Six Cadetships given annually to sons of gentlemen in the Colonies, on the recommendation of the Secretary of State for the Colonies.

Service Cadetships, the total number of which is not to exceed seven in any one year. Service Cadets will be selected by the Board of Admiralty from (a) sons of officers of the Army, Navy or Marines who have been killed in action, or who have been lost at sea on active service, or killed on duty, or who have died of wounds received in action or injuries received on duty within six months from the date of such action or injury; (b) sons of officers of the Navy, who have performed long or distinguished service, and who hold or have held rank or relative rank on the Active List not lower than that of Commander. Not more than three Service Cadets will be nominated annually under clause (b).

Colonial and Service Cadets will be entered on qualifying as specified in paragraph 10, and will in all other respects be subject to these regulations.

Candidates must be of pure European descent, and the sons either of natural born British subjects, or of parents naturalized in the United Kingdom.

If any doubt arises upon this question, the burden of clear proof that he is qualified will rest upon the candidate himself.

The educational examination of all candidates will be conducted by the Civil Service Commissioners (address Cannon Row, Westminster), who will deal with all questions connected with such examination and will announce the results. A fee of £1 will be required from each candidate.

2. Except in special circumstances, not more than one-third of the number of candidates actually presenting themselves before the Civil Service Commissioners will be entered.

3. All nominations of candidates for Naval Cadetships are made by the First Lord, with the exception of a limited number which are at the disposal of individual members of the Board, and of the Secretaries to the Board of Admiralty.

The examination of candidates will not take place until they are eligible by age under clause 6.

No Captain will be entitled to nominate more than one candidate during the time he holds the rank of Captain, but a Flag Officer or a Commodore 1st Class may claim the privilege each time he is appointed to a command as above.

In the event of a candidate's nomination being cancelled before he has commenced the examination, the officer who nominated him will be allowed to select another candidate for the same or following examination.

Before being examined by the Civil Service Commissioners he will be required to pass the medical examination according to the prescribed regulations, and must have been found physically fit for the Navy; rejection at such examination will finally exclude him from the Navy.

8. The candidate will be required to produce (1) a Registrar's certificate of the date of his birth, or a declaration thereof made before a Magistrate (*a certificate of baptism will not be accepted*); (2) a certificate of good conduct from the masters of the school or schools at which he may have been educated during the two previous years, or, if educated at home, from his tutor or the clergyman of the parish in which he resides; and (3) proofs of good health.

13. For all Cadets entered under these regulations, the payment will be at the rate of £75 per annum for the period in the "Britannia," to be paid every term in advance to the Cashier of the Bank of England, on receipt of claim from the Accountant-General of the Navy. But the Lords Commissioners of the Admiralty reserve the power of selecting, from among the Cadets entered at each examination, a number, not to exceed six, being sons of officers of the Navy, Army, or Marines, or of Civil Officers under the Board of Admiralty, with respect to whom the annual payment will be £40 only. In this selection their Lordships will have regard solely to the pecuniary circumstances of the Cadet.

Applications for the reduced scale must be received at the Admiralty not later than 1st January, 15th April, and 1st September.

14. In addition to the annual payments mentioned in the foregoing paragraph, the parent or guardian will be charged with the personal expenses incurred by the Cadet for washing, repairing boots and clothes, hair cutting, pocket-money, &c.

15. The period of training on board the "Britannia" will be four terms ; there will be three terms in each year. The first term of each year will be approximately from 14th January to 14th April, the second from 5th May to 5th August, and the third from 16th September to 16th December.

The vacations will be four weeks at Christmas, three weeks at Easter, and six weeks at Midsummer.

16. (a) Reports of progress in seamanship, mathematics, navigation, and technical subjects will be made to the Admiralty at the end of each term, and an intermediate examination will be held at the end of the second term.

(b) Cadets who are reported at the end of any term as having made unsatisfactory progress through idleness or want of attention, will be "warned," and in the event of a second report to the same effect being received, they will be liable to be discharged.

(c) Cadets who fail at the final examination to obtain 45 per cent. of the maxima marks in the mathematical subjects, including the theory of navigation and nautical astronomy, or in seamanship, and 40 per cent. in charts, instruments, French, steam and drawing combined, will be ordered to be withdrawn.

(d) Reports of conduct will be made to the Admiralty at the end of each term or at any time during the period of training on board, if considered desirable. Cadets who are reported to the Admiralty at any time for unsatisfactory conduct will be "warned," and should they again be reported, they will be liable to be discharged. Any Cadet, however, who is reported for unsatisfactory conduct during his final term will be liable to be discharged without being allowed to present himself at the examination for passing out of the "Britannia."

(e) Any Cadet who shall at any time appear to their Lordships to be unfit for the Naval Service, for any reason whatever, will be removed from the "Britannia," and it must be understood that this rule will apply to those who are considered unfit from insufficient physical development or weakness of constitution, although no actual organic disease may have been developed.

17. It is to be distinctly understood that the period of training on board the "Britannia" is a time of probation, and the parent or guardian of every Cadet will be required to sign a declaration (on the admission of the Cadet to the "Britannia") to the effect that he shall be immediately withdrawn on the receipt of an official intimation of his being considered unfit for the Navy.

18. Cadets will, on passing out of the "Britannia," rank according to the amount of sea time they obtain at their final examination, and those who obtain equal amounts of sea time will rank in the order of merit in which they pass out of the "Britannia."

