Supply of Rice Bran to Farms

THE Chairman, Tender Board, Ministry of Agriculture and Food, Union Place, Colombo, will receive tenders up to 3 p.m. on Friday, January 20, 1956, for the supply of 8,000 cwt. of rice bran to the State Cattle and Agricultural Farms of the Department of Agriculture.

2. The requirements are for a period of 8 months from February 1, 1956, at approximately 1,000 cwt. per month. The rice bran should be of good quality and be free from extraneous matter.

3. The tenders must be made on forms obtainable from the Director of Agriculture, Peradeniya. All tenders should be in duplicate, signed and in sealed covers, and should be addressed to the Chairman, Tender Board, Ministry of Agriculture and Food, Union Place, Colombo 2, and marked "Tender for Rice Bran" on the top left-hand corner of the cover.

4. Tender forms will be issued up to 12 noon on January 20, 1956, on production of a receipt for Rs. 50 per tender. The deposit should either be made at any Kacheheri or at the General Treasury, Colombo. The tender deposit will be refunded upon signing the agreement. If the successful tenderer fails to furnish the requisite security or enter into an agreement within ten days of his being informed of the acceptance of his tender, his tender deposit will be forfeited.

5. Tenderers will be permitted to be present at the time of opening of tenders if they so desire. Tenders will be opened at the time and date mentioned above for closing of tenders.

6. Tenderers must submit 6-pound samples of the rice bran tendered for. Samples should reach the Director of Agriculture, Peradeniya, marked "Samples of Rice Bran" on or before January 20, 1956. Failure to submit samples will render the tender liable to be rejected.

7. No tender will be recognised which is not made on the recognized form or which does not fully comply with the conditions prescribed therein. Tender rates and amounts must be entered clearly in ink and any alterations therein should bear the initials of the tenderer. The amount tendered should be expressed in words as well as in figures. Where the amount given in figures differs from the amount expressed in words, the tender is liable to rejection.

8. The tenderers should give their addresses in full on the tender in block capitals.

9. The tenderers should be in a position to supply the rice bran as and when required. This will be intimated by the Director of Agriculture or his representative to the successful tenderer from time to time giving the nearest Railway Station to which each consignment should be sent.

10. The tenderer should be in a position to supply the requirements of rice bran within ten days of his being informed of the acceptance of his tender.

11. The successful tenderer will be required to subject the supplies to sample tests at the time of despatch. An officer to be named by the Director of Agriculture will have to be given facilities to abstract samples for analysis. If the samples are found to be below standard, the supplies will be returned to the tenderer at his expense.

12. The rates quoted should be on the basis of nett weight loaded into wagons. Handling charges will not be paid by the Department. The successful tenderer will have to bear the cost of transport of the rice bran between his store and the Railway Station from which the consignments are despatched.

13. The successful tenderer will be required to enter into an agreement and make a security deposit of 5 per cent. of the total cost of the item tendered and accepted in my favour. This amount will be refunded only on the successful completion of the contract. Should the successful tenderer fail to fulfil the contract, his security deposit will be forfeited to the Crown and his name placed in the Crown List of Defaulting Contractors.

14. The successful tenderer will have to bear the cost of stamps which are to be affixed to the agreement and/or bond.

15. All bags in which rice bran is delivered must be clean and in good repair. Empty bone manure bags should not be used to bag rice bran. If the contractor is found using such bags he will, on detection, be liable to severe penalties such as (a) forfeiture of security deposit, and (b) placement of his name in the Crown List of Defaulting Contractors. The rice bran which at any time is found to be below the standard, when analysed by the Chemist attached to this Department, will be returned at the expense of the contractor.

16. The Director of Agriculture does not guarantee that the quantity indicated above will be ordered and reserves to himself the right to reject any or all tenders, the right to accept any part of a tender, and to order such quantities as may be required.

17. Bills for rice bran supplied to each farm during a particular month should be submitted by the contractor at the end of each month and not for every consignment despatched.

18. The successful tenderer should keep his stores where rice bran is stored in a clean and sanitary condition and free from plague carrying fleas.

19. The bags in which the rice bran is supplied will be returned only after the stuff is emptied into the containers at the respective farms. Freight charges for the return of the receptacles should be borne by the contractor.

20. The successful tenderer will be required to employ only Ceylonese labour in carrying out the work tendered for.

The employment of only Ceylonese labour in carrying out the work tendered for will be made a condition of the contract and the failure on the part of the successful tenderer to fulfil this condition will be treated as a breach of the terms of the contract and will render the contract liable to cancellation. Provided, however, that in exceptional circumstances the Director of Agriculture may permit the contractor to employ non-Ceylonese labourers, previously approved by him in writing with the concurrence of the Permanent Secretary to the Ministry of Agriculture and Food. The employment of non-Ceylonese labour without such approval and concurrence will be deemed a breach of contract.

The term "Ceylonese" is defined as a citizen of Ceylon by descent or by registration.

21. The contractor shall indemnify the Government against any claim by or in respect of any employee of the contractor under the Workmen's Compensation Ordinance, No. 19 of 1934 (Cap. 117).

22. All notices to be served upon the contractor shall be deemed to have been served if given to him personally or to his agent (including in the case of a Company the Agent or Secretary of such Company) or sent through the post addressed to his office/house, which place the contractor selects for the purpose. Should the contractor change his office/house, he should forthwith, in writing, notify the Director of Agriculture the fact of such change and until such notification is communicated to the Director of Agriculture, the posting of such letters;

notices or other documents to the address provided in the agreement shall for all purposes be deemed to be and constitute sufficient delivery of the same.

23. The Government reserves the right to object to the employment by the tenderer of any workman whose employment is considered not desirable or to object to the employment of any workman.

24. The contractor shall not be entitled to claim any damages from the Government by reason of purchases not being made up to the extent specified in the contract in the event of any reduction in the purchases being deemed by the Director of Agriculture in the interest of the Department.

25. No contract will be entered into with any person whose name appears in the Crown List of Defaulting Contractors individually or jointly with any other person whose name is in the Defaulters' List or whom the Director of Agriculture for reasons which appear to him sufficient may object.
