3. In the event of a vacancy in the Provincial or District Committee, it shall be filled up at a General Meeting of the Provincial Committee and the District Committee of the principal District.
The President shall grant to the member thus selected a certificate in terms of the 34th section of the Ordinance No. 3 of 1889.
4. The meetings shall be held at the house of the President until a more suitable place is selected. All proceedings shall be conducted and recorded in English.
5. The Provincial Committee shall be empowered to appoint one or two clerks for the performance of the work of the Provincial Committee and the District Committee of Galle.
6. All correspondence in connection with this Ordinance between the incumbents and the trustees and this Committee shall be carried on through the District Committees, except such as the writers find it necessary to address to the Provincial Committee direct.
7. When it is found necessary to spend a sum exceeding Rs. 50 on any building or repairs to a temple, the consent of the Provincial Committee shall be obtained through the District Committee.
8. The President shall have the power to cause the production of any papers or books in charge of a trustee whenever he finds it necessary, as well as to settle all disputes amicably without the full Committee.
9. Every District Committee Member of the respective divisions shall, on or before the 28th February, collect from each of the trustees in his division, as a contribution towards the expenses of carrying out the provisions of this Ordinance, a sum calculated at the rate of 5 per cent. from the annual income of all the temples in his division, giving the trustees formal receipts for the sums paid, and forward the same before 31st March with his counterfoil of receipts to the President of the Provincial Committee, and obtain a formal acknowledgment from the President for the collections thus tendered.
10. The President shall deposit the money thus received in the Mercantile Bank, and spend the same as directed by the Committee, keeping an account thereof, which shall be laid before each Committee meeting.
11. Any trustee or District Committee Member who shall, without sufficient cause, neglect to execute any orders issued by the Provincial Committee in accordance with these rules framed in terms of the 36th section of the Ordinance shall be liable to a fine not exceeding ten rupees. In failure of payment of fine proceedings shall be taken for the recovery thereof in the Village Tribunal of the district, or in the event of there being no Village Tribunal therein, in the Village Tribunal of the adjoining district, and the proceeds shall be added to the fund referred to in Rule No. 10.

13. The Provincial Committee shall have the power to remove any incumbent already in office, or who may be appointed hereafter who does not possess the qualifications specified in the 12th clause.

14. On a representation with specific charges made against an incumbent to the President of the Provincial Committee by the priests of his temple or by a number of lay members, such number to be not less than three interested in the temple, the President shall by a writing issued by him notify to the incumbent of the time and place at which inquiry into the representation will be held. This intimation shall be made at least fourteen days before the date determined for the inquiry.

15. Inquiries as to the removal of incumbents from office shall be held by a Committee composed of a chapter of five Buddhist monks versed in the doctrines and of the sect to which the incumbent belongs, and the members of the Provincial Committee. If the majority of the members of the Committee composed as above shall find an incumbent guilty of the charges preferred against him, he shall be removed from his office.

17. The Provincial Committee shall draw up a set of rules approved of by a chapter of erudite monks, and in accordance with the laws of Buddha, and the local requirements of the present day to be observed by the priests, and shall distribute the same to all of the temples. Any priest who violates these rules shall not be acknowledged to be a fit recipient of his share of the proceeds realised from the endowments. He shall be admonished once or twice, and if, notwithstanding such admonition, it is proved after due investigation to the satisfaction of the Committee that he leads an impious life, disregarding the discipline to be observed by a Buddhist monk, he shall be interdicted from receiving any sustenance from the temple endowments.

18. The Provincial Committee shall through competent persons examine the qualifications of the monks who prosecute their studies in terms of the rules referred to in the above clause, and also ascertain whether they observe the discipline laid down in the law and lead a stainless life.

Report of the Sanitary Condition of the Town of Kandy for the Month of June, 1892.

Weather and General Health.—The greatest part of the month was very dry and hot, and although there were occasional indications of rain no downfall took place till the end of the month, when a few heavy showers occurred, but not sufficient to allay the great heat that prevailed. Cases of bowel complaint and fever in the town were treated in the Government outdoor dispensary, and on the 17th instant a few cases of bowel complaint of a more serious nature were reported from Getambe. The health of the town was on the whole satisfactory.

Chickenpox.—There were altogether four cases of chickenpox reported from the town during the month. On the 5th instant two cases were detected: the first in Peradeniya road in house No. 1,112, and the other found in the public street was removed to hospital for treatment. On June 23 another case was discovered in house No. 894 in Peradeniya road and one in house No. 6 in Castle Hill street. All the patients were isolated and the houses disinfected.

