area for which he is elected or appointed;
- (b) to operate and maintain in good order all sluices, regulators and other structures in his charge;
- (c) to issue the necessary notices, call out labour and supervise all earthwork and repairs and all works of irrigation and paddy cultivation within his area subject to instructions from, and under the control of, the Government Agent or an officer authorised by him;
- (d) to report forthwith to the Cultivation Officer of the area the occurrence of any damage to any bund, spill, sluice or any other work connected with any irrigation work or any leak at the sluice;
- (e) to prepare before the thirty-first day of December in each year a list for the ensuing year of pangu in the area in his charge with the names and shares of the owners and to forward it to the Cultivation Officer;
- (f) to enforce these and all other irrigation rules and to bring all breaches thereof to the notice of the Cultivation Officer; and
- (g) to see that water is distributed in proportion to the extent cultivated by or on behalf of the proprietors.

21. (1) Every such irrigation headman shall be entitled to receive from each proprietor half per centum of the produce of all lands cultivated by such proprietor.

(2) Save as otherwise provided in the proviso to rule 18, the irrigation headman's share shall be delivered to him on the threshing floor before the produce is removed therefrom.

(3) Subject to the provisions of sections 26 and 28 of the Ordinance the duration of office of an irrigation headman elected or appointed under Part IV of that Ordinance shall be three years.

22 In each cultivation season after the sowing, every proprietor who does not himself cultivate his field shall furnish a list of his cultivators to the irrigation headman, setting out their names and addresses and stating whether such cultivators are "andekarayo", lessees, or hired labourers.

**NOTIFICATION UNDER SECTION 18A (9) AND (10) OF THE FISHERIES (AMENDMENT) ACT, No. 25 OF 1952**

THE report of the Arbitrator appointed to inquire into and report on the dispute that has arisen between the madel fishermen of Udappuwa and teppam fishermen fishing in Udappuwa waters, is hereby published for public information.

2. Any person who has made representations in response to the notice under section 18A (8) of the Fisheries (Amendment) Act, No 25 of 1952, published in the *Ceylon Government Gazette* of January 28, 1955, desiring to make written representations to the Minister of Commerce, Trade and Fisheries, should do so in writing before the expiration of one month from the date of publication of this notification.

S. F. AMERASINGHE,  
 Permanent Secretary,  
 Ministry of Commerce, Trade  
 and Fisheries.

Colombo 3, March 1, 1955.

**Udappuwa Fishing Dispute****REPORT**

Petitioners at the Enquiry held by me at the instance of the Honourable Minister of Commerce, Trade and Fisheries were the fishermen of Udappuwa who use madel nets for fishing, and their complaint was against the theppam fishermen of Muthupanthiya, who were thus the Respondents at the Enquiry.

The madel fishermen use two types of nets known as "Karavala" and "Adasvalai" which are, what one might call, "shore-nets", for the reason that they are never laid more than a mile or so from the sea-shore, because they have to be dragged ashore by ropes attached to their ends by a number of men who themselves are on or near the shore. They are large nets, parabolic in shape, and capable of catching over a thousand pounds of fish in a single catch. The theppam nets, on the other hand, are small ones which can be handled by a single man, because only one man can go in a theppam boat at any one time for fishing. These nets are capable of catching only about 30 or 40 lb. of fish at a time and generally catch much less, according to the evidence of the theppam fishermen at the Enquiry.

There are, however, a handful of fishermen residing at Udappuwa itself who themselves have adopted the theppam method of fishing. These consist of about a dozen Tamils and about 16 Sinhalese fishermen. The Tamil men are related to a number of the madel fishermen, the large majority of whom are all Tamils. On the evidence it would appear that the madel

fishermen of Udappuwa have no serious objection to these fishermen from their own village even though they use the theppam method, because all the witnesses were agreed that there had never been any friction between the madel fishermen and the teppam fishermen inhabiting Udappuwa. Besides, the madel fishermen of Udappuwa in their petition to the Honourable Minister have made no reference to their fellow-villagers who have adopted teppam fishing.

The complaint of the madel fishermen of Udappuwa is that because the nets used by them are essentially "shore-nets" and laid almost always within a mile or a mile and a half of the shore, the teppam fishermen of Muthupanthiya who go much further out to sea in their boats are able to get behind the madel nets on the seaward side and catch the fish which would otherwise come into the madel nets, before the fish can reach these latter nets. I am satisfied that this allegation is true to a certain extent, but not quite to the extent averred by the witnesses for the petitioners at the Enquiry. From all that I have heard at the Enquiry there is, to my mind, plenty of room in the stretch of sea washing the shores of Muthupanthiya, Udappuwa and the lands lying to the north and south of these villages for all the fishermen of both these villages to carry on their various methods of fishing without clashing with each other. Because, as far as I could gather from the evidence, all along that coast for about 5 miles to the south and 8 or 9 miles to the north of Udappuwa there seem to be no other men engaged in fishing on this stretch of sea. The distance between the southern boundary of Udappuwa and the northern boundary of Muthupanthiya is 3 miles along the beach—the beach length of Udappuwa is 2 miles and of Muthupanthiya is half a mile. There are no fishermen to compete with the fishermen of Udappuwa and those of Muthupanthiya either on the land between these two villages or on the land to the north and south of these two villages for a considerable distance. In these circumstances, I would recommend to the Honourable Minister—

- (1) to direct an officer of the Fisheries Department to plant a long pole, or stake, standing about 20 feet above ground-level at some elevated spot on the beach at a distance just half way between the northern boundary of Muthupanthiya and the southern boundary of Udappuwa. At the top of this pole should be fixed a piece of cloth, about 1½ yards square, of some conspicuous colour (like red) so that it can be seen from a good distance out at sea,
- (2) to prohibit by an order all fishermen who are not inhabitants of Udappuwa from fishing in the waters which wash the shore for a nine miles beach length to the north of this pole;
- (3) to prohibit by an order the fishermen who inhabit Udappuwa from fishing in the waters which wash the shore for a beach length of three miles to the south of this pole.

