THE United Nations Educational Scientific and Cultural Organization (UNESCO) has decided to continue the above project in 1959 and 1960. The details of the workers' study tour in Asia and Latin America are as follows :—

1. *Study Programmes*—The UNESCO proposes to relate Study Tours, wherever possible, to seminars and study sessions planned by inter-governmental and non-governmental bodies in the region. Preference will be given by the UNESCO in making Awards, to applications from Workers' Organizations, affiliated to international non-governmental organizations having consultative status with the UNESCO, which are proposing to send up five of their members to attend a seminar or

study session planned in the region. The names of the international non-governmental organizations which have consultative status with the UNESCO and which co-operate in the UNESCO's programme for workers are :

- (a) International Co-operative Alliance.
- (b) International Confederation of Free Trade Unions.
- (c) International Federation of Christian Trade Unions.
- (d) International Federation of Workers' Educational Associations, and
- (e) World Federation of Trade Unions.

Travel grants will be awarded by the UNESCO for a carefully planned programme of study abroad, of a minimum of one month's duration.

Each applying organization is free to choose the country it wishes to visit in the region and the date for the study tour, proposing its own programme and choosing its own host organization.

A typical programme might therefore consist of a fortnight's participation in a study session or training seminar, followed or preceded by a fortnight's observation study of educational, economic, social and cultural developments in the country where the seminar is held, or in another country of the region situated between the home country and the host country.

The programme should also include contact with representatives of UNESCO and the International Labour Office or the United Nations in the country visited.

2. *Selection of Participants.*—UNESCO grants will be awarded normally for groups of up to five persons as a maximum. Organizations presenting applications should bear in mind the following criteria for the selection of participants:—

- participants should have demonstrated interests and activity in workers' education, community problems, international questions, &c.;
- they should have a capacity to profit from the experience abroad, and also to transmit the benefit to the membership of the organization;
- where the programme includes attendance at a specific study session, e.g., on workers' education or co-operative questions, the persons selected should have the necessary technical qualifications;
- participants should be persons not able to pay their own way abroad;
- in view of the need to encourage the increased participation of women in all aspects of public life, organizations are urged to give serious consideration to the inclusion of qualified women in each group.

These grants are intended to benefit persons who have not already taken part in educational travel abroad and not to facilitate travel for members of the applying organization who normally have opportunities for travel through their organizational activities.

3. *Application Procedure.*—Organizations proposing to apply for a travel grant are recommended to make early contact with a suitable body in the country they wish to visit, so that a tentative programme can be agreed for inclusion in the application form, with the understanding that a final programme will be worked out in good time before the study tour is due to take place. This tentative programme should be included in the application form submitted for consideration.

A group receiving an award will be required to present a detailed time-table of the proposed programme AT LEAST ONE MONTH BEFORE DEPARTURE.

4. *Financial Conditions.*—The UNESCO grant will cover return travel (normally by air, tourist class) in the form of tickets for the journey.

Where the organization applying for a grant cannot meet the entire cost of accommodation, excursions in the country visited, and other incidentals, UNESCO will be prepared to contribute an additional sum, not exceeding the equivalent of U.S. \$ 150 per person for a study period of not less than one month.

Applicants should indicate clearly on the Application Form if they are applying for both travel and maintenance grants, or if maintenance will be covered from other sources.

Applications for the UNESCO Workers' Study Tour in Asia and Latin America should be made on forms obtainable from the Department of Labour and sent to the Commissioner of Labour, in triplicate, to reach him on or before 20th June, 1959, the latest.

Workers' Organizations in the *Private Sector* are only eligible to participate in the Study Tour.
