THE DIRECTOR OF PUBLIC INSTRUCTION.

School of Agriculture, November 5, 1892.

SIR,—I HAVE the honour to submit enclosed report on "Kandamale" in the Anurádhapura District.

On October 28 I was called to see a cow which had been taken ill a few hours previous, and was being treated by a native cattle doctor. She died within an hour after my arrival at the shed. The chief symptoms observable were slight swelling of the throat externally, laboured respiration, and slight discharge of saliva, and temperature 104°.

The breathing rapidly became more and more difficult, the animal dying within seven hours after the symptoms of disease were noticed.

One other died during the night of the 28th, but I was not called in time to see it alive.

On the 29th and 30th I visited a neighbouring village where the disease was prevalent, hoping to have an opportunity of watching some of the cases. The cattle were turned into the jungle, and owing to the apathy of the native owners I received no information until the cattle were found dead.

On the morning of the 30th three were found dead, but had not been noticed to be suffering in the early morning.

The post-mortem examination in each case revealed the same lesions as those of the cattle in the Chilaw District.

From the history of the cases at Anurádhapura, I am of opinion that the disease is infectious, and should be classed with the other infectious diseases.

I have, &c.,
CHAS. A. LYE.

IT is hereby notified that in pursuance of the 3rd section of the Ordinance No. 12 of 1885, intituled "An Ordinance authorising the Legislative Council by resolution to establish Tolls, and the Governor in Executive Council by resolution to abolish Tolls and to alter the places where Tolls shall be collected," the Governor, with the advice of the Executive Council, has resolved that the toll at Haputalé, at the 112th milepost on the road from Colombo to Badulla, be abolished from and after December 31, 1892.

Houses in a ruinous and dangerous state

13 If in any street any house, building, or wall, or any thing affixed thereon, be deemed by the board of health of the province to be in a ruinous state, or likely to fall, or in any way dangerous to the inhabitants of such house or building or to the neighbouring houses or buildings, or to the occupiers thereof, or to passengers, it shall immediately, if it appears to be necessary, cause a proper board or fence to be put up for the protection of passengers, and shall cause notice in writing to be given to the owner or occupier forthwith to take down, secure, or repair such house, building, wall, or thing affixed thereon, as the case shall require; and if such owner or occupier do not begin to repair, take down, or secure the same within three days after such notice and complete such work with due diligence, the board shall cause all or so much of such house, building, wall, or thing as it shall think necessary to be taken down, repaired, or otherwise secured; and all the expenses incurred by the board shall be paid by the owner or occupier of the premises, and shall be recoverable from such owner or occupier.

Sale of materials of ruinous houses.

14 If any such house, building, or wall, or any part of the same be pulled down by virtue of the powers aforesaid, the board of health of the province may sell the materials thereof, or so much of the same as shall be taken down, and apply the proceeds of such sale in payment of the expenses incurred, and shall, on demand, restore any overplus arising from such sale to the owner of such house, building, or wall.

Proviso.

Provided always that in case no demand for such overplus as aforesaid shall within twelve months be made by any person entitled to call for the same, the board shall be at liberty to pay the amount of such overplus to the credit of the fund created by section 5 of the Ordinance, and shall be freed from any liability to pay or answer for or in respect of such unclaimed overplus. The board, although it sells such materials for the purposes aforesaid, shall have a right to recover so much of the said expenses as may remain due after the application of the proceeds of such sale.

Overcrowding of houses.

15 Whenever it shall appear to the board of health of the Province that any house is so overcrowded as to be dangerous or prejudicial to the health of the inhabitants thereof or of the neighbourhood, and the inhabitants shall consist of more than one family, the board shall cause proceedings to be taken before the police court to abate such overcrowding, and the said court shall thereupon make such order as it may think fit, and each of the persons permitting such overcrowding shall be liable to a penalty not exceeding ten rupees for each day after the date of such order during which such overcrowding shall continue.

Power of board to inspect and limewash houses.

16 It shall be lawful for the board of health of the province at any time between sunrise and sunset by any person appointed by the same (on giving six hours' notice) to enter into and inspect all houses and buildings, and by an order in writing to direct all or any part thereof to be forthwith internally and externally limewashed or otherwise cleaned for sanitary reasons; and if the owner or occupier of such house or building neglect to comply with such direction within two days from the time when the order shall have been served upon him, the board may cause the same to be done, and the expenses incurred shall be paid by the owner or occupier, and shall be recoverable from the owner or occupier.