Thus the Udappuwa fishermen will still have a 9-mile beach length for their fishing, without clashing with the Muthupanthiya fishermen, while the latter will have a 3-mile beach length close to their own village and quite sufficient for their needs. In my opinion, this would be a simple, fair and satisfactory solution to the dispute.

Before I conclude my report I would like to express my thanks to the lawyers who appeared for the parties, to all the officers of the Fisheries Department who were kindly placed at my disposal by the Director of Fisheries, and to the Chilaw Police for all the assistance and the co-operation extended to me by them in the discharge of my duties.

JULIUS F PHILIPS,  
 Arbitrator.

Read and interpreted to parties in Sinhalese and Tamil.

**REPORT IN TERMS OF SECTION 47 OF THE SPECIAL AREAS (COLOMBO) DEVELOPMENT  
ORDINANCE, No. 40 OF 1947, FOR THE YEAR 1951-52**

*Membership of the Board*—There was no change in the membership of the Board excepting that Mr. E. L. F. de Soysa, Assistant Government Town Planner, was nominated to the Board till January 5, 1952, in place of Mr. Oliver Weerasinghe, Government Town Planner. Mr. H. E. Peries, continued to be the Chairman, during the year

2. *Number of Meetings held.*—The Board met 26 times during the year..

3. *Staff.*—Mr. D. Amarasinha relinquished duties as Secretary from April 7, 1952, and he was succeeded by Mr. A. H. M. Salman, who was Assistant Secretary, from March 15, 1952. Mr. S. Kumarasingham, Municipal Assessor, who was appointed Valuer of the Board died before he could assume duties and Mr. W. R. de S. Senaratne, Assistant Valuer, Valuation Department, was subsequently appointed to the post on a part-time basis

The Staff was strengthened by the following appointments during the year :—

2 Surveyors	1 Shroff
4 Clerks (1 of G. C. S.)	3 Overseers
1 Inspector	1 Roller Driver
1 Book-keeper	3 Watchers
1 Typist	12 Labourers

Seven employees (2 clerks, 1 inspector, 1 driver, 1 surveyor and 2 labourers) resigned and two (1 clerk and 1 typist) were discontinued during the year.

4. *Office.*—The office was housed at the Food Ministry building at Union Place with much inconvenience. The construction of the new office building at Saunders Court was taken in hand during the year and a contract was entered into for its construction after calling for tenders. The work was not complete till the end of the financial year.

5. *"Fire-gap" Properties.*—The levelling and cleansing of the "fire-gaps" were mainly done by un-employment relief labourers of the Commissioner of Labour. This labour force which numbered about 200 was gradually reduced during the year. The sanitary condition of the "fire-gaps" was satisfactory as daily cleansing was done.

The busy and unkempt "fire-gaps" in Pettah were made into constructed roadways during the year but prevention of unauthorized structures and dumping of refuse on them was a problem.

The survey of the "fire-gap" properties was being done throughout the year by the Surveyor-General.

Damage Compensation was paid fully on 10 properties and part-payments were made on 169 properties.

6. *Development Schemes.*—The Board approved the following Schemes during the year .—

- Scheme for Santiago Street-Pickerings Road ,
- Scheme for Gintupitiya Street and Ratnam Road ,
- Scheme for Maradana Road ,
- Scheme for Jampettah Street and Skinners Road North ,
- Scheme for Church Street, Church Passage, Glennie Street and Saunders Court.

The Hon'ble M/L. G's approval was received in respect of the following Schemes :—

- Scheme for Siripina Lane-Barber Street ,
- Scheme for Malay Street ;
- Scheme for Pickerings Road-Santiago Street.

7. *Development Works.*—The plans for the 1st and 2nd blocks of flats at Ratnam Road were approved and tenders were called for, for the construction. The construction of the 1st block of flats was undertaken. The Children's Park at Gintupitiya was completed and equipped.

The construction of the following roads was undertaken .—

- Two roads between 4th and 5th Cross Street, Pettah, as extensions to Keyzer Street and Prince Street ;
- Road between Bankshall Street and Reclamation Road, as extension to 2nd Cross Street, Pettah ;
- Road between Sea Street and Beach Road ;
- China Street and extension of China Street to meet Reclamation Road ;
- Malay Street ,
- Church Street ,
- Glennie Street ,
- Saunders Court.

8. *Ordinance.*—During the year the Board had occasion to urge the amendment of the Ordinance for—

- (a) reducing the quorum for the meetings, and
- (b) setting up of a Provident Fund for the Board's employees.

9. *Finances.*—The Government grant of rupees two million for the year was called up in June, 1952.

The Board got into its proper stride this year. Progress was easy because the executive staff was complete with the appointment of the Valuer and a full-time Secretary and the equipment and personnel required to carry out the various Development Schemes were available. Before the year ended a good number of roads were completely built and some were being built. The Children's Park at Gintupitiya was also completed and equipped and the flats at Ratnam Road and the office building at Saunders Court were being built.

By the construction of the roadways in Pettah "fire-gaps" the congestion there was greatly eased. The flats at Ratnam Road were hailed as a step towards relieving the most annoying housing shortage of the Kochchikade area.

Saunders Court,  
Colombo 2, January 24, 1955.

A. H. M. SALMAN,  
Secretary,  
Special Areas (Colombo) Development Board.

Chairman.—R. H. WICKREMASINGHE.