Sea time will be awarded according to the following scale :—

Classes obtained.	Mathematics and Navigation.	Extra subjects.	Seamanship.	Conduct.
1st Class	3 months	2 months	1 month	Very good (2 months)
2nd Class	2 months	1 month	—	Good (1 month)

19. The parent or guardian of every Cadet will be required to provide outfit under the regulations in force.

20. No pay will be allowed by Government to Cadets in the "Britannia." The pocket money allowed to Cadets will be charged to the parents.

21. As only Cadets who are able to swim are permitted to use the boats belonging to H. M. S. "Britannia," the Lords Commissioners of the Admiralty desire to impress upon parents and guardians the importance of Cadets being taught to swim before they join the Training Ship, so as to enable them to obtain the full benefits of use of the boats.

The age on entry having been raised, it is hoped that boys who are members of the Church of England will, if possible, be confirmed before joining the "Britannia."

The demands made upon the time of Cadets owing to the shortened period of training, will render it difficult to prepare such a large number for confirmation with the necessary care.

By command of their Lordships,

EVAN MACGREGOR.

Importation of Dogs Order of 1897.

The Board of Agriculture desire to draw the attention of local authorities, shipowners, and the public generally to the provisions of this Order, which regulates the landing in Great Britain of dogs brought from any other country except Ireland and the Isle of Man.

The Order is made to take effect on the 15th of September, 1897, and it will be observed that no dog to which the Order applies will be allowed to be landed in Great Britain without a license from the Board of Agriculture obtained previous to the landing.

Special attention is drawn to the following provisions of the Order :—

Applications for Licenses.

Any application for a license is to be made in writing to the Secretary, Board of Agriculture, 4, Whitehall Place, London, S.W., and is to be accompanied by a statement signed by the owner of the dog to which the application relates, or by his agent authorized in writing for this purpose containing the following information (namely) :—

- (i.) The description of the dog, stating so far as possible for purposes of identification, the particulars of its breed, sex, age, and colour ;
- (ii.) The country from which it is proposed to be brought ;
- (iii.) The port at which it is proposed to be landed ; and
- (iv.) The place to which it is proposed after being landed to be moved for the purposes of such detention and isolation as may be required by the Board, and also the route by which it is proposed to be moved to such place of detention.

Conditions of License.

The Board may insert in any license authorizing the landing of a dog such conditions as they think necessary or desirable for the following purposes :—

- (a) For prescribing and regulating the detention and isolation of the dog by and at the expense of its owner for any period not exceeding six months at a place to be provided for that purpose by such owner and to be described in the license ; or
- (b) For regulating the movement of the dog to such place of detention and its movement during the period of detention prescribed by the license.

A dog landed under the authority of such a license shall be detained and isolated in accordance with the conditions of such license, and shall not be moved in contravention of any such condition.

Restriction on granting of Licenses.

An applicant for a license for the landing of a dog will be required to satisfy the Board that proper and suitable arrangements can be made for such detention and isolation of the dog as appears to the Board to be necessary or desirable.

In order that as little inconvenience as possible may be caused in the enforcement of the Order, the Board trust that local authorities will assist them by taking steps to make its contents known as widely as possible in their districts. The Board would invite shipowners to co-operate with them by causing due notice to be given to passengers desirous of bringing dogs with them, of the conditions under which alone dogs will be permitted to be landed in Great Britain, and with this view the Board would suggest that shipowners should instruct their agents abroad and the masters of their vessels to warn passengers and prevent as far as possible the shipment of any dogs the owners of which may not have previously obtained the necessary license for their being landed.

Board of Agriculture,
May, 1897.

T. H. ELLIOTT,
Secretary.

2. Tenders should be submitted in duplicate, the original being forwarded to the Principal Civil Medical Officer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

3. The tenders are to be made upon forms which will be supplied upon application to the Principal Civil Medical Officer and Inspector-General of Hospitals, or to the Medical Officer in charge of the respective hospitals, and no tender will be considered unless it is furnished on the recognized form. Each tender should be for provisioning one hospital only.

4. Every tenderer will be required to make a deposit (on applying for forms) of half the amount of security for hospitals where Rs. 400 or under are required, and Rs. 200 for hospital where security over Rs. 400 is required; and should any person decline to enter into the contract and bond after he has tendered, or fail to furnish approved security, such deposit will be forfeited to the Crown. All other deposits will be returned after the contract has been signed. The deposit must be made at the Treasury or Kachcheri, and the deposit receipt must be produced to the officer issuing the form as his authority for making the issue. In stations where there are no kacheheries the deposit must be made to the Medical Officer in charge of the hospital.

5. Provisions should be of the best quality, approvable by the Medical Officer of the hospital.

6. When required, samples must be deposited.

7. The successful tenderers will be required to give cash security as given opposite the name of each station, and to sign the bond given in the tender for the due fulfilment of each contract within a fortnight from date of notification of acceptance of the tenders. The amount deposited for tender forms will form part of the cash security. It is left to the option of the successful tenderer to substitute at any time thereafter for cash deposited by him approved title deeds and to enter into a fresh security bond at his expense.

8. In case any person makes any alterations in his tender before forwarding it, such alteration should invariably bear his initials; otherwise the tender will be treated as informal and rejected.

9. Any further information can be obtained on application to the Principal Civil Medical Officer and Inspector-General of Hospitals.

10. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

Acting Principal Civil Medical Officer and
Inspector-General of Hospitals.