Choleraic Diarrhoea.—On June 8 I intimated to the Council by special report that the Colonial Surgeon, Central Province, had brought to my notice the removal of four cases of choleraic diarrhoea on the 4th and 7th instant from the railway station to the Government Civil Hospital for treatment. The affected people were immigrant labourers travelling by train from Matalé to Kandy. I suggested that an Inspector should be in attendance at the Kandy railway station on the arrival of trains from Matalé with a view to examine coolies and send suspected cases to hospital. Disinfectants were also kept in charge of the Station Superintendent for use when required.

On June 21 another report was forwarded to the Council reporting the occurrence of four cases of acute diarrhoea at Getambe. Three cases proved fatal and one, an old woman, recovered. In all these cases measures were taken calculated to stamp out the disease. After a careful inquiry into the cause of the periodical outbreaks of acute diarrhoea at Getambe, I am convinced that the river water used for drinking by the people is one of the elements in the cause of the diarrhoea. At certain periods this water is turbid and impure, and natives, who do not object to drink the polluted water, are not easily persuaded to filter it before drinking. The only way to obviate this evil is to provide the people with a pure drinking water, and this can only be done by sinking one or two public wells in central places. I would also suggest that the residents of Getambe be induced to build privies for their houses, and that the Municipal Inspector be requested to pay occasional visits to the place with a view to have the low jungle in the neighbourhood of houses cleared and burnt and the general sanitation of houses and drains attended to.

Drains.—A portion of Colombo street lying between Castle Hill and Brownrigg streets requires to be looked to. On my visits of inspection I found a thick layer of black offensive mud on either sides. This should be removed

oftener than it is, and it may be easily done by the scavengers that go round. The Pérádeniya road drains are choked with offensive accumulations. As these are important drains situated in a much frequented thoroughfare, and in the midst of numerous houses in Kattukele, I would suggest that they be daily flushed and kept clean. The drains in Pérádeniya road, extending from the slaughter-house and beyond, are filled with silt and vegetable growth, and requires cleaning. The drain round Victoria Drive, behind the Military hospital, about which I invited attention by special report dated 24th June, is I believe attended to.

Market.—The market was in a cleanly state during the month. A butcher was fined by the Police Magistrate for selling decomposed meat, and a vegetable stall-keeper was fined for keeping his stall dirty.

THEODORE MORGAN,
Sanitary Officer.

Minutes of Proceedings of a Meeting of the Municipal Council of Galle held at the
Municipal Office on August 27, 1892, at 2 p.m.

Present.—The Chairman; Dr. W. Dias; H. J. Deslandes, Esq.; T. S. Clark, Esq.; W. Abeyasundara, Esq.; E. R. Anthonisz, Esq.; and N. Dias Abeyasinha, Esq.

1. Read and confirmed Minutes of last Meeting.
2. Submitted letters Nos. 23 and 26 of July 30 and August 11 respectively from the Hon. the Colonial Secretary, intimating that if the Government Agent can find a suitable site for a general cemetery the Government will either give or acquire that site for the purpose.
Resolved,—That the thanks of the Council be presented to His Excellency the Governor for the promise to provide a general cemetery for the Galle Municipality and to enclose it; and that the Council agrees to undertake the management and control of it on the conditions stated in the letter of the 11th instant, provided that the site chosen is sufficiently large to answer the requirements of the Municipality for at least a third of a century.
3. Read letter No. 27 of August 16 from the Hon. the Colonial Secretary, intimating that the Governor regrets he is unable to allow one of the medical officers stationed at Galle to undertake the duties of Sanitary Officer.
Resolved,—That applications be invited for the post of Sanitary Officer on a salary of Rs. 600 a year.
4. Read a letter from Messrs. John Black & Co. requesting that the side wall of the drain opposite the old Dutch burial ground in Church street be repaired.
Resolved,—That Rs. 50 be allowed for repairing the drain in the manner required by Messrs. J. Black & Co. in their letter of August 13.
5. Submitted a report from the Sub-Inspector of the Fort Ward bringing to the notice of the Council the practice prevailing in the Colombo Municipality of compelling persons who, being *bond fide* residents of Galle having places of business at Colombo, commute here to pay double the difference between the amount paid to this Municipality (Rs. 1.50) and the rate levied at Colombo (Rs. 2).
Resolved,—That the matter be brought to the notice of His Excellency the Governor, with the request that His Excellency will be pleased to cause some arrangement to be made whereby payment of commutation made to this Municipality by *bond fide* residents therein who have places of business at Colombo may be recognised by the Municipal authorities of that town.
6. Submitted accounts for July, 1892.
Resolved,—That Government be asked to grant the Council the same privilege accorded to Local Boards, Provincial and District Road Committees of depositing the Municipal fund in the *kachchéri* to be by Government placed with its own funds in such bank as the Government shall appoint.