17 Whoever, without the written consent of the board of health of the province thus obtained, makes or causes to be made any drain into any of the public sewers or drains, shall be liable to a penalty not exceeding fifty rupees, and the board may cause such drain to be demolished, altered, remade, or otherwise dealt with as it may think fit; and all the expense incurred thereby shall be paid by the person making such drain, and shall be recoverable from such person.

Building over sewers, &c., not to be erected without consent of board.

18 No building shall be newly erected over any public sewer, drain, culvert, gutter, or water-course without the written consent of the board of health of the province; and if any building be so erected, the board may cause the same to be pulled down or otherwise dealt with as it may think fit; and the expenses thereby incurred shall be paid by the person offending, and be recoverable from such person.

Board may order or cause additional latrines to be constructed.

19 In case the board of health of the province shall be of opinion that any latrine or latrines or additional latrine or latrines shall be necessary to be attached to or provided for any house, or building, or land, the owner of such house, or building, or land shall, within fourteen days after notice in this behalf by the board, cause such latrine or latrines to be constructed in accordance with the requisition of such notice; and in case the requisitions of such notice shall not have been complied with to the satisfaction of the board by such owner within the period aforesaid, the board shall be at liberty to cause such latrine or latrines to be constructed; and the expense incurred in such construction shall be payable by such owner, and shall be recoverable from such owner.

Board may cause persons employing large numbers of men to provide and maintain latrine or latrines, &c.

20 It shall be lawful for the board of health of the province to compel any person employing large bodies of workmen or labourers to provide and maintain such latrine or latrines as may to it seem fit, and to cause the same to be kept in proper order and to be daily cleaned. And should such person neglect to provide and maintain such latrine or latrines, or to keep the same clean and in proper order, the board may construct and cause such latrine or latrines to be kept in good order and cleaned; and the expense incurred by the board in respect thereof shall be paid by the person aforesaid, and shall be recoverable from such person.

Neglect to enclose private latrine.

21 The owner or occupier of any house, or building, or land having a latrine on his premises, shall have such latrine shut out by a sufficient roof and wall or fence from the view of persons passing by or residing in the neighbourhood, and it shall not be lawful for any owner or occupier to keep any latrine open with a door or trap-door opening on to any street. Every owner or occupier who shall omit to comply with, or shall commit any breach of, any of the provisions of this section, shall be liable to a fine of five rupees a day for each day of default or breach: Provided that the board may in its discretion permit the continuance for such time as it may think fit of any such latrine open with a door or trap-door opening on to any street, where such latrine already exists and does not create a nuisance.

If owners neglect to keep drains, &c., in good order, board may cause the same to be done and charge the owner with the expenses.

22 All drains, latrines, and cesspools within the town or village shall be under the survey and the control of the board of health of the province, and shall be altered, repaired, and kept in proper order at the cost and charges of the owners of the land and buildings to which the same belong, or for the use of which they are constructed or continued; and if the owner of any land or buildings to which any such drain, latrine, or cesspool belongs neglect, during eight days after notice in writing for that purpose, to alter, repair, and put the same in good order in the manner required by the board, the board may cause such drain, or latrine, or cesspool to be altered, repaired, and put in good order in the manner required; and the expense incurred by the board in respect thereof shall be paid by the owner, and shall be recoverable from him.

Penalty for making or altering drains, &c., contrary to the orders of the board.

23 If any such drain, or latrine, or cesspool be constructed after this Ordinance comes into operation, contrary to the direction and regulations of the board of health of the province, or contrary to the provisions of this Ordinance, or if any person, without the consent of the board, construct any new drain, or latrine, or cesspool, or construct, rebuild, or unstop any drain, or latrine, or cesspool, which has been ordered by the board to be demolished or stopped up, or not to be made, every person so doing shall be liable to a fine not exceeding fifty rupees; and the board may cause such amendment or alteration to be made in any such drain, or latrine, or cesspool as it may think fit, and the expenses thereof shall be paid by the person by whom such drain, or latrine, or cesspool was improperly constructed, rebuilt, or unstopped, and shall be recoverable from him.

Power to fill up unwholesome tanks on private premises.

25 When any private tank or low marshy ground or any waste or stagnant water, being within any private land, appears to the board of health of the province to be injurious to health or to be offensive to the neighbourhood, the board shall, by notice in writing, require the owner of the said premises to cleanse or fill up such tank or marshy ground, or to drain off or remove such stagnant water; and if the said owner shall refuse or neglect to comply with such requisition during seven days from the service thereof, the board or any person appointed by it and its workmen may enter into the said premises and do all necessary acts for all or any of the purposes aforesaid, and the expense incurred thereby shall be paid by the owner of such premises, and shall be recoverable from him.
